Los Secuestros, Clave de Siniestro Plan Comunista Denuncian Actividades en Colombia

El secuestro de que acaba de comenzando por estos días oírse como víctima en Cali el conocido mediático y ganadero Ernesto Gómez Cacicedo, ha venido a confirmar irrefutablemente la existencia de una vasta conjura comunista para subvertir el orden constitucional y sumir de nuevo al país en una ola de terrorismo y violencia que padecean sus ciudadanos para siempre.

En efecto, este periódico así como también los demás diarios de la capital, habían anunciado en sus ediciones del 12 y del 18 de los corrientes pasadas en informaciones oficiales que el Departamento del Valle había sido escogido por los comunistas prosoviéticos para controlar la ola de ataques, atentados, terroristas y secuestros inmediatamente temeramente en el Departamento de Antioquia.

Después del secuestro del ingeniero ambiental Rubén Nájera se produjo allí en el Valle el del mediático Ernesto Gómez Cacicedo por cuyo rescate los bandoleros comunistas estaban extiendo la creciente suma de cuatro y medio millones de pesos. Se viene cumpliendo así cronograma avante lo establecido del nuevo plan subversivo.

Estos en capa de crimen

comunitarios son obviamente los de conseguir los dineros necesarios para financiar las actividades de bandoleros en las zonas rurales ya escogidas.

Este incremento de la actividad en Colombia, al que hay que sumar el reciente asalto

a la finca de Montero,

que se apresen a las autoridades para que se apresen a los presos a la clandestinidad.

En las mismas fuentes se informó que los secuestros del señor Nardia y del doctor Gómez, obedecen a móviles y tienen características semejantes a los perpetrados por bandoleros a los PAPC en años pasados, a resultados de los cuales fueron asesinados los comandos homólogos de peritos Harold Eder y Octavio Lara Botero.

Los PAPC, como lo sabe todo el mundo, es un organismo paramilitar, creado por los comunistas prosoviéticos y dirigido por el traidormente rebeldes "potrillo", quien es miembro del comité central del partido comunista adicto a Moscú. Presuntamente para revitalizar a este organismo, que había quedado reducido a las más precarias condiciones, gracias a la pacífica labor de las Fuerzas Armadas un trío compuesto de la embajada soviética, entregó en

Méjico la suma de cien mil dólares al comunista colombiano Faustino Pachón Chocón, quien según las cuales el partidista mexicano, por testima, fue detenido comunista colombiano adicto a la Unión de Soviéticos, ha cursado instrucciones a todas sus unidades para que se apresen a los presos a la clandestinidad.

En tanto a este sonado asunto que en su época tuvo resonancia mundial, el diario "La Tribuna", de Lima, identifica en una serie de crónicas recientes a un grupo de apellido Lenov como "el financiario soviético que le dio el dinero a Pachón en México", agregó basado en informaciones de la Inglaterra que Lenov viaja con otros agentes de la KGB, Alexander Ozerovskiy y Victor Medvedev, todos ellos distinguidos "explicistas", en una extraña cárceles que comprende justamente los países mencionados por "La Prensa" de Buenos Aires como enclaves del nuevo plan violento del comunismo, dice, Colombia, Venezuela, Ecuador, Perú y Bolivia.

Según "La Tribuna", de Lima, estos tres países estuvieron en Colombia recientemente, y específicamente el papa de su paso por aquí que se están presentando los secuestros y actos violentos mencionados.

En abundancia de detalles, el importante periódico "Ta", editado en Madrid (España), enumera también en fecha muy reciente de la conjura comunista contra Colombia y otros países de América Latina. Segundo el diario madrileño, las sedes de los países Tass y Novosti son verdaderos "nidos de explotación y subversión" a través de los cuales se difunden la más peligrosa actividad del comunismo soviético.

