Dear

Wish to thank you for your personal concern and satisfactory solution obtained in the financial settlement of my case.

I consider it a privilege to have worked with you, cooperating in a small way to preserve De-mocracy in the Republic of Congo.

If I can ever be of service to the United States -beloved country of my ancestors- I would consider it a high honor.

Do let me hear from you and feel sure that I am your devoted friend.

MEMORANDUM TO: Chief/KUCURL/HENGEN

FROM Edward W. LORENTZ

SUBJECT Eduardo Whitehouse

REFERENCE Dir-35418

14-00000

1. Edward W. LORENTZ met with Eduardo Whitehouse on 17 August 1965, relative to finalizing the Whitehouse claim for monies still due from his previous contract. LORENTZ emphasized that he was authorized to pay monies due per contract through 7 April 1965. plus a four day layover in Rome during Whitehouse's return to the U.S. This layover was due a Panam strike of which Whitehouse was inadvertently delayed through no fault of his own.

- The aforegoing authority is based on ref and calculated as follows:
 - A. Base Pay for March USD 800.
 - B. Base Pay 7/30 for April USD 186.66 plus USD equivalent of USD 41.00 for actual expenses while $2\frac{1}{2}$ days in Rome.
 - Total USD 1027.66.
- Whitehouse although feeling that he should be allowed the full amounts due amounting to USD 1950.00 has accepted such adjudication of his claim. LORENTZ feels that possibly he was sufficiently satisfied that he received any funds, that probably in his sense of fair play that the case might be considered closed. For the record, what medical treatment received by Whitehouse amounted to under USD 200. To further complete the record the following attachments are enclosed:
 - A. Letter from
 - Second letter from Whitehouse
 - Letter from Whitehouse to LORENTZ.
 - Bills of actual charges in Rome.
 - Receipt from Whitehouse for final payment. E.
 - Station memo concerning newspaper inquiry. -

20 AUG- 65 201- 300614

Less than 24 hours after facing Whitehouse to advise him that his claim of USD 1950 had been reduced to 1027.66, Whitehouse reacted with the newspaper media in an exemplary manner when he could have reacted with a adverse feeling. The Subject despite difficulties encountered in the field with KUBARK advisors appears to be man of honor and certainly under controlled situations and professional pilot and could be an asset to KUBARK interests.

SUBJECT: Eduardo Julius Whitehouse

1. As we both know the Whitehouse case has been kicked around sufficiently that the finalizing of the case should be effected as soon as possible. My trip with Larry Murphy to Dow Leutcher's office, in my estimation didn't produce any effective decision. Mr. Leutcher's point of view was, if the man was due the money, pay him. If he was not due the money, don't pay him. I will give you the facts as I see them and if you feel that it is prudent to seek the advice of Jack Anderson for his opinion I'm sure it will be most helpful.

A. LEOP-7030 dated 30 May indicates receipt of (W)

A. LEOP-7030 dated 30 May, indicates receipt of (W) intention to terminate contract effective 13 May.

Additionally, stipulates (W) incapacitated six weeks and requests authorization for immediate return and treatment.

2. Your 97928 of 1 April, concurs requests of Leop. Additionally, of you stipulate to terminate contract the day the Subject departs Leop.

3. LEOP-8028 of 2 April, stipulates that Leop, "terminating (W) contract and returning first available". Requires medical attention not available Leop. Malady due conditions advance basis complicated lact of proper medical attention and maltreatment.

B. Para 2 same message, indicated another medical No not to Coble case would remain Leop dispite fact the following wants can contribute nothing".

- 4. LEOP-8054 states (W) departed 3 April, via PAA, transferring flight in Rome. (W) presented me with three days Hotel bills in Rome to cover what he considered evacuation flight plus PAA on strike.
- 5. LEOP-8117 dated 7 April, allowed Perez to depart 8 April and recommended approval to pay full salary till 25 April. (Opinion is with this a case of paying a man full salary on one hand while not paying the another under the same circumstances)?
 - 6. DIR-99498 of 7 April, requested details of (W) medical case.
- 7. LEOP-7150 dated 28 May, stipulates (W) returned on violation not "Leop request". Instructed contact to execute voluntary termination of contract not executed. (W) departure 3 April not at Leop request. (Opinion in a contractual relationship it appears

(2) In god for proportion

12 JUL 65 201-300614 WICROFICET

highly unlikely to "request" someone to leave or terminate written w agreement. Fouldn't one direct in lieu of request)?

