(1) LIMITED is a house opposite the LITTON target. In this house resides LITTON-14, his wife LITTON-17, and his son LITTON-23. They use an antenna with 15, 30 and 60 power scope telephone lens to photograph persons and automobiles entering and leaving the main gate of the LITTON installation. They have standing instructions to photograph all non-LITTON, all unidentified LITTONS and all automobiles (particularly license plates). Approximately every two months, this team is asked to photograph all the identified LITTONS so that Station films will contain current photographs of those persons. In addition to the photographic coverage, this team keeps a log of all activity in and out of the main gate, noting time of entry or departure, license numbers, name of person or description of unidentified persons. LITTON-14 uses a short wave radio in contact with other LITTON cars to alert them to the departure of certain LITTONS officials which the Mexico City Station has under surveillance. The 35 mm film and daily logs are given to ELLIOTT who gives them to BIRNELL who gives them to Raymond H. GIBSON who processes the film in an outside developer associated by LITTON-30. One 360 enlargement is made of each exposure. These prints are then returned via the same route to the LIMITED base-where LITTON-14 and 23 annotate the date and identification on the back of each photograph. The photographs then come to the Station for filing in personality dossiers, notation of license numbers, or further checking as may be required.

ABSTRACT from HTA 6074, 6 Feb 57 re: LIPSTICK Monthly Report - Nov. 1956

1. Operational:

- a. LIMITED was operated as a dispatch and photographic surveillance base throughout this reporting period. Occupants from several automobiles bearing US license plates were observed entering the LIMERICK installation. These leads have been transmitted to Headquarters in separate dispatches and have been passed locally to ODENVY. One special operation involving KURIOT technicians was supported by this base during this period. The base personnel have continued to maintain their high standard of efficiency and security.

: Chief, WMD

- Operational

- LIPSTICK/LIMITED

REFERENCE: HQMA-3797, HQMA-3821
HQMA-3884

1. There appears to be two cover problems involved in the LIPSTICK/LIMITED operation. These are, the physical cover of the base of operations and the personal cover of LIPSTICK-14, the principal agent. Headquarters agrees that there would be more security attached to the physical cover if it had a legitimate business front. It is not believed, however, that at this stage the physical cover would be improved by suddenly opening up an agriculture implement necessary supply house there, presuming that the size and location of the base house were feasible for such a business.

The involvement of LIPSTICK-19 and David M. Wilsted in the operation, as suggested under this business cover arrangement, could conceivably affect the compartmentation of the LIPSTICK operation, which, as the Station has pointed out, has been maintained with considerable difficulty.

2. Headquarters does not feel that the situation is as critical as expressed by the Station because of the question asked of LIPSTICK-2 by his Soviet contact. It appears most natural for the Soviets to suspect, particularly in this Hemisphere, that they are being subjected to photographic as well as all other types of surveillance. Being alerted to this action they would naturally like to know more about it. Any new activity spotted at the LIPSTICK/LIMITED base house would only increase this alertness and arouse their suspicions. These suspicions would be further aggravated by the employment of a motor car at the LIPSTICK/LIMITED base house where up to this time no car has been in use. Headquarters does not agree that a car is needed in the day to day work of this operation. If one were employed it would only further spot light the base house for the Soviets. In addition, it is not clear just who would be using the automobile since LIPSTICK-14, presumably need not cover his own access to the premises

SECRET

SECRET

MEM-4-2807

Page 2

and no other personnel will be visiting the house on a regular basis.

4. If at the inception of the LIPSTICK/LIMITED operation a legitimate business cover had been set up it would have been more secure than the present arrangement. Unless some natural and non-suspicious arousing cover can be worked out Headquarters feels that it is more secure to continue the operation under the present arrangement than to set up the business cover suggested in MEM-4-3797.
5. The problem of the personal cover for LIPSTICK-LA can best be solved by a salary increase for the agent. As the Station has already pointed out, LIPSTICK-LA's salary of 800 pesos per month is well below the salaries earned by agents performing comparable duties. In view of this and as a reward for LIPSTICK-LA's good work and an incentive for improvement Headquarters authorizes that he be paid a salary of 1500 pesos per month effective 1 January 1956.

Chief, MID

8 December 1955

Chief of Station, Mexico

Operational
LIPSTICK/LIMITEDATTN:

REF: HMM-W-2613, 25 Oct. 1955

1. LIPSTICK-14 and his family occupied the LIPSTICK/LIMITED base house on 4 November 1955. On 10 November 1955 Howard O. MOSGHIANO was picked up by LIPSTICK-14 in a rented car and driven into the base. MOSGHIANO stayed with LIPSTICK-14 that entire day instructing him in photographic technique and taking approximately 200 pictures. The appearance of the house during this time of operation was checked by the undersigned and Chester D. POLLICOVE who were unable to discover any outward indications of the existence of the photographic surveillance. LIPSTICK-14 has continued to improve although the quantity has decreased on our instructions. It was decided that it would be to our ultimate advantage to have fewer photographs and have LIPSTICK-14 continue to conduct his normal house-to-house book business for cover purposes.

2. Initially all films were processed in the Station so that MOSGHIANO could process them to the fullest advantage and then critique them with LIPSTICK-14. Now the procedure employed is to have POLLICOVE pick up the films from LIPSTICK-14 and give them to James O. AYCALL who processes them and returns them to POLLICOVE for transmittal to the office for identification, indexing and filing by MOSGHIANO. This procedure was adopted because AYCALL was aware of the existence of this operation and knew LIPSTICK-14 was employed by this Station, but LIPSTICK-14 does not know that AYCALL is employed by this Station. The photographic results of this operation will be transmitted to Headquarters in subsequent dispatches.

3. The situation at present seems to be progressing in a most satisfactory manner with the one exception of believable and adequate cover. Reference discussed the cover situation and raised several points which will be subsequently discussed in this dispatch. Initially, it may be said that a detailed Dun & Bradstreet investigation of the oxygen supply business in Mexico City conducted by LIPFINDER and other factors definitely eliminates

this potential cover from consideration. (Copy attached as Attachment No. 1) When the undersigned discussed this possible cover at headquarters he based his statements upon the assurances of LIMONIER who had considerably oversimplified the situation. To obtain cover from a relative of one of the LIPSTICK team who would use the premises rent free for his business and thus supply cover is not viewed with favor by this Station. First, we have gone to considerable difficulty to compartment this operation from every member of the LIPSTICK team. Further, and in reality, the principal reason for our inability to implement headquarters suggestion, is that there is no one in the present complex who fills the requirements.

4. It should be repeated for emphasis that this operation needs some form of business cover to continue to function securely. In searching for all possible solutions to this problem we queried David M. WILSTED who suggested to us what we feel is the very best possible solution available. The conduct of a cover business should conform as closely as possible to a legitimate business. In order to conduct the business as close to this ideal as possible there must be a correlation between the degree of success and the degree of business experience and acumen possessed by those in charge of the business. Since the combined business experience of the officers of this Station could not guarantee the successful conduct of a business, it logically behooves us to have the business conducted by someone who is skilled and experienced in the daily direction of a business and who has proven himself successful in this respect.

5. LIPSTICK-19 has such a background and would be willing to assist us in this operation. (In regard to his business experience and success, the many documents submitted in support of David M. WILSTED's promotion and cover situation should be consulted.) It should also be remembered that he is a cleared agent in whom this Station reposes considerable confidence which has been completely justified by his devoted and conscientious work. LIPSTICK-19 would be assisted in the conduct of this business by David M. WILSTED who is also experienced in the conduct of business in Mexico City. There would not, however, be any breakdown of compartmentation since LIPSTICK-14 is known by, and in turn knows, LIPSTICK-19. WILSTED, who is not known to LIPSTICK-14 but who knows of the existence of LIPSTICK-14, would remain protected by LIPSTICK-19 who would act as the only operational contact with LIPSTICK-14.