COMMUNISTS PROMOTE VIOLENCE IN LATIN COUNTRIES

Source: La Republica, 25 July 1969

The kidnapping of which the noted doctor and rancher Ernesto Gonzalez Caicedo was recently the victim in Cali has served to confirm, tragically, the existence of a vast communist plot to subvert the constitutional order and to plunge the country again into a wave of terrorism and violence which appeared to be buried forever.

In fact, this newspaper, like the other dailies in the capital, reported in its 12 and 18 July issues, on the basis of official statements, that the Department of Valle had been selected by the pro-Soviet communists as the scene of the continued wave of terrorist attacks and assaults and kidnappings recently begun in the Department of Antioquia.

Following the kidnapping of Antioquia rancher Ruben Norcena, the kidnapping of Doctor Ernesto Gonzalez Caicedo has now occurred. The communist bandits are demanding the enormous sum of 4.5 million pesos in ransom. Thus the chronological stages in the new, subversive plan are being carried out, beginning with the steps which are obviously designed to obtain the money necessary to finance the bandit gangs in the rural areas they have already selected.

This increase in violence in Colombia, to which must be added the recent gang attack in San Jose de Urama, similar to the incidents of past years, occurred immediately after the charges made a few days ago by the Buenos Aires daily La Prensa, one of the most serious and prestigious newspapers on this continent. On this occasion, the Argentine newspaper made editorial mention of Colombia as one of the countries which will be most seriously affected by the communist violence, along with Venezuela, Peru, Ecuador and Bolivia.

The facts indicate, moreover, that despite the ideological differences, the various "Maoist," "Castroist," and "Muskovite" categories of communist fauna are solidly united and pledged to the plan of terrorism and violence denounced in these charges.

We are in a position to inform the public that the DAS [Departamento Administrativo de Seguridad; Administrative Department of Security], the police and the army have in hand information revealing that the Colombian Communist Party, a supporter of the "Moscow line," has issued instructions to all its affiliated organizations calling for immediate engagement in secret activity.

The same sources have stated that the kidnappings of Mister Norena and Doctor Gonzalez were similar in motivation and method to the kidnappings committed in past years by FARC [Fuerzas Armadas Revolucionarias de Colombia; Revolutionary Armed Forces of Colombia] bandits, resulting in the murder of the well-known businessmen Harold Eder and Oliverio Lara Borrero.

The FARC, as everyone knows, is a paramilitary organization established by the pro-Soviet communists and headed by "Tirofijo" (Dead-eye), of unsavory notoriety, who is a member of the Central Committee of the Communist Party

supporting Moscow. Precisely in order to revitalize this organization, which had been reduced to the most precarious status thanks to the patriotic efforts of the armed forces, an official of the Soviet Embassy handed over the sum of 100,000 dollars to Colombian communist Feliciano Pachon Choconta in Mexico. Fortunately, he was found and captured when he was on the point of successfully completing his prophetic mission. On the subject of this notorious matter which had worldwide repercussions at the time, the Lima daily La Tribuna identified a Russian called Lenov in a series of recent reports, as "the Soviet official who gave Pachon the money in Mexico," and, on the basis of information obtained from Interpol; it added that Lenov is traveling with two other KGB agents, Alexander Operbunov and Victor Mednikov, all claiming to be "trade union leaders," on a fantastic tour which covers precisely the countries mentioned in the Buenos Aires La Prensa as the targets of the new communist plans for violence, that is to say, Colombia, Venezuela, Ecuador, Peru and Bolivia.

According to the Lima daily, La Tribuna, these three Russians were recently in Colombia, and it was precisely after their stay here that the kidnappings and acts of violence referred to erupted.

Providing an abundance of detail, the major periodical Ya, published in Madrid, Spain, also analyzed the communist plot against Colombia and the other Latin American countries in a very recent issue. According to this Madrid daily, the headquarters of the Tass and Novosty news agencies are real "hotbeds of espionage and subversion" in which the most [illegible] activity of the Soviet communists is carried out.