- 8. WAVE-0832 dated 16 April, gave medical evaluation which was reviewed by WAVE Medical personnel. (Opinion - in debriefing of Subject I was personally convinced this man was sick. Furthermore. (W) advised that he is in possission of medical report by that it was manditory for (W) to be evacuated for adequate medical treatment.
- WAVE-k457 dated 3 May, indicated (W) still under going continuous medical treatment.
- 10. On April 19, (W) signed our local Quit Claim Form, but recent conversation with the Subject indicated that he felt that although the Form was signed that the "company would live up to its promises".
- 11. There is no doubt that (W) was ill and based upon medical opinion, as late as 7 May, in my personal observation that the man was incompatiated from performing a full time job that based upon the fact that no definitive or written agreement was made prior to departure, that the Subject be paid in full for the six months term of his contract. (Opinion - there is know doubt in my mind that this man firmly believes that he is entitled to the salary based strictly upon the fact that he was "evacuated" not terminated.
- 12. I don't feel the man is unscrupulous enough to blackmail to obtain what he feels is truthfully his, but feel positive that he will speak to anyone of influence to assist in obtaining back salaries that he feels is his. Cite the five reasonably important personnel references that he lists on his Job Application Form. We are not dealing with the common type individual using vealled threats, but someone who is an intelligent individual who at one time exerted enough influence on Jack Anderson to appoint a Chief Pilot and further influence into taking action to hire some of his buddys,

Dear Mr. Medell,

Mr. Whitehouse was seen by me 8 April 1965 for a return physical examination. All laboratory and Xray that date was relative the complete physical examination.

The \$10.00 charge for treatment included injection, medicine and prostate massage. Ther was no extra Charge for sinus treatment.

Office visits from April 9th through 28th were primarily for his tenseness and apprehension. The only additional charge, relative his sinus condition, was a \$20.00 charge for sinus Xrays on April 9, 1965.

VI WIRLSH Contract

- 1. On Wednesday, 12 May 1965, I discussed with Mr. Dow Letcher, OP/CPD, the WITHRUSH contract with which you are familiar and under which Eduardo Thitohouse served in the Ceago. This is the standard contract for Cuban and European VITIBUSH pilot captoyees. Specifically, I was interested in tearning from Mr. Letcher if be believed faragraph 7 D could be applicable to the case of Mr. Whitehouse since Mr. Whitehouse desires assistance in paying medical bilis for a physical disability (which may be temporary) which may have been incurred while he was serving with us is the Congo.
- This sowerandus nates record of the fuct that, judging from what Mr. Letcher had to say about the MIMMUSH contract. and also in view of Mr. Ben Defelice's recently expressed concorn regarding the benefits aspects of that contract, action should be taken to review and, if necessary, revise the contract at the earliest possible date. This steam from the strong possibility that Cubas pliate who enfler isjurios or atsubilities while serving with Wiffillist may wish, as in the once of Waldome, to claim benefits after the termination of the contract, for conditions which exiginates during the term of the contract.
- 9. Go 12 May 1965 I provided Mr. Letohor with a draft fore of a proposed VITHRUSH contract pertaining to retary sing stroraft pilots only and asked that he review it and judge its scoquacy.

MENORANDUM FOR THE RECORD

SUBJECT: WITHRUSH Crev, Training Report

- 1. The object of the crew training was to test each pilot on his knowledge of the aircraft systems and emergency procedures and to check ride each pilot and give him refresher training as required.
- The following named pilots received ground and flight training as listed below:

	بعد وأعدا وأريسا	<u> </u>	Ground			المافية الماسمون	بالمستنسب	أباء سندان

3. Evaluation of each pilot as follows:

- a. Iden A Had flown C-46 about 1200 hours before and was picking it up very nicely. I gave several engine out single engine landing and go-arounds no flap landing emergency gear extension. Short field landings several ILS approaches.
- b. Iden C Was the pilot who cracked up the other C-46, plus he was unwilling to fly at night. I gave him 12 hours of air time and recommended he be used only as a co-pilot on grounds of poor head work.
- c. Iden B He is an older pilot who would bounce the airplane and then sit there waiting for it to hit again, without adding power to let it down easy. He also wanted to feather the wrong engine after one was cut. Recommended he only be used as a co-pilot.
- d. Iden D He had been flying in and around Iden J for several years, however, in his training he was quite sloppy in his flying, he would not come within 20° of assigned heading turns at the begining.

Also he was very rough with the airplane in pitch control. On ILS approaches he would vary the manifold pressure from 12" to 30" to try and stay on the glide slope. On short field landing and take-off after about six of them he started approaching the procedures. I was trying to show him, but I was convinced as soon as I left the area he would return to his own style of flying. I recommended that at the end of his six month contract which was about 30 days away he be terminated.