6. The plan is that this Station should open an agricultural implement accessory supply house at the LIPSTICK/LIMITED base house. Physically, the building is ideally suited to this type of business. LIPSTICK-19 and his company would conduct all of the paper work and importing procedures for the new company either in the name of the new company or the name of LIPSTICK-19's company. The new company under the ostensible leadership of LIMONIER-14 would sell the agricultural accessories to customers recommended to it by LIPSTICK-19's company and other agricultural implement manufacturers. Further, and the greatest guarantee of success is that LIPSTICK-19's company itself can absorb the entire inventory of the new

SECRET

SECRET

 100-4-3797
 8 Dec. 1955
 Page 3

company of operating at a profit. There is no comparable business existing in Mexico City. LIPSTICK-19 and David M. WILSTED would have started one but the expansion of their present holdings has precluded their investing the required sum of money in an inventory. They do, however, in the course of a year use the amount of merchandise noted in the attached prospectus (Attachment No. 2) and have agreed to purchase the amount listed in the attachment at a price which guarantees a profit to this Station. This will insure that the business will be completely self-supporting. We have been advised that these agricultural accessories are imported into Mexico and sold at 40% above the sum of the entire cost of initial purchase price plus import costs and duties. The agricultural accessories would be sold to the general public at a price determined by demand and competition, attempting in every instance to make the most from each sale. LIPSTICK-19, however, would be allowed to purchase these accessories at a price which would compensate him for his time and effort in handling all the ordering, importing and other duties connected with the ^{cover} management of the business.

7. It is earnestly recommended that this proposal be accepted since it represents a genuine long-term cover mechanism that will not only provide secure believable cover for LIPSTICK/LIMITED but which may conceivably be used as cover for other personnel and operations.

8. Information was obtained on 20 November 1955 from LIPSTICK-2 which indicated that the LIPSTICK target was attempting to ascertain if a photographic surveillance was being directed against them. This incident increases the urgency and need for the institution of believable cover at this time.

Servicing and sale of
oxygen and oxygen equipment

Ciudad de Mexico
Federal District
Av. Coyoacan 940
Col. del Valle.
CEDUL: No. 29108

Administrators: Sr. Luis Gonzalez Barquera
Sr. Carlos Gonzalez Barquera

SYNOPSIS

Background: Business established in 1947 by Sr. Luis Gonzalez Barquera and organized in the manner later described in 1953.

Estimate of Capital: \$300,000 Mexcy.

Payments: Punctual

Financial situation and development: Satisfactory and normal.

HISTORY

"Sociedad de Responsabilidad Limitada:	Located in Mexico City.
Date of founding:	18 February, 1953
Notary Public:	Lic. Eduardo del Valle.
Registration:	Not located.
Duration:	Ten years
Purpose:	Supply oxygen service to sanatoriums and private persons and sale of same.
Capital Social:	\$150,000.00 Mexcy.

Capital was supplied in equal amounts by Luis and Carlos Gonzalez Barquera, who are also the administrators of the firm.

Luis Gonzalez Barquera is a Mexican of 40 years of age and is married. It is reported that after leaving school he went to France and then to North Africa where he served as a volunteer in the French Army until 1947, when he returned to Mexico, D.F. At that time he established the business which operated in his name until 1953 when he and his brother organized the existing firm.

Carlos Gonzalez Barquera is 30 years of age and married. He has worked with his brother since the establishment of the firm. He is at present administrator and stock-holder;

50-120-5-15

These men are generally well-regarded.

OPERATING METHODS

The business which consists of the sale and renting of oxygen equipment to private persons, private and official sanatoriums is carried on a strictly cash basis. The firm is supplied by factories and local distributors on a cash and also on a term basis.

The firm occupies the ground floor of a modern building owned by the Barquera brothers. The facilities are of good presentation and much activity is noted on the premises.

The business is located in a residential area in Colonia del Valle.

The firm has five, small, Dodge trucks and one Fargo truck, which are radio equipped. The firm has a radio transmitter to maintain contact with its mobile units.

Financial Report

Luis Gonzalez Barquera was interviewed on the above date and he stated that the business was operating on an active capital of \$325,000 pesos, largely tied up in equipment, merchandise and their delivery vehicles, radio transmitters, furniture, fixtures, and bank deposits. The firms liabilities are modest.

Gonzalez stated that his brother and he are co-owners of the building which occupies 339 square meters. The building is evaluated at approximately \$370,000 pesos, having a mortgage of \$72,000.00 Mexcy. The brothers also own a Mercury and an MG which are valued at approximately \$72,000.00 pesos. Annual sales are estimated at \$600,000.00 Mexcy.

This last statement was not completely substantiated by the persons consulted but it is believed that their approximate financial status is as stated. Those consulted stated the the present financial status of the firm is considered satisfactory as the volume of sales permits a normal development of the firm.

Payments

HIGHEST CREDIT	LIABILITIES	EXPIRED	Terms	PAYMENTS	OBSERVATIONS
\$50,000.00	-----	---	30 Days	Punctual	-----

A banking institution which was consulted stated that their relations with the firm were limited to _____ ("cuentas-habientes") and that the firm is well-regarded.

Other references which were consulted stated that they knew the persons in question personally and that they considered them serious and dependable in their commercial dealings.

5-0-20-5-15

POTENTIAL AND ESTABLISHMENT OF AN ACCESSORIES BUSINESS FOR
FARMING IMPLEMENTS

In pointing out the potential of an accessories business for farming implements in Mexico, it is necessary to consider the following:

a) Of the total of ideal farming lands only a 33% is now under mechanized cultivation and according to statistics obtained by Ford Motor Company of Mexico, there has been an increase of 25% in the total number of tractors in the country in the past 5 years which indicates that the use of farming implements not only is just beginning but also that there is a definite trend to further develop their use.

b) The present Government has shown great interest towards encouraging mechanized farming by establishing agricultural banks throughout the country that finance farmers for the purpose of purchasing tractors and implements on easy terms. Recently, several schools have been established for the teaching of the operation and maintenance of tractors and implements and of the modern techniques of mechanized farming.

c) Even though most makes of U.S. tractors and implements are now in use throughout the country, there are several European-made tractors which are becoming extremely popular but are supplied by their manufacturers without any implements. Of these, the demand for the English Fordson which is imported by Ford Motor Co., has increased enormously in the past 5 years. The sales of this tractor in the year of 1950 were only about 150 units; this year they amounted to approximately 800 units, 400 of which were sold with the English Ransoms implements and 100 with implements supplied by *Idently A.* a factory which is only in its early stages of development.

d) At present there is no manufacturer in this country dedicated to the production of high carbon and alloy steel accessories which are indispensable in the use of farming implements, and since Ford Motor Co. only supplies the initial implements and accessories with each tractor when it is required, the source for the replacement of the accessories is extremely limited. This same applies to the replacements of accessories of the implements sold by *Idently A.*

If a business of this nature were to be established in this country, it is certain that ~~it would be~~, according to their production program for 1956, would be in a position to consume between \$100,000 and \$130,000 (pesos) of accessories in the same year. This would be in addition to the possibility of supplying the replacements for all the implements sold by Ford Motor Co. which include the blades of at least 400 3-disc plows sold in 1954.

Idently A.
50120-5-15

To establish a business of this nature, it is suggested that the initial capital range from \$100,000 to \$150,000 (pesos). The following are items which could be imported as initial merchandise:

250	28" blades with 4" cup for plows at \$160 each.....	\$ 40,000
210	26" blades with 3 1/2" cup for plows at \$130 each.....	27,300
400	22" blades for harrows at \$60 each	24,000
170	18"x3/16" coulter blades for furrow wheels at \$60 each.....	10,400
100	points for chisels at \$10 each....	1,000
160	sweeps for cultivators at \$15 each	2,400
80	lister heads for planters and cultivators at \$100 each.....	8,000
6	tons of 2 1/4"x2 1/4" chrome-nickel steel at \$4,000 a ton.....	24,000

NOTE: Prices are approximate.

Total \$137,100

It is suggested that the franchise for the distribution of the above items be secured by from the various manufacturers; that they be imported directly in the name of which in turn would keep the accessories business supplied with the necessary inventory, thus relieving that business of the tedious paper work connected with the importation of such items.

The business could be established by any number of persons and, according to the desires of the owners, can be of any of the following types:

deed

ONE-PERSON OWNERSHIP: No notarized/is required and there is no limite to the capital invested.

S. de R.L. (Sociedad de Responsabilidad Limitada): This type of corporation can be established by at least two persons and can vary the number of owners without making any changes in the deed of the firm. The capital stipulated in the deed is a fixed amount.

S. de R.L. y C.V. (Sociedad de Responsabilidad Limitada y Capital Variable): A corporation of this nature is the same as the one described above, the only difference being that the capital can be varied at will. All that is required is that a ledger of capitals be maintained.

S. A. (Sociedad Anónima): A minimum of five persons is required to establish this type of corporation. The stock is distributed among the corresponding stock-holders according to the capital stipulated in the deed which must a fixed amount.

