TOW SHEVSKY, who is the londer of the anti-Sovict Polish group in Shanghai), NOWELECKI/NOVILITSKI, and GOGUL are known to have been active pro-Soviet workers in the Polish colony, inducing Shanghai Polos to become Soviet or New Folish citizens; however, GOGUL departed Shanghai for Warsaw in December '46. Of the YUGOSLAV, TSIVITANICH is believed CIVITANA to have been a Yugoslav representative to the All-Slav Union in Shanghai last year. Of the UKRAINIAN, KLIMENKO is be-lieved to have been a Ukrainian representative to the All-Slav Union year. Of the BYELORUSSIAN, both KADYSH and URBACH have been carried as the Byelorussian representatives to the All-Slav Union. Of the RUMANIAN, STEFAHESKO and GUPERSHTEIN were reported a year ago as working together to form a Soviet-Rumanian Friendship Society and a Rumanian Communist cell. DENTICCI has been carried for some time as the leader of the ITALIAN Communist group. Unspecified reports have given the YANNOULATOS brothers as leaders in the pro-Soviet GREEK group. Of the FRENCH, this is the second time within a month that sources have given GROSBOIS as a lender of the pro-Soviet faction; for some reason sources did not mention Paul PRELET and M. SHIKIS. Of the PORTUGESE, FOGREDETSKY-MENEZES was previously known as FROGEDETSKY pretending to be a Portugese; sources say that ho is half Portugese. Of the FINN, Hjalmar FRUNDT is personally known to this office; as of a year ago, he was afraid for his life if the Soviets were to get hold of him; possibly things have changed. None of the NORWEGIAN or SPANISH leaders can be identified. The GERMAN cannot be identified as such, and the status of the AMERICAN group is somewhat special; SNAM for instance, takes the most charitable view possible of Soviet activities, and Miss STRONG is a longtime vociferous fellow-traveller, but, as sources say, there is notgenuine AMERICAN group in Shanghai or elsewhere in China working patently for Soviet interests. Investigation will continue, and further reports will be made.

Bubject: HAROLD ROBERT ISLACS. Hr. GEORGE N. KATES of OSS, REA, has just roturned to the United States from Gaungking. He reached Washington yestorday. He claims to have known HAROLD ROBERT ISLACS quite well in Gaungking, and has the following observations

to make concorning Mr. ISAACS:

.

HAROLD ROBERT ISAACS is about 35 years of ago. He attended Columbia University, and received the degree of A.B. there in 1930. He is the son of an orthous Jesich merchant, who is very wealthy, and who has always supported HAROLD, even though he did not approve of the radical views that HAROLD expressed in the 1930!s.

HAPOID went to Chira immediately after graduation from Columbia, partly, atleast, out of a desire to see strange parts of the world and to experience "adventure," He wont out by may of Hamil, and stowed away for part of the voyage - either between San Prancisco and Honolulu, or between Honolulu and Shanghai - Hr, FATES does not remember which. Anyway, this was part of the "adventuro."

In China, HAROLD met a South African named FRANK GLASS, who was an "intellectual" and a very interesting poreon. GLASS was a leftist, but not at all a Communist. HAROLD took a trip up the Tangtan with GLASS in 1930 or 1931. At about this time, HAROLD became a convert to Trotskyism, partly, at least, under GLASS's influence. He falt that "suffering humanity" required a "revolution" to set things straight. Communism way too organized, and HARMED was a complete individualist, and reacted strongly against the organizational set-up of Communism, and so espoused Trotskyism.)

THE LEVAS News Agency. Shortly after this, in Sheaghai, he married Viela ROBINSON nio mas, like MAROLL, a wide-eyed intellectual. This marriage probably took place In 1932. FIGLA mes a great friend of AGNES SHOULT, the author of the Battle Hymn of Ching and of other books dealing with the Chinese Evolution to Salar it. the An organization called the Chine League for Civil Rights was formed about 1932. MANG GUILI was the head of this for General China, and Dr. HU SHEI (later Chinese, Arbussedor to Washington) was the herd of it for North China. ... IANG was at that time Secretary-Guneral of the Loademin Sinica. XANO was soon assessingted by the Bine Shirts (at that time CHIANG KAI-SHIE's bodyguard). HAROLD ISAACS had been an enthusiastic remor of the Cidna League for Civil Rights, and in the atrosphere of turnoil, after the killing of YANG, when all Leftists were under attach by the Kucmintany, Hilbld becare the editor and publisher of the China Forum a magging that published a minber of controversial articles The measine mes protected by the fast that the editor was an American, and therefore had extraterritorial rights. Tet the page zine was regarded as a "thorn in the flesh" by Hr. CUNNINERAL, who was at that time American Consul-General in Shanghai. There were verious controversies -- the printing shop was broken up by Kuomintang strong-arm inten; the malls were rotused to the megazine; but he continued publication for some time, and anageled the copies out to the subscribers War to Line. - In 1933 or 1934, ISAACS had a fight with ACMES SMEDISY. It was an ideological j fight, and therefore especially bitter. IS/ACS and his wife left Shanghai after . this, and moved to Feking. There he acquired a Chinese translator mamed LIU, and there he settled down to write his book, The Tragedy of the Chinese Revolution.

This book "nails the Stelinists to the mast" and shows that they were mossing around with a situation in Chins which they did not understand. Very many people who have read the book consider it excellent.

