Valentin Sergeevich LOGINOV (201-285412)

23 December 1927 41 Yrs old Born Moscow

Stationed in Havana from September 1960 until September 1963. Attache. In 1961 he toured Latin America with the Soviet Soccer team as escort and interpreter (probably with security functions as well). He arrived August 1965 as Third Secretary. He replaced NECHIPORENKO. His Spanish has been described as fluent with hardly any accent. His English is fair and is studying <sup>now</sup>.

In March 1966, ~~XX~~ LICOZY/5 was told he would be handled in the future by L.

In response to L's claim that a radio had been stolen from him, a policeman was sent to his apartment and L ended the conversation by recruiting the policeman at the rate of 5000 Pesos per month. The policeman reported the incident and the Metropolitan District Police sanctioned a D/A op. The first and only recorded requirement given the policeman by L was for some bio data on Venezuelan who spent time in USSR.

L is friendly with YATSKOV, replaced him (he claims) as Consul General, (1966)

Shortly after Arab-Israeli War L tacitly ~~XXXXXXXX~~ admitted he believed that Egypt's charges of U.S. involvement on Israel's ~~XXX~~ side were false. *control p.*

Then there's the one about Miss Elizabeth Duncan Wilde. L told her that he was ready to "go to the other side". He stated that he was afraid because the phones in both U.S. and Soviet Embassies were bugged. He asked if she would go to U.S. Embassy with his story. She consented and reporting stops here. UNRESOLVED *date*

Paul Dillon observed L and BARANOV in the area of ~~XXXXXXXXXXXXXXXXXXXX~~ ~~XXXXXXXXXX~~ a hotel where a meeting with Uriy DRUSS was to have taken place one night ago, taking pictures with an 8mm camera. BARANOV is a Soviet tech.

L pursued AMSLOUCH/3, daughter of a   agent, both in Havana and in Moscow. His intentions ~~XXXXXXXX~~ were unknown, but could have been romantically ~~XXXXXXXX~~ inclined rather than professional.

L is an aggressive personality. With his fellow workers he is dictatorial and disdainful. He has been known to ~~XXXX~~ return to the Embassy thoroughly gassed, yelling and shouting and resulting in an altercation with the guard on duty. Other times he won't finish one drink. He is chauvinistic ~~XXX~~ to his own race and deprecatory to other nationalities. A sneering attitude, boisterous and arrogant at times. He can be gentle at other times, has frequently labeled intelligent, ~~XXXXXXXX~~ He is definitely crafty, although not particularly subtle. works fast, doesn't appear to try hard at cloaking his true intentions, either in conversation with others or in a recruitment attempt. He is tough as nails. His build is athletic, his appearance is ruggedly handsome. He appears confident, self-assured in relations with non-Soviets.

The file is very difficult to follow. Items appear ~~XXXXXXXX~~ with  
mention. **ANYONE?** no further

Salient feature of file is that LOGINOV was never the object of ~~XX~~  
consistent concentrated attention by anyone. There is virtually no  
reporting on the LICOZY/5---LOGINOV relationship. What there is implies  
that L/5 is uncooperative and nearly refuses to work with L.

#### SUMMARY

**SUSCEPTIBILITY:** Nothing in the conventional sense. If he is trying to  
tell us anything he is obviously trying to get our attention via a CI  
ploy with the intention of bringing us to him. He moves with confidence  
and near-impunity--certainly not like one who might be in trouble.

**PROFESSIONALISM:** Not smooth and subtle nor particularly secure. But  
crafty, fast on his feet, makes fast decisions and then acts on them.  
Aggressive and ubiquitous. Socially active. Woman-chaser.

**PERSONALITY:** See above.

Should be leaving before another year and one-half. Has been there for  
three and one-half years.