S. A. de C.V. (Sociedad Anónima de Capital Variable):
This corporation is identical with the one above with the advantage that its capital can be varied at will by means of the establishment of a ledger of capitals.

To begin operations on a legal basis, it is first required to submit the proposed name of the firm to the "Secretaría de Relaciones" for approval, after which the deed may be immediately drawn up. Next, it is necessary to register the name of the firm in the following government offices:

Secretaría de Economía.
Secretaría de Hacienda y Crédito Público.
Secretaría de Salubridad y Asistencia Pública.
Gobierno del Distrito Federal (in the event that
this business is established in the D.F.)
Seguro Social

All this legal red tape may be accomplished through the services of a competent public accountant who could later be in charge of handling the legal books of the firm, pay taxes, Social Security dues, etc., for an approximate fee of \$350.00 (pesos) a month.

- Operational Matters
- LIPSTICK/LIMITED

REF: HQS-A-3293

1. During his recent visit to Headquarters Matthew S. Dingley indicated that, as an alternative to the book store cover mentioned in reference, it might prove feasible to set up a shop dealing in sale of compressed oxygen at the LIPSTICK/LIMITED location. Dingley further indicated that this alternative cover would involve lower expenditures of funds. It is noted that paragraph 5, g, of reference states that an estimated \$2000 U.S. would be needed to implement the book store cover. Paragraph 5, c, indicates that the business might well operate at a loss.
2. Headquarters would appreciate more information on costs involved in establishing the oxygen supply business, and at the same time would appreciate the field's views regarding establishment of some type of repair shop to cover LIPSTICK/LIMITED. It would seem that somewhere in the LIPSTICK complex, or among other Station assets, there might be located a person engaged in repair of electrical appliances, shoes, clothing, or some other articles. Perhaps a relative of one of the present LIPSTICK team might have the necessary qualifications. In case such assets do exist, the Station might make the LIPSTICK/LIMITED premises available on a rent free basis for the use of the repairman in return for the cover obtained. In this case the organization would not become involved in maintenance of inventories needed for retail businesses and would not become entangled in administration of the business.
3. In replying to the above proposition, please also advise Headquarters of the status of the LIPSTICK/LIMITED building modifications.

AIR

DDI-A-3293

Chief, Western Hemisphere Division

11 July 1955

Chief of Station, Mexico

**Operational
LIPSTICK/LIMITED**

**REF: a. MEXI 962
b. DIR 11082
c. MEXI 979**

1. Reference g set forth the basic estimates for the establishment of a bookstore to provide cover for the LIPSTICK/LIMITED basehouse. Reference h recommended against the institution of this cover because of the difficulties involved in the detailed planning and supervision of a proprietary project by both Headquarters and the field. Reference g stated that LIPSTICK/LIMITED would be initiated with residence cover but cautioned that this Station did not believe that long-time residence cover would be operationally secure.
2. During the negotiations for the purchase of this base by LIMOUSINE, he had put forth the explanation to his employees and the bank who handled the purchase for him, that he planned to turn the house into business property. Whereas this factor, in itself, is not controlling, it does represent a potential security hazard. Should either LIMOUSINE's employees or the employees of the bank ever speculate as to the reason for LIMOUSINE's apparent change of plans, they may approximate the truth since the location of the house is obvious to all concerned.
3. An additional factor which indicates that residence cover will probably not provide adequate security is the general locale of the house. The house is located on a fairly busy street surrounded by commercial buildings. In the next block there are two apartment buildings, one is a low-middle class apartment house and the other is mostly offices with a few living apartments (one of which is the RAFFER base). Generally, it may be said that with the exception of the LIMERICK target

SECRET

-9

SECRET

HR-1-3293
11 July 1955
Page 2

the entire area is commercial. Although the LIPSTICK/LIMITED base has been a residence for many years, the area is becoming more commercial and this makes the base appear very different from its surroundings. This fact is in opposition to the principle of cover that inconspicuousness is a primary requisite of operational security.

4. This Station recognizes that a proprietary project requires a great degree of attention and close supervision. It is also recognized that it places an additional burden upon Headquarters. However, it is the opinion of this Station that residence cover will not suffice for a sustained operation and that some other form of cover must be found to make the occupation of this base a believable thing. Commercial cover as outlined in reference g appears to satisfy most of the requirements for what is believed to be good, durable cover. It is therefore requested that if Headquarters agrees with this proposal, this Station be authorized by cable to proceed with the establishment of a business cover as outlined in reference g.

5. As of assistance to Headquarters in arriving at a decision, the following outline of the proposed business cover is submitted.

a. LIPSTICK-14 and his family of two sons and a wife will occupy the basehouse. Clearance requests have been submitted on the older son and the wife who will assist LIPSTICK-14 in the operation of the shop, and possibly the son will also assist in the technical work involved. LIPSTICK-14 has been a book salesman for many years and is fairly conversant with the intricacies of the book business. Although it could not be said that he is experienced in the retail book store business, he represents the best asset available to this Station for such a cover business while still fitting into this lower middle class neighborhood and sufficiently trained in clandestine methods of work.

b. The present house must be remodeled to provide for a street entrance into the store and also for some smaller alterations to enlarge the room that is planned to be used for the store. It is estimated that this will cost approximately \$500.00 U.S.

c. The initial purchase of stock is estimated to cost approximately \$500.00 U.S. At present it is contemplated that the store will deal in paper-backed Spanish novels which would be about the level of reading in this neighborhood. Magazines and some stationary

SECRET

SECRET

HM-4-3293
11 July 1955
Page 3

supplies will also be carried, but the best items of stock will have to be determined at a later date according to public demand. It might be well to consider that there exists the possibility that this business, regardless of what line is carried, will operate at a loss. Even though there is no comparable store in the immediate neighborhood and it is sincerely felt that there is a remote chance that the business may break even, there is a stronger feeling that it will probably be operating in the red most of the time.

d. Interior counters and display cases have been estimated to cost around \$100 U.S. Most of the equipment will be second-hand but some new bookcases will have to be built around the walls.

e. LIPSTICK-14 has stated that the normal way of conducting a retail book business is to buy stock on a 30-, 60- or 90-day note. The publishers will extend this credit if you can show a bank balance sufficient to pay the note after all other debts have been paid. This is proven by an examination of your books to see if your balance is sufficient to liquidate all debts. This amount deposited is not actually in the nature of an expenditure since it will be deposited in a bank merely for the purpose of establishing a credit rating. There may be occasions when some bill will have to be paid from this amount but every attempt will be made to preserve it intact. LIPSTICK-14 has suggested that all checks on this account be signed by at least two people. At present the second signer has not been chosen but the most likely candidate is LIPSTICK-19 whom we consider to be completely trustworthy. Naturally, before any expenditures are made, the Case Officers will have to approve them. It is estimated that \$1000 U.S. must be deposited in order to establish credit for this size and type of business.

f. It has been estimated that approximately \$100 U.S. will be necessary for the purchase of a business license and several small items of office equipment, such as ledgers, typewriter and a small adding machine. This amount should also cover the necessary bribes and payoffs which are usual items in the conduct of a business in Mexico City.

g. The total amount estimated to start this cover business is \$2200 U.S. It is submitted that this relatively small amount will give this operation the very best chance to function in a secure manner.

50-6-2519

to sell the property for about \$10,000 (US).

3. This station thinks the purchase would best be effected through LEON SIEM. LEON SIEM already is head of one of the larger construction companies in Mexico. The company has for a number of years been actively engaged in the acquisition of land and in the erection of buildings. A ready reason for purchasing LINSTICK-7 base would be that his company eventually intends to tear it down (it is a fairly small old building) and construct either an apartment or a commercial building. This explanation would be fully adequate since in the area of town concerned, many old residences are being torn down and replaced by new large buildings. Of course, it would never be necessary to put up another building. Possession of the property, on the other hand, would give the station greater freedom in setting up equipment, making minor operational alterations in the structure, etc., if deemed necessary.

4. With reference to RA 45-1150 (Real Estate and Construction), this Mission would like to know if it would be necessary to comply with all the requisites noted under paragraph 6 (Procedures) insofar as having to inform the administrative departments at headquarters of such specific details as name of purchaser and address of property. It is hoped that it is not necessary to give details of this type except to those engaged in operations as we believe that this location is the most sensitive one we have.

5. In this connection it should be noted also that in the event LINSTICK-7 were blown, ownership of the house by the station would mean that the possibilities of continuing work would be much more favorable than they would be if we did not own the property.