- e. Iden E This can had previous C-46 experience of about 2000 hours. He showed great interest and did a good job from the beginning. I recommended he be used as PIC in C-46's.
- f. Iden f This man was suppose to have had a good deal of experience, but his flying left very much to be desired. He had just been convalencening from smebic dysentery. He replied when asked, that he felt up to flying but his performance was very poor. He decided he still didn't feel up to flying and returned to the doctor's care.
- g. Iden G Had previous multi-engine experience and co-pilot time in the B-26's. He progressed satisfactory and with 7020 hours was released to the field to fly in right seat to observe tactics and gain more experience before moving to left seat as PIC.
- h. Iden H = Nad limited experience, however, he was very interested and applied himself to the task of checking out in the B-26%. He was very helpful in reproducing power limitations and power setting for the CB-16-17 series engine and also reproduced the Paw pamphlet on the CB-16-17 series engines, which I had brought along as a training aid. This was made required reading material for all B-26 drivers. This man rode along as an observer while Iden G was being trained, which aided him when he started flying. I recommended he also be released to the field and ride the right seat to observe tactics and gain more experience before flying missions in the left agat.
- i. Iden I = The Chief, Pilot of the group is a very papable pilot who applies himself very well. He appears to be interested in improving the professional standards of his pilots. I had several ridus with him (i+20) until I felt he would be able to instruct the rest of the pilots in the proper procedures to be used in the B-2tK's.
- 4. The training program was quite curtailed by the restrictions to Iden K. Most of the pilots were required to remain out in the field to must operational needs. Also only one B-26 was available in Iden K which

was in check till 18 March and then was not available two other days because of maintenance.

5. I recommend that Air Operations Officers be checked out in the equipment they are supervisors for in order to keep on top of their pilots proficiency. The pilots that are sent over should be screened better so as not to require so much training in the field.

Re: WHITEHOUSE, Eduardo

Dear Mr. Medell.

Mr. Whitehouse was seen by me yeaterday for a general physical examination. He holds a current f.A.A. Class II medical certificate issued by me 10 Nov. 1964.

Mr. Whitehouse related a history as follows: He has been out of the country for five months and had bloody diarrhea off and on for 2 months. He has had sinus trouble with pain and nasal discharge and increased symptoms with pressure changes. His weight loss has been 20 pounds. His prostate became inflammed and tender.

Results of yesterdays physical exam are as follows: Chest Xray was normal and consistant with one taken at this office 10 November 1954; E.E.N. & T. all normal; Heart - normal size, rhythm, sounds; Abdomen -negative including hernia; Thyroid - normal; 3lood Pressure 150/104; pulse rate at rest - 74;

Flectrocardiogram was within normal limits; urinaly-s sis - sug. - neg. alb. - neg. micro. - neg.; Sed Rate 3mm/hr.; Hbg. 14 gms. RBC 4,500,000 WBC 7,700 diff. - seg. 62 lymph. 31 stab. 4 mono. 3;

This patient is at present in an acute Anxiety State, has acute and chronic sinusitis, and seems to be recovering from what is probably chronic amoebic dy sentary. I found the prostate to be normal. His sinuses were treated with drops and diathermy. I asked that he keep a temperature chart, Durabolin lcc was given i.m. and three other medicines were

given to be taken orally for treatment of his sinuses and his anxiety state.

Mr. Whitehouse is to return today for another sinus treatment, Xrays of the sinuses, and he is to bring in a specimen of feces. His treatment should continue approximately two or three times weekly until his sinuses are clear and medication relieves his anxiety state and nervousness.

Thank you for referring this airman.

I certify I have given ar Eduardo Whitehouse Six Hours and Forty Five (6:45) minutes of dual instruction in North American AT-6D and I found him to be proficient and safe in this aircraft.

He is average in coordination and in my estimate his potential ability to fly tactics is limited.

I recomed he should be given two more hours in this aircraft.

Capt. Eduardo J. Chitchouse 446 M.B. 39th Street Miami, Florida

Dear Captain Whitehouse:

Thank you for your views and observations contained in your letter of 22 October 1964. Your interest is appreciated.

Contrary to the information on which you base your desire to discuss Cuban matters, be advised that this agency is not rendering help to Cuban organizations. Thus it is believed that a discussion of this topic would not be of benefit to either of us.

Thank you again for your interest.

Dear Mr. McCone:

I am one of the Cuban pilots survivor of the Baylof higs ill-fated invasion to Tuba. Flow several missions and talked with the four American filots who died in the morning of April 19th 1961 while flying as volunteers for our cause.

ontrary to the general clinion that the GIA was to lame for that flesco, I wish to express to you my admiration and gratitude for the excellent instruction received wile training in central America and for those who gave up their lives for the cause of Democracy. A wrong and regretable decision by the Administration turned a positive victory into a shimeful deceat for the Gulans and the United States.

I understand that certain inhen organizations are receiving direct help from your Agency. Regret to inform you that most of them are unwerthy of such help and not so long ago, their leaders were astrols followers.

Would like the opertunity of discussing this matter personally with you for the welfare of both our countries.

Fleese needs to the tostinent of my highest consideration.

Sincerely,

Sincerely,

Calt. Educado J. Whitehouse
