MEMORANDUM FOR THE RECORD

FROM : Lawrence P. Barker

SUBJECT : Meeting with LITAMIL-9, 16 November 1963

1. A meeting was held with LITAMIL-9 from 2000 hours to 2235 hours, 16 November. The meeting took place at B's home -- pick-up was by car and B's wife sat in back with L-9 -- he was introduced to her as "Señor Aguilar."

2. L-9 reported that on the afternoon of 16 Nov he was called by AMLEO-3 who wanted to see him on a matter of importance. L-9 was quite surprised to receive this call but told A-3 to "come over here now if you want to." A-3 said he thought it would be better for the two to meet at the bar of the Del Prado Hotel at about 1800 on 18 Nov. L-9 asked B for instructions. B said that in view of the possibility that L-9's home phone might be tapped or that A-3 might let word leak out that he had contacted L-9, L-9 should inform Ambassador Hernandez Armas of the call -- it was agreed that B would consult further on this matter and that the final decision would be relayed to him on the evening of 17 November -- L-9 would call B's home and B, in a short conversation would use the word Acapulco if the incident should be reported -- Mazatlan if not. (L-9 called as scheduled and the word Acapulco was used). L-9 was advised to keep away from A-3 who was believed to be in town in connection with his efforts to get his relatives out of Cuba. He was told not to go to the Del Prado Monday night unless Armas insisted that he do so. He should make every effort to avoid any encounter with A-3 -- staying away from his home as much as possible.

3. L-9 has some lingering suspicions about A-3 -- said that back in Cuba A-3 used to drive a Mercedes Benz 190-SL sports car, bright red, which he sold to an officer in the Mexican Embassy -- L-9 found this strange since the Mexican, who had diplomatic status, could bring a new car into Cuba duty-free at much less than the going price for a used one on the local market. L-9 concluded from this that there might be some sort of hanky-panky between A-3 and the Mexican official.

4. L-9 reported further as follows:

a. He has seen a bit of Horacio FLORES Sanchez of the Bellas Artes Institute lately and has come to the conclusion that FLORES is 100% in favor of the Castro regime. He arranged a meeting between Amb. Hernandez Armas and Flores at the Hotel Maria Isabel on Thursday 14 Nov (we picked this up on LITAMIL-9). This had to do with an exhibit of Mexican art in Cuba -- scheduled for January 1964. L-9 had earlier made some arrangements to send Mexican paintings by air to Cuba (also picked up on LITAMIL-9).

b. On 14 Nov Mexican doctor (name) MARTINEZ, who was in Cuba, now in Mexi, reported that (name) had been helping the Cuban government and had, in the guise of hurricane relief, sold to Cuba 200,000 pesos worth of merchandise for only 30,000 pesos.

c. At the airport on 11 November L-9 saw the Cubana stewardess Marta MARTINEZ speaking with a "known gusano" (L-9 doesn't know him by name). This "gusano" is often at the airport, has curly hair. (Couldn't be our man).

SECRET

- d. A Mexican medical student who has been trying to get to Cuba for at least three months came back to the Embassy a few days ago to see about the status of his visa application. His name is Alejo ROA.
- e. Teresa ROA is suspicious of the American who has been coming to her about chances of going to Cuba. She said that he asked her how Raul could be as foolish as to proclaim himself openly as a Marxist-Leninist and to state that President Kennedy is a traitor. Teresa thinks this man is some sort of provocateur. (He is the same one mentioned in the last L-9 CR)
- f. Dra. MACHADO has told Teresa not to have anything to do with Silvano REYES Puentes without checking beforehand with her.
- g. PERNANDEZ Roa (known as ROA) was working until the wee small hours of the morning on the night of 14-15 Nov. (Code work?)
- h. PEREIRA's name is Raul.
- i. Raul PEREIRA says he is going to get married in May in Cuba to a girl who works in MINREX. When asked if this would be by proxy, he said he would go to Cuba for the marriage but that his wife would not subsequently come to Mexico. (This is an interesting tidbit -- it will be recalled that PEREIRA has been coming up on LIENVOY as a possible homosexual.)
- j. AZCUE will be leaving for Cuba on 18 Nov. L-9 believes there is no force in the world that can deter AZCUE from his determination to return. A's wife is desperate, hates the thought of going to Cuba but does want to see her children who are there. L-9 overheard A say in the office: "I've already started to fight, within a year I'll be a prisoner in the Cabaña Fortress." Said this on 15 Nov.
- k. Rosario CASTELLANOS, female, Mexican writer, was at the recent Embassy party given ~~XXXXXXXXXXXX~~ in the honor of Alejo CARPENTER. She works at the UNAM where she has a responsible position. She said that she had asked the permission of the Rector CHAVEZ to go to Cuba. CHAVEZ turned her down at which point she said, "I quit." CHAVEZ then smoothed her ruffled feathers by explaining that if she were to quit she would be acting in an unpatriotic manner in a difficult situation since now that DIAZ Ordaz is lined up for the Presidency all future appointments will be of people from the political right and she would only create a vacancy for a rightist.
- l. A Cuban in town looking for a visa to return home to Cuba entered the US six times illegally. His name is Jaine BUSO Molina.
- m. Ambassador Hernandez Armas says that ROSENZWEIG Foreign Office was "very helpful" to the Cuban Embassy in recent negotiations about the release of Cuban boats at Cozumel.
- n. On Wednesday 13 Nov at 1000 hours L-9 overheard Nico GARCIA telling a man at the door of the Embassy that "there have been a lot of problems with the couriers lately, efforts have been made to steal the pouches."

- o. At 1115 hours on Wednesday 6 Nov. [redacted] had an interview in his office with Manuel MARQUEZ [redacted]. [redacted] turned his radio on and kept the volume very high while the interview was in progress.
- p. A French woman named [redacted], staying at the Hotel Presidente room 705, attended the recent Embassy [redacted] in honor of CARPENTIER party.
- q. A Cuban (name?) who went to the US about a month ago in a small boat and who has in his possession an INS Parole Form returned to Cuba from Mexico on 16 November. He had [redacted] from the Embassy.
- r. Many people at the CARPENTIER party were surprised to see Leopoldo [redacted] there -- he had never been there before.
- s. Dolores de la [redacted] was shooting off at the mouth at the same party. She called the Argentine journalist PUIGROS over to her and said, "Isn't it true that MARQUEZ blasted DIAZ Ordaz purposely -- to insure that he would get the PRI nomination. PUIGROS agreed. (This refers to the issue of Politica which had a photo of DIAZ Ordaz on the cover along with the words -- He will not be president). Dolores said that DIAZ Ordaz is a good friend of her father and that her brother will probably become a diputado in the new legislature. She said that DIAZ' line would be the same as LOPEZ Mateos' -- no problem.
- t. Lately the Ambassador has been turning on loud music in his office. (To cover conversations - ?)
- u. L-9 went to the Soviet Embassy party celebrating the October Revolution - 7 Nov.
- v. L-9 took the pouch to the airport Friday ( 8 Nov-?). He was accompanied by Rogelio. He turned the pouch over to the "sobrecargo" (steward) on the Cubana plane. Had picked it up just inside the door of the Embassy. (Test mission-?)
- w. The planned exhibition of Cuban engravings at San Luis Potosi did not come off for reasons not fully clear -- some administrative SNAFU. L-9 is now planning to set up an exhibit at Guadalajara.

5. B informed L-9 that he would be on vacation from about 2 December until Christmastime -- said that he could put L-9 in touch with another officer during this period or could put the operation on ice with an emergency rail channel left open. L-9 said that he much preferred to put it on ice, does not want to be exposed to any more people. For the first time he showed some concern about finances -- said that he might go to Cuba for Christmas and would like to have some money available to do some shopping before [redacted] also needs to pay the next six-months advance rent for his apartment in December. He explained that when he goes to Cuba he hopes to take many gifts -- has all along been sending packages to his sister-in-law and feels that this is good insurance in several ways, especially since it suits her to have a source of supply in Mexico -- hence L-9 would probably be left alone and allowed to remain in Mexico. For his rent he will need six times 650 pesos or 3,900 pesos. It is planned to pay him his November and December salary plus a year-end bonus [redacted] pay (as per local custom) at the next meeting -- thus [redacted] which should enable him to pay his rent, do his shopping, [redacted] he will go to Cuba for Christmas. If he does he will spend about 3 weeks there.

6. L-9 made it clear that if he does go to Cuba he (as last year) does not want to take any SW material or have any contact with KUBARK people inside. He will, of course, keep his eyes and ears open and make as many interesting contacts as possible. It is felt that we would be foolish to insist that he undertake any "mission" inside in view of his outright refusal last time to take any SW materials. A good briefing and debriefing should do the job. It would do him no harm to renew acquaintances inside Cuba and a true vacation would probably do him a lot of good.

7. Next meeting: Open.

*Lawrence F. Barker*

Add: No heart-to-heart motivation-boosting session was required at this encounter -- other than being a bit shaken by the AMLEO-3 phone call, L-9 was in a good mood and not noticeably nervous. B's wife remarked on 18 Nov that "Aguilar" was quite nervous when he got into the car at the pick-up point.

MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Barker

SUBJECT : Meetings with LITMEL-9, 23 and 27 November 1963

1. On the night of 23 November L-9 contacted Barker by phone and a meeting was held from 2130 to 2230 hours. L-9's reason for making the contact was to express his condolences for the recent assassination of President Kennedy. It was clear that L-9 was badly shaken up by this happening -- when he spoke of Mrs. Jacqueline Kennedy his eyes clouded up with tears.
2. L-9 was asked if he had ever seen Oswald -- no. Had he ever heard that Oswald visited the Cuban Embassy in Mexico -- no. Did he know anyone in the Cuban Embassy that knew Oswald or knew anything about him -- no. *At this time Silvia Duran was in the hands of the Mexican police but L-9 was obviously unaware of her detention.* Asked what the reaction of those inside the Embassy was to the news of the President's death, L-9 said that he had heard very little talk about it, that the Saturday morning staff meeting was a short, perfunctory affair, but that just about everyone seemed to be truly shocked. He had heard no one expressing pleasure about the killing. He said that this reinforced his belief that once Fidel Castro falls, the Cuban people, even many of those who are now classified as *patricio o "uerte"* types, will quickly show themselves to be essentially good people and essentially US-oriented.
3. L-9 was asked to report on the aftermath of his conversation with Ambassador Armas about the phone call L-9 had received from AMEL-3 and which, in the interests of security, it was decided, with HES and JMWAVE assent, that L-9 should report to Armas. L-9 said that this went very smoothly -- that Armas apparently did not recognize AMEL-3 when he was mentioned -- L-9 merely stated that he had received a call from Captain (Surname), that the Captain wanted L-9 to come to see him at the Del Prado, that L-9 felt that this was somewhat suspicious and told the Captain that if he wanted to see L-9 he should come to L-9's home. Armas told L-9 that he had done the right thing -- that he should not go out making mysterious meetings with people in hotels. L-9 did not press the point but he believed that Armas thought that the captain mentioned was a Cubana airline pilot. Anyway, his skirts are clean should the question ever come up of his having been contacted by A-3 -- he reported the contact to his Ambassador. L-9 remarked afterwards that he really hated to brush off A-3 as the two families were very close in Cuba.
4. Another meeting was held from 2100 to 2200 on 27 November. By this time the arrest of Silvia Duran was public knowledge and L-9 made it his first topic for discussion. He said that Silvia was back in the Embassy on Monday the 25th and said that she had been held for 6 hours by the Federal Police. She seemed to be quite pleased with her performance -- said she kept reminding the police that Mexico is a free country and that the constitution guaranteed her freedom from such persecution. To this the police just laughed and said that the constitution wouldn't do her much good in jail, she had better cooperate if she wanted to get out. She finally admitted that she had seen Oswald in the Consulate, that he came to see her for a visa but that Cuba had answered the request (this seems like fact) to the effect that Oswald could not be issued a transit visa en route to the USSR unless and

SECRET

until he received a USSR visa. She said that the cops had threatened her with extradition to the US (seems unlikely) whereupon she said she would be glad to go to the US to face Oswald. She said that complaints would be made to President LOPEZ Mateos through Enrique MARTINEZ. (L-9 does not know who MARTINEZ is or what his access to L-9 is) Silvia said that she was quite surprised that word of her arrest was relayed to Raul MARICIO Nogales so fast by (sup) MARTINEZ who flashed the word by 2300 hours 23 Nov. At this point Teresa PEREZ, one of the crowd listening to Silvia tell her tale, ordered her nephew to leave -- said, "we don't want you around here." All in all, Silvia thought she did a good job of standing up to the police. L-9 repeated, as he has done before, that she is a very intelligent, quick-witted girl. She did not appear to have been roughed up in any way or to have suffered from her "ordeal."

5. L-9 had nothing more to offer on the Kennedy assassination -- was again shown a photo of Oswald -- never saw the man. He said that there is not much talk around the Embassy about the killing -- perhaps because no one is expected to approve of such a thing yet at the same time no one wants to make too much fuss about it for fear of being suspected as pro-American.

6. L-9 reported on other matters as follows:

- a. The Counselor of the Soviet Embassy (no name given) came to the Cuban Embassy at about 1045 Monday 25 November. He spoke with Era. Margot MICHARD. The Ambassador was not present at the time.
- b. Inc. Jorge TIRADO was in the Embassy on Monday 25 November. He remarked that he had been to see DIAZ Ordaz some time ago about getting a permit to send his son to Cuba to see the heart specialist Dr. Enrique CAMERA. (His son suffers from some heart ailment). DIAZ Ordaz questioned T closely about the projected trip (this was while DO was Minister of Government) and T took advantage of the occasion to complain to DO that people from the procuraduria had confiscated some medical slides from a Cuban heart specialist at the airport. (L-9 was the person who eventually recovered these slides). According to T, DO was somewhat upset, said that the procuraduria people had no business doing this, and saw to it that the slides were returned. T said that DO mentioned L-9 by name, telling T that he would see to it that an order was issued for the slides to be turned over to L-9. T passed word around the Cuban Embassy that everyone should be very careful to speak only the best of DO who might prove to be a useful friend.

- c. A meeting of Consular officers from all Cuban Consulates was held on Tuesday. L-9 does not know what went on at this meeting.

7. L-9 was paid 12,000 pesos -- 4,000 each for the months of Nov and Dec plus 4,000 year-end bonus. He was told that the C/O would be out of town during most of December and he reiterated his desire to have the operation put on ice during the interim -- he is not anxious to be "exposed" to any more people. Arrangements were made for an emergency commo channel to him in case it might become necessary for us to contact him during the C/O's absence. Details on next page.

8. L-9 asked B to buy him some oil paints in the US -- said that the Mexican product is inferior. Will do. L-9 is doing a lot more painting these days. He is now putting the finishing touches on an oil painting

SECRET

of Camilo CIENFUEGOS which he plans to give to the Embassy, possibly to be raffled off, proceeds to go to hurricane victims.

9. He was asked for additional detail on Luisa Calderon -- had little to offer except to report that Luisa had recently moved. He believed that she had been living with the MACEDO's and Peregrina ALONSO but found that this was a bit confining and had moved "about ten days or two weeks ago" to live with a Mexican family. L-9 believes that her mother returned to Cuba some time ago. Her, Luisa's, new phone is 30 - 52 - 65. She "talks like a Communist," and speaks English -- L-9 thinks she has been in Miami, Florida -- does not know when. He says she is "muy mona" -- very pretty. She is about 24 years old.

10. The conno arrangements set up with L-9 were as follows:

Signal: Someone will phone L-9's apartment at 0800 hours and will use the word "alfombra" -- rug -- perhaps saying, we will be buy to pick up the rug you want cleaned -- something in this order that uses the word ALFOMBRA. L-9 will reply, "You must have the wrong number."

Meeting: The night of that same day and on subsequent days until contact is effected L-9 will go to a public phone booth at the corner of Reforma and Avenida Monte Altai (Lomas) at 2000 hours -- 8:00 p.m. He will be approached by an American who will have in his possession and clearly visible a copy of TIME magazine and a pack of FILTER cigarettes. No verbal signals were laid on. L-9 can be readily identified from photos on file.

Notes: There is a bookstore -- the one with the huge red lighted sign L I B R E R I A about a half a block up Reforma (up hill) from this phone booth -- L-9 as a confirmed bookworm can lounge around here, browsing until 2000 hours. L-9 is punctual -- always on time.

Person making call to L-9's apartment should speak excellent Spanish and should keep the conversation short. DO NOT ASK FOR L-9 by name -- he is going to say it is a wrong number. He lives alone and is always home at 0800 hours.

The contact point (phone booth) is on the right side going up Reforma -- beyond Petroleros monument -- a short distance beyond the Malpica restaurant.

11. L-9 turned over some Havana newspapers which will be forwarded to JMWAVE.

Cuban "Identification" of KUBARK Agent

ACTION REQUIRED REFERENCES

Raul MACIAS Franco, Cuban delegate to the Assembly in Mexico City of the International Union of Architects, which followed the Architectural Congress held in Havana in early October, informed LITAMIL-9, a Mexico Station agent, that the Cuban government had identified the Greek delegate to the Havana congress as a KUBARK agent. MACIAS did not identify the delegate by name and did not give any further details.

MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Barker

SUBJECT : Meeting with LITAMIL-9, 15 October 1963

1. L-9 was picked up in Felanco at 2000 hours and driven to B's home where a meeting was held until 0020 hours (16 Oct) at which time L-9 was dropped off in Colonia Cuauhtemoc. He identified 90 photos from among several hundred taken from the LITERODE Base House; he was unable to identify any from the LITERACE coverage of the AMQNOB-reported Safe House at 157 Pachuca.

2. L-9 reported on the following:

- a. On 8 October L-9 and Paul APERICIO Nogales had a few drinks and dinner with Raul MACIAS Franco, Cuban delegate to the Assembly of the International Union of Architects held in Mexico City the previous week.

*Reported by  
dispatch to  
Attans.*

MACIAS said that the Greek delegate to the recent Architect's Congress in Havana had been identified as a KUBARK agent. He did not give this man's name.

*my 4 file  
Ramon CORONA  
Martin B*

The Mexican ~~Ramon~~ <sup>X</sup> CORONA gave the Castro-Cubans a lot of trouble in Havana and it was hoped that some way might be found to take the Vice Presidency away from him, because of the proposals he made -- which were disruptive, but the Cubans and their allies decided it would be best not to risk a fight with CORONA.

*Sir Robert  
Matthew*

The Englishman who presides as president of the UIA (International Union of Architects) was, on the other hand, very docile and easy to get along with -- the Cubans liked him. When he came back from Cuba the Mexican authorities at Merida "gave him the works," dumped the contents of his luggage out unceremoniously and searched it carefully, confiscating from him a number of packages which only contained materials relating to the congress. The Cuban delegates, such as MACIAS, himself, got the same treatment and lost a number of things they were bringing to Mexico.

During the Havana congress, a number of lapel identification buttons (allowing holders to enter the sessions) disappeared and it was hastily assumed that an American present, an editor of the Magazine Architectural Record had, in conspiracy with an English newspaperman, stolen them. These two persons were, accordingly, held under arrest at the Riviera Hotel one morning from 2 a.m. to 6 a.m. MACIAS had to intervene to secure their release. The American appeared "hurt" by the accusation and arrest and kept asking for someone to send him a drink. (L-9 said: If he was a KUBARK agent, he did a good job while under arrest, judging from MACIAS' account)

- b. Dr. Filiberto RAMIREZ Corria, a physician who was here for some sort of medical conference (having returned to Havana on 14 October) said that rumors were rife in Havana that counter-revolutionary forces planned to bomb Havana from the air during one of the sessions of the architectural congress. Anti Aircraft units were ready and care was taken not to announce when and where Fidel CASTRO would address the group lest he be the target for bombing.

(Note: RAMIREZ Corria was here with another physician for several days -- L-9 saw quite a bit of RAMIREZ and had him take some medicine to L-9's father on his return. He assesses RAMIREZ as a "very valuable element, one you would do well to try to win over to our cause." L-9 did not know the name of the other medico but identified his picture in the LIERODE take.

- c. A short time ago, Vice Consul Ovilio SAMA of the Consulate in Veracruz told L-9 that he would like to close down the Mexican-Cuban Cultural Institute in that town -- it is not working out well, people are not attending meetings. SAMA feels that the 800 plus pesos per month that this operation costs can be spent in better ways.

- d. RUIZ of the Commercial Office told L-9 that someone had given him 30 dollars in Cuba to buy a pistol here in Mexico and that he had managed to find one for 300 pesos. (LIENVOY recently revealed that RUIZ was buying a Spanish Llana pistol).

- e. Cubana Captain SAMIDEY saw L-9, VEGA, and ROJAS of Cubana at the airport on 14 October -- L-9 and VEGA had gone out together to see RAMIREZ Corria off -- and SAMIDEY pointed to the IL-18 on the field, saying that for several reasons they had not yet been able to get permission to use this plane (which brought the Soviet cosmonauts to Mexico) to carry medicines and other relief supplies as cargo on its return to Cuba. ROJAS later showed up about 6 p.m. at the Soviet Embassy (where a reception was in progress) to speak to Ambassador HERNANDEZ Armas about this same matter -- L-9 witnessed the encounter. (LIENVOY covers this subject).

- f. At the SovEmb reception mentioned above, which was for the purpose of introducing Soviet delegates to the International Aeronautical Conference then in session, L-9 spoke with (fnu) CICERO of the Foreign Office -- L-9 says that CICERO is pro-Soviet, anti-American. He overheard a young Mexican official of the Mexican Aero Club asking CICERO if it was true that the Israeli delegate to the Aeronautical Conference was going to be expelled from Mexico -- didn't hear the answer to this. The expulsion was reportedly in connection with a "problema migratorio."

in Mexico several months. He is a Cuban and was closely connected with "Che" GUEVARA in some official capacity. He does not plan to return to Cuba but is still in touch with "Che" -- received a letter from him 2 weeks ago. As RAMIREZ and his doctor companion prepared to leave, "Biru" said, "My brother is chief of all those medicos in Cuba." "Biru" is a light mulatto about 35 years old. Coto SOLORZANO is now trying to get him a job in Mexico City. He usually eats lunch with AZCUE. At the airport he said he couldn't understand why AZCUE was willing to be recalled to Cuba -- said that he doesn't know how AZCUE will manage to survive what with ration cards and other such inconveniences.

PRIORITY TASK: IDENTIFY THIS MAN "BIRU"

1. ~~Mooner KHAN~~, a senator from British Guiana, left for Havana on 14 October -- he is very friendly with L-9, spoke with him before making an earlier trip to the Island which had to do with procurement of petroleum products from Cuba. He told L-9 that the Mexican Consul at Trinidad had given him a 6-months multiple entry visa but that this was taken away from him at the Mexico City airport. He wondered whether AZCUE might help him get it back. AZCUE told him to relax, that he could get another from the Mexican officials in Havana.

KHAN left a postcard with L-9 to mail to his wife. L-9 showed it to Barker. Copy:

Hello Moon & Kids

Mexico even though  
beautiful but for me  
its very cold. I am  
now leaving for Havana.  
Care yourself & kids.  
I am well.

- j. L-9 says that <sup>John</sup>LLAGOSTERA and <sup>Quoted</sup>"LICH" are involved in a big love affair -- LLAGOSTERA is really love-struck and it is quite obvious to everyone in the Embassy that the two are involved -- they chat on the inter-phone quite often. (LIENVOY alerted us to this love affair recently) According to L-9 LLAGOSTERA is vulnerable because he has a wife and child in Cuba.

- k. Other insignificant items were reported on but not worthy of inclusion here.

3. A long conversation was held about clandestine operations in general, motivation, security, communications, etc. As has been discovered in the past, L-9 periodically requires an opportunity to explain why he is working for us and this must be followed up by renewed assurances on our part that we greatly appreciate his work and the high principles which motivate him. In this instance, comfortably ensconced in B's home with a glass of scotch in his hand,

L-9 was in a talkative mood and no effort was made to shorten the session. After he had performed his catharsis he seemed to feel much better about things in general although on the way home he remarked that he hoped the Cuban problem could be solved within a couple of years so he could get out of this work. It is clear that he feels strong pressure and, not being a daring individual, he is looking forward to the day when he can stop living a double life. Nothing new came of this conversation which ranged far and wide -- from antique automobiles to classical music -- except that it apparently did L-9 some good and gave the C/O a chance to insert a host of tradecraft pointers designed to sharpen up the agent's security and convince him that (1) his security and well-being is our primary concern, and (2) if we practice good security in the operation he need have no fears of being compromised. (NB: A tour as an instructor at ISOLATION is the best basic training imaginable for this sort of situation -- really pays off).

4. A start was made on sketching the physical plant of the Embassy but L-9 was quite tired at this point and this work was left for the next meeting. L-9 looked over our file material on the Embassy building and explained that so many changes had been made in the last year that most of what we now have is completely out of date. The next meeting will take up the Embassy premises as the first order of business.

5. Next meeting: Open.

MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Barker

SUBJECT : Meeting with LITAMIL-9, 26 October 1963

1. A meeting was held with L-9 from 2000 to 2135 hours in B's car (parked in Tacuba) on 26 October.

2. L-9 reported as follows:

*Coner Source  
Please  
Report No. 9*

- a. A few days earlier Coty <sup>X</sup>SOLORZANO, sister-in-law of General Lazaro CARMENAS, told L-9 with a groan of disgust that it looks like DIAZ Ordaz has been chosen as the PRI presidential candidate.
- b. The Ambassador is still using the wall safe built into the chimney of his office (we have photos of this in our files). L-9 thinks that the Embassy payroll is kept there as the other day when he walked into the Ambassador's office he saw the Ambassador shut the safe door -- Dra. MACHADO was there, having just returned from the bank where she withdrew the payroll. Dra. <sup>X</sup>MACHADO handles the payroll for the whole Embassy. <sup>MARGOT</sup> <sup>PADRON</sup>
- c. <sup>EUSEBIO</sup> <sup>LOPEZ</sup> XLAZCUE is leaving PCS for Havana on 4 November.
- d. <sup>MANUEL</sup> <sup>LOPEZ</sup> XVEGA is leaving quite soon. No replacement for him has arrived.
- e. <sup>ALFREDO</sup> <sup>DIAZ</sup> XMIRABAL is looking more and more like a "security type." He is a key man ("lleva la batuta alli") and appears to be a convinced Communist. In the old days, before CASTRO, MIRABAL worked for the Sherwin Williams paint factory (L-9 thinks S-W in the States must have a record on him) which was located a short distance from the plant owned by L-9's father.
- f. Dra. <sup>X</sup>MACHADO recently told L-9 that <sup>MANUEL</sup> XVEGA was discourteous to her when she first arrived here but that he has softened up a bit recently and now seems to "accept" her. She thinks this may be because she lost two sons in the Revolution (no details given). She complained that LLACOSTERA still doesn't accept her but JORRIN seems to be coming around. (This may be the usual resentment caused by a female in a responsible executive position).
- g. Embassy staff meetings are held every Saturday morning from 0900 on -- usually lasting about two hours. They used to be held in the "theater" out back under the new construction but are now being held in the glassed-in terrace at the rear of the main building.
- h. Three Marxist study groups are being set up in the Embassy to include everyone on the staff. <sup>JOSÉ MIGUEL</sup> XHERNANDEZ Roa, known as ROA to the staffers, is running this effort. These groups should be organized within a week. (L-9 dreads the thought of submitting to this indoctrination but realizes he must go along with it).

SECRET

SECRET

- i. L-9 recently suggested that Embassy staff meetings be held at night so that afterwards everyone could get together for dinner. RUIZ of the commercial office took exception to this -- said that the result would be just like the Rotary Club. Ambassador HERNANDEZ Armas supported L-9's proposal but did not press for approval and the decision was made to continue holding the meetings on Saturday mornings. Later on the Amb. told L-9, "well, I supported you, anyway."

- J. <sup>Joaquin HERNANDEZ Armas</sup> The Ambassador said at a recent staff meeting that he was taken to task by a Mexican senator who asked him why Cuba refused to sign the atom test ban pact. ARMAS (he, like ROA, is known by his matronymic) tried to explain that Cuba could never sign the agreement as long as she is the subject of American aggression. ARMAS said that Embassy staff people should be prepared to answer such questions and mentioned that a request was being sent to Havana to allow the expenditure of sufficient funds to print up 10,000 copies of Fidel CASTRO's speech of 28 September to be distributed locally -- this speech apparently conveys the present "line" on the test ban issue.

- k. Foreign Minister ROA recently mentioned in a note to ARMAS that he is glad to hear that L-9 is painting again. L-9 was, in turn, pleased to hear that the Foreign Minister takes a personal interest in him. L-9 has recently done four paintings -- all female figure studies. (1) B asked him if he might not do something revolutionary from time to time -- such as a militia girl standing guard with a sub-machinegun. L-9 says he has thought of this but doesn't feel inspired.

<sup>Victor</sup> TRAFOTE recently visited the Embassy and said that his daughter Irina, the ex-wife of Ramiro VALDEZ, will be coming to Mexico soon on a "special mission." He also said that his nephew, a Chilean, (no name mentioned) recently arrived here proceeding from the USA.

- m. L-9 got a nice thank-you letter from Mercedes <sup>X</sup>LECHUGA -- sister of former Ambassador LECHUGA -- thanking L-9 for having sent her a bottle of perfume. L-9 was pleased to get this evidence of confidence since, as he says, if LECHUGA were the least bit suspicious of him Mercedes would not correspond with L-9.  
have
- n. L-9 believes he heard the man with the thin mustache referred to as FEREYRA. This is the man who showed up at about the same time the unidentified "light skinned mulatto" (and possible code clerk) disappeared from the scene. L-9 identified his photo at the last meeting. (A Paul FEREYRA has been showing up increasingly on LIENJOY traffic -- we had considered this to be Raulito the messenger boy.) L-9 will try to find out more about FEREYRA and will look into the last name of Raulito.
- o. <sup>X</sup>"Birru" -- see last CR -- L-9 had no more on this man except to report that he thinks Birru has found a job and that Coty SOLORZANO helped him to get it. L-9 says that Birru was sent to Mexico by "Che" GUEVARA.

SECRET

p. Regarding Sara ~~HERNANDEZ~~ <sup>HERNANDEZ</sup> Cata, now in Caracas, L-9 recently learned that sometime in the past when Sara was on a Cubana plane at Mexico City, preparing to depart for Havana, she made a few anti-Revolutionary remarks. These were reported to Orfila, who reported them to Teresa PROENZA, who reported to Ramon SINGRAS (at the time Charge at the Embassy), who fired off a cable to MINREX Havana. When Sara got to Havana she was accused of "intrigue." Teresa PROENZA recently told L-9 about this. (REPORT TO CARACAS STATION).

q. A Cuban functionary on his way to Uruguay from Havana had some trouble with Mexican officials at the Central Airport -- a Cde. VENTURA took some papers away from him when he arrived 24 October and as a result the Cuban was forced to cancel his onward reservations on Varig for the night of 25 October -- said he could not complete his mission without his papers. (Reported this to CASOT 28 Oct in case LIFIRES might be able to get hold of the papers in question).

r. L-9 says that <sup>MACHADO</sup> ~~Dra. MACHADO~~, her daughter <sup>PERLA</sup> ~~Perla~~, and <sup>PARCERINA</sup> ~~Parcerina~~ XALONSO all live together near the Embassy. (This may be in 157 Pachuca where the AMENOB-1 safe site was located) L-9 will ask Dra. MACHADO to have dinner with him at his apartment -- making sure she is there well after nightfall so that he will be obliged to see her safely home and, in the process, find out where she lives.

3. As usual L-9 needed a bit of bolstering. He said that he feels intense pressure at staff gatherings when everyone looks at everyone else present and wonders "who is the Judas in this group." L-9 stated that he would much rather do some other kind of work and would rather sell tomatoes on the street than do what he is doing now. The thing that really keeps him going, aside from his expressed regard for KUBARK and his oft-repeated affinity for the Anglo-Saxon, is his sincere disgust with the CASTRO regime. He again told the story (B has heard it a half-dozen times and Shryock probably heard it often before that) of his father's having built up a big business by unstinting hard work -- of having brought his family up from nothing to a position of honest respectability -- only to be classified as a "bandido" and "explotador" by a bunch of revolutionary bums with beards. It is the case officer's belief that if L-9 did not have a release through painting he would break off from the Embassy and, naturally, from KUBARK. It is furthermore believed that if we were to ask L-9 to submit to an LCFLUTTER examination as Headquarters has recently suggested, L-9 would immediately break contact with us as no matter how diplomatically the build-up might be phrased he would take it as a slur on his honor and we would be without a penetration into the Embassy.