POLITICAL MOTIVES BEHIND COLOMBIAN KIDNAPPINGS

Source: El Tiempo, 25 July 1969

Day before yesterday the Lima daily La Tribuna, the most prestigious newspaper in Peru, charged on the basis of information obtained from Interpol that the reasons behind the kidnappings of rich ranchers and farmers which have occurred in Colombia recently are political.

Echoing the charges made in the editorial pages in recent days by the Buenos Aires newspaper La Prensa, the Lima daily also claimed that there is "a vast plan for communist subversion on an international scale affecting Colombia, Venezuela, Peru, Ecuador and Bolivia equally."

In reporting the activities of three Soviet KGB agents in South America, this daily said that "they travel under the guise of trade union leaders," and that "one of them, Lenov, is the employee of the Soviet Embassy in Mexico who turned over to Colombian bandit Feliciano Pachon the sum of 100,000 US dollars for the subversive groups in that country."

Lenov is traveling in the company of the KGB agents Alexander Operkunov and Victor Dednikov. And no one is unaware of the fact that shortly after the visits of the "trade union officials" to various countries on this continent, there were outbreaks of acts of violence directed against the

authorities, incidents terrorizing the population and kidnappings, as in the case of Colombia, or more specifically, Medellin and Cali.

"The plan of the communist sympathizers is designed to create a climate of uncertainty on the continent again," said the Lima daily, adding that all kinds of terrorist incidents, attacks, kidnappings, etc., are being used.

In the case of Colombia, these acts are designed, as high officials asserted at the beginning of this month, to facilitate obtaining economic resources for the reorganization of the FARC Fuerzas Armadas Revolucionarias de Colombia; Revolutionary Armed Forces of Colombia guerrilla movement, which is currently in a state of complete collapse.

The recent attacks made in Medellin on the homes of the head of the DAS Departamento Administrativo de Seguridad; Administrative Department of Security, various well-known professional people and the premises of the newspaper El Diario, like the kidnapping of the Antioquia rancher Ruben Norena, are a part of the plan of the extremists pursuing the Moscow line.

Relative of Victim Comments on Press Coverage of Kidnapping

Cali, 24 July (By Cristian Martinez Sarria). Ignacio Valencia Lopez, one of the members of the family of Ernesto Gonzalez Caicedo, who has been most willing to talk to journalists praised the responsible and severe manner in which El Tiempo reported on the kidnapping of his brother-in-law.

Valencia Lopez, the brother of Alma Valencia de Gonzalez Caicedo, traveled from Popayan, accompanied by his brother-in-law, Aurelio Iragorri Hormaza, as soon as the news of the kidnapping became known.

14-00000

Valencia Lopez said: "We are grateful to El Tiempo for the way in which it presented the report about this matter, and stressed its severity and criminal nature."

However, he criticized some other reports published by other newspapers, which very nearly caused the failure of the negotiations for the rescue of Ernesto Gonzalez Caicedo.

Tuluá Incident Not a Kidnapping Attempt

Cali, 23 July (by Cristian Martinez Sarria). The report that the case involving Ignacio Ayala Mosquera was one of attempted kidnapping has been entirely discredited. In this connection it was revealed that all that occurred was an attempt at extortion committed by a former national police F-2 agent, according to a highly placed spokesman for that armed branch.

The incident occurred on Tuesday in Tuluá, when Carlos Alberto Lozano, a former F-2 secret agent with a dishonorable discharge for bad conduct from that organization, accompanied by Phaller [name not clearly legible] Idarraga and Jose de Jesus Ortega, demanded a large sum of money under threat of arrest from Ignacio Ayala Mosquera, who had previously been arrested several times for the illegal practice of medicine.

Police spokesmen added that Lozano and Idarraga were carrying photo-stats of police identification papers and cards which they had managed to obtain secretly. The three criminals are being held in Cali pending the pertinent investigation.