6. No steps toward accumulating the property have yet been taken. This station would appreciate an answer to the following questions:

- a. Does Headquarters concur in the advisability of buying the house?
- b. Does Headquarters agree that LEON SIEM's company is a suitable means through which to effect the purchase? In regard to this point, the actual negotiations could be carried out by one of LEON SIEM's native partners or agents. Furthermore, the whole negotiation could be carried on without LEON SIEM's having to know that we are already at work at that location.

7. This station would appreciate an early reply to these questions. The present contract expires in July 1955 and we believe that the sooner we take action the less likely we are to lose this opportunity.

<p>1. Reference (A) reported the visit to the Soviet Embassy on 17 October 1967 of an unidentified man, believed to be American, who entered at 1421 hours and left at 1733 hours. This man was driving a 1966 white Volkswagen with New York license plates number 6G3339. Reference (B) reported that Headquarters traces were negative on John F. CONNER, owner of the car in question.</p> <p>2. Attached for Headquarters information are pertinent memoranda concerning Subject case which have been passed and received from the Legal Attache.</p> <p>3. Our memorandum dated 6 March 1968 (attached) indicates that Subject was never in contact with the Soviet Embassy but had loaned his car to a friend, Eduardo TERRAZAS, a member of the Olympic Organizing Committee, who conducts business on behalf of the committee with representatives of the Soviet Embassy in Mexico. The man who visited the Soviet Embassy on 17 October 1967 was Eduardo TERRAZAS. No further action is planned on this case.</p>

[Handwritten signature]

[Faint circular stamp]

[Faint rectangular stamp]

New York, New York
January 8, 1968

Unknown Subject; Visitor to Soviet
Embassy, Mexico City, October 17, 1967,
Driving 1966 White Volkswagen, New York
License 6G-3339

On December 11, 1967, Lieutenant Edward Wolinski, Office of the Sheriff of Suffolk County, Riverhead, New York, advised that the records of the Bureau of Motor Vehicles, maintained by his office, reveal that New York license 6G 3339 was issued to John F. Conner, born on February 24, 1935, with residence at 223 Kings Point Road, Easthampton, New York. This registration was issued for a 1961 Volkswagen suburban, color not recorded. There is no business recorded for Conner.

On December 14, 1967, the records of the Suffolk County Board of Elections, Yaphank, New York, were reviewed and it was ascertained that John F. Conner is an enrolled voter in Suffolk County with residence as above. It is indicated that he enrolled for voting for the first time in Suffolk County in 1966 stating that he had resided in Suffolk County since 1961. He voted previously in 1960 from a residence address of 34 Garden Place, Brooklyn, New York. He is described in the records as having been born on February 24, 1935, in the United States; five feet eleven inches, no weight in records; red hair; blue eyes; married.

On December 11, 1967, Mrs. Jill Mueller, Credit Bureau Nassau-Suffolk, Incorporated, 6 East Main Street, Riverhead, New York, advised that there is no credit data in her files pertaining to John F. Conner.

Unknown Subject; Visitor to Soviet
Embassy, Mexico City, October 17, 1957,
Driving 1955 White Volkswagen, New York
License 6A-5339

On December 14, 1957, Mr. Robert Sanders, Manager,
Long Island Bankers Association, 450 North Main Street,
Freeport, New York, advised that his records reveal that John F.
Conner with residence at 223 Kings Point Road, Easthampton,
New York, was granted a loan of \$1,502.88 on July 25, 1957, by
the Finkler National Bank, Centerreach, New York. He advised
that there is no derogatory data in his files pertaining to
Conner.

On December 22, 1957, Mr. Charles Falkner, Vice-
President, Finkler National Bank, Centerreach, furnished the
following information from his files:

John F. Conner was granted a loan for the purchase of
a Volkswagen automobile, not further described on July 25, 1957.
The amount of the loan was \$1,502.88. His records reflect that
Conner was 32 years of age at the time of the loan; was married to
Patricia Conner. His residence was recorded as 223 Kings Point
Road, Easthampton, New York. His occupation was taxi driver for
Terminal Systems, Incorporated, New York, New York. His wife,
Patricia, was then employed at Club 82, New York City, capacity
not recorded. The mortgage on his home at Easthampton is held
by the Eastern Federal Savings and Loan Association. His
bank references were listed as Valley National Bank, Easthampton
and West Side Savings Bank, Seventh Avenue and Christopher Street,
New York, New York. His nearest relative, not living with him,
is listed as Charles O. Kelly, uncle, 9 Barclay Street, Huntington
Station, New York. The nearest relative of his wife, her mother, was
listed as Helen Sunbars, no address, Minneapolis, Wisconsin.
The records reflect that Conner had resided in Easthampton at the
time for five years. His payments have been prompt.

On January 3, 1958, NY 9-1 advised that John F. Conner,
223 Kings Point Road, Easthampton, receives his mail in Post
Office Box 545, Easthampton, New York Post Office. He said
that his box is open through the winter so he presumes that he is
a year-round resident of Easthampton.

Unknown Subject; Visitor to Soviet
Embassy, Mexico City, October 14, 1967,
Driving 1966 White Volkswagen, New York
License 88-3359

On December 14, 1967, the records of the Credit
Bureau of Greater New York were caused to be checked and there
is no credit data in the files of that Bureau for John P.
Conner with residence address of 223 Kings Point Road, Easthampton,
New York, or 34 Garden Place, Brooklyn, New York.

On January 3, 1968, William Jacobs, Chief, Easthampton
Town Police Department, Easthampton, New York, advised that
there are no arrests recorded in his files for John P. Conner or
Patricia Conner.

Subject: UNIDENTIFIED VISITOR TO SOVIET EMBASSY
(105-6443 - 2/12/68)

This document is for the use of your agency only and neither it nor its contents should be further distributed without appropriate authorization.

Reference is made to your memorandum No. 12,363 dated 12 December 1967 and my memorandum dated December 28, 1967.

John F. Connor telephoned the U. S. Embassy, Mexico, D.F., and advised the Protection Section on January 31, 1968, that his wife, Patricia Sundberg Connor, a professional entertainer known as Tricia Sandberg, had advised him that she had received information that _____ New York City had made inquiries concerning him.

Connor advised that he resides at Cordoba 23-A, Colonia Roma, Mexico, D.F., telephone 25-28-39 and stated that he is anxious to cooperate if the purpose of the inquiry can be determined.

Above information is being furnished for any action deemed advisable by you. This office does not plan to conduct additional investigation in this matter unless requested to do so by your office.

MEMORANDUM FOR : Legal Attache
FROM :
SUBJECT : Unidentified Visitor to Soviet Embassy

1. Reference is made to your memorandum dated 12 February 1968 (#105-6443) regarding John F. CONNER.

2. A representative of this office interviewed CONNER on 5 March 1968. CONNER, who was completely cooperative throughout the interview, stated that he is an artistic painter and is employed in that capacity by the Organizing Committee of the 1968 Olympics. He said he came to Mexico in October 1967 to begin work for the Organizing Committee and expected to remain in Mexico until sometime before the Olympic Games in October of this year.

3. CONNER stated that he had never had any contact with Soviet Embassy personnel in Mexico and had never been inside the Soviet Embassy in Mexico City. However, he stated that he owns a 1967 white Volkswagen which he frequently lends to various people, including Arq. Eduardo TERRAZAS, who is a member of the Departamento de Publicaciones of the Olympic Organizing Committee. CONNER stated that he has been staying in TERRAZAS's home since coming to Mexico and that he knows TERRAZAS has on occasion conducted business on behalf of the Olympic Organizing Committee with representatives of the Soviet Embassy in Mexico.

4. CONNER does not resemble the individual in the photographs forwarded to your office along with our memorandum of 12 December 1967 (#12,365). On 5 March 1968, a member of this office who knows TERRAZAS positively identified the individual in the above photographs as TERRAZAS. TERRAZAS is a Mexican citizen.

