Memo for the Record: 13 July 1964
(and for Lee TATE's review upon his return from leave).

1. I called Jim Coleman of S.O., RL1583, to check status of Subject's clearance - in view of fact memo to OTR dated 6 July 1964 (requesting covert training) states Subject has a CSA. Coleman pulled file, called me back and confirmed that Subject was granted a CSA on 9 May 1960 as an independent contract agent for use in political action operations in Miami, Fla. (At that time citizenship was given as U.S. by birth, Coleman said.) Subsequent correspondence in Subject's S.O. file relates to fact Subject lost his citizenship in 1950 by accepting employment in Cuban police (this is also spelled out in Section II of Subject's PRQ Part I, filed herein below, which we received 6 May 1959). Coleman explained that latest correspondence relating to citizenship was dated 1962 at which time a private bill was pending in Congress to have Subject's citizenship reinstated. As Coleman understood it, Subject had gone to work for Cuban (Havana?) police at the request of FBI and that FBI had been supporting case to have citizenship reinstated. (See reference to citizenship status in para 3 of memo to OTR).

2. Coleman explained that while Subject's CSA has not been formally cancelled, technically speaking its present validity would hinge on following two factors:

- a. Is Subject still being used as political action agent, for which the CSA was granted in 1960?

Re ~~from~~ this, Coleman refused the statement "He is currently being used by PW as a source of info on the Cuban exile community" contained in 2nd para, Page 1, of Subject's polygraph report dated 16 April 1964 (copy filed herein attached. Re S.O. memo dated 26 May 1964, Coleman thought this suggested ~~the~~ a change in use, i.e. that Subject is now being used as an FBI source rather than as a political action agent (My comment: He's probably being used in both ways which would only be natural, it seems to me). Coleman said he had questioned WH about current use on 28 May 64, asked them to send a cable to JMWAVE on the matter, but no fax had received no reply.

b. Second point involved Subject's CSA would longer would be citizenship status, Coleman confirmed. He said if Subject has regained his ^{U.S.} citizenship, ~~then~~ then CSA was proper (op. inv. U.S. citizen in the U.S. - specifically Miami) but that if he has not regained citizenship he properly would be a POA/DA case.

3. I agreed to call WH and close on above points but Coleman and I both agreed that since Subject has been granted a CSA, has had favorable background investigation and favorably polygraphed there would be no need to hold up the training even if Subject has not regained his citizenship - providing, in the latter case, that WH would agree to submit a request for POA/DA without further delay - in next few days or so. (Training to start next Monday, July 20. POA could ~~only~~ be processed by end of week only on a small basis, esp. if FBI is to be checked; and the training memo must be coordinated at several points with C/OA in order to be approved before end of this week.)

N.B. Subject CSA has no restrictions.

4. I then called for Mr. Charles Francis, DC/WH/SS X 7678, RL 9057, identified in straining memo as the WH HQ case officer, but found that he is away on leave this week. I was then referred to a Mr. Rochester on same extension who was only slightly familiar with case. He said he would review ~~file~~ file and call me back. Later both he and Mr. Jimmy Mulane, WH Security Officer called back, Mulane being more familiar with case than Rochester. Mulane said he was quite sure Subject had not regained his U.S. citizenship and so both agreed that a POA/OA request would be submitted, before the end of this week if at all possible. Re position of the FBI on the case, Mulane said he had a memo in file showing that FBI claimed that Subject had helped them in a minor way etc., and that the FBI had not lent strong support (as Coloman had understood) toward having citizenship reinstated. He said he would send a copy of this memo to Coloman ~~to~~ for inclusion in S.O. file in order to clarify this point.

5. Still later one ^{Olivia} ~~Olivia~~, WH/SA, RL 1263 called to get the story straight since she had been asked to ~~start~~ start POA/OA action on the case. I explained the situation per above. She will submit 772 form (reflecting current RI + Dir traces) plus GLNC form, requesting POA/OA, and make ref to PRQ Part I which we already have in file. She explained she has no additional bio data to submit ~~as there~~ won't be any supplementary bio data sheet.

To: Joe Teto: Since you are out this week and since this is a rather unusual case, I have recorded full details above for your review upon your return.