Secuestros y Atracos del F.L.N. Para Financiar el Movimiento Guerrillero

Las autoridades han recibido informes allegados por la Interpol en relación con el plan subversivo a escala continental que el comunismo internacional viene ejecutando en varios países con el fin de tomar el orden público y alcanzar fondos para el sostenimiento de los grupos armados en armas.

De acuerdo con los datos obtenidos por la Interpol y que ya han sido divulgados por el diario "La Tribuna" de Lima, una fuente allegada a los servicios de inteligencia adscritos a las secciones de orden público informó que los atentados dinamiteros perpetrados en la ciudad de Medellín, la distribución de propaganda subversiva y los sabotajes ocurridos en los teatros en donde se exhibe la película "Las Palmas Verdes", hacen parte del plan denominado por "La Prensa" de Buenos Aires y que por no alarmar a la ciudadanía, algunas autoridades han afirmado que no se sabe nada.

También se supo que las autoridades han dispuesto el adelanto de severas investiga-

ciones y la intensificación de la vigilancia en varias regiones de los departamentos de Antioquia y Valle, en donde se ha venido notando la actividad subversiva, que de acuerdo a elementos hablados en el campamento de Jefe de Díos Azulera, cuando lavo ante el avance de las tropas de la IV Brigada, de las cercanías de Segovia en Antioquia, está orientada por el comunismo pro-soviético, que intentan crear un clima de zozobra mediante la ejecución de atentados terroristas, ataques, secuestros y atracos, para así mismo facilitar la reorganización de los grupos "Frente" y "y" que han sido notificados en el sentido de que no se sabían más, a lo que respondió haberse dilapidado los dineros en manos de los jefes.

En el Departamento del Valle, como ya se había informado hace pocos días, también se está notando un clima de incertidumbre, y dicen las autoridades, nada tenida de extraño que los secuestros de conocidos hombres de negocios, ocurridos recientemente,

hagan parte del plan subversivo.

Sobre esta nueva ola de atracos la Interpol ha informado que se sabe de tres agentes soviéticos de la GRU que bajo la apariencia de "sindiclistas" y que han sido identificados como Victor Mednikov, Alexander Oparin y N. Lenov vienen recorriendo a Latinoamérica y quienes precisamente estuvieron recientemente en Colombia. El último de los nombrados, según la Interpol, fue el diplomático ruso que en México entregó al bandolerismo colombiano Feliciano Pachón Choconato la suma de 120 mil dólares para que juntase con una mujer que lo acompañaba los trámites al país y los hiciera llegar a los jefes de las FARC. Como se recordará Pachón fue descubierto en Eldorado por el DAS que le decomisó el dinero y lo puso a órdenes de una fuerza que lo mantuvo preso por algún tiempo hasta que poco fue beneficiado con una excarcelación.

Las revelaciones de la Interpol sobre las actividades subversivas en Latinoamérica y

que ya en Medellín han dejado como saldo un muerto y varios miles de pesos en perdidas, también hacen mención de las agencias TASS y Novosti, señalándolas como centros de atracción, hecho del cual, anotaron las autoridades, se divulga en el periódico "Ya" de Madrid.

En cuanto hace al terrorismo en la capital antioqueña, los servicios de inteligencia ya han efectuado cerca de diez capturas de conocidos extremistas contra quienes regan graves indicios de estar comprometidos en los atentados terroristas cometidos recientemente en Medellín.

Por otra parte se dijo que en cuanto hace a Bogotá, el DAS investiga dentro del mayor hermetismo, a unas ocho personas que fueron capturadas cuando transportaban apreciable cantidad de dinamita, fulminantes, cañones de proyectiles de diverso calibre y otros elementos bélicos, que se cree iban a ser enviados a otros lugares del país o a servir para perpetrar actos terroristas en esta capital.