DISPATCH		CLASSIFICATION SECRET	PROCESSING ACTION
TO	Chief, WHD		INDEXED FOR INDEXING
INFO		XX	NO INDEXING REQUIRED
FROM	Chief of Station, Mexico City		ONLY QUALIFIED DESK CAN JUDGE INDEXING
SUBJECT	LIEBPTY/Security of LILYRIC, LIMITED and LICALLA		
ACTION REQUIRED: REFERENCE			
<p>Action Required: For Your Information</p> <p>1. In December 1966 Raymond H. GERENDE, Principal Agent for the LIEBPTY Project, was asked to prepare a security resume, including his opinions, on the security of the LILYRIC, LIMITED and LICALLA Basehouses vis-a-vis Soviet knowledge of their existence. The following paragraphs contain a slightly edited version of GERENDE's report, which was received on 28 December 1966. Station comments follow GERENDE's and are so noted.</p> <p><u>LILYRIC</u></p> <p>2. In its present new location LILYRIC is the newest of the photo bases under my control. According to LIEBPTY-13, there has been no indication of interest of any sort by the Soviets in the family's move to the new apartment nor was there in the past any show of interest or peculiar behavior on their (Soviet's) part with regard to the old base and the possibility that they might be under photo surveillance.</p> <p>3. The cover for the work carried on by this base is good since the wife, LIEBPTY-18, who does most of the work has no trouble in justifying her presence at home all of the time. The son, LIEBPTY-27 is a medical student and attends his classes regularly and can justify his hours as study hours. (He continues to be an excellent student and was exempted from examinations at the end of this, his second year in medical school. Actually, he studies most of the night). LIEBPTY-13 requires no cover as he has a full-time job as production manager for a large concern and he usually makes his meetings with GERENDE on his way to or from work.</p> <p style="text-align: right;">continued...</p> <p>Distribution: 3 - Chief/WHD</p> <p style="text-align: right;">LIMITED</p>

CONTINUATION OF DISPATCH	CLASSIFICATION SECRET	DISPATCH SYMBOL AND NUMBER ESMA-11164
-----------------------------	--------------------------	--

4. The set-up in the old as well as the new base is the following: The equipment - camera, scope and tripod - is mounted in one bedroom behind venetian blinds with one slit removed. This room is locked to keep servants or any other personnel from entering. The operators do not stand all their time behind the camera, but go to the adjoining bedroom where a table and typewriter are set up and where the daily logs are transcribed, knitting done, or some other activity that does not require full concentration is carried out. The curtains and blinds in this room are kept partially or fully open to allow good visibility and provide a normal appearance. Most of the daily movement of the Soviet personnel is followed from this room and when it is necessary to take pictures of visitors, unknown persons or newly arrived Soviets, the operators go to the other room and use the pre-set equipment.

5. GERBES's Comments. It seems to me that any careful observation by the Soviets would have revealed the tell-tale position of the venetian blinds in both the old and the new base. I have no doubt that the Soviets realize they are under photo surveillance. The move by the family from the old to the new building must surely have been noted by the Soviets. Possibly the Soviets think the family is working with the local authorities due to LIBERTY-13's former association with the Mexican Army.

6. Station Comments. The Station agrees with GERBES that careful observation by the Soviets would have revealed the missing slit in the venetian blinds and also the fact that these blinds are seldom open. The Station also agrees that the Soviets realize that they are under photo surveillance. This was pointed out recently when a Soviet ambushed an AMERCO walk-in when they passed the front gate of the Embassy and made a sign to the walk-in indicating that they could be seen by someone watching with a telescope from the buildings across the street. Also, as Headquarters is aware, there have been numerous comments by residents of Mexico City to the effect that anyone entering the Soviet Embassy is photographed; however, seldom has it been rumored that the "Americans" are doing it, which might indicate most people believe the Mexican Government is doing any such photographing and thereby reaffirming GERBES's statement that the Soviets possibly believe the Mexican Government runs the base.

7. Given the assumption that the LILYRIC base is blown, the Station at this point does not plan to terminate or revamp the LILYRIC installation. Any operational change by the operators would be spotted by the Soviets and if the base were closed the Soviets would start looking for a new installation. The LILYRIC Base is performing a useful function and it is believed that it will continue to do so. The Soviets have had opportunities to complain to the Mexican Government about being monitored photographically and have not seen fit to do so and it is believed that they probably will not do so unless there is a radical change in Soviet and/or Mexican policy. The Station has instructed GERBES to take every precaution during his meetings with LIBERTY-13 to assure that LIBERTY-13 does not lead the Soviets to him and thereby jeopardizing other operations, especially LICALLA.

LIBERTY

8. The operator of the LIBERTY Base, LIBERTY-6 is, to my knowledge, the oldest hand in the photo surveillance of the Soviet target and possibly the most likely to be "burned". His residence for years at the former base (now the site of the new LILYRIC building) and his move to the present base could not have gone unnoticed by the Soviets. His cover is that of an insurance salesman, but he actually does the part at the cover and is at a disadvantage in trying to explain his source of income. At times, in years past, he had to afford full-time cover from the base, which allowed him no time to engage in credible cover activities.

9. GERBES's Comments. I do not believe that LIBERTY-6/LIBERTY is a security risk; however, his present mode of working from an open door leading to his balcony probably can be spotted by the Soviets. LIBERTY-6 is extremely cautious about checking himself for surveillance when making meetings.

330	USE PREVIOUS EDITION.	CLASSIFICATION SECRET	YES CONTINUED	PAGE NO. 2
-----	-----------------------	--------------------------	------------------	---------------

10. Station Comment. The same Station Comment made in reference to LILYRIC also applies to LIMPTY. Also, the use of LIMITED as the radio alert base for the LILYRIC surveillance team has weakened the security of this base. In regard to LIMITED, LILYRIC-1 has reported that the Soviets are very interested in LIMPTY-1/LIMITED and that so many Soviets have talked to him (LILYRIC-1) about LIMITED that he is convinced that the Soviets have a "fix" and an "obsession" about LIMPTY-6. LILYRIC-1 reported on 1 January 1967 that the Subject of 01-7501-41 and the Subject of 01-7501-65 asked him on 10 December 1966 for full details known to him about LIMPTY-6 and Subject of 01-7501-65 went so far as to say that he believes that LIMPTY-6 is "watching the Soviets".

LICALIA

11. When the Soviets raised the height of the wall in their backyard about two years ago, they could have blocked completely the view of this base's working window by making the wall a few inches higher. Since they did not do this, it would seem to indicate that they are not aware that their activities are being monitored from this point. On the other hand, in recent months LIMPTY-9, the operator, has reported that activities in the backyard have been curtailed more and more. For example, the women no longer converse there daily, the school children enter their classes by a route not visible to LIMPTY-9 and the trees and shrubs have not been trimmed in years, making LIMPTY-9's view poor in most directions. LIMPTY-9 says that he has never noticed any undue interest in his house or his activities by the Soviets. Access to the operating room can be seen from the window which LIMPTY-9 believes to be the commo room in the target installation.

12. The cover for this base is that of a normal residence. LIMPTY-9's cover work is that of a car and insurance salesman in a local automobile agency in the afternoon only. LIMPTY-9 does work in his cover. LIMPTY-9's cover for the use of the operating room is that he does accounting work for client firms. The door is kept locked at all times and LIMPTY-9 never allows the servant to enter, even for cleaning purposes. The equipment is kept locked in a trunk within the room when not in use and all logs and photos are kept in a safe located in LIMPTY-9's bedroom closet.

13. OSWENDE Comment. I believe the Soviets are aware of the photo surveillance being carried out by this base due to the position of the window and the curtains during the hours when LIMPTY-9 is operating.

14. Station Comment. The Station does not believe that this photo base is known to the Soviets. This belief is based on the fact that the LICALIA coverage is excellent and there has been no indication that the Soviets act for the benefit of observers while they are in the backyard. It is interesting to note that the Soviets made no effort to "protect" the LILYRIC walk-in mentioned in paragraph 6 above during a visit to the backyard and LICALIA did obtain photographs of the walk-in. The school children no longer pass through the backyard because the location of the school was recently changed and the children now go by another route. The Station has instructed OSWENDE to take every precaution in order to protect the security of the LICALIA base.

15. As a general comment pertaining to the security of the bases involved in Project LIMPTY, it should be noted that the Soviets are aware of the fact that LIMOUSINE is the owner/builder of the new LILYRIC building. LIMOUSINE is also the owner of the LILYRIC complex, through a holding company.