4. Next meeting: Open.

MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Barker

SUBJECT : Meeting with LITAMIL-9, 4 Nov 1963

1. A meeting was held with L-9 in B's car from 2200 hours to 2345 hours, 4 Nov. The car was parked in the Tlaxpana area.
2. L-9 reported as follows:
  - a. Manuel <sup>V</sup>VEGA left on PCS orders for Havana on the 3 Nov Cubana flight. <sup>Cot</sup>SOLOZANO bid him goodbye at the airport along with members of the Embassy staff. It is not clear who is or will be replacing VEGA.
  - b. <sup>Jose</sup>FERNANDEZ ROA worked very late the night of Friday 1 Nov. L-9 still thinks he may be doing conmo work.
  - c. <sup>(Aurelio)</sup>"Nico" GARCIA is going to move into the row of offices where L-9 is now located and is being "caged in" -- is installing door, blinds, etc., as did ROA recently.
  - d. <sup>Ex-Bio</sup>AZCUE will be around for a short while before returning to Cuba -- he is planning to take a trip to Campeche with someone named LIZALDE to study building materials in preparation for AZCUE's assignment to JUCEPLAN as an architect when he returns. L-9 went on at some length about AZCUE -- said he was certain that AZCUE is not a Communist, not a CP member (note that AMKNOB-1 has AZCUE admitting he has been a Communist for many years - ?) L-9 repeated that AZCUE is an implacable foe of "the Pentagon, and the ruling circles in the US" but has a high regard for the American people. AZCUE's wife is still very upset at the prospect of going to live in Cuba. L-9 thinks AZCUE is a loyal Fidelista who would never knowingly cooperate with the Americans. At lunch with L-9 on 4 Nov AZCUE lashed out against the Cuban CP -- said that Lazaro PENA should be shot -- he has served his usefulness -- after the shooting a monument could be raised to him, but Cuba would be much better off with him out of the way.
  - e. <sup>Ex-Bio</sup>ALVARADO, AZCUE's replacement, is not popular and nowhere near as effective as AZCUE. <sup>Ex-Bio</sup>Sylvia <sup>Ex-Bio</sup>WERN doesn't like him but will probably go on working as his secretary for the time being.
  - f. L-9 saw AZCUE kidding with <sup>Ex-Bio</sup>Sylvia recently in the office -- chiding her for being a Communist. Sylvia replied, "It's not true. I am not a Stalinist and I have never been interested in Party membership. I don't accept the Party line and by talking this way you are insulting me!" L-9 thinks Sylvia is a very intelligent girl. He thinks we might be able to gain her cooperation by getting a desirable male next to her -- she is, according to L-9, "a little putita."
  - g. AZCUE told L-9: "If they don't give me a good job in Cuba, I'm not

SECRET

SECRET

going to be upset -- I can always get a job here in Mexico."

- h. L-9 exhibited a book by Alcides CARPENTIER (who is in town). This book, entitled Los Pasos Perdidos, published in Mexico, had inside the cover two handwritten dedications to L-9 -- signed by CARPENTIER. The first was written when the two first met -- the second was written after L-9 had CARPENTIER over to his studio and C got a look at his paintings -- this dedication lauds L-9's ability as an artist.

- i. L-9 showed B his address book -- in it he has a bookmark which consists of two ribbons -- red and black -- with a small photo of Fidel CASTRO attached. L-9 likes to "casually" display this little item when consulting his book in the presence of Embassy officials. He says it has a nice effect on them.

- j. L-9 overheard Teresa PROENZA on the phone (we have the same conversation on LIENVOY) saying that Ambassador HERNANDEZ Armas' wife is coming to Mexico on Friday 8 Nov and that she would not be staying at the Embassy, but would put up somewhere outside, probably with Dra. MACHADO. Teresa indicated that all is not well with the ARMAS family and that this was a somewhat scandalous situation. (We might be able to make some capital with Mrs. Edz. Armas by tipping her off about the Amb's dalliances)

- k. A tall, blond American student has been in to see about traveling to Cuba. He is studying at a University in Mexico City. (This sounds like the one who came in to see Joe Montllor recently). He is suspected of being an American agent -- "Licha" says that he is an agent for sure. He was there on Thursday, 31 Oct.

- l. <sup>Hale</sup> ALBERT told L-9 that he soon intends to marry a Mexican.

- m. <sup>Jose Fernandez</sup> ROA is not happy about being a mere Press Attache. L-9 thinks this is a cover position and that ROA is probably CIS.

- n. Teresa PROENZA spent the weekend at CARDENAS' place in Michoacan. She came back highly incensed that Gustavo DIAZ Ordaz had been uncovered as the Presidential candidate of the PRI. She said that LOPEZ Mateos made the choice himself. L-9 thinks this intelligence came directly from Lazaro CARDENAS. Teresa and the Ambassador were closeted for most of Sunday 2 Nov -- presumably T was filling him in on the political picture as a result of her visit with CARDENAS.

- o. Someone named (fmu) IBARGUENOITIA, Reforma 7, Coyoacan, D.F. has recently received correspondence from the Casa de las Americas in Havana.

- p. A Chilean artist (painter) named Hugo MARIN has been hanging around for a visa and the authorization finally came from Hava. This man formerly lived in Cuba, is wealthy. He is considered as a probable agent of the imperialists but the embassy feels he can be watched closely once he is in Cuba.

3. L-9 was in a pretty good mood, said that his sessions with the C/O give him "animo" and are a good antidote for the feelings he has in between meetings when he is sitting in his office, or beside the Ambassador, and wonder-

SECRET

SECRET

ing how long he can go on without being discovered and what the others in the shop think of him. This was a good opportunity to inquire into the latter point, and B asked him to explain just what his posture is vis a vis his associates and outsiders who know him only as a CASTRO official. He talked for about 30 minutes on this point, explaining that he tries to project the image of a man who is "more artist than politician," who is not a revolutionary type but who believes that "there is a job to be done here, I have been chosen to do it, and I intend to do it -- wanna make anything of it?" He says this works very well -- he emerges as a dedicated, more-or-less apolitical worker, who is not going to take any foolishness from anyone who gets in his way, and who, like many artists, may be just a bit wacky. He cleverly manages to lose his temper from time to time with good effect since no-one wants to ruffle him too much lest his well-known "pull" with Fidel might be employed.

4. He was paid 4,000 pesos for October 1963. \*

5. L-9 is planning to do a painting of Camilo Cienfuegos which will be raffled off so that the proceeds can be sent to Cuba to aid victims of the hurricane.

6. He furnished B with a copy of the 3 Nov issue of HOY which carried the AMGLOSSY confessions. This was airmailed to the PIEPER address at WAVE on 5 Nov.

7. Next meeting - Open.

8. Problem: It will be more difficult to get L-9 into B's home in the future owing to the recent installation of mercury vapor lamps in Loras which light the area up almost to a daylight degree. In view of the necessity to sit down with L-9 from time to time to pour over papers and photographs -- as well as the desirability to have him relax with a drink in hand -- a safehouse would seem to be more-than-ever in order, but L-9 is extremely nervous about the prospect of meetings in a safehouse. It is believed that a carefully-timed arrangement, whereby B's wife could swing open the gates of the B home may do the trick and enable us to continue to use the B residence for meetings from time to time.

How about  
miniature  
walkie-talkie  
to sign off?

Lawrence F. Barker

\* A good example of L-9's skittishness is his approach to signing receipts for his pay. He signs each time with a different scribble.

## MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Barker

SUBJECT : Meeting with UTMEL-9, 23 September 1963

1. A meeting with L-9 was held at the agent's initiative from 2030 hours until 2300 on 23 September. The pick-up was made on Chiers and L-9 was dropped off several blocks from his home after the meeting. The meeting took place in the C/S's car, parked on a dark street in Polanco.

## 2. L-9 reported as follows:

Architectural Congress in Havana: Practically all of the students from Lamer have already gone in by air. Of the 60-odd professional architects who were expected to go as delegates it appears that only 5 would be attending -- the others had been scared off by adverse publicity and the thought that they might appear on some sort of American blacklist if they were to go -- and by fears that they might have trouble getting back from Cuba once there. By some queer quirk of fate, Architecto Juanita UTMEL, the man who did most to set up the congress from the Mexican standpoint, did not receive an invitation. Enrique UTMEL, Cultural Counsellor, sparking for the operation in the Cuban Embassy, was surprised and shocked that UTMEL was not invited.

An American named PLAMP (Dun), editor of or adviser for the publication Architectural Record has been at the embassy trying to get a visa for Havana.

ARMANDO was in contact with a person staying at Room 216 of the Hotel Cardinal regarding the congress, telephone 16-32-32. He asked L-9 to call the hotel at this number, ask for room 216, and tell the man who answered that ARMANDO wished to talk to him. L-9 was not given the man's name and he told not to ask who was staying at the room -- just get there on the line.

(By UTMEL, two days before UTMEL in the Foreign Office told L-9 and ARMANDO that the Cuban Embassy would give all available assistance to the Embassy in Havana in regard to delegates to the congress. One of Enrique UTMEL's remarks on these flights was authorized (the request for a flight ticket to be authorized was ignored by UTMEL) and the other was of my notice having commercial relations with Mexico via Cuba. L-9 said that Mexican Consuls abroad had each advised to facilitate travel of L-9 by issuing 30-day Mexican transit visas. UTMEL was much more pleasant than ROSENBERG had been at the previous encounter (see last contact report).

3. Russian-Chinese Split: During the recent Philosopher's Congress a function was held at the Russian cultural institute at which the Soviet philosophers were the guests of honor. L-9 was invited and

Encl 1 to  
HNAIA-22288

50-6-105/3

APRIL 10 was not. This was a surprise but L-9 took him along on his visit. The place was packed with people. L-9 and APRIL 10 were sitting near the front when suddenly a woman slipped three copies of Chinese propaganda to him from behind -- he had not noticed she was. These were the 7 day, 14 day, and 21 day issues of REVUE INTERN and all concerned the Chinese position in the field with the USSR. L-9 and APRIL 10 were surprised that the Chinese would take advantage of a Soviet function to try to win over the Cubans to their point of view.

3. The recent issue of REVUE (p. 135) contained a strong editorial against the US and USSR delegations to the Philosopher's Congress. This editorial was considered a scandal by the Cuban Embassy which deplores the widening Soviet-Chinese rift. By branding the Soviet delegates as not interested in any countries other than the US, SIVERT would soon (in the eyes of the Cuban Embassy) to have moved solidly into the Chinese Communist camp.

4. French travel to Cuba: Sire, Philo (L-9) of the French Embassy phoned L-9 about two French girls who want to visit Cuba but who want assurances that they will be able to get out of Cuba right away after interviewing the Communist poet Nicolas GUYOT. These two are Genevieve de FENEL and Lucienne FENEL. L-9, SIVERT has to move on to Sofia, Bulgaria without delay. Both came to the Embassy on visa matters. SIVERT speaks quite good English and Spanish and has been in Moscow.

5. An American lawyer named (L-9) BRUNER was in the Embassy a few days ago to get a Cuban visa. L-9 thinks he represents an Oregon legal firm.

6. L-9 is going to set up his exhibit of Cuban engravings at San Luis Petrosi in collaboration with the Mexican National Institute of Fine Arts which will be the sponsor and will furnish the exhibition hall.

7. A Mexican named Hernandez (L-9), who has a daughter in Cuba, has recently been in close touch with Ambassador Jorgin HERNANDEZ Armas.

8. L-9 is passing along friendly with the Ambassador. When former Ambassador HERNANDEZ was at the airport preparing to leave he was most grateful in his remarks to L-9. HERNANDEZ said to L-9, "I wish you could be in Cuba as you are to PORTUGAL -- wish you had the same system here."

9. Telephones: L-9 was asked to get a list of all phones in the Embassy -- there are about 10. He said that the modern, upright cross-colored phone, which is in the room in the same office -- used to be used by the Cuban. HERNANDEZ said this office is now used by APRIL 10 -- is in the rear of the Embassy above the little theater. It has been out of order for about two weeks and APRIL 10 is trying to get it fixed -- asked L-9 if he had any "pull" with the phone company to get it fixed. L-9 said he would try. (L-9: This is our hot-line phone which recently failed to operate when we tried to reactivate it).

3. Next meeting: L-9's open.

SUBJECT : Meeting with MITCHELL-9, 26 September 1963

1. A meeting was held with L-9 in Barker's car in Polanco from 2230 to 2355 hours 26 September.

2. L-9 gave the following list of Mexican delegates to the Architect's Congress in Havana:

3. L-9 said that a telephone company representative had been in the Embassy that morning looking at APARICIO's out-of-order telephone (this is the one MILFORD doctored up for us) and would be back, perhaps 27 September, to fix it up.

4. Srta. Lda. Maria del Rosario CUNYAN, Instituto Potosino de Bellas Artes, Venustiano Carranza, 100, Tel 28-12, San Luis Potosi, S.L.P., has been designated by Bellas Artes to help L-9 set up his exhibit of Cuban engravings in that city.

5. A Colombian girl named (Mrs) SOUZA has recently arrived from New York City, from whence she fled when summoned by immigration authorities for an interview, and is now in touch with the Cuban Embassy here. She is on her way to Cuba to marry her Cuban boyfriend who works for the GOC. She made it quite clear that she is no Communist but said that she may have been branded as one by U.S. authorities for having a Cuban fiancé.

6. Asked if he knew of anyone from the Embassy living at 157 Pachuca, corner of Vicente Suarez (this is a house also supplied by AMENOS-1), L-9 replied that "Marcelino San Juan" (aka "Miguel San Juan") lived in an apartment there. He did not know the apartment number. (The one AMENOS-1 told WAVE about was 113).

7. E expressed his interest in the tailor, MITCHELL, who is in frequent contact with the Embassy -- patronized by L-9 along with a lot of others. (Budding operation hatching in E's mind) L-9 said he knew SOUZA's first name and did not know the name of the tailor shop where he works although he described it as on Viderra, beyond Sanborn's (House of Tiles) -- on the same side of the street as before Soliver -- next door to or almost next to an optical supply shop. SOUZA is usually at the corner there although he has a workshop on Calle Bolivar where he does most of the cutting, etc. L-9 said that SOUZA was a colonel of Assault Guards in the Spanish Republican army, was

SECRET

apparently a regular army officer. He is well to the left but probably not a Communist. He is a Spanish Franco-phobe, as very much like Eusebio AZCUE in political conviction. SOUZA is in frequent contact with Huberto GARCIA, alias "El Guero," who is a Cuban foreign service employee who is here in Mexico supposedly on a year's leave of absence. GARCIA stays away from the Embassy -- avoids it like the plague -- and is supposed to be disgusted with the Cuban revolution. (This gets more interesting all the time) SOUZA is about 55 years old, "very Spanish," short, medium build, thinning hair. He was helpful to anti-Revista people (including Fidel CASTRO) here in Mexico, helped them get arms. (NOTE: He is often in LHMWY traffic and it would appear that his relationship with the Embassy goes beyond simple tailoring) SOUZA did not like Ramon SARDINAS -- doesn't care for the fresh young kids the Cuban revolution is turning out.

S. L-9 was asked to report on all the people in the Embassy -- tell us who is there now (this done primarily in an effort to find who replaced SARDINAS so we can get after him): Names as L-9 gave them.

Cultural: Raul APARICIO Morales

Luis MARTIN Ferrer (now seems to be APARICIO's favorite)

Teresa VILFRAZ Povedra (she recently remarked that she may be sent to Cuba, was seen by L-9 cleaning out her desk, said she would keep her bags packed. APARICIO doesn't much care for her)

MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Barker

SUBJECT : Meeting with L-9, 5 October 1963

1. A meeting was held with L-9 in B-9 car from 2030 to 2145 hours on 5 October

2. L-9 reported on several subjects as follows:

- a. Marta BOEH, Chilean wife of Arturo BOEH, came in recently from Cuba on her way to Santiago, Chile. She carries a Chilean official passport and when she went to the Mexican Embassy in Havana to get a visa she was treated in a rude manner by an employee there named Jose Maria who said she could not understand why Marta BOEH was carrying an official passport from Chile.

Marta told people in the Cuban Embassy here that the wife of Ambassador BOEH (Mexican Ambassador to Cuba) is always going around with a big smile on her face but that she is a hypocrite.

Marta said that, according to Ida Roca, Arturo's Marta Roca, of the Mexican Embassy, Havana, was observed taking photographs in forbidden places during the October 1962 crisis in Havana.

- b. Mexican Ambassador Gilberto GONZALEZ told Don VALDEMAR, sister-in-law of Imre of the U.S., recently that the Mexican government is pleased with Imre's behavior -- the Mexicans like his manner.
- c. A Cuban named Mariano (Jim), who sat beside John Tranquillo on a recent flight to Cuba, said that John Tranquillo is leaving Mexico, it is a good thing that L-9 will remain there.
- d. Marta BOEH reported that Fidel CASTRO had sent Enrique and President Castro to the U.S. to take a couple of days rest -- was for taking all that time. Enrique for having trouble with his spinal column. Enrique took a few days at Veracruz about the same time.
- e. BOEH had a little supper for the Ambassador, L-9, and other friends at his place a few days ago and the supper was cooked by an Embassy employee named Jose Maria. This man has recently arrived at the Embassy. He fled from Cuba once before, a few days after BOEH took power for the last time. This man BOEH has a small mustache. (L-9 says he can identify him from BOEH photos)
2. L-9 has been involved in the exporting to Cuba of some Cacao plants in the name of Josea Prieta (L-9 confirms this). These plants were furnished by Elisio Arce of Colombia.

3. L-9 was asked if he had been able to identify the "light-skinned mulatto" whom we had tentatively picked out as the code clerk. No. Furthermore, this man hasn't been seen around the White Star Inn. But, there is another man in the Embassy -- like "Pete" was a "Wall Street" -- and is sometimes on duty at the gate (this is significant since G. W. Hines also worked the gates). He doesn't know this man's name but could identify him from a photo. (It was agreed that at the next meeting B would bring along the latest LITROBE photos for identification by L-9).