Enviados Sindicales Soviéticos

Por FELIPE BUSSEK

Tan poco respetuosa de las decisiones de nuestros gobiernos es la URSS, que no obstante que el seudodiplomático ruso Alexander Openkunov fue expulsado por las autoridades de Colombia el año 1954 —a causa de sus actividades subversivas y nada diplomáticas—, ahora ha sido enviado por el Kremlin al Perú como miembro de una misión sindical soviética. Tanto Openkunov como Lenov que lo acompañó, son oficiales de la KGB, así como también Victor Mednikov y Boris Papov, quienes también estuvieron en Perú como representantes sindicales moscovitas.

Los gobiernos latinoamericanos que recientemente han reanudado relaciones diplomáticas con la URSS, parten de dos supuestos completamente erróneos. El primero es creer que pueden mejorar en forma sustancial su situación económica incrementando el actual intercambio comercial con Rusia. Un examen de las relaciones mercantiles entre nuestros pueblos y la URSS, pone al descubierto lo ilusorio de tales esperanzas. El insignificante comercio con Rusia soviética no aumenta con los convenios protocolarios. Sigue siendo igualmente pequeño y precario. Los artículos que podemos ofrecer, tales como café, azúcar, no interesan a los rusos. El primero porque consumen muy poco café; para beber tienen otros líquidos más exitantes. El azúcar, porque están obligados a comprarlo a Cuba Castrocomunista. Por lo que toca a los artículos que nuestros países necesitan adquirir en el exterior, la URSS no los puede ofrecer ni en la calidad, ni en el precio, ni en las condiciones que en Europa o Estados Unidos podemos conseguir. El trato comercial más formalizado entre nuestros países y la URSS, carece así de validez para justificar relaciones de más alto nivel, que los actuales trucos de mercaderías de poca monta.

El segundo supuesto de que parten nuestros gobiernos para reanudar relaciones diplomáticas con Rusia, es suponer que los designios del comunismo internacional han cambiado, y que la subversión contra los gobiernos constituidos y la lucha de clases violenta, ya no son los propósitos de los soviéticos. Si nos atenemos a un análisis frío de la conducta moscovita en nuestros países, veremos que no solo sigue proclamando sin ambages sus pretensiones de conquistar el imperio mundial a ultranza, sino que las actividades de sus nutridas delegaciones diplomáticas, que nada tienen que hacer en materia de comercio, están dedicadas a exportarnos agitaciones y la rebelión contra nuestros gobiernos nacionalmente constituidos. En este aspecto, la presencia de los llamados "enviados sindicales" resulta muy importante,

SOVIET LABOR UNION ENVOYS

By Felipe Russek

Source: El Universal Gráfico (Illustrated Universal Daily), 9 July 1969,
Mexico City

The USSR has so little respect for the decisions of our governments that even though the Russian pseuddiplomat Aleksandr Openkunov was expelled by Colombian authorities in 1964 (for his subversive, not at all diplomatic, activities), he has now been sent by the Kremlin to Peru as a member of a Soviet labor union mission. Both Openkunov and Lenov, who is accompanying him, are officials of the KGB, as are likewise Viktor Mednikov and Boris Papov, who also were in Peru as Moscow's labor union representatives.

The Latin American governments that recently renewed diplomatic relations with the USSR did so on the basis of two completely mistaken assumptions. The first was to believe that they can substantially improve their economic situation by increasing their present trade with Russia. An examination of trade relations between our countries and the USSR reveals the illusory nature of those hopes. The insignificant trade with Soviet Russia is not increased by the protocolar agreements; it continues to be equally small and precarious. The articles that we can offer -- coffee, sugar, etc -- are of no interest to the Russians. Not coffee, because they drink very little coffee; they have other, more stimulating liquids to drink and not sugar, because they are accustomed to buying it from the Communist Cuba of Castro. As for the articles that our countries need to buy abroad, the USSR is unable to offer them to us with the quality, or at the price, or on the terms that we can obtain them in Europe or the United States. The last executed trade treaty between our countries and the USSR is therefore incapable of justifying relations on a higher level than the present exchange of merchandise of

small importance.