16. The Station realizes that most of the details reported in this dispatch are known to Headquarters; however, the Station wanted to make the opinions of the Principal Agent and the Station a matter of record in a consolidated form.

for WILLARD C. CURTIS

SECRET NO FOREIGN DISSEM

20 DEC 1966

TO : Director
Federal Bureau of Investigation
Attention: Mr. S. J. Papich

FROM : Deputy Director for Plans

SUBJECT: Visitors to the Soviet Embassy, Mexico City

1. A sensitive and reliable source reported that two American looking men entered the Soviet Embassy on 27 October at 1542 hours and departed at 1549 hours. They were driving a black MG convertible with Ohio plates 4669 SK (white materials on maroon). A set of photos of the two men are provided your Bureau for identification. This Office would appreciate being informed if either of the two individuals in the photos are positively identified.
2. Further investigation revealed that these plates were issued to a Mr. John H. COLMAN of 160 West Church Street, Xenia, Ohio for use on a 1963 MG automobile. COLMAN was born 3 November 1939 in Ohio, the son of Mr. William T. and Mrs. Jane COLMAN (nee BARNER). The parents were separated for many years, but never divorced.
3. Credit Bureau records showed that in August 1964 COLMAN was 24 years of age and in attendance at the University of the Americas in Mexico City. He previously attended Dayton University.
4. On 14 November 1966, a member of the Xenia Police Department was interviewed at his office. He has known the COLMAN family for more than 25 years. The BARNER family is financially well-to-do and very prominent in the area. COLMAN's mother married his father, a former Air Force Colonel, who is now deceased. Colonel COLMAN was involved in some trouble at Selfridge Air Force Base, Michigan in the early 40's, and it is believed he retired from the Air Force because of this trouble. The informant did not know the details of this incident.
5. COLMAN attended local schools where he was a good student and for the past two years or so, had been attending a university in Mexico City. He visited his mother and friends during the summer of 1966 and is believed to have now returned to the university in Mexico City. The informant added that it had been reported that COLMAN married a Mexican girl and that his mother is quite upset over the marriage.

SECRET NO FOREIGN DISSEM

6. The informant stated in summary that Subject has never been in any trouble, that he comes from an excellent family background, with the exception of the father's trouble in the Air Force, and that there has been no reason to question the patriotism of any member of this family. COLMAN has been a normal boy in every way, has associated with respectable friends and the informant knows nothing unfavorable concerning his character or reputation.

7. There were no Headquarters traces on COLMAN.

8. This information has been made available to your Mexico City representative and may not receive further dissemination outside your Bureau without prior approval of this Office.

Action Required: **FTI**References : **MEXICO CITY-9135, 4 November 1966**
MDMA-30597, 17 November 1966**OWNER OF AUTO WHICH VISITED**

1. Ohio license plates 4669-SK were issued to a Mr. John H. COLMAN of 160 West Church Street, Xenia, Ohio for use on a 1963 MG.

2. Traffic records reflected that COLMAN was born 13 November 1939 in Ohio, the son of Mr. William T. and Mrs. Jane COLMAN (nee HARNER). The parents were separated for many years, but never divorced.

3. Credit Bureau records showed that in August 1964 COLMAN was 24 years of age and in attendance at the University of the Americas in Mexico City. He previously attended Dayton University.

4. On 14 November 1966, a member of the Xenia Police Department was interviewed at his office. He has known the COLMAN family for more than 25 years. The HARNER family is financially well-to-do and very prominent in the area. COLMAN's mother married his father, a former Air Force Colonel, who is now deceased. Colonel COLMAN was involved in some trouble at Selfridge Air Force Base, Michigan in the early 40's, and it is believed he retired from the Air Force because of this trouble. The informant did not know the details of this incident.

5. COLMAN attended local schools where he was a good student and for the past two years or so, had been attending a university in Mexico City. He visited his mother and friends during the

SECRET

SECRET

MEMORANDUM FOR: Headquarters

SUBJECT: Automobile License Plates
Identity of Owner
162994-203 F SD/1

1. Reference is made to Headquarters lead TWX dated 8 November 1966.
2. On 14 November 1966, the records at the Ohio State Bureau of Motor Vehicles, Columbus, Ohio, revealed Ohio License Plate #4669 BK belongs to John H. COLMAN, 160 W. Church Street, Xenia, Ohio, on a 1963 M.G. automobile.
3. Criminal files (no separate subversive files), at Xenia, Ohio Police Department, reviewed on 14 November 1966, contained no record in the name of John H. COLMAN or his parents, William T. and Mrs. Jane Harner COLMAN except a minor traffic violation against John H. COLMAN in November 1958. Traffic records reflected John H. COLMAN was born 3 November 1939 in Ohio. There was no record at the Greene County Criminal Court, Xenia, in the name of John H. COLMAN and parents.
4. The records of the Credit Bureau of Greene County, Xenia, reviewed 14 November 1966, showed that John H. COLMAN, son of William T. and Mrs. Jane Harner COLMAN, was 24 years of age in August 1964 and in attendance at the University of the Americas in Mexico City, Mexico. Previously he attended Dayton University.
5. The credit file of William T. COLMAN (father), deceased, and Mrs. Jane Harner COLMAN (mother) showed they were separated for many years but were never divorced.
6. On 14 November 1966, Earl COOPER, Xenia Police Department, a developed informant, was interviewed at his office. He has known SUBJECT and his parents for more than 25 years. The COLMAN family resided near this informant for many years and SUBJECT played in his yard with the other neighborhood children. His mother is the former Jane HARNER, daughter of the former President and Chairman of the Board of the Eavey Grocery Company. The HARNER family is

financially well to do and very prominent in this area. COLMAN's mother married his father, a former Colonel in the U.S. Air Force, who is now deceased. Col. COLMAN was involved in some trouble at Selfridge Air Force Base, Michigan, in early 1940's and is believed to have been retired from the Air Force because of this trouble. COOPER does not know the details of this incident.

7. COLMAN attended the local schools where he was a good student and, for the past two years or so, has been attending a University in Mexico City. He visited his mother and friends here during the past summer and is believed to have now returned to the university. COOPER added that it has been reported in this city that SUBJECT has married a Mexican girl and that his mother is quite upset over this marriage.

8. Informant stated in summary that SUBJECT has never been in any trouble, that he comes from an excellent family background, with the exception of the father's trouble while in the Air Force, and that there has been no reason to question the patriotism of any member of this family. The reputations of both SUBJECT and his parents are excellent in this area and the mother's family is one of the best known and most prominent in this county. SUBJECT has been a normal boy in every way, has associated with respectable friends and COOPER knows nothing unfavorable concerning his character or reputation.

LIESTY Project Renewal Request

ACTION REQUIRED - REFERENCES

Action Required: See Paragraph 2

1. Station Mexico City's Project LIESTY expires on 30 November 1966. Forwarded herewith and under separate cover in split transmittal is the Request for Renewal of Project LIESTY.

2. It is requested that Project LIESTY be renewed for the period 1 December 1966 through 30 November 1967 in the amount of \$45,000. Of this total, \$29,020 should be allotted for FY 1967 and \$15,980 for FY 1967.

the LEBERICK installation and personnel. Specific examples of the LEMPTY Project's progress and contributions to the RMD will be found in Section 3 below (EFFECTIVE 1963).

2. CHANGES.

A. Operational - As noted in the previous Request for Project Renewal, the former LIMITED property was sold to LEMOUSINE, who as per formal agreement with the Station, demolished the old structure and constructed a new edifice. While it was initially contemplated to place the LIMITED (LEMPYs -6 and -7) personnel in the new building, and to retain the same, equal division of workload between LILYRIC and LIMITED, it was later agreed to move the present LILYRIC basehouse personnel (LEMPYs -13, -14, -26 and -27) into the new base instead, along with the following ancillary modifications:

An increase in the hours of both the photographic and physical surveillance coverage provided from the new base by the LILYRIC operators (0800-1600 hours) during the weekdays and to have the LIMITED base provide photographic and physical surveillance coverage from 1600-1830 hours on weekdays and from 0930-1300 hours on weekends. These changes were dictated by the following considerations:

1. The new LEMOUSINE building offers a much better vantage point for both photographic and physical surveillance than does the present complex which houses the LILYRIC and LIMITED bases. Therefore, the Station felt that the personnel occupying this new base should be those possessing the highest technical skills and also those able to provide the most thorough and complete coverage. Since the LIMITED base now has only one trained operator while the LILYRIC basehouse has three, the LILYRIC group and a revision of working hours was indicated.

2. Because it was apparent that the coverage of the LEBERICK installation would be a long-range and continuing requirement, the Station desired to staff the new base with personnel of long-range potential. LEMPT-6, now almost 60 years old, does not possess this potential; however, the LILYRIC agent complex happily combines experienced personnel with youthful agents.

3. Finally, the social and financial status of the LILYRIC personnel is much more compatible and consistent with the environment of the new building than is that of the LIMITED family.