4. B turned the conversation to the physical plant of the Embassy, asking L-9 to describe the Ambassador's office. L-9 said that this office has been completely renovated, painted, new furniture moved in, etc. The small cocktail table is still there (this is the same one we earlier fixed up with a transmitter). B asked L-9 to do a thorough casing job of the Ambassador's office as well as that of his secretary, Peregrina Michel. When asked where the wooden Don Quixote carving, which used to be in the Ambassador's office, then in Teresa PROKAL's, is now located, he said he thought it was on Peregrina's desk. He was asked to observe this item carefully and note whether the identical carving is still being sold where that one was bought -- somewhere on Juarez. Will do. He was asked to make special note of small, movable items in these offices such as pen holders, statues, books (these used to be several, of Marti and others, in the Amb's office) -- especially items which can be duplicated and easily switched. (If we could fix up a couple of quijotes with concealed transmitters we could probably bring in a lot of sensitive information not available through LITROBE.)

5. L-9 was told that at the next meeting he would be expected to furnish a complete sketch of the offices in which we are interested.

6. L-9 said that the telephones in the Embassy are all fouled up and that there is a standing request with the phone company for someone to come in and fix them up, arrange new extensions, etc. (LITROBE confirms this). L-9 feels that we are missing a good bet if we don't have some of our people do this work.

7. L-9's inability to get up with more and more worthwhile info is disappointing but follows a pattern. Starting from the time of the very first meetings with this agent. He is not nervous, is afraid to "take action" even to the extent of asking for a job to be done, "Hey, I've forgotten, what is your name, anyway?" He knows that any question asked will result in immediate suspicion and since he's now along this way for such a long time he may well be right since he is technically paid as a quiet fellow who does his work and never asks any questions. To be sure, however, that we can -- we must -- get more mileage from him.

8. L-9 was paid \$1,000 plus for September. Work pending -- open.

9. Communications: It was agreed that an attempt be made to get a meeting time on the phone with the Ambassador's office. Meetings will take place one hour before the time mentioned. If an agreement is made to meet at 2100, the meeting will take place at 2000.

## MEMORANDUM FOR THE RECORD

FROM : Lawrence R. Barker

SUBJECT : Meeting with L-9, 7-8 Oct 1963

1. A meeting was held with L-9 in his car from 2350 hours 7 Oct to 0015 hours 8 Oct.
2. L-9, responding to a message received at the previous meeting to do everything possible to ascertain the identity of the code clerk, advised that he thinks that Jose Manuel MARTINEZ Roca may be the man, RMA, as he is known around the Embassy, who just recently performed a few suspicious alterations to his office:
  - (a) put up a locking door -- where none of his neighbors have one
  - (b) installed a venetian blind -- ditto
  - (c) installed a high-power fluorescent light fixture in the ceiling -- the others have older, weaker fixtures.
3. RMA is often out of sight during the day. MARTINEZ recently made a comment that it was strange that RMA is so often unavailable during the working hours.
4. L-9 was asked whether RMA has a safe or lock-fitted file cabinet in his office. No. (It would thus seem unlikely that he keeps any code materials in this area). The new alterations would make it appear that he does do (or plans to do) some sort of work out of sight.
5. L-9 says that RMA claims no relationship to the Cuban Foreign Minister, Amil RMA. He is married to the daughter of a well-known Cuban painter named Mariano -- perhaps Mariano MARTINEZ -- L-9 not sure, will check. His wife is now in Cuba "having a baby".
6. RMA's office is in the new construction occupied by RMA, Teresa RICHMOND, Luis MARTINEZ, and Amil MARTINEZ. A horizontal view facing the row of offices would show:

10. Next meeting - open.
9. L-9 was advised to get us every available scrap of information on ROY, and to keep in mind our intense interest in the physical layout of the offices of the Ambassador and his secretary.
8. L-9 said that the word carrying of Ben (L-9) is no longer in evidence.
7. L-9 said that two large dogs, one in a kennel during the day, are turned loose in the garden during the night. Another one, just a pup, has been seen lately.

MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Barker  
SUBJECT : Meeting with LITANIL-9, 13 September

1. LITANIL-9 phoned Barker at 3335 room 12 September and arrangements were made to meet at midnight. The meeting was held in S's car and lasted until 0100 hours. L-9 reported as follows:

*Defense Rosen ZW*  
*Diary 1/2*  
*Exhibit 5/24*

- A. On 9 August L-9 and his boss, ROSEN ZW, visited APARICIO, Mexican diplomat stationed here at the Foreign Ministry, regarding the upcoming Architect's Congress in Habana. APARICIO asked ROSEN ZW to get authorization for the intent to send a ship to Veracruz to pick up delegates and to land IL-18's here in Madi for the same purpose. The request was in paper in the usual diplomatic form. L-9 was surprised to note that ROSEN ZW was very cold and even unfriendly -- he told APARICIO that no decision could be made on the spot and that the Embassy would be notified by 11 Sept. As of the night of 11 Sept. no reply had been received and APARICIO was getting worried. A phone call was made to (Mrs) LAMIS, an assistant of ROSEN ZW, but this yielded no further information.
- B. ROSEN ZW, Manager of Cuban Airlines in Madi, told APARICIO the other day that he had "fixed everything up with AIRCRAFTS" to solve the Architect's congress transportation problem.

Note: L-9's reason for calling this midnight meeting was to pass on the above in case we might be able to exert influence on the Mexican Government or Aerocavia to insure that the transportation problem remains a problem. L-9 said that his only real concern these days is the Congress and that anything we might do to frustrate their efforts would be most worthwhile.

- C. APARICIO was pissed off when he failed to get invitations to a Mexican government function connected with the Philosophers' Conference now being held in Madi -- furthermore he didn't get invited to the Independence Day celebrations by the Mexican Gov. L-9 was invited to both functions and succeeded in arranging an invitation to the Independence Day celebrations for APARICIO who was very appreciative.
- D. When former ROSEN ZW was here for a few days he remarked in L-9's presence at the airport that he expects a new crisis to materialize in about a month. He did not elaborate.
- E. FRANCO, of the UN delegation, who has recently been in Cuba, is on his way back to New York. He was rumored when he returned to Cuba a month or so ago that he was in the doctor's with his child, INDUSTRIAL, and would have to spend at least a year in Cuba for reorientation. The other day L-9 visited him at the Del Prado Hotel, where he was staying (avoiding the Embassy completely), and FRANCO exhibited a letter from (Mrs) OTERO (might be OTERO) which stated plainly that FRANCO has the complete confidence of OTERO ("goca de la cabal confianza..."). L-9 thus believes that FRANCO

is returning to the U.S. with a trade off order for CARLOS  
Inchausti. L-9 says that FIDELITY is not a Communist.  
When FIDELITY arrived at the airport, he spotted Fidel  
CASTRO at some distance but CASTRO paid him no attention.  
He interpreted this as a sign but in a later reception at a  
foreign Embassy in Havana Fidel looked him up, apologized for  
not having spoken to him earlier, and was most effusive in  
his praise for FIDELITY.

F. Former Ambassador BERNARD and wife, here for the philosophers'  
meeting, are buying up our guns in order to get P's car back  
on the road in Cuba. L-9 has been helping them -- said he would  
take payment when he goes back to Cuba since the P's were running  
short of cash here.

G. Dolores EE LAMON is still making a play for Ambassador  
BERNARD and she is now seen to be interested in having  
a fling with her. Gaty BERNARD doesn't like Dolores and is  
trying to discourage the Ambassador from getting involved --  
Gaty believes that Dolores may be a Mexican Government spy.  
L-9 finds her excessive praise of Fidel CASTRO a bit phony and  
told Barker that if Dolores is "one of our agents -- and, mind  
you, I'm not asking whether she is -- but, if she is..." that  
we should tell her not to be so obvious. He said that Dolores  
recently bragged that Fidel CASTRO had "had" her on a mattress  
laid on the floor in Cuba and that while they were ramping  
around, mice were scurrying all about the room.

2. L-9 was asked to try again to ascertain who the new code clerk is. He  
was told that this person would have arrived shortly before SARDINAS' departure,  
would be close-mouthed, would work a lot of nights, mostly in the basement, and  
would appear to be quite vivid in the mornings on many occasions. At this a  
light came to go on inside L-9's head and he said, "I know who it is, now --  
but I don't know his name." Asked if this person lives inside the building, L-9  
replied yes. The man he has in mind is about 35 years old, a light-skinned  
midget, "very mysterious and reserved," and is an old-Communist. L-9 said  
he could identify the man from photos. He was asked to make every attempt con-  
sistent with good security to ascertain this man's identity.

MEMORANDUM FOR THE RECORD

FROM : Lawrence E. Barker

SUBJECT : Meeting with LITAMBI on 23 August 1963.

1. L-9 was picked up on Tilers at 8:00 heavy and driven out to a dark spot along Galileo where a Washington held on Barker's car -- L was dropped off about two blocks in, at 8:10 hours.
2. L said that he has noticed that the new order and <sup>Paul</sup> <sup>Nogales</sup> ~~APARICIO~~, the new Cultural Counselor, are trying to be as far as possible and "dislike" him. APARICIO seems to be doing the same thing. L said that in his office he took over for himself, replacing him to the room formerly occupied by <sup>Miles</sup> <sup>GARCIA</sup> who was, in turn, so close to him, he said that he wrote a blast to Havana complaining that he was being walked around by APARICIO.
3. L says that the Ambassador, who is a Communist, is an old-line Communist, is a "real smooth customer" and he is not his chosen and most trusted people in positions of power. L said that he is smilingly looking there he does not have complete confidence in him. L said that he is in this latter category because he is not a Communist and this fact is well known. L plans to wait about two months to see how things develop -- in the meantime he will be a good soldier and will have to APARICIO's side, but, if it appears that he is well on the way to being an openly showed side, he will, as he put it, "defect." He said that APARICIO is replacing him to a single "bureaucratic" role -- argue that APARICIO is simply on record against "bureaucratic" -- and that he will get in touch with CUBA to see if APARICIO can be replaced. APARICIO is bent on saving himself up as the only channel to the Cuban government. L said that he is not in the only channel in Havana and that he is not the Ambassador, but when he returns by returning from Havana he will be the Ambassador with Victor RICO. When he was told to return to the Ambassador, he said that he was not to the Ambassador.
4. APARICIO is working to have the Ambassador's Congress. A number of envelopes arrived from the Ambassador's Congress. (13 Aug) containing information and invitations to the Congress to persons in Central and South America. Many of these are from the Ambassador's Congress which bear no trace of Cuban origin -- they are all called in Mexico to avoid postal interception.

Many of these are from the Ambassador's Congress which bear no trace of Cuban origin -- they are all called in Mexico to avoid postal interception.
6. A good bit of time was spent in the view of the fact that LITAMBI has an asset who is a Communist. This information will be incorporated into a report.
7. L believes that APARICIO is a Communist. L said that he is not his chosen and most trusted people in positions of power. 8. I consider Tennyson's wife impossible to recruit although she is friendly with the wife of the Cuban cultural affair who has completely taken over the Cuban cultural affair -- pushing her aside. He remarked that the wife of RAMON is in Mexico City office, is Teresa's sister and that she came to the United States last year.

9. I said that during their Florida sojourn RICO Galt confessed to I in a joking way that some time ago he had told RAMON SEMERIS that he thought I was probably a spy. I remarked that he is not the active type whereupon RICO replied that he was not. (I was quite disturbed by this since he felt that SEMERIS might have been influenced by RICO's remark and might have spread the story about his return to Cuba -- he said that RICO was very solicitous and friendly during their Florida sojourn).

10. I turned over two pictures of the Cuban cultural affair held in Merida on 1 August -- these will be passed to the Merida Base.

11. An Englishman came to the Merida Base "5 or 6 days ago" -- a man about 62 years old, thin, black hair, grey hair, distinguished looking -- his name is something like "FREDERICK" (not Frederick) and he has recently been on a ship which has been in Cuba. (Could this be Tennyson?) He has kicked out of the U.S. and is in Mexico. He brought with him a list of persons who should be advised by the Cubans since they are on the same side. This list was given to RAMON and I managed to copy the names, viz:

12. I was recently talking to him about a man named ASOIS who  
has his shop on Calle Madrid. ASOIS is a man with several people  
in the Cuban Embassy, for reasons which I do not know. He suspected  
one of them, ASOIS, of having planted a bomb in the Cuban Embassy which  
exploded so much time ago. He said he was in the Embassy the  
morning before the bomb incident and that ASOIS was acting suspiciously and  
would not let him come in.

13. I and APARICIO recently visited Manuel GARCIA, President of  
the Institute (Instituto Mexicano-Cubano de Estudios Culturales Jose Martí)  
-- GARCIA said he wanted to leave the Institute -- is too busy -- feels  
that a good choice would be to name ASOIS as President (to replace him).  
GARCIA would be especially good because he is a councillor to the President  
of Mexico.

14. Regarding the Institute -- I think that there has been a family  
living in the building since the Cuban Revolution. They, alleging an  
agreement with the owner, have refused to leave. I did not check with the  
owner and found out that no such agreement had been made. I was assigned the  
job of evicting them -- a policeman, a soldier, and one child. Some thought  
was given to making some propaganda of this "eviction" but I asked  
them not to play it up since he has been doing a dirty job and he would  
be blasted in the press if it was known that he was evicted.

15. I remarked that he was not for ASOIS being given for  
the Institute (Mexican Institute) and that the Embassy on 14  
August -- another sign of his being a man.

16. I produced a list of names of people listed, through the  
Institute, that they would like to appear in the listing list for the  
Embassy bulletin. (Attached)

17. I was advised to keep ASOIS in the Embassy. He would not be  
possible for APARICIO to say ASOIS was a man. He was instructed that the  
Embassy can get along without him. I was told that if he pulls his  
strings with Fidel O'STO he will have a good job. He mentioned that  
there might be a possibility that he would go to Cuba toward the end of the  
year for vacations. He was encouraged to do so.

SUBJECT : Addendum to Contact Report on meeting with

L-9 also reported that he had earlier conferred with a Diplomatic courier at the Embassy and had told the courier, "Our boys are the real heroes of our service--always on the go."

The courier replied, "That's true, but it never stops. There are only 11 of us all together and we need a mission of 16 to do the rounds properly."

o. L-9 is thinking of going to Cuba to see the President. -- was en-  
courage to do so. A violation, even if it is not a direct violation,  
good since he is obviously feeling the pressure of the Cuban embargo.  
He is still worried about his accounting (L-9) and the fact that he has been  
a problem from the beginning) and that he is not going to be able to do  
concerned. At the same time he is not going to be able to do the  
of getting some important out of his accounting on the matter. A very large degree  
of respect between C/O and agent has been established and L-9 seems to be looking  
upon his C/O as a trusted friend.

The following is a list of the names of the persons who have been appointed to the various committees of the House of Representatives, for the purpose of investigating the activities of the various groups and organizations mentioned in the report of the Senate Committee on Un-American Activities, for the year 1954.

MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Barker  
SUBJECT: Meeting with LITAMIL-9, 29 July

Removed from Project LITAMIL-9

CS Classification: 50-6-105/3

JOB # 66-4/10

Box: 2 Fold: 3

1. LITAMIL-9 was contacted by phone at his home at 0815 hours 29 July and a meeting set up for that night. The pick-up was made on Thiers at 2100 whereupon Barker drove L to his, B's, home for the meeting. Driveway lights were out and B's car was driven inside by the door to B's home where L alighted and scooted inside. The meeting lasted until midnight when L was dropped on Malehor Ocampo not far from his home. The decision to use B's home was made in view of the difficulty of transacting such business in an automobile and the good physical security afforded by the layout of B's home in Lomas. It was decided that the time had come to reveal B's identity to L since a social encounter in diplomatic-consular circles was inevitable sooner or later -- furthermore B is reasonably satisfied that L is sincerely devoted to the anti-Castro cause and not playing a double game. The relaxed atmosphere in B's home contributed materially to mutual rapport building between L and B. L was quite impressed with the many books in evidence and showed great interest in some of the paintings and furnishings in the house, saying "Es evidente que es Ud. un hombre muy fino."

3. L explained that he had just arrived back in Mexico City on the 28th -- after an extended trip to Tampico where he was very successful in staging an exhibit of Cuban engravings on 20 July and a big affair at Ciudad Madero on the 26th celebrating the anniversary of Fidel's Cuartel Moncada attack. He exhibited a number of newspaper clippings and photographs concerning these events and said he was more than ever "in" with the Ambassador for having sponsored these two events. He may go to Merida on the 31st to represent the Embassy at a meeting of the Jose Marti Cultural Group there. After that he plans to rest on his laurels and devote more time to painting. He seemed somewhat concerned lest the Mexican Government give him trouble in view of his recent activity for the Embassy -- explained that a boy distributing leaflets in Tampico had been picked up and arrested. B explained that it was highly unlikely that the Mexican Government would take any action against a diplomat who was simply (in their eyes and those of everyone else) doing his duty. It is to be noted that L is not the courageous type -- he is constantly expressing fears that he might get into trouble, this even when his actions are those which would normally be expected of a man in his overt position.

4. The greater part of the meeting was taken up in going over a large backlog of LIERODE photographs. L made the following identifications:

104/34 - 23 July "Rolly" - Embassy employee in the Commercial Department  
169/6 - 6 June Possibly the wife of ARMDNA  
194/32 - 11 July Wilfredo GONZALEZ, Vice Consul of Cuba in Tampico.