The second assumption on which our governments base their decision to renew diplomatic relations with Russia is to imagine that the intentions of International Communism have changed and that subversion of con-

and other influences, as might be well in their judgment, continuing to prevail, and so to affect the result of the election, making certain decisions to be made, or that the election of the Congress would make elections in which have nothing to do in connection with them -- are devoted to the business of exporting to us agitation and rebellion against our nationally constituted governments. In this respect, the presence of the so-called "labor union envoys" has proved to be very significant.

Los Manifiestos del Apra y AP

Sincronizadamente el Partido Aprista y Acción Popular emitieron ayer comunicados en espera de la fecha que el Gobierno anterior tenía pensada para la realización de las Elecciones Generales.

Es responsabilidad de ambos Partidos al exigir al Gobierno Revolucionario que tiene fechas y objetivos. Merecen también tomarse en cuenta las críticas que el APRA, especialmente, formula en su Manifiesto. El PAP admite que hay buenas propósitos al intentar la reforma de estructuras, pero que ésta solo puede llevarse a cabo con una democracia representativa en el país.

Ayer muchos se hicieron esta pregunta: ¿Qué resultados obtendrían comentando de haberse realizado las Elecciones bajo el Gobierno de Belaúnde?

A nada conduce, ahora, hacer especulaciones sobre el desarrollo de un proceso que ni siquiera llegó a iniciarse. Pero, con todo, es interesante recoger opiniones y, siempre en el terreno de "lo que pudo ser", dar la propia.

Muchos creen que Acción Popular (belaundista) y el APRA iban a formar un solo bloque en las Elecciones del 69. Basan esta presunción en el acercamiento que hubo entre ambos Partidos al final del Gobierno, y, también, en el rompimiento del APRA con la UNO, que dejó al Partido de Haya de la Torre al aliado —tradicional en las luchas políticas políticas de los últimos 25 años— que lo avalara ante las fuerzas de derecha. Y esos mismos plantean que para hacer frente al PAP-AP se hubieran unido UNO-MDC-UC e Independientes, dejando en el "tercer frente" a la izquierda con los democristianos y los socialistas.

Nosotros creemos que un pacto AP-APRA se habría tornado difícil por la designación del candidato a la Presidencia. Los apristas habrían rechazado uno de los suyos. Y en este caso, el nombre de Haya de la Torre tenía que salir al frente. Es difícil que AP gobienista hubiera aceptado la candidatura de Haya. Más bien podía haber exigido la de un elemento independiente, pero el APRA ya no tenía salida ante sus huestes partidistas que votaran por un candidato que no fuera aprista. Los malos del 45 y del 57 habían desaparecido.

El segundo frente se tornaba con muchas posibilidades, al considerarlos el desgaste del Gobierno de IAT, muchos de cuyos errores eran compartidos al final por la mayoría aprista del Parlamento. Debemos admitir que esta colaboración del PAP se debió, en parte, a su deseo de hacer lo que fuera necesario para evitar el pronunciamiento militar y llegar a las Elecciones de 1969.

Para comandar ese "segundo frente" se sindicaba a Bedoya Reyes, aunque muchos consideran hasta ahora problemático que el Alcalde de Lima hubiera recibido el visto bueno del jefe de la UNG y de los líderes del MDP. Mas como todo es posible en política, la candidatura de Bedoya apoyada por esos sectores habría tenido una fuerza singular y una chance de primera.

El repunte en cifras de la izquierda estaba asegurado. Se dejó entrever en las Elecciones de 1967 con la buena votación de Malpica. El refuerzo del DC y sevillistas, aunque no muy cuantioso, hubiera significado de todas maneras pasar los 200 mil votos, lo que representaba llevar un bloque aceptable de representantes al Parlamento.

En fin, todas son especulaciones, considerando lo que era nuestra política por octubre de 1968. Lo que si es hecho concreto que a los siete meses de establecido el nuevo Gobierno, los únicos grupos que están realmente en la oposición son el APRA y AP belaundista. Y ellos han sido, precisamente, los que seaban de anorar las Elecciones que pudieron haberse realizado ayer.

