Queted below is the text of an ODEEVY report, dated 11 October 1963, on subject publication. Although such of it is a duplication of the information which was provided the Station in earlier correspondence, we are forwarding the report in the event the information in the last paragraph has not come to your attention.

"T-1, a confidential source abroad, has advised that the publieation "African Revolution" was created by the Algerian Front of Hational Liberation. Its English language edition is published in Svitzerland. There have been several changes in the editorial composition and policy of "African Revolution" recently, according to T-1. Following a disagreement with BEN : BELLA, JACQUES CAMILLE VERGES, the editor of the publication, was dismissed from his functions. VERGES is an Algerian national, who was born March 5, 1925. His place as editor was taken by HOHANED HARRY, former Secretary General of the Algerian Ministry of Poreign Affairs. Since HARBI because editor, the editorial policy has changed; and the June 1963 issue of "African Revolution" indicated that the journal is now closely reflecting HET BELLA's policy and attempting to promote a more Algerian image.

\* Although VERCES is no longer connected with the Algerian venture, he continues to publish the English digest of "African Revolution from Laussame, Switzerland. The July 1963 issue was retitled "Africa, Latin America, Asia Revolution." The phrase "the third world," which is now in vogue among VERGES's group to describe the underdeveloped nations of Africa, South America, and Asia indicates the scope of the megazine in its new fors. I-l described this publication with which VERGES is presently connected as procommunist.

"Two members of the Lausanne office of the "African Revolution" have remained loyal to YERGES after he was replaced by MARBI. They ere FRENT GILBERT WILS ANDERSSON, a Swedish national who was born on Pegruary 14, 1933, in Lausenne, and RICHARD THOMAS GIBSON, a United States citizen who was born May 13, 1931, in Los Angeles. 30605 2

## SECRET

"ANDERSSON apparently heads the office of the Lausanne edition of "African Revolution" with offices at 10-11 Metropole, Lausanne. He is also editor-secretary of "Sociate Cooperative Clartes Editions."

"GIBSOE has U. S. Passport Ho. B-131994 which was issued at Washington, D. C. on January 25, 1961. His wife is JOY MARJORIE GIBSOE, nee MAYE, who was born July 12, 1926, in London. She is a British subject, carries British passport C156546, and is also a journalist. She resides in Lausanne at 17 Escaliers du Marche, where she arrived from Algeria in late April 1963 (this also is presumbly the residence of her husband, PICHARD THOMAS GIRSON.)

"According to 7-1, VERCES has been denied permission to enter Switzerland. The case against AEDERSSON is still pending (probably relating to whether or not he will be allowed to remain in Switzerland.) RICHARD THEMAS GINSON has been refused a Swiss resident's permit and has been ordered to depart from Switzerland before December 15, 1963."

H.B. A HEREEK analysis of the publications both before and after the change of editors in Bay 1953 shows no significant change in the editorial policy of either the Algerian or the Swiss based versions, as is suggested in paragraph 1 of the ODENY report. The Algers edition also continues to reflect a pro-ChiCom policy. Also, to our knowledge Verges is a French mational not an Algerian mational.
