MEMORANDUM FOR: WH/C/CICS

SUBJECT: AMUG/1, Psychiatric Evaluation

1. Subject was examined psychiatrically on 27 July 1966 and was found to be free of any psychiatric symptoms or personality disorder. The past history was one of family loyalty and responsible life adjustment within the context of the political upheavals within his country during the past few years.
2. His defection is considered to have been motivated by a combination of disillusionment with the current political regime, and events which affronted his sense of personal dignity.
3. Showing no evidence of psychiatric symptoms or anti-social or delinquent personality traits, Subject is considered psychiatrically qualified for resettlement in this country under Public Law 110.