● A fines de la próxima semana llegarían a Lima los diplomáticos rusos que se establecerán en el Perú. Ha trascendido que antes de ellos vendrá Nicolai Leonov con el objeto de escribir notas en torno a las relaciones peruanos-soviéticas. Segun publicaciones de diarios de Venezuela y Colombia, Leonov sería muy adepto a intervenir en los asuntos internos de los países que visita. Ultimamente habría residido en México, desde donde habría sido eje de un vasto movimiento subversivo en países americanos. "El Tiempo" de Caracas lo denunció el 24 de mayo de este año como el jefe de "Gregorian", un ruso expulsado de Venezuela. "El Siglo" de Bogotá (22 de mayo de 1969) sindicó a Leonov como el diplomático que entregó 120 mil dólares a dos grupos subversivos colombianos. "La República" de Bogotá (17 y 22 de mayo) sindica a Leonov como el elemento clave de una red de subversión y espionaje. ¿Qué hace en Lima? Ya lo veremos. Pero no deben echarse en saco roto las denuncias que se han suavizado.

abaratar el precio de los artículos alimenticios merece todo el apoyo de la ciudadanía. Lo propio debe ocurrir con el control de precios que entrará a regir dentro de seis días, pese a tratarse de una medida sumamente peligrosa.

El control que anuncia el Gobierno, si no es llevado cuidadosamente y si no se toman las providencias necesarias, puede constituirse en un remedio más grave que la propia enfermedad.

Y es que aun está fresco el recuerdo de lo que ocurrió hace 20 años, cuando el Gobierno de Bustamante y Rivero decretó el control general de precios que a la postre, originó el mercado negro y largas colas en los puestos de abastecimiento.

Creamos que la disposición dictada puede aceptarse como un palliativo, pero no como solución de un problema que radica en el acentuado déficit de la producción alimentaria.

El control de precios puede dar resultados si se lleva a efecto con el máximo cuidado posible, pero consideraremos que el Gobierno debe también

Infiltración Soviética

en Sindicatos Peruanos

Por la revelación de un soviético que se encuentra en Lima, se ha tenido noticia de que un grupo sindical peruano de inspiración comunista mantiene tratos personales constantes con miembros del Presidium del Consejo Central de los Sindicatos de la Unión Soviética.

Las organizaciones sindicales peruanas están ciertamente en libertad de mantener contactos con cualquier entidad similar extranjera, mientras esa relación no represente una interferencia foránea en problemas que son de incumbencia exclusiva de los peruanos. Pero no es éste el caso del vínculo entre el grupo sindical que, ni de hecho ni de derecho, tiene títulos para presentarse como la Confederación General de Trabajadores del Perú, y el Presidium del Consejo Central de los Sindicatos de la Unión Soviética.

Es menester señalar que el grupo sindical local no tiene la representación genuina y mayoritaria de los trabajadores peruanos. Se trata de conocidos dirigentes comunistas que aspiran desde hace tiempo a lograr la división de los sindicatos, objetivo que no han llegado a cumplir. Los dirigentes de la verdadera CTP conservan la representación de los trabajadores de los gremios y sindicatos principales. Los dirigentes de la CTP, conformando la representación peruana con el Ministro de Trabajo, han viajado a Ginebra a la reunión internacional que ha organizado la OIT, con la participación principal del Sumo Pontífice.

Es, pues, con una organización apócrifa con la que está manteniendo relaciones el Presidium de Sindicatos de la Unión Soviética. Y esto quiere decir que está interviniendo y alentando una manada revisionista en desmedro de los trabajadores peruanos que son contrarios al sistema totalitario de trabajos forzados y de represión de los trabajadores libres que encarna la Unión Soviética. En otras palabras: bajo la fachada de una organización sindical, la Unión Soviética está inmiscuyéndose, en convivencia con un grupo falsamente representativo de los trabajadores peruanos, en problemas que son de competencia de nuestros grupos laborales.

