desires and the Ecuadorean Government will do its best to cooperate with PBFRIME.

C. Identity was also told that the Covernment of Ecuador has conmenced negotiations with an electronics firm in Dallas, Texas, believed by Identity to be the Continental Electronics Company, for the construction of a 50,000 kilowatt radio station in Guayaquil. This station will be used to combat antigovernment propaganda becaud into Ecuador from Cuba. Nebot felt that FERIME could make use of this radio station. Identity told Nebot that be believed this could be arranged.

D. It is the opinion of Identity that this is a golden epportunity for PEPRIME to commence cooperation with a new government in a pro-PEPRIME country. He stated that the Ecuadorean Government would be most willing for KUEARK to utilize the above radio station; however, it would necessitate KUEARK to utilize the above radio station; however, it would necessitate KUEARK to utilize the information he had given ODENVY would be furnished to KUEARK pursuant to his request. He desired to be contacted within a period of ten days if KUEARK is interested in the information he had to offer. He further action concerning this matter will be undertaken by ODENVY.

2. ODENVY has previously reported at length on the Identity, a public relations counsel. Identity registered as a purchasing agent for various bureaus of the Republic of Micaragua on 15 April 1955; on 22 July 1958, he registered as an agent of the Israeli Military Industries, which was controlled by the government of Israel.

3. The Identity appears to be an international businessman with special interost in Latin American Countries. He has previously frequently contacted PBFRIME agancies on subjects he thought appropriate to bring to their attention. A cursory check of his 201 file revealed no derogatory information. Further information can be supplied if the field so requests.