5. L said that the pilot of the daytime Cubana plane on the 26th (this may be Pepe de CARDENAS - LEAD!!!) told him at the airport that he was all tired out -- had been flying for a month solid, often to Prague -- said the new pilots are "my Patria o Muerte, pero no sirven como pilotos).

6. L was given his July salary of 4,000 pesos and signed a receipt but used a different rubric this time. He will be given a pseudonym for signing purposes in the future so his receipts will bear some uniformity.

7. On the way back to Polanco to drop L off L remarked that he very much appreciated the security measures being taken to protect him -- likes our way of doing things.

"TRAVELLER"

8. Explore lead to Dr. DOBAL (see Elsa DOBAL, above) to see if we can get to him and possibly recruit him for ~~SECRET~~ program. L suggested we might wish to approach him but asked that he not be used to make any approach. Says DOBAL is a enemy of the regime, is a well-respected physician in Cuba, made a lot of money in the old days, would only go back to hold onto what property he has there.

COMMENT

9. L will probably not be very productive for a week or two if he goes on the road as in the case of Tampico and, now, possibly, Merida. When he does settle down he plans to stay put in Mexi for quite a while and should get back into the swix in short order.

10. Likes Scotch Whisky -- downed two at B's home. Light drinker.

MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Parker

SUBJECT : Meeting with L-2, 11 July 1963

1. At about noon 11 July L-2 phoned Parker's home, spoke in English with Mrs. B and said he would call again at 2000 hours. At 1945 he phoned again, B answered, and it was agreed that B would meet at 2100. Accordingly, at 2100, B picked up L at the corner of Gutenberg & Infiers (circle at Tolence), the same contact point Shreeck, L's former case officer, used to employ. B drove on out to Tomas and parked for a long talk. L was dropped off about 4 blocks from his home at 2245.

2. L explained that he had phoned Parker twice at Parker's old Monte lithos address after returning from Veracruz and before going on to Tampico -- no answer either time. It developed that L had been using a wrong number -- replacing 20 with 30. L was quite embarrassed about this fluke, saying, "It's the first time I've ever done anything like that."

3. The meeting was conducted entirely in Spanish. It was a classic of sorts -- almost as though a script had been prepared beforehand. What it amounted to was an understandable and quite obvious, although not direct, attempt by L to sound out his new C/O in various ways to decide whether he wished to have his life in the hands of B -- a hitherto unknown quantity to B.

4. L began by stressing the dangers inherent in his position and confronting him as posed by the recent arrival in the Cuban Embassy of a number of highly-qualified, hence dangerous, people -- the new ambassador and the new cultural counselor are two examples. L pointed out that these people are of varsity quality and representative of a new breed of Cuban diplomat, more mature, more intelligent, and in every way much better qualified than their predecessors. L felt that out of respect for the caliber of the operation we should take extreme security precautions in our future contacts and meetings. B readily agreed and pointed out that contact points should be varied and away from the main streets of Tolence which have recently been made more dangerous by being strung with bright new street lights. L said he had the same idea in mind. L said he did not wish to follow the old pattern of parking in the war zone district since two men in a parked car in that area could be suspected to be up to no good, perhaps causing for a robbery, and, in any case, would be hard pressed to explain their presence to the satisfaction of an inquiring policeman or witcher -- furthermore, the mere presence of a car in the area would arouse suspicion and might lead to checking of its license plates or subsequent mobile surveillance. B asked L to case his neighborhood for better contact points, note them on a map, and be prepared to discuss them at the next meeting. B explained that our action must be directed at the protection of L. L soaked this up like a sponge and showed his appreciation.

5. B asked L what he would reply if he were to be approached in his office on the morning of 12 July by one of his co-workers and asked, "Who was that gringo type you were seen with last night?" This drew a rather lengthy and awkward silence -- B could come up with no answer. B then gave him a short course in cover, throwing in lots of examples from real operations ( gleaned from 32 years of ISB/ITC instruction experience) and a few

Att to HMAA 21743 15 July 63

sc - 4 - 105/3

suggestions for action cover. It was generally agreed that DML might never need to use a cover story to explain their association in view of the resort to clandestine night-time meetings, but also agreed that such a story should be agreed upon in advance, just in case. B suggested that this cover might be related to L's activity as an artist and portrait painter. L was advised to give the subject a lot of thought -- DML will discuss at the next meeting. An interesting sidelight was that L (probably referring to L's use of numerous European examples to illustrate the use of cover) said, "You're a lot more European than Shryock -- I can tell that you've had considerable experience there." Barker acknowledged this although he has never set foot in Europe. Incidentally, L showed throughout the meeting a very high regard for Shryock.

6. L tried to explain his motive operandi and, almost apologetically, explained how he had made arrangements while in Terrico for a big cultural exhibit by the Consulate there on 11 July. He hoped we would understand that he felt he had to do this, explaining that he could "live off" the prestige gained therefor for a couple of months. B explained that it was essential for L to do his overt job and do it well, that if he succeeded in winning over a few people to Fidel Castro's side we would not be upset -- that we want a pair of eyes and ears and a good brain inside the embassy -- if L does not do his overt job well sooner or later he will be on the outside and will all be the loser. B explained that in his experience in handling of penetration agents he had often come up with similar problems -- the agents found it difficult to believe that he really wanted them to act like Communists and go out at night to paint "Yankee Go Home" on the walls -- but, that if they failed to be good Communists, we would soon be minus good assets. B told L not to worry about the consequences of his ostensibly performing will on behalf of the Castro government -- yet at the same time L should not step out of character and become a rabid Fidelista. At this point L sighed, threw up his hands, and said, "Now I can see that we are going to get along wonderfully (a las mil maravillas)."

7. L explained that one factor always in his favor is the fact that he is known to be well connected with Fidel -- that persons in the embassy are never sure he is not more than what he appears to be on the surface and that no-one in the embassy really dares to "take him on" in any dispute lest he pull his strings with Fidel. B acknowledged the value of this "aura" and advised him to keep himself somewhat of a mystery to his associates insofar as the connection with Fidel. L remarked somewhat modestly that ACHET had recently told him that he was especially valuable to the embassy precisely because he does not rant and rave about the imperialists, does not make wild Fidelista propaganda, but convinces people because of his obvious culture and intelligence.

8. When B gave L his June salary of 5,000 pesos L asked for the receipt before it was in evidence, and signed it without hesitation. He then launched into an explanation of why he accepts money and why he was being what some might term a "traitor." B tried to cut him off but he would not be stopped -- wanted to set the record straight. It is clear that he is a sincere, convinced ideological opponent of the Castro government -- he was determined to make this clear, and did so eloquently.

9. L impresses B as an exceedingly valuable agent with great potential -- highly cultured, intelligent, operationally "savvy," ideologically motivated -- a person who must identify closely in a personal way with

his case officer. By the end of the meeting I was obviously impressed with B's ostensible professional competence (the meeting was heavily salted with tradecraft instruction and examples from experience) and a very friendly atmosphere reigned although it will probably be some time before I have the sort of personal esteem for B that he has for his former C/O.

10. Little of intelligence value came from the meeting -- I had just returned to Mexico City from extended trips to Veracruz and Tampico -- arriving the night of 10 July. He got back just in time to attend an embassy press reception at which he was buttonholed by MEXIMBRY of the Soviet Embassy who inquired about his views on the Guatemalan issue and nuclear disarmament. MEX was not giving out anything -- just asking, and he got the standard P/dista replies for his efforts.

11. A meeting will be held before 20 July when I is due to depart for Tampico to set up the 25th of July exhibit. I said that the best time to contact him by phone at home is between 0700 and 0900, preferably at 0800. At the next meeting he will report at length on topics of intelligence interest and arrangements will be made for more secure contact in the future.

12. Barker advised him to always speak in English when he phones Barker just in case someone might be listening -- his voice in English would be much harder to identify.

TO BE DONE:

13. Obtain a safe apartment for use in meeting I.
14. Prepare a Memorandum of Oral Agreement.

SINOPAS told L-9 to investigate the names and to bear in mind that their political ideology is of utmost importance. L-9 was amazed that SINOPAS gave him this task as it appears to fall into Manuel VEGA's bailiwick, i.e. 4-2. L-9 plans to take advantage of this task to find out about their friends etc. The CIT MEXICO names are as follows: Margot ~~X~~ FERNANDEZ, Amelia ~~X~~ <sup>N</sup> ~~Aranda~~, Eduardo ~~X~~ OLIVERA, Victor ~~X~~ <sup>N</sup> ~~Al~~, Levions and ~~X~~ <sup>N</sup> ~~Leon~~ ~~X~~ <sup>N</sup> ~~Arand~~ ~~X~~ <sup>N</sup> ~~Arand~~. She said that AKS he would be in about lunch time and L-9 returned to see DE GORTARI at that time. DE GORTARI said that because of the "Lias" etc he would prefer not to go the Embassy (i.e. it was not convenient for him to go the Embassy because of the political situation) but that SINCEAS should go to see him. An appointment was set for 1700 that afternoon at DE GORTARI's house. L-9 returned to the Embassy and SINCEAS was very appreciative for what he had done. He overwhelmed L-9 with "gracias" etc. SINCEAS said it was important that he see DE GORTARI because he had to discuss "un asunto delicado".

3. L-9 reported that a cable was received from Habana which moved up the liberta scheduled for 30 May (Cuban Independence Day) to 26 May 63. L-9 does not have any idea why this was done. I suggested that possibly they were waiting for the arrival of the new Amb and he not arriving until after the 20th. L-9 said he has no info re the arrival of Joaquin HERNANDEZ de Armas, new Cuban Emb, but that LOCHUSA told him that HERNANDEZ was coming which indicates that the Mexican Govt has accepted him.

Subject: LITAMIL-9

On 10 June 63, I met LITAMIL-9 at the usual rendezvous point and we drove to airport, i.e., L-9 got out of car prior to arriving at the airport. NO SECURITY PROBLEMS NOTED.

Memorandum for the Record

Subject: LITAMIL-9

On 18 June 63, I met LITAMIL-9 at the usual rendezvous point and we drove to an outlying district of the city, where we held meeting. NO SECURITY PROBLEMS NOTED. Time: 2300-2400.

LITAMIL-9 reported as follows:

1. As previously reported, AMB HERNANDEZ de Armas is scheduled to arrive on 21 June 63.
2. <sup>CIT CUBA</sup> Jose PAZ Leon, Carlos BALOSARPI Abreu, Jose MARTINEZ Socarras Cuban delegates to the FAO Seminar arrived in Mexico on 17 June 63. L-9 said that PAZ told him that he had been in Mexico in 1957 and had met a Costa Rican who later died in an automobile crash. According to PAZ, the Costa Rican was a red hot CASTRISTA.
3. L-9, after all others in the Cuban Embassy had refused to help Emma CASTRO de LOMELI <sup>RE SCOTACTS</sup> get several boxes of medicine on the plane, was able to convince the steward on the plane to take the boxes. AZCUE, Jorge ROJAS, "Nico" GARCIA among others were involved and did nothing, stating that it was strictly against orders to put any more cargo on board the plane. GARCIA who was supposed to have helped Emma CASTRO disappeared and could not be found. L-9 <sup>RE SCOTACTS</sup> said that Emma CASTRO was with her husband, "Felo" GUTIERREZ, Orquidea PINO and Odilia PINO de CHAUMONT.
4. The steward on the plane on 17 June 63 told L-9 that the Britannia which came in to Mexico was completely overhauled in Cambridge England to the tune of \$2,000,000 U.S.
5. On 18 June 63, L-9 took a letter to the secretary of Jose GOROSTIZA <sup>CIT CUBA RE LETTER</sup> in the Foreign Office for GOROSTIZA. The letter was given to L-9 by Buenaventura REYES Acosta who told him "Tenga cuidado con esta carta, es para GOROSTIZA". The letter came in on the 17 June flight and L-9 believes that it probably has to do <sup>DENIAL</sup> with the new Cuban Amb, Joaquin HERNANDEZ de Armas.

6. Ramon SINOBAS was looking for Eli de GORTARI's address again re a Philosophical Congress to be held in Habana.

L-9 said that he is giving the case to Jose FERNANDEZ Roa to handle. L-9 believed that GORTARI will be the "recruiter" i.e. it will be he who will choose the delegates from Mexico.

RE SUBJ ACTS

7. On 18 June 63, L-9 went to find the Mexican chess champion re an invitation to Cuba from Raul ROA. L-9 went to the following address: Panama 1009-13, where Jose ARAIZA Vazquez, reportedly lived. L-9 did not find ARAIZA Vazquez but his son Jose ARAIZA Munoz or Muniz, who told L-9 that his father, a Colonel, was presently living in Torreon at the following address: Paraduria Militar, Palacio Federal, Torreon, Coah. The young ARAIZA said he would write his father soonest but he made no statement as to whether or not his father would accept the invitation. The young ARAIZA is also a chess player. Young ARAIZA hangs out at the Club de Ajedrez on Insurgentes XXXX Sur 219.

CIT MEXICO  
RE SUBJ  
ACTS

8. L-9 reported that Eusebio AZCUE's wife brought in many boxes from Habana for Dr. DOVAL, father of Cuban girl in Mexico and anti-CASTRISTA. DOVAL, who is expected to come to Mexico soon is reportedly returning to Cuba but L-9 does not believe he will return. DOVAL's wife is in Mexico. L-9 is amazed that AZCUE is helping the DOVALs who are definitely against the regime. (COMMENT: See previous memo re DOVAL's daughter who visited the Embassy a few months ago re her father's case.)

9. L-9 reported that Vicente CAMARA is still looking feverishly for a new site for the IMCEC. He said on 14 June he was with CAMARA and they were looking at a place on Reforma. Upon entering L-9 recognized the owner as a friend and whispered to him in an aside not to rent the place to him.

10. L-9 provided the attached IMCRC programs.

Subject: LITAMIL-9

12 June 63

On 16 June 63, I met LITAMIL-9 at the usual rendezvous point and we drove to outlying district of the city where mtg was held. NO SECURITY PROBLEMS. Time: 2330-2430.

LITAMIL-9 reported as follows:

1. L-9 reported that he saw LITAMIL-3 at the funeral of CAMPOS Ortiz and shook hands with XXX him. L-3 renor ed this previously.
2. A cable from Raul RCA, Cuban Foreign Minister, requested that the Cuban Embassy in Mexico, invited the champion Mexican chess player to participate in the chess championship which will take place in Habana in July. Ramon SINOPAS gave L-9 the assignment to get in touch with the Mexican and invite him. L-9 will do and will provide further details on the case as they are available.
3. On 14 June 63, L-9 told Ramon SINOPAS that Elopera DE LA MORA <sup>X F Gordy</sup> <sub>CUBA MEXICO</sub> called him and she wanted to discuss the Architectural Congress <sup>RE</sup> <sub>SUBS</sub> <sub>ACT</sub> with him. SINOPAS told L-9 not to pay any attention to her because she is "muy enredadora", i.e. she fouls up the detail, gets things involved more than necessary etc. This is an interesting comment on the part of SINOPAS, who has taken a liking to L-9. L-9 believes that this is SINOPAS sincere opinion of DE LA MORA and indicates that she is not quite as important as what she thinks she is. SINOPAS added that CELIS, Frau <sup>X</sup> is handling the Congress invitees in Mexico and already has about 20 architects, who are going to go to Habana for the Congress. L-9 said he did not know CELIS' first name but he is very well known among Mexican architects.
4. L-9 reported that the two Cuban delegates to the FAO Seminar on Agriculture have received their visas and will arrive on 17 June. LITAMIL-9 will meet them at the airport.
5. On 14 June 63, one of the schleppies on board the Habana flight (there were three) told L-9 that the crew was leaving for Cambridge,

England on 17 June with a Britannia plane for overland. The crew was then going to the Soviet Union to pick up an Iluyshin 18. L-9 said that the plane that arrived on 14 June 63 was repainted and had just returned from Cambridge, England where it had been overhauled. Don Sabre also told L-9 that there is a terrific need for meteorologists in Cuba. He said that the four young meteorologists who graduated in Mexico on 14 June will be put to work immediately. He said the situation re aviation meteorology is extremely acute and serious.

6. L-9 said that three or four paintings have arrived from Cuba for Amb. Carlos LECHUGA Nevia but that Carga Aerea has not picked them up at the Embassy. L-9 went to Carga Aerea offices and he was told that the Procuraduria has been inspecting all material re Cuba and although they have been shipping they will not go to the Embassy to pick up material. The Cuban Embassy, therefore will make arrangements to send the paintings to the Carga Aerea offices.