The above-cited revised work schedule was initiated in July 1966 and the actual movement of the LILYRICs into the new base began in late September 1966.

INFO

FROM

Chief of Station, Mexico City

SUBJECT

LIMOUSINE

ACTION REQUIRED - REFERENCES

Reference: DIR-77743, 15 January 1965.

1. Attached herewith is a sterilized copy of the Memorandum of Agreement executed with LIMOUSINE on 3 February 1965. Three signed and dated copies are retained in Station files. Both LIMOUSINE and his wife appeared and signed the agreement, with Robert L. EASBY acting for ODOYKE. It will be noted that the final terms were somewhat more favorable than Headquarters had authorized.

2. Station had ample opportunity to study the plans and they were so ideal from both the operational and living standpoint that no changes were required. Building can therefore begin almost at once, and the forecast for completion is still about 1 July.

3. Consideration had been given in the Station to installing line-feed switchable transmitters in the two lower apartments in view of their probable attractiveness to FJSTEAL personnel. However, it is Station's view that given LIMOUSINE's close involvement with KUBARK on a number of matters it would be well neither to have too much FJSTEAL interest aroused in the building nor to give them the opportunity to observe the pattern of LIFEUD/6 at such close range.

4. With reference to paragraph 5 of the memorandum, Station will probably decide to have LIFEUD/6 draw up a normal contract with LIMOUSINE and pay him his rent, which will be passed by LIMOUSINE to Station at regular intervals. The question of how to route an apparently normal transaction around LIMOUSINE's bookkeeper has not yet been resolved.

MEMORANDUM OF AGREEMENT

1. I, _____, hereby agree to pay the U. S. Government the sum of \$100,000 pesos for the property located at _____
 of this amount, I will pay 50% (50,000 pesos) in cash in two equal installments. The first installment of 25,000 pesos will be paid on the beginning of construction of the building. The second equal installment will be paid on completion of the construction.
2. Construction of the new building to be erected on the site in question will begin immediately on completion of the demolition of the present structure and clearing of the site.
3. The balance of 50,000 pesos will be repaid within two (2) years of completion of the building. As part of this payment, the apartment which is to occupy the entire top dwelling floor will be let rent-free to Jorge _____
 or such other person as the U. S. Government may designate for two (2) years at a calculated rent of 2,500 pesos monthly, including city water. The understanding covering this two year free rental will be negotiated by me with the representative of the U. S. Government and will be considered part of this Memorandum of Agreement.
4. The 4,500 pesos remaining will be paid in a lump sum at the end of the second full year of _____ occupancy of the apartment.
5. I further agree that I will, on completion of the building, execute a rental contract with _____ in accordance with the pertinent part of paragraph 3 above. This contract will be accompanied by an unwritten option for _____
 or other person approved by the representative of the U. S. Government to renew the rental contract for such periods of time as the U. S. Government may see fit. The contract shall stipulate that any increase in rental will not exceed the proportionate rate at which rentals have been increased for the other apartments in the same building.
6. Any rental payments made to me or my representatives by _____ during the two year free rental period, will be returned to the representative of the U. S. Government, minus any such appropriately pro-rated charges for building repairs and maintenance as would normally fall to the responsibility of the tenant.

COPY

(c)

7. I further stipulate that if, during the period of this reimbursement agreement (two years from completion of the new building), I should die or retire from the ~~U. S. Government~~, this agreement will become binding on my estate through my beneficiary ~~and my children, Douglas and Linda.~~

Finally, I agree that prior to beginning construction of the new edifice, I will submit my plans to the U. S. Government to enable them to make such alterations as may be necessary to their needs.

Mexico City, Mexico. ~~January 1, 1966~~ ^{January 1, 1966}.

AIDE MEMOIRE

SUBJECT: Sale of LIMITED Property to LIMOUSINE

In 1955 KUBARK purchased the LIMITED property (215 sq. metres of land and house) in Mexico City for \$12,000 and then spent \$3,500 for repairs and renovations to accommodate KUBARK operational requirements.

Because of its ideal location directly across the street from the USSR Embassy, this property which was for sale was purchased so KUBARK could establish control over this specific piece of property at that time. For reasons of security, legal title for LIMITED was vested in agent LIMOUSINE who acted as the cut-out vehicle. A statement of trust is on file at the Station in which LIMOUSINE acknowledges KUBARK's true ownership of the property. LIMITED has been used operationally with outstanding success and presumably without compromise, and it is WH's intention to continue using it.

It recently developed that part of the LIMITED house crumbled, and all the house was found to be in a similar state of disrepair. Repairs and limited remodeling, however costly, did not seem to be economically feasible, and in addition certain other operational and security considerations seemed to dictate the need for a new kind of structure--a higher building so our angle of surveillance could be improved, and the addition of a commercial interest on the ground level to provide a daily flow of people (such as a bank, retail store, etc.) Erection of a commercial building is within the zoning restrictions of the district.

The cost for new construction of a suitable building has been estimated upwards of \$55,000. Although the property is located in a slowly deteriorating district, nonetheless the proposition is bankable. With land included (appraised at \$14,500 to \$15,000), a local bank is willing to loan 80% of the new construction cost of \$55,000.

LIMOUSINE would not venture into such a construction program on his own account at this time. He would, however, follow through with it as an accommodation to KUBARK if the terms were equitable. Accordingly, he has indicated he will be willing to put up 20% of the construction cost from his own funds, borrow the remaining 80%, and then offered to pay KUBARK 180,600 pesos or \$14,448 (appraised value by bank) for the 215 sq metres of land. Nothing would be paid for the old building, since little, if anything, could be realized from the sale of the old building and the cost of razing it would far exceed the sale of the salvage materials.

Since much of LIMOUSINE's cash funds would be tied up in financing the new construction, he offered to effect payment to KUBARK at the rate of 4,300 pesos or \$344.00 per month over a 3½ year period with the first payment commencing 3 years after completion of construction or July 1965. LIMOUSINE would execute a non-interest and unsecured note for the land. He would ensure KUBARK tenancy retention rights to rental of third floor apartment at the rate of \$2,300 pesos per month with KUBARK reserving the right to cancel any time. The apartment would be built to KUBARK's requirements.

Since Headquarters desires to continue its relations with LIMOUSINE and considers it impracticable and not feasible to administer rental property, it agreed in principle of the sale to LIMOUSINE of the LIMITED property. In this connection, it is considered noteworthy that LIMOUSINE has rendered extremely valuable service to KUBARK in the past year and has not received any remuneration for it which, if equated into dollars, would equal upwards of \$35,000. Notwithstanding this and that KUBARK will continue to use LIMOUSINE's services, however, since the promissory note would be unsecured, and in order to avoid subsequent implications and possible future total loss in the event the LIMITED property subsequently passed from LIMOUSINE's or his estate's control, Headquarters preferred a lump sum payment from the very outset, and to this end offered the sale of LIMITED to LIMOUSINE at a reduced rate. Specifically, it set the negotiating limits with COS Mexico City from \$9,000 to \$12,000. As a second alternative, in the event LIMOUSINE is unable to raise the single lump sum payment, Headquarters would be willing to accept a bulk of the sale price as a down payment and the balance in monthly payments by withholding the agreed rental as a means of partial enforced payment.

The attached draft of Headquarters cable authorizes COS Mexico City to negotiate final sale to LIMOUSINE between \$7,000 to \$12,000.

EDQS APPROVES IN PRINCIPLE SELLING LIMITED PROPERTY TO LIMOUSINE. ASSUME THIS IS AT TOTAL TAX VALUE INCLUDING LAND AND HOUSE. PER PARA TWO REF, WE APPROVE HIS DEFERRING PAYMENT OF LAND VALUE FOR THREE YEARS. ASSUME HE WILL PAY HOUSE VALUE IMMEDIATELY. ADVISE. COMPLETE SALES PRICE FOR EDQS CONCURRENCE PRIOR TO CONCLUDING AGREEMENT WITH LIMOUSINE. ALSO ATTEMPT TO DETERMINE AT LEAST APPROXIMATE RENTAL COST FOR LIMITED APARTMENT AND ADVISE.