HANDLD FORUST ISAACS, continued

The book was sampleded, and Indice and the wife retarned to the United States about April or May 1935. Isonodistely after this, ISAACS made a gapid trip to Oslo, Horway, to see his here, LEUI TRUISEL, who was living there at that time. It was on this constion that he mist have undertaken to translate TRUESEL's book, <u>Whither France</u> : ISAACS then returned to Her York, and next to work for the HAVAS Horme Agency once more.

At some time in the late 1930's, he became interested in Hes York politics; and he worked hard for HOR-AN BIOMES.

By 1940, however, he became disputed with her York politics, and became interested in the war, and in"bourgeois life." He and his wife had a baby at about this time (their first), and ISACS found he could write redio scripts and get good money for them. Up to 1940, he had been living chiefly off his father, but from 1940 on, he begun to make money. In 1942, he did a "Report to the Matien" " for GDS.

Soon after thisps joined the Staff of <u>News-Neek</u>, and in 1944 was sent to Chunching by that engusine. There must have been a curtain ansant of trouble in convincing the Chinese Central Government that ISAICS had really changed since the old days in Shaughai; but this conviction was evidently accomplianed, or ISAACS would not have received permission from the Chinese Government to go to China.

ISAACS is a very mart an indeed. He knows a lot about China, and he knows a lot about people in general. Hereover, he is a great deal "subother" and nore diplomatic nos then he was ten years ago.

ACN . S SHIETS AT

By profession Agnes (modlay is a correspondent of the "Prenkfurter Leitung" the official organ of the Corner Lemocratic Ferty.

She is in the service of the ...estern Brench of the Centrel Committee of the Communist International and undertakes the propagating of communist doctrines and activities throughout the Oricals. The receives orders direct from the Central Committee of the Communist International in Moseow and hus no direct connection with local Soviet communists, in order to canouflage her activities.

Her ohief duties comprise the organising of workers and the establishing of communist organisations enong the workers. The nature of her work is similar to that of Houlens, and it is probeble that she knew the coretary of the P.P.T.U.S.

She speaks lightsh, French and German well, and is in possession of two passyorts - German and American.

Following her errival in Shanghai, she resided at 85 Avenue Dubail, a Bussian boarding house, sharing a room with one Certrude Binder, an American citizen. She first attracted attention locally during February 1933, when certain correspondence from her pan rublished in the "Frankfurter Sciture" regarding alleged <u>circuits</u> gigantic preparations taken by the changhai Municipal Council on August 1, 1919 for the suppression of communicit disturbances, merited reproduction in the Devict newspaper "Investia" (\$00000) on December 8, 1929, and was egain reproduced in the local journal "Shanghai sais" on Nebruary 11, 1930.

In addition to acting as correspondent to:the "Frankfurter .eitung" Lis (medley also contributes articles to the "China Koskley Review" a Changhai publication under the management of one Edgar (Now, An article written by Agnes Smedlay entitled "Philliping Skatches" was rublished in the June (1950) issue of the "New Masses". She is also believed to be the author of an article entitled "London Bohind the Hangman Chiang Kai Chek", which appeared in the "Red Flag" (Note Fahne) dated Berlin, September 6, 1951. She also finds time to devote attention to the political situation in India, favouring the anti-British porty in that country. She is also known to be in touch with Ideal Indian seditionists and on several occasions has edited anti-British propagands on behalf of the Chenghei Branch of the Indian Youth League, an Indian Havolutionary organisation, occupying premises situated at Edi Fooshing load, Chapel.

On May 15, 1930 Miss modely left changhai for Many and left proceeded to Canton. During Captember of the same year information was received from the Hongkong Police to the effect that a house occupied by Agness modely had been raided by the Canton Police and that numerous papers relating to India had been seized. Following the reid she removed to the French Concession at Shenosh and remeine: there, as far as can be ascertained, until her return to Changhai in the third week in October 1930 when she took up her residence at 72 Fours de Grouchy. On Jenuary 22, 1931 ahe procoord to Nanking and did not return again until March 5, Agnin. again taking u her residence at 72 Houte de Orousky, Uho left Changhai once again on June 16, 1931 for Canton, where it is reported she visite the Canton Authorities, returning to Changhai on July 5.

On Detober 14, 1931 she removed from 72 Houte de Groueby to Apertment 102, I. .8. Apertments, 1852 Avenue Joffre. During the latter part of 1931 it was ascertained that Agnes. Smedlay frequently visited at their place of residence, Herold R. Isaacs and C.frack Class, two notorious local redicals.

During the same period, due to action on the part of the Chinese Covernment Postal Canuor, it enzy to our knowledge that wise incoley was at various times in receipt of communict and antiimperialist literature, some of which was posted locally whilet some was mailed from as far away as Berlin.

On March 10, 1932 she again removed, this time to Apertment 304, I.S.S. Apertments, 1552 Avenue Joffre, where she still resides, and where she is known to receive chinese and a few foreign visitors, some of whom are in the habit of steying all night in the spertment in question. It is believed that these visits are made in order that meetings may be held in connection with the All Chine Labour Jederation (Union syndicals Fan Chinoles, of which Agnes Smedley is said to be a premiment member.

The Chinese who visit her are mainly of the student type, both mole and female, whilst it has been ascortained for certains that one of her foreign visitors is Ldgur Snow, the manager of the "Chine neakly device".

Agnes modely has upon several occasions journeyed to the Astor House Hotel, and enquiries made by the Annieipal Folics show that she was in the habit of calling upon room 218 cocupied by