7. L-9 said that on 13 or 14 June, a Procuraduria agent went to his brother's apartment and queried him on the activities of Armando FUJOL. CIT ALEXIS RE QUERY FOR INFO ON SUBJ BY The agent wanted to know how FUJOL got into Mexico as there reports indicated he had entered the country illegally etc. L-9 then showed me two summons from the Procuraduria, one for him (L-9) and one for his brother. They are both to report on 24 June 63 "para la practica de diligencias de investigacion penal....". L-9 is to report 15 minutes after his brother. (COMMENT: L-9 said that there is a well known Cuban Communist by the name of Armando FUJOL and it is his opinion that the Mexicans have confused the two men. On 14 June 63, the CIDEEX office sent a memo to this office in which L-9's brother and Armando FUJOL were named as Communist agitators in Ocotlan, Jalisco. If L-9 ever finds out his brother is being called a Communist he will probably want to get out of the Embassy as soon as possible. XX Win - let's discuss)

8. L-9 provided copies of May and Revolution dated 14 June 63.

On 11 June 1963, I met LITAMIL-9 at the usual rendezvous point and we drove to outlying area of the city, where mtg was held. NO SECURITY PROBLEMS NOTED. Time: 2200- 2245.

LITAMIL-9 reported as follows:

1. On 11 June 1963, X TELLEZ, fnu (possibly Spaniard) of the FAO called L-9 re the Seminario de Extension Agricola and told him that the Seminario had started but there were no signs of the Cuban delegates. TELLEZ said that he had received a communication from the Cuban Foreign Office asking the FAO to request visas for the Cuban delegates because they were not able to get them. TELLEZ said that the FAO had formally requested the visas for the Cuban delegates.

2. On 11 June '63, X Ignacio LOPEZ, aka "Lacho", Mexican photographer, was at the Embassy with a friend, YXXXXXXXX who wants to go to Cuba re moving picture industry. Teresa PROENZA told LOPEZ' friend to write to Jose Antonio PORTUENCO, former Amb in Mexico and he would activate the request in Cuba. L-9 said that LOPEZ, in 59-60, went to Cuba to make a picture for AZCARAGA but that XXXXXXXXXX AZCARAGA was very unhappy with it because it was purely propaganda. L-9 said that Amb LASSIP at that time told him (L-9) to pick up the picture at the aduana but not to turn it over to LOPEZ. L-9 got the picture and brought it back to the Embassy. After a good deal of hickering LOPEZ was finally able to obtain the picture from the Cuban Embassy. L-9 does not recall the name of the XXXXXXXXXX picture but is quite certain that LOPEZ was unhappy about the whole thing.

3. L-9 provided the attached clipping on Ramon AJA Castro

PROENZA had previously reported this. L-9 described FLORES

anti-U.S. type.

L-9 believes that Coty SANCHEZ might have brought this word  
back to PROENZA from Habana.

4. CITAMERICA told L-9 that Mirta Aguirre, Cuban intellectual,

became disgusted with the Consejo Nacional de Cultura and left

to teach at the Universidad de Havana. PROENZA said this during

a conversation with L-9 re advisability of working in Cuba.

PROENZA and L-9 both agreed that they would not want to work in

Cuba. PROENZA gave L-9 the idea that she might be going to Paris.

L-9 believes that Coty SANCHEZ might have brought this word

1. On 5 June 63, L-9 went to the Jose Antonio GARCIA Barr to purchase art materials. He met architects in Cuba. L-9 took GARCIA to the Centro de Arte, where they made some purchases. They then went to the U.S.A. where L-9 met Enrique CARDONA y Arce. CIT Mexico  
CARDONA gave L-9 a big perazo but no intel of interest obtained.
2. L-9 said that CAMARA, Ram, a Mexican real estate agent, was at the Embassy on 5 June re a new site for the INCRC. CAMARA, according to L-9, is about 32 years old, well dressed, good looking. As yet L-9 does not know CAMARA's full name. He believes that CAMARA is a friend of Teresa PROENZA P. Thus far L-9, who has been with CAMARA on two occasions, has not heard him discuss real estate. This is probably Vicente CAMARA. CIT Mexico  
involved with CAMARA. CAMARA is also trying to get apartments for Antonio GARCIA Barr and Jose FERNANDEZ Roa. L-9 said he expects to do a good deal of CAMARA because as yet the Cubans have not decided on a new site for the INCRC.
3. L-9 said that the Reunión de Estudios scheduled for 0830 on 5 June 63 was cancelled because XXXXXXXXXXXXXXXXXXXX. CIT Mexico

7. L-9 said that on 30 May 63, Terera PROMESA told him that  
Isabel LINDERER <sup>✓</sup> CIT MEXICO was nearly arrested re-  
cently. PROMESA went on to say that the young Cubans are  
very foolish and get into trouble if they are not care-  
ful. (COMMENT: It is believed that CALDERON was referring  
to a trip she made to the border per LIFEAT coverage of  
CARTELLAR and "Pico" GARCIA and Manuel VEGA. SEE:  
LIFEAT - Bernardo CARTELLAR or Antonio GARCIA. The latter  
was living in LINDERER's apartment when the incident took  
place. I plan to mention L-9 more extensively on this.

8. L-9 repeated <sup>✓</sup> 201 374 245 CIT CUBA APCSADA Correa, Cuban Consul in

Veracruz, worked at the Embassy on 5 June 63. SAMA's wife

SAMA. L-9 said that SAMA was complaining about not getting  
XXXXXXXX answers to his letters to Ramiro DEL RIO Perez re  
art exhibit.

9. L-9 said that <sup>✓</sup> GA2212 CIT CUBA LAGOSTARA is returning to Cuba within  
a few days "on leave". L-9 said that LLAGOSTARA is un-  
happy with the situation. He also pointed out that Herberto  
JORRIN <sup>✓</sup> CIT CUBA garagekeeper is unhappy. He believes  
that JORRIN <sup>✓</sup> CIT CUBA and are unfriendly and this  
has aggravated LLAGOSTARA. (COMMENT: ALSEP AM-2 who is quite  
friendly with LLAGOSTARA repeatedly reported that JORRIN is  
very unhappy about his lot, i.e. "prisoner" of the Embassy,  
no opportunity to go home etc. LLAGOSTARA, according to  
AM-2, is also unhappy about this problem. Neither JORRIN  
nor LLAGOSTARA are to stay in Mexico.)

1. In compliance with DIR-40146, Edward D. Knapman was dispatched to Mexico City from JMWAVE to conduct a debriefing of LITAMIL-9. .... the debriefing ..... totaling eight hours on the nights of 29 May, 31 May and 1 June 1963.

Operational Intelligence

.....

8. Victor TRAPOTE Mateos - This man's most interesting operational access is through his daughter, Irina TRAPOTE de VALDES, who is married to Ramiro VALDES. The prospective fruitfulness of this entree diminishes, however, as the facts are laid on the table. For one thing, though anti-Communist, TRAPOTE is still a friend of Fidel Castro. L-9 said that he sheltered Fidel in his home during Fidel's exile in Mexico. TRAPOTE, who was born in Spain, is about 58 and apparently more interested in his art (sculpturing) than in politics. TRAPOTE apparently has no intention of going to Cuba permanently. L-9 says TRAPOTE has made no comment concerning Ramiro VALDES, but he apparently has suggested that Irina is not getting along well with Ramiro. L-9 described TRAPOTE as of medium height, solidly built, and in good physical condition. His daughter is a tall attractive blonde of about 25, and has a rather retiring personality. L-9 could come up with no means of developing an operation against VALDES through these entrees.

Attachment A

1. In compliance with DIR-40146, Edward D. Knapman was dispatched to Mexico City from JMWAVE to conduct a debriefing of LITAMIL-9. Knapman arrived here 29 May 1963 and conducted the debriefing at three sessions totaling eight hours on the nights of 29 May, 31 May and 1 June 1963.

2. Attachment B is largely positive intelligence while Attachment C is basically of operational interest. The intelligence debriefing was conducted on the basis of current and past intelligence requirements lists available at the Mexico Station. To the extent feasible we attempted to pinpoint ultimate sources, but headquarters will note that a sizable part of the information provided was based on personal observation and impressions. Headquarters should keep in mind that L-9's perimeter of access was the city of Habana and that he was exposed principally to bureaucrats who are identified with the regime. We caution headquarters on this rather obvious point, perhaps because we were exposed recently to AMKNOCK-1 who has been living deep "in the entrails of the monster" in Oriente and who had a different view of the temper of the people in that area from that given by LITAMIL-9 for Havana.

3. In attachment C are the answers to a series of questions of operational interest which were posed after a thorough review of the LITAMIL-9 operational file. In some cases fuller biographic information can be obtained from L-9 if and when required. L-9 was most cooperative and understood clearly what the debriefer was looking for. In most cases, however, it is not probable that L-9 will be of great help in making operational approaches and pitches because of his present position.

1. Subject had nothing meaningful to add on disaffections or realignments as a result of the October crisis.

2. With regard to internal friction within the GOC, he said that there is considerable criticism of the "old" Communists by the "new" Communists and 26th of July. He cited the case of Felipe GUERRA Matos' criticism of Joaquin ORDOQUI and Nicolas GUILLEN (previously reported) as cases in point. By and large, the new Communists and Fidelistas are grabbing off most key position in the government bureaucracy. Fidel Castro is still the principal leader of the Revolution and both the PSP and the Soviets know that he is vitally important to them. Source was told by his sister-in-law (Conchita) that Fidel showed some annoyance with Blas Roca one night when he phoned and told Rene VALLEJO to tell that "son of a bitch" (de puta) to stop bothering him. Conchita also says that Fidel is somewhat annoyed at his old crony Carlos Rafael RODRIGUEZ because the zafra is proving to be such a bust and that Fidel has complained that Carlos Rafael frequently doctors INRA statistics to his own advantage. Despite these minor problems with key Communist leaders, Fidel continues on friendly terms with the key members of the PSP, and Blas Roca should be included with Fidel, Raul and Che Guevara among the four most powerful men in Cuba. Source commented that we must understand the myth created by the Revolution and its propaganda in evaluating internal friction and cleavages. Non-communist officials have been either brainwashed by propaganda, are still blindly loyal to Fidel, or else have no place to go. Thus, in the final analysis, the cleavages are superficial and of no great moment.

3. Source had no detail on the formation of the Partido Unico. He commented that the PSP view PURS as an attempt by Fidel Castro to absorb it and that the PSP consequently has been cool to the idea.

4. Subject was questioned on mass organizations in Cuba, but could provide no information worth reporting.

5. Source was questioned on the positions of Lazaro Pena, Luzardo, Ramiro VALDES and Juan MARINELLO. He had little of importance though he commented that Fidel, according to Conchita, did not hold Lazaro PENA in high regard. Source had no information on MARINELLO's reported problems at the University of Habana.

6. We covered the gamut on counter-revolutionary activities and other types of resistance with disappointingly negative results.

7. In the military field (number of Soviet troops, training in both Cuba and the Soviet Union, missile arrivals, hiding of military materiel in caves etc.) source could add nothing to the bolas which can be picked up on Flagler Street in Miami.

8. Source was questioned about Chicom military activities. He answered that he saw no Chinese, heard no comments about the Chinese and did not get the impression that the Chicoms are significantly active in any field in Cuba.

9. When asked about Cuban confidence in the Soviets, he said that most people he had talked to felt that the Soviets would come to Cuba's defense in case of an American invasion if it happened to suit Soviet interests at the time. He said that to his knowledge Soviet technicians were getting along well with Cubans, but he feels that the Cuban people view the Soviet with detachment socially and have very little to do with them.

10. Source was queried on any comments he had heard concerning a GOC desire for a rapprochement with the United States. He said that he had heard nothing specific, but that he personally felt this was a prospect frequently considered by Castro.

11. In view of Source's excellent sub-source in INRA (Conchita), it had been hoped that he would be able to provide some valuable information on this organization. Actually, he had little to add to Conchita's comments in regard to Fidel's attitude toward Carlos Rafael Rodriguez. We asked for Conchita's evaluation of Carlos Rafael, and received information which has many times been forwarded to headquarters and need not be repeated here. Conchita made no meaningful comments on the effectiveness of Soviet and Satellite technicians assigned to INRA. (See also paragraph 5 of attachment B concerning Fidel Castro which may be of PI interest.)

12. When asked about the principal reasons for industrial difficulties, Source said that he heard universal complaints about the need for spare parts. He could only pinpoint the transport industry. He had no specific information on how some U.S. manufactured spare parts were being received, but commented that Canada might be the source. He could give no specifics and said that all correspondence on these matters is closely held and encoded when cabled. He has had no access to such information.

13. Regarding the rationing system, he said that it is working more smoothly now than a year ago and that grumbling is less now than in the past. He said that things are better organized now and that he saw no desperation because of food or other shortages.

14. Source said that he had heard of no significant increase in diseases, though there was much comment about cases of gastroenteritis.

15. Source had no information whatever on the export of the Cuban Revolution and on the training of revolutionaries from other areas in Cuba.

16. Regarding diplomatic relations with other Latin American countries and Spain, his understanding is that the GOC wants no more breaks and is especially interested in maintaining the tie with Madrid since Spain is the mother country and an airline link to Europe.

SECRET

SECRET

17. With regard to the Civil and Foreign Services, Source said that there is more stability and discipline in both than there was a year ago, with a consequent rise in morale. He said that there is much less free-wheeling on the part of subordinates, but now the chiefs are expected to face up to their responsibilities and the competent must carry the load for the majority who are incompetents. We commented that this was not a phenomenon absent in other public services and tried to flush Source out on the quality, loyalty, and efficiency of the services. He said that loyalty is increasing, quality is circumscribed seriously by insufficient academic preparation and job training and efficiency has increased in the past year because of better discipline and improved administrative practices.

18. Subject had nothing of consequence to add regarding the organization of the Ministry of Foreign Relations and the Foreign Service. This subject will be covered to some extent in the operational attachment to this dispatch. See paragraph 7 of attachment B concerning the rumor that Armando HART will replace Raul ROA at MINREX.

19. Source had little information on the Church. He said that the Catholic Church is not being molested and that relations between it and the GOC have improved. Pope John XXIII was viewed with favor by the GOC. (Note: Batistianos in Miami frequently take the opposite view.)

20. Source had nothing of value on the Ministry of Education, the University of Habana, the literacy program, the establishment of new technical and scientific institutes, the quality of education at secondary and primary levels.

21. Regarding the United States, he feels that there is still a fund of friendship among the Cuban people and admiration of American technology. He said that a few of his friends listen to U.S. broadcasts, but he had nothing to say concerning their comments and the extent to which these broadcasts are having an effect.

22. Regarding the temper of the Cuban people, source does not believe that the ingredients for a revolt exist. He feels that the regime may have more support now than it had a year ago, or, if such is not the case, that people are just more resigned to it.

Attachment C

Operational Intelligence

41

✓ 1. <sup>F/R</sup> Alfredo \*GUEVARA - It was noted in L-9's file that he at one time had been in touch with GUEVARA. L-9 described him as a man in his thirties, who had lived in Mexico. He struck L-9 as something of a bluffer, and L-9 understands that he is not well liked. In some respects (political) the writer knew something more about this Cuban Communist movie producer than L-9. *Re. contact with Sub. of 201-324609. DZ JUNE 63*

2. Source had nothing new to add on Ramon \*CUENCA, suspected G-2 agent, than is already a matter of record.

3. With the prospect of possibly developing source's brother, Alfredo (see 29 below), through their half-sister, source was queried on the latter, but we ceased this line of questioning when the <sup>WATER</sup> ~~latter~~ learned that the child is only 10.

4. Source had met Jose "Pepin" \*NARANJO when he came to Mexico with Blas Roca, but he had little of operational interest to add concerning him. He said that NARANJO struck him as wily, sharp, but intellectually quite superficial.

✓ 5. We questioned source concerning Conchita's impressions of Antonio \*NUMEZ Jimenez, and Carlos Rafael \*RODRIGUEZ, and nothing of value resulted (see attachment B for some comments on the position of the latter). Conchita did have an interesting comment concerning Fidel CASTRO's health. Apparently he has not fully recovered from a rather serious pulmonary illness and she said that he is much less robust than he used to be. (Attention is drawn to this paragraph in Attachment A).

✓ 6. Orlando \*SANCHEZ - He is the brother of Celia SANCHEZ, and L-9 believes that he is disaffected with the regime and is anti-Communist. SANCHEZ is about 38, lived for a time in New York (ODURCE traces should therefore be available), and is now in charge of the "Seccion X" store on O'Reilly Street in Habana. His wife, whose name escaped L-9, is an American and probably of Puerto Rican extraction. They have at least one child. L-9 feels that there is very little chance that SANCHEZ is recruitable and he does not believe that he would use Celia for intelligence purposes in any case. As Headquarters knows, L-9 has extended an invitation to SANCHEZ to visit him in Mexico. We could, perhaps, push this, but the chances of successfully recruiting him in Mexico, according to L-9, would be small. L-9 said that a sister of Celia, whom L-9 described as being in her twenties and married to a formerly wealthy man from Oriente whose holdings had been confiscated, was against the regime and was about to leave Cuba for Miami with her husband. L-9 did not know the sister's name.

7. The writer asked L-9 whether he had any contact with Haydee SANTAMARIA or her spouse, Armando \*HART Davalos, during his visit, and he said that he had not. He said that it was widely rumored around the Foreign Ministry that Hart might replace Raul ROA. He said that this would really not be a demotion for Roa since he would handle and attend international conferences while Hart administered MINREX.