REF DIR 65696
 (in 96996)
 MEXI 1307, 20 OCT 64

1. STATION HAS TWO BANK EVALUATIONS OF PROPERTY, ONE BY BANCO NACIONAL DE MEXICO OBTAINED BY SCANTLING IN PSEUDO AND OTHER BY BANCO AZTECA AT LIMOUSINE BEHEST. RESPECTIVE EVALUATIONS ARE: LOT 185,266 AND 180,600 PESOS; TOTAL TAX VALUE 255,575 AND 249,242 PESOS WHICH OF COURSE INCLUDES PRESENT HOUSE. DISCREPANCIES BETWEEN TWO APPRAISALS NOT SUFFICIENT WORRY ABOUT SINCE FOR BUILDING PURPOSES ONLY LAND VALUE PERTINENT, AND DIFFERENCE HERE LESS THAN 5000 PESOS, SO BELIEVE CAN DISREGARD OTHER FIGURES.

2. LIMOUSINE HAS ALSO HAD PLANS MADE FOR 4 STORY BUILDING ON PROPERTY, GROUND FLOOR COMMERCIAL AND THREE FLOORS OF APTS, ONE OF WHICH WOULD GUARANTEE RESERVE FOR LIMITED AND ALTER AS STATION WISHES. SMALLER BUILDING NOT DEEMED WORTHWHILE INVESTMENT. COST STUDY SHOWS BUILDING COULD PROBABLY BE PUT UP FOR ABOUT 535,900 PESOS, OF WHICH LIMOUSINE COULD BORROW ABOUT 433,000 FROM BANK. JUDGES BUILDING COULD BE FINISHED WITHIN 5 MONTHS OF BEGINNING DEMOLITION PRESENT STRUCTURE. LIMOUSINE WOULD PUT UP

FROM OWN FUNDS WHATEVER NEEDED TO SUPPLEMENT BANK LOAN. IN ORDER
REGAIN BULK OF OWN INVESTMENT, WOULD LIKE DEFER PAYMENT TO US OF
LAND VALUE FOR 3 YEARS. MEANWHILE ALTHO WILL REQUIRE ANOTHER APPRAISAL
FROM BANK MAKING LOT, THIS WILL PROBABLY NOT DIFFER MUCH. FOR
PURPOSES GENERAL AGREEMENT BELIEVE AVERAGE OF ABOVE TWO APPRAISAL
FIGURES FOR LOT CAN BE TAKEN FOR PLANNING PURPOSES.

3. LIMOUSINE NOT YET AWARE OF INDEPENDENT EVAL, BUT WILL INFORM
HIM IN ORDER ARRIVE AT FIRM FIGURE FOR NEGOTIATION IF HQ APPROVES IN
PRINCIPLE.

4. NOTE THIS SOLUTION IDEAL FOR STATION, SINCE RETURNS PROFIT
OF ALMOST 5000 DOLLARS ON ORIGINAL INVESTMENT AND RELIEVES KUBARK
OF ONUS OWNING AND ADMINISTERING PROPERTY AS WELL AS GIVING
LIMOUSINE FAVORABLE CHANCE PROFIT WITHOUT ANY COST TO KUBARK.

5. WHILE RENT OF LIMITED APARTMENT NOT SET, KUBARK CAN COUNT
ON GETTING FAIR SHARE. DO NOT BELIEVE RENT FIGURE SIGNIFICANT
FACTOR IN DECISION.

1. HDQS AGREES IN PRINCIPLE THAT LIMITED BLDG SHOULD BE RAZED RATHER THAN REPAIRED. YOUR PARA THREE PROPOSAL OF COMMERCIAL INCOME NETTING VENTURE WOULD IMMEDIATELY MAKE THIS ASPECT OF LIEMPTY A PROPRIETARY WITH ATTENDANT SPECIAL ADMIN HANDLING. UNLESS THERE ARE OVERRIDING SECURITY AND OPS CONSIDERATIONS WE PREFER NOT DO THIS. HOWEVER IF FINAL DECISION IS TO BUILD STORE AND TWO APARTMENTS, HDQS SUGGESTS LIMITED BE MADE SEPARATE (FROM LIEMPTY) PROPRIETARY SUPPORT PROJ IN ORDER REDUCE CONFUSION OF TWO TYPES ACCOUNTING UNDER ONE PROJ.

2. HDQS STRONGLY BELIEVES PREFERABLE SOLUTION WOULD BE MERELY REBUILD HOUSE ON SAME LAND FOR OCCUPANCY BASEHOUSE KEEPERS. THIS WILL NOT INVOLVE PROPRIETARY. ALSO WOULD BE MORE SECURE FROM STANDPOINT SOV COUNTERMEASURES.

3. ALTERNATE SOLUTION IS SELL LIMITED PROPERTY TO LIMOUSINE AT FAIR MARKET VALUE DETERMINED BY INDEPENDENT APPRAISAL WITH UNDERSTANDING HE BUILD AN APARTMENT ON SECOND FLOOR WHICH HE WILL LET US ON LONG TERM LEASE.

LIEMPTY REDCOAT

1. LIMITED HOUSE BUILT 1916 HAS BEEN STEADILY DETERIORATING. RECENTLY PART OF DECORATIVE CORNICE CONCEALING CAMERA CAVITY CRUMBLED. EXTERIOR BADLY IN NEED OF REPAIRS.

2. GIVEN APPARENT RECENT SOV INTEREST IN PROBABLE PHOTO COVERAGE^E OF ENB, IMMINENCE OF APPEARANCE WARREN COMMISSION ANNEXES AND ABOVE CONSIDERATION, MEXI ASKED LIMOUSINE AND HIS ARCHITECT TO INSPECT HOUSE WITH VIEW TO VARIOUS SOLUTIONS. FOLLOWING FACTS EMERGED:

A. PROPERTY PURCHASED 1955 FOR 145,000 PESOS, COMPRISING 215 SQUARE METERS.

B. SIMILAR PROPERTY IN NEIGHBORHOOD NOW GOING FOR 1500 TO 2000 PESOS PER METER, GIVING LIMITED CONSERVATIVE MARKET VALUE OF 325,000 PESOS.

C. LOCATION IDEAL FOR CONSTRUCTION OF SMALL STORE WITH TWO APARTMENTS ABOVE. PROBABLE RENT FOR STORE BETWEEN 4000 AND 5000 PESOS AND TWO BEDROOM APARTMENT ABOUT 1000 PESOS.

D. BASED ON AVERAGE CONSTRUCTION COSTS FOR COMMERCIAL PROPERTY (ABOUT 1000 PESOS METER), DEDUCTING SPACE REQUIRED FOR GARAGE FOR

IN 96936 PAGE 2

EACH OF TWO APARTMENTS AND ADDING TOPSIDE CONSTRUCTION FOR LAUNDRY AND
 GID'S QUARTERS, ABOUT 600 SQUARE METERS ⁰ OF CONSTRUCTION NEEDED.
 INCLUDING DEMOLITION PRESENT BUILDING (ABOUT 18,000 PESOS) LIMOUSINE
 BELIEVES COULD DO JOB FOR ABOUT 50,000 DOLLARS. THIS WOULD BE AT
 COST PLUS 10 PERCENT AND NOT INCLUDING OVERTIME.

E. USING OWN WORKMEN L BELIEVES CAN DO JOB TO OUR SPECIFICATIONS
 WITHIN 4 MONTHS OF START.

F. IF LIMOUSINE WERE DOING THIS HIMSELF AS COMMERCIAL PROPOSITION,
 HE WOULD BUY LOTS ON EITHER SIDE OF LIMITED AND PUT UP SUPERMARKET
 OPERATION.

3. TIMING NOW RIGHT ^F FOR SUCH MOVE. AGE AND CONDITION ^N OF BUILDING
 MILITATES AGAINST MERE SUPERFICIAL REPAIR. WITH ^T ALMOST CERTAIN GROSS
 ANNUAL INCOME OF ABOUT 8,000 DOLLARS PER YEAR INCLUDING RENT FROM
 LIEMPTY'S, SEEMS LIKE FAVORABLE PROPOSITION.

4. STATION WOULD LIKE IN PRINCIPLE OKAY TO PROCEED. ON RECEIPT
 WOULD DIRECT LIMOUSINE BEGIN DEMOLITION AND HAVE ARCHITECT DRAW UP
 PLANS. WOULD HQ NEED OKAY PLANS BEFORE BEGINNING CONSTRUCTION?
 IF SO, HOW LONG WOULD APPROVAL LIKELY TAKE?

5. IF APPROVED REQUEST HQ INCREASE OOA OR LIEMPTY BY ABOUT 55,000
 TO ALLOW FOR MISCELLANEOUS ATTENDANT COSTS PLUS SOME FLEXIBILITY VIS
 A VIS LIMOUSINE ESTIMATE.