8. Victor \*TRAPOTE Mateos - This man's most interesting operational access is through his daughter, Irina \*TRAPOTE de VALDES, who is married to Ramiro \*VAIDES. The prospective fruitfulness of this entree diminishes, however, as the facts are laid on the table. For one thing, though anti-Communist, TRAPOTE is still a friend of Fidel Castro. L-9 said that he sheltered Fidel in his home during Fidel's exile in Mexico. TRAPOTE, who was born in Spain, is about 58 and apparently more interested in his art (sculpturing) than in politics. TRAPOTE apparently has no intention of going to Cuba permanently. L-9 says TRAPOTE has made no comment concerning Ramiro VALDES, but he apparently has suggested that Irina is not getting along well with Ramiro. L-9 described TRAPOTE as of medium height, solidly built, and in good physical condition. His daughter is a tall attractive blonde of about 25, and has a rather retiring personality. L-9 could come up with no means of developing an operation against VALDES through these entrees. RE CONTACT WITH Sub. of 201-329609, DDI JUNE 63

9. Source was asked about the current activities of Faure \*CHOMON, and could add nothing to what is already known.

10. Abraham \*MACIQUES - He is about 28, Jewish, has no military title, and was formerly married to an American who has divorced him and returned to the United States. He is now married to a Cuban who gave birth to a child in the Spring of 1963. His parents live in Cardenas, Matanzas, but L-9 could give no other information on them, the former wife or the present wife. He said that AMLEO-3 would have much fuller basic information on MACIQUES. His sister, Nidia \*MACIQUES de Roque, lives in Wooster, Ohio at 1653 Smithville Road. L-9 said that MACIQUES was relieved of his job in the Cienaga de Zapata because people under his direction were assisting anti-Castro elements which have since been liquidated. It is not clear whether MACIQUES knew of these activities, but, in any case, Fidel Castro sacked him. MACIQUES, at the very least, is indifferent to the present regime. He told L-9 that he would leave for the United States if he could get to see Fidel soon about another job. L-9 feels that MACIQUES may be recruitable, but he could propose no approach. It should be noted that MACIQUES' access is limited now (no job) and he may be in disgrace.

11. Guillermo \*LEON Antich - L-9 said he is about 30, has the rank of SCOUT ambassador, and may be G-2, but he had little else to add to our present knowledge of LEON. RE CONTACT WITH Sub. of 201-329609, DDI JUNE 63

12. LIOOZE-1 - L-9 said L-1 is assigned to protocol in the Foreign Ministry and that he spends a good deal of his time at the airport at Rancho Boyeros. L-1 has criticized extremism in the regime, is pro-ROA, apparently strongly dislikes Carlos \*OLIVARES and was glad to see him sent out to the field. L-9 gave no further information that is not already a matter of record.

13. Ramiro \*DEL RIO - He is about 28, went about half way through medical school at the University of Habana, is rather short, well-proportioned, and stoops a bit when he walks. He is probably G-2 and is assigned to the Consejo Nacional de Cultura. He is a protege of the Consejo's directress, Edith \*CARCIA Buchaca (see 14 below). L-9 believes DEL RIO is a strong Fidelista and not a recruitment candidate.

SECRET

-3-

14. Edith GARCIA Buchaca and the Consejo Nacional de Cultura - GARCIA, an old-line Communist, is trying to place Communists and extremists in as many cultural slots as practicable in Cuban embassies. She is 45-47, a light mulatto, about 63-64 inches tall, fairly well proportioned, and an indefatigable worker. The Consejo is now located in the Ayuntamiento de Marianao and has a staff of about 25 at headquarters. L-9 does not know of any clandestine activities in which the Consejo may be engaged and considers it basically a cultural organization. In addition to GARCIA and DEL RIO, L-9 recalls the names of the following personnel: Marta ARAJONA (plastic arts), Maritza ALONSO (recites poetry). He said that the Consejo is interested primarily in fostering art exhibitions, many of which are displayed abroad. He mentioned Aracio VANEAS Arroyo, a Mexican employed by the Consejo, as a contact, but VANEAS appears to be a strong Castrista. Vanegas is 30-34, about 65 inches, well-built, married to a Cuban and a good friend of Raul Castro. L-9 could come up with no realistic penetration prospects in the Consejo.

15. Guillermo GUERRA Matos - L-9 had nothing to add to what has already been reported. L-9 does not know GUERRA personally.

16. Petra BALLEAS de PEDROSO - Her husband, Regino PEDROSO, is a poet of some stature and Cuban Charge in Peking. L-9 does not know whether Regino is a Communist, but he knows that he was at one time arrested for being one. Petra and Regino have no children. She is middleage and is separated from Regino to collect her benefits in Habana as a retired teacher. She is related to the Communist poet, Nicolas GUILLET. L-9 views Regino as a very slippery article and did not have any recommendations concerning an operational approach. In any case, there is no real reason to believe that either Petra or Regino would be susceptible to a pitch.

17. L-9 had nothing to add to what already has been reported concerning AMIEO-3 and his family.

18. He had nothing new on Orlando PANTOJA Tamayo, previously reported to be an inspector for Ramiro Valdes.

19. L-9 was questioned about the BAYO brothers (Armando and Alberto BAYO Coscaya), old man BAYO (Gen. Alberto BAYO Giroud) and General Enrique Lister. The only comments he had to make were that the BAYOs are all believed to be pro-regime and that the old man is of no significance in Cuban affairs. He knew nothing about Lister.

20. The subject of Conchita, which has already been mentioned elsewhere in this debriefing, was discussed at length with L-9. Nothing of operational interest that has not already been reported by the Mexico Station emerged from this discussion. Conchita is still loyal to Fidel and L-9 could suggest no workable operational approach to her.

SECRET

SECRET

-4-

21. Rene Depestre - Source had no information of use.

22. L-9 was questioned about rumors of Castro penetration of KUBARK that he had heard during his visit, but he could provide no specifics. He gave no information on Cuban intelligence activities that is not already a matter of record.

23. Agustin \*YASSELLS - Nothing new to add except that L-9 considers this diplomatic courier as quite loyal to the regime.

24. Mercedes \*LECHUGA - She is about 35, a teacher, single, anti-Communist and lives with her parents on Calle 25, No. 963, Vedado, Habana. She is the sister of Ambassador Lechuga and known personally to L-9, but he does not believe that a pitch would be practicable.

25. Ernesto \*RODRIGUEZ Cue - He is about 30, married to a Mexican, and believed to be loyal to the regime. Although he is employed in a very worthy target area ("confidenciales" of MINREX), L-9 does not believe him to be recruitable.

26. Felipe \*ROJAS - This employee of the Cuban Embassy in Mexico plans to go to Cuba. L-9 understands that Rojas is going to emigrate to Cuba permanently and does not know what ROJAS plans to do there. L-9 gathers that ROJAS will be paying his own passage. While this at first appeared to be an operational lead, it would seem that it is simply a case of a pro-Castro young man who wants to settle in Cuba.

27. Joaquin \*HERNANDEZ de Armas, Ambassador-designate to Mexico - L-9 described him as a man in his forties, but who looks much younger. He is highly thought of in the Cuban Foreign Service, is very intelligent, and believed to be loyal to the regime. L-9 had no information of operational interest on Hernandez. *201-301753 C.F. Cuba cc. D. DeMONT*  
*RE CONTACT with Sub of 201-319609. DCE June 63*

28. Dolores de la \*MORA - Source said that she is highly intelligent and rich Mexican, who is now in Cuba, and is close to Fidel Castro and to Luis Alberto \*CIERGE Fabra, a G-2 officer. L-9 got this information from Conchita second-hand and was not able to provide additional details.

29. Alfredo, L-9's brother - the writer can add nothing to what Station Mexico has already reported on this operational target, and feels that we are barking up the wrong tree if we expect L-9 to approach him. In so doing we would be trying to undermine values which probably transcend L-9's basic anti-Communism. On the other hand, Alfredo is anti-Communist and dissatisfied with the regime, and, while he rejected Growery's pitch, he did so graciously and told L-9 that Growery impressed him favorably. While the writer cannot suggest an approach to Alfredo, it is felt that at this time such attempts as may be made to develop him should be channeled through someone other than his brother.

Subject: LITAFIL-9

On 29 May 63, I called LIT:MIL-9 at 2300

and a rtg was arranged for 2330. Contact was made at the usual rendezvous point and ENAPLAN was introduced as Mr. Crespi, a friend in from Washington, to discuss the Cuban situation with him, particularly ~~XXXXXXXXXXXX~~ his recent trip to Habana. We then drove around the old living area of the city and parked in a quiet area, where a short meeting was held. NO SECURITY PROBLEMS NOTED.

After reviewing briefly the overall picture

As seen by L-9 during his sojourn there recently, L-9 re-  
ported the following:

Sergio Lopez in investigation of technicians cited in pre-

On 2 November, L-9 went to see Ramon SINOBAS and mentioned that he wanted to see ELLI AM. SINOBAS, although not stating outright "BEITMAN" was not to be trusted implied as much when he told L-9 he should not discuss the applicants with him. L-9 said that 7 May 67, ELLI AM was at the Cuban Embassy and hoped to leave that day for Havana. According to L-9, SINOBAS called Habana and he was not given permission to grant it at that time. (CONCERN)

BELTRAN did not go to Havana on 27 May according to the LIFEIRE air-  
lists). L-9 pointed out that SINOFAS could have given L-9 a visa  
"in his own" but chose not to which indicates that BELTRAN was not  
in his confidence. (COMMENT: The above development is indeed in-  
teresting in view of the Station's suspicion that BELTRAN was a possi-  
ble long term, deep cover agent of the Cuban Govt in Mexico. It is  
too early to discard this possibility but the above developmen-  
fairly reduced the possibility.)

2. On 28 May 63, [redacted] Spanish Communist and Victor [redacted]  
[redacted] in law of Regino VALDES M., were at the Cuban En-

Subject: LITAMIL-2

On the night of 19 May 63, I met BRANDEL-9 at the usual rendezvous point and we drove to outlying district of city where debriefing took place. NO SECURITY PROBLEMS NOTED.

Time: 2130-2245.

201-334253 7921

LITWAK-9 reported as follows: JUN 5 1963

1. Manuel Alperer, Apex C-2 Mexico, told (1-9) that he had been SER.

with ~~names~~ ~~of~~ ~~the~~ ~~USA~~ ~~Canada~~ and that DE LANGRA asked for I-9.

1-9, of course, will take advantage of VEGA remark to take con-  
with DE LA MORA. L-9 commented that foot VEGA was with DE LA MORA  
is interesting. It will be recalled that "Orchit a" FERNANDEZ  
told L-9 to be careful with DE LA MORA because she is a contact  
of CLERGE Fabra, Cuban G-2 type.

2. L-9 (reported that on May 53, while near the Cine Diana at ITEX 10:30. he saw Ramon X Canada waiting for someone. SINGBAS saw L-9 and waved at him. (This was XUBAM meeting) L-9 commented that SINGBAS was definitely waiting to make a contact with someone. Francisco X Calderon, Spanish/Cuban, who formerly worked the gate at the Cuban Embassy in Mexico, returned to Mexico on 10 May 63, this time assigned to the Embassy as "Auxiliar de Segunda Clase". (LITRE Airlists show XAL and his wife returned via Gutarra on 10 May 63). L-9 said that XAL's wife is suffering from cancer, that she was operated on in Habana but there is no hope.

281-38249  
4. -9 reported that on 9 May 63, Walter J. [redacted], Cuban Charge,  
met with students (about 6) from Chamingo. The meeting took place  
at 1500 at the Embassy.

201-306051  
5) Eco. NAIZ told L-9 that ERIK Hector GARCIA Morales, Cuban  
Chenre in Bolivia, went back to Havana recently for what he thought  
was short stay, i.e. two weeks, but he is still there. GARCIA  
was assigned to study "instruccion politica y revolucionaria".

8. L-8 said that he has the duty (security) all day Saturday, all May 63. L-9 said that Jose L. AGOSTINI is taking the day off and will not return until about 2200 this evening. I told L-9 to report any similar info particularly re Armando SARDINAS and others who live at the Embassy.

9. MAIZ told I-9 that Eusebio AZCUE was expected back in a week or so. MAIZ said that his wife would return after him. He added that Ana de AZCUE is anxious to return to Mexico.

10. L-9 finally identified ~~Jose FERNANDEZ~~ <sup>XX</sup> ~~Roa~~ <sup>XX</sup> as the person who  
is working with Buenaventura ROYER Acosta and Rector SINGLES.  
(L-7 reported this previously) L-9 said he asked FERNANDEZ  
if he was related to the Foreign Minister and FERNANDEZ didn't  
say yes or no. L-9 believes that he might be because he doesn't  
seem very sharp and yet he's hanging around with SINGLES and  
BUENAVENTURA. FERNANDEZ told L-7, who asked him about his re-  
lationship with ROA, that if he was related to ROA it was a  
distant relationship.

(11). Coty SCORRANO, sister in law of Gral. Legaro CASTENAO. Is scheduled to leave for Habana on 15 May 65.

12. I-9 said he attended a meeting at the Academia Mexicana de  
Educacho International on 1 May 63 and the Mexican Ambassador  
spoke re non- intervention and autodeterminacion. I-9 said  
the speech was typical of Mexican foreign policy. b6 b7C

the speech was "valued of Mexican youth" said, Mr. G.M.A.

13. L-9 said that he saw Rafael ~~REYES~~ <sup>REYES</sup> Perez and Antonio ~~REYES~~ <sup>REYES</sup> RA-  
lon at the Embassy on 9 May 63. "REYES" They were there along  
with Baron SIMON. L-9 A, the ruler type, told L-9 at the  
inaugural session of the Microonda Seminar that "it was necessary  
for him to make a lot of contacts in Mexico". It was he was also  
told L-9 that he was in contact with Saul RGA, i.e. "Baron on  
contact con RGA". L-9 said that on 9 May at the Embassy, REYES  
was sick, i.e. - in green, had breath etc. L told L-9 to not  
contact with REYES and A REYES if possible and also told him. L  
said it would be difficult for use he has no power to see him.  
REYES said that L-9 was not to see him.

SECRET

14. I-9 said that Marta Elena C. Garcia, Cuban, who arrived in Mexico on 8 May 63, through L-7's DPO visa assistance was at the Embassy on 9 May 63. MORIN, according to I-9, was a millita woman in Habana until recently. She is living at I-9's brother's house. I-9 suggested that a ltr be written to her asking her to come to Embassy at which time the CO could interview her. He said that MORIN was told at the Embassy that it would take about a month to get clearance etc, that she had to be investigated. I-9 pointed out that Embassy request she report for interview would appear to her as part this investigation.

15. I-9 brought a contract to the meeting re his brother's company and Nestlé. He pointed out that the contract was signed on 7 Mar 63 and he left for Habana on 4 March. Because he was not present his name did not appear in the ~~SECRET~~ contract and he was unhappy that this had to be. I-9, however, diplomatically and politely pointed out that he wanted to bring this to my attention to show that this had been a sacrifice on his part, i.e. his travel to Habana on our behalf. I asked I-9 whether this meant anything to him in dollars and cents and he said it did not. He said the only thing was that if his name appeared as the Administrator of the Company when the contract was signed with Nestlé it would give him a feeling of accomplishment and security re his future relationship with the company.

16. I-9 identified the following ~~SECRET~~ MA4163

17. I-7 reported that the Cuban woman who was interviewed and attended the Cuban Embassy cocktail on 18 Apr 63, is ~~SECRET~~ married to a Cuban woman and has been to Cuba several times. Subject: LITAMIL-9

SECRET

On 13 May 63, I met LITAMIL-9 at the usual rendezvous point and we drove to outlying district of the town, where we held meeting. FOR SECURITY PROBLEMS NOTED. Time: 2200-2330.

LITAMIL-9 provided the following information:

RECOMMENDATIONS ON EMMA FARIAS MAY 63

① Francisco MAIZ A. told L-9 that Emma FARIAS, former uprising leader at the Cuban Embassy, and now employed by the FORTUONDOs in Oriente (Amb Jose FORTUONDO) is being returned to Mexico as a security risk. She is expected to arrive from one day to the next. According to MAIZ, FARIAS was "sacking in" with anybody who came along, and has even become friendly with counter-revo. In view of the above, FARIAS is being "bounced". MAIZ said the Cubans plan to conduct a full body search of FARIAS when she leaves Cuba, i.e. XXXXXXXX "en cueros". L-9 pointed out that FARIAS is a Mexican and if it true what MAIZ reporting about body search et al it would be good for PP play in Mexico.

② L-9 reported that XXXXXXXX in Mexico. 24-333236  
③ Jose XPERMANIER, newly arrived Cuban rep, told L-9 that he came to Mexico in 1959 with a group of young people as an "official" MAIZ said that Amb BASSIE was in Mexico at that time. L-7 reported that this is XPERMANIER first overseas post.

④ Roberto JORRIN is expected to return on 14 May 63.

⑤ L-9 reported that Emilio X, the Vice Consul in Havana, is quite sick with "tormenta", i.e. alcohol. He apparently has had this problem in Cuba.

⑥ Ramon X, Cuban Charge, told L-9 that his baby, now 10 to about a week old when the new Ambassador arrived and that this would be fine because he wanted to return to Cuba and see his father who has returned to Havana from Paris (Ramon SICHES del Rio). XPERMANIER's wife gave birth to baby boy.

⑦ Manuel VERA told L-9 that the new Ambassador in Mexico is

8. On 12 May 63, ~~Sergei BUNIN~~, Soviet Counselor, drove L-9 to the Cuban Embassy from Cayoacán. BUNIN, who in L-9's opinion, is extremely "sharp", "realistic" and "talented" told L-9 the following:

a. The Cuban Rev is now consolidated as the recent trip of Fidel CASTRO to Moscow proves. BUNIN said that CASTRO's absence from Cuba did not affect the regime; that things went on the same in his absence etc. BUNIN, however, said that this does not mean that Cuba does not need CASTRO. He said that Cuba is not like the Soviet Union where the loss of KHRUSHCHEV would not affect the regime. Cuba needs CASTRO and he must be protected to avoid an assassination attempt etc.

b. L-9 asked KHRUSHCHEV BUNIN about the "terrapo" and BUNIN answered that at this time, in his opinion, not even ~~the~~ President LOPEZ M., knows who is going to be the candidate.

c. BUNIN stated that a revolution in Mexico similar to that in Cuba would be very difficult. He attributed this to the fact that the masses in Mexico have not the "ideological program for revolution" required for such a revolution. He said that it will take one or two generations before Mexico is ready for such a revolution.

9. L-9 said that ~~Rusehi~~ <sup>201-334089</sup> ~~KATZ~~ <sup>201-334089</sup> ~~London~~ <sup>201-334089</sup>, ~~Chief Consul~~, is expected back on 17 May 63.

10. L-9 said that while he was in Havana he asked that 5 copies of Bohemia be sent to the Embassy. He said that 10 copies are arriving with his return to Mexico. He said very little progress is being made.

11. L-9 said that he saw Rafael BERROSA and Antonio ARANDA at the Embassy but he did not have a chance to talk with them. He said they quickly slipped into STUBBS' office.

Subject: LITAMIL-9

SECRET

On 22 Apr 63, at 2200, LITAMIL-9 called to report his arrival and set up a mtg for 2230 at the usual rendezvous point. The mtg was held from 2230-2400. NO SECURITY PROBLEMS NOTED.

See MEXI ... re L-9's problems in Cuba and ops data re reassignment to Mexico.

L-7 reported the following:

1. In his opinion there is no chance of the Cuban Govt falling because of political or economic reasons at the time. L-9 said that the Cuban people will be able to stand the conditions under which they are presently living indefinitely. He said the most pronounced scarcity is that of buses, which hardly present a serious problem in terms of disaster. He said that although food is not plentiful, the people are not starving and will be able to continue to get along. In the political field, L-9 said that there is definitely a rift between the Communist left and CASTRO's 26 July Movement, but again this is not of serious proportions and CASTRO appears to be handling it adroitly. L-9 said that CASTRO dislikes both Lazaro PENA and Blas ROCA intensely and might possibly rid the country of one of the two after the final tally is made on the sugar crop. That is, the rumor is around that CASTRO will take one of the these two as scapegoat for the poor sugar crop. On the other hand, much criticism was heard when CASTRO moved Joaquin GARCERAN, Cuban CP leader, up in the Government hierarchy. At any rate, L-9 said that through conversations that he had had with many people his conclusions were that "el gobierno de Cuba es salido". L-9 said that both LITAMIL-9 and LITAMIL-10 were very relaxed with the latest line story on Cuba and felt that this was a change in U.S. attitude to the regime.

2. Re missile bases, L-9 said he not able to get any word from Commanders said that MACIQUES, Gen, a close friend of his and of LITAMIL-9, told him that he had heard from an Army Officer that the missile bases were of a mobile nature, i.e. they can be assembled quickly by men trained for this purpose. MACIQUES said that the purpose of this was to avoid the U.S. pinpointing their base as they of a fixed location. L-9 said there were many rumors and no reliable information.

3. L-9 said that the re assignment of Joaquin ~~XXXX~~ <sup>CIT CUBA</sup> to Mexico <sup>ASSIGNED</sup> as ambassador. L-9 said that he talked with ~~XXXXXXXX~~ and found him a likeable fellow, well educated and a Communist. L-9 said that APARGUERO, former Cultural Attaché in Prague, has also been assigned to Mexico City.

4. L-9 said that Conchita FERNANDEZ told him that Dolores DE LA ROSA is a dangerous person and to watch her. FERNANDEZ said that she is in contact with Luis Alberto ~~XXXX~~ <sup>CIT CUBA</sup> ~~XXXX~~, Cuban G-2 and important in that organization. FERNANDEZ gave L-9 to understand that DE LA ROSA might be working for somebody else. <sup>CONTACT WITH CONCHITA FERNANDEZ MEXI-PA-1003</sup>

5. L-9 said that Antonio GARCIA Lara and his wife returned to Mexico because one of their daughters was dying. L-9 said it was serious and the baby, ~~XXXX~~ suffering from "turistas" might have died.

6. L-9 reported that Ernesto ~~XXXX~~ <sup>CIT CUBA</sup> RODRIGUEZ Cue, formerly employed in Cuban Emb in Mexico is now working in "confidential" section of the Foreign Office. -D.O.I. APR 63

7. L-9 said that on 22 Apr 63, LIOOZE-1 told him that Humberto GARCIA Lara, had not shown up for work recently and was trying to get out of Cuba. LIOOZE-1 said that GARCIA was really "acting up". He told L-9 that GARCIA told him Mexican wife ~~XXXX~~ not to return to Mexico.

8. L-9 reported that Ramiro ~~XXXX~~ <sup>CIT CUBA</sup> DEL RIO Perez, employed in the Consejo Cultural told him that Teresa PROENZA might be recalled. He criticized her because according to reports she only acted hospitably to her Communist friend. L-9 said that DEL RIO is the mouth piece of Edith GARCIA ~~XXXX~~, who heads up the Consejo. -D.O.I. APR 63

9. L-9 said that his brother in Cuba told him that he had been approached in Spain by an American "my fino" and that he told him that he would be willing to talk with him at any time. L-9 did not push this question and it is understood that his brother meant that he would talk to an American "in the open" but not in terms of clandestine activity. L-9 said that his brother was very "honesto" and would not want to take part in any type of "engano". He said that his brother would be extremely angry if L-9 was cooperating with the U.S. clandestinely.

L-9 said that he was pretty sure that AM-3's wife would leave Cuba. He said that Fidel CASTRO was very upset at the time and he felt that AM-3's wife would be "sensitive" to this.

11. L-9 said he saw Eusebio AZCUE in Habana and AZCUE will probably return to Mexico in about two weeks. L-9 said that LIOOZE-1 was very critical of AZCUE because of some of things he has been doing in Mexico. LIOOZE-1 probably made ref to drinking heavily, independent air, etc. Mariano GARCIA Perez apparently reported to Habana that AZCUE left the Consulate in an awful mess.

12. L-9 said that Raquel, Inu, an Uruguayan who stayed at Eusebio AZCUE's house while waiting for her visa in Mexico was under suspicion after she arrived in Habana. According to Concha FERNANDEZ, Fidel CASTRO, himself, went to visit her to find out where she stood through an interview. FERNANDEZ said that CASTRO returned from his visit to the Uruguayan and assured everyone she was O.K.

13. MEXKAMX Conchita FERNANDEZ told L-9 that Fidel CASTRO wanted to know who the SF CPAS were, i.e. father and son who are located in the Cuban Embassy in France and Mexico respectively. CASTRO described them as 2 "extremistas".

14. L-9 reported that while he was in Cuba rumors were flying to the effect that Armando HART, present Minister of Education was in line to relieve Paul RCA as Minister of Foreign Affairs. The rumors also indicated that Enrique XIMENES VALMEYRA was to replace Paul CASTRO as Chief of the Armed Forces. CUBA, APR 63

15. L-9 reported that Russians were frequently seen riding around the city in trucks, wearing plaid sport shirts.

16. L-9 said that about 3 weeks ago, Juanita CASTRO was the protagonist in a big scandal at Verafiero Beach. According to the reports, Juanita CASTRO opened a package of American cigarettes at the beach and she was approached by the authorities to tell her that the smoking of U.S. CIGS was prohibited. She blew her top and there was quite a scene.

17. L-9 reported that Benny MORE, the famous Cuban musician died about 3 weeks or so ago.

1. Abraham MACIQUES, Cuban, is divorced from his American wife, who is now in the U.S. with their children. MACIQUES is married again and ~~YANK~~ his wife gave birth to a child recently.

3. L-9 said that he heard several people mention that Fidel CASTRO had penetrations of KKE KUBARK. He was not able to give any details on these reports but cited the case of AK-3 as an example of this.

4. I-9 said that on several occasions he saw a Czech or Soviet "jeep-like" truck out in front, or rather near, Al-3's house. The vehicle had an aerial on the front and heavy canvas covering ~~the back~~ the back part. I-9 said the vehicle would remain for several hours in the same place, be driven rapidly off and then return to take up station again. I-9 said that when the children in the area asked the purpose of the truck they were told that it was being used re studies of the San Antonio de los Baños Air Force base. ( Do you have photos of Sov trucks sent down by HQs re radio detection etc? I would like to show them to I-9 for possible iden.)

5. On 24 Apr 63, while at the INMRO, Teresa PROENZA told L-9 that he had a very important appointment on 25 Apr with the Amb and Pres ROPEL Mateos. L-9 believes this to be significant because his rank does not put him in this category, i.e. being with Amb.

6. LAC said that he met VENEZAS, Iru (probably Argentine) in Havana and had him over to dinner one night with his father (LAC's) and him self.

7. L-9 said that in his opinion the presence of Soviets in Havana is not influencing the Cuban "ambiente". He said, in fact, the presence of Americans, in previous years, was more noticeable than the Soviets today. L-9 said: "No se ve afecto ni desafecto, una indiferencia" re the Soviets.

8. L-9 reported that (Dr.) Sigwin ~~RASRA~~ now in Cuba has criticized  
the Cuban regime calling it "muy mediocre" and is planning to leave  
for Puerto Rico in the near future. L-9 received this info from Dr. Sigwin  
AZCUE. AZCUE also told L-9 that ~~RASRA~~ phone tapped by Cuban Govt.

9. L-9 said that while in Habana he "bumped into" Agustin YASSELES, Cuban courier, and asked him about the Bolivian plane crash in which two Cuban couriers were killed. YASSELES told L-9 that this was "sabotage".

10. L-9 went to the "wake" of Roberto MOLEN, Cuban courier, who was killed in the crash in Bolivia and was approached by MOLEN's brother, who oddly enough had attended the party that L-9 ~~XXXXXX~~ threw for Mercedes LECHUCA at his apartment. I recall L-9 showed me a photo of the group and cited the negro as a Cuban "in town" so he invited him to the ~~XXXX~~ party.

11. On 23 Apr 63, Teresa PROENZA told L-9 that she knew he would return to Mexico because when she was in Habana she heard that someone higher than ROA was very pleased with L-9's handling of Juanita CASTRO and her sister re scandal at the Embassy. It is L-9's opinion that Fidel CASTRO took this incident very seriously and he attributes the recall of Heberto JORDAN, who according to L-9 will not return, the COMDES and others to this incident. It is L-9's opinion that no one involved in the scandal will remain in Mexico. L-9 said that Manuel VEGA Perez is also scheduled to leave Mexico for good. L-9 said that Raul ROA asked him to give a first hand detailed account of what happened at the Embassy ~~XXXXXX~~ re Juanita CASTRO et al.

12. L-9 said that he met Francisco X. AIZ, Spanish and former watchkeeper  
of the Cuban Embassy at the F.O. in Habana and AIZ told him that his  
wife was in very poor health, possibly on the point of "dying in the  
ghost." While with AIZ, [redacted] papers on his way to the "incinerator" remarking that he (AIZ) [redacted]  
was in the "confidenciales" section. F.O., HABANA RE CONTACT WILLIAM

Memorandum for the Record

30 January 1963

Subject: LITAMIL-9

MICROFILMED

MAN 12 1963

On 29 January 1963, I met LITAMIL-9 at ~~reception point~~ and we drove to darkened section of city for meeting. NO SECURITY PROBLEMS NOTED. Time: 2030-2130.

LITAMIL-9 reported as follows:

1. On 29 January 1963, Jaime WOOLRICH went to the Cuban Embassy to discuss travel to Havana re 10th Medical Congress. WOOLRICH, who will be using a Special Passport told L-9 that he had been to Tijuana recently and crossed the border, visiting San Diego. WOOLRICH gave his address as Condominio Insurgentes, Insurgentes Sur 300 -603, Mexico City. LITAMIL-9 said that WOOLRICH was shrewd and "sneaky", he did not like his attitude. He appeared to be a person of "confidence", i.e. of the Cuban Embassy. WOOLRICH said he had a Cuban visa. WOOLRICH showed L-9 a letter which he received from Havana several months ago because according to WOOLRICH the meeting was scheduled for the end of last year. WOOLRICH pointed out that the paper was outdated and suggested that it be returned to Havana and a new one sent to WOOLRICH. The letter provided spaces to fill in by WOOLRICH of the doctors who would be going. WOOLRICH told L-9 that he had about five in mind, that some of those who were going have changed their minds. WOOLRICH said that Dr. Clemente ROBLES was now vacillating and he did not know whether he was going to go. L-9 told WOOLRICH he would send the letter soonest and get a new one for WOOLRICH to fill in. The Congress will take place between 17-24 February 1963. L-9 took WOOLRICH to see Maricarmen OLIBARRI re visas and left him there. WOOLRICH, however, will be back to see L-9 on 30 Jan 63. PROENZA turned this case over to L-9.

2. On 27 Jan 63, Dolores DE LAMORA Zepeda asked L-9 for his telephone number and told him she would like to invited him to "reunirse con unos amigos en su apartamento". (COMMENT: I told L-9 that DE LAMORA's phone was being "tapped" and to be careful re conversation).

3. On 28 Jan 63, PITA Pardo and TATO, Cuban couriers arrived on their way to Canada via New York.

4. L-9 said that Pedro PARINAS, Cuban diplomat arrived in Mexico on 28 Jan and was leaving for Bolivia. L-9 described PARINAS as a person

5. L-9 reported that Luis CALDERON, new Cuban secretary employed at the Commercial Office lives on Avenida Revolucion, across the street from the Edificio "Ermita".
6. L-9 said he attended a little celebration at the Embassy to commemorate the Anniversary of Marti. Nothing of any significance discussed. In addition to the celebration at the Embassy a group from the Emb and the Grupo Jose Marti place a "corona" on the monument of Marti at Chapultepec Park.
7. L-9 said that AMSTET-1 invited him to have supper with him when he had time. L-9 was surprised at AM-1's offer.
8. L-9 said that rumors indicated that Fidel CASTRO's mother was expected to arrive on 1 Feb 63.
9. L-9 reported that the Boletin de la Embajada will now appear every two months rather than once a month as previously. L-9 said this was an economical measure.
10. L-9 reported that Eusebio AZCUE told him that a group of Architects were scheduled to meet in Habana to lay down the rules etc for contest re "Monumento Phya Giron".
11. Ramon SINOBAS told L-9 that certain photos should not be published in overt publications because they will provide photos of people of interest. SINOBAS was selecting the pictures for the Boletin de la Embajada when he made these remarks. He particularly mentioned that several faces were very clear in a photo re parade in Havana during the 4th Anniversary celebrations.
12. Ramon SINOBAS told L-9 that he sent a cable to ALARCON, frn in Havana and asked him to ratify the previous cable re L-9's transfer.

reported as follows:

1. A Cuban "police type" who has been living at the 1250 S.W. 13th Ave. in Miami, told that Justo-Lau was involved in a double-dealer racket in Santa Clara and Manglar in Habana. He helped that Justo-Lau was a "police type". (Cuban Air-Info. 7/2/68 re Justo-Lau, alias "EDITH" Murras - tip 6/3/68 received from Miami, Fla.)
2. Two counter-revolutionaries in Mexico from S.A., one a negro, met me in Mexico on 2 Mar 1968. The negro told L-9 that Justo-Lau was now in Polit. Org. was to take his vacation in about a month.

3. It is noted that in the 1961 Linguama (code) is also returning to  
the area, possibly to the 1961. While CODE E. is also leaving  
Linguama, the 1961 is not.

Este lo habia conocido en una casa de las calles de Sanja y Manzanillo, La Habana.

Habia un correo (uno negro) probablemente saliendo mañana para La Habana. El negro dice "Gallo pidio permiso ir Cuba vacaciones dentro de mes y medio".

No se sabe si Alvarado va a salir mañana o no. Si sale, es con su familia al extranjero. Comentaron por los correos.

Aunque me di cuenta de esto, ordené traslado para mi hermano Bolívar. Pero dicen mal para Habana.