De otro lado, a nadie escapa que en la Unión Soviética no existe ninguna especie de libertad laboral y que los trabajadores están sometidos a un régimen completamente opuesto a la concepción sindicalista imperante en el mundo democrático. Si esto es así, ¿qué clase de asesoramiento sindical pueden ofrecer quienes no son sindicalistas sino agentes de un gobierno totalitario que nunca ha admitido una reclamación salarial, una huelga o cualquiera de los procedimientos conocidos en Occidente?

El establecimiento de relaciones con la Unión Soviética implica riesgos como éste que se ha descubierto en el nivel sindical. Es imperioso que las autoridades gubernamentales impidan la intrusión soviética en los asuntos sindicales, porque, entre otras infracciones, significa el menoscabo de la soberanía peruana.

¿Espías en Casa?

Parece que los agentes extranjeros están últimamente muy activos en el Perú. Esta vez se trata de agentes de la Unión Soviética —país con el que acabamos de establecer relaciones diplomáticas— que trabajan para la K.G.B., la tristemente célebre policía secreta que alguna vez estuvo dirigida por Lavrenti Beria.

En editorial del 14 de junio, CORREO se refería a dos presuntos "dirigentes sindicales" soviéticos, los señores Beris Popov y Victor Mednikov, quienes han asistido como observadores a las reuniones de una rama fantasma de sindicatos que pretende erigirse como rival de la Confederación de Trabajadores del Perú o CTP. Señalaba nuestro diario la contradicción que supone el hecho de que dichos señores se atribuyan calidad de dirigentes sindicales cuando es sabido que, en Rusia, el régimen sindical no es libre y los sindicatos son allí nada más que apéndice del régimen totalitario.

También ha estado en el Perú el titulado periodista Nikolay Leonov, y fue entrevistado por el diario "La Crónica". Respecto de Leonov, recuerda el diario "El Siglo", de Bogotá,

en su edición del 17 de mayo del año en curso, que Leonov, actuando entonces como diplomático, fue sorprendido en México cuando entregaba a agentes extremistas la cantidad de cien mil dólares en efectivo presumiblemente destinados a financiar la insurrección. Por su parte, el diario "El Tiempo" de la misma Bogotá se refiere a la "red de espionaje y subversión que desde México dirige el seudoperiodista soviético Leonov, protegido además durante varios años, con el fuero diplomático como "segundo secretario" de la embajada rusa".

Según informa "La República", igualmente de Bogotá, en su edición del pasado primero de mayo, otro agente soviético Alexander Operkunov, quien fuera expulsado de Colombia en 1964, regresó como miembro de una misión sindical soviética. Tanto Leontov como Operkunov han estado, recientemente, en el Perú, lo que indica que a la Unión Soviética no le importa emplear en nuestro país a los mismos agentes que ha empleado en otras latitudes, y lo que vendría a justificar a quienes estiman como peligroso el establecimiento de relaciones diplomáticas con Moscú.

"LA TRIBUNA"

Lima, Jueves 12 de Junio de 1960

ALARMANTE PENETRACION COMUNISTA EN EL PERU

Por Nicolás LYNCH JR.

Se comentó ayer en esta misma página la expulsión del conocido agente del "comunismo" internacional, Ezequiel Ramírez Novoa, ordenada por el gobierno de Colombia. Y se recordó que ese agitador indeseable está realizando una activa campaña al servicio del imperialismo soviético con el título de "Secretario General del Comité de Abogados Pro Defensa del Petróleo Peruano", en una costosa gira a lo largo de todo el Continente que no se sabe quién paga.

Ayer, un diario local ha publicado con honores de primera plana, la prueba fotográfica de que otra organización fantasma —llamada "Confederación General de Trabajadores del Perú"— celebra sus sesiones bajo el control y supervigilancia de dos procónsules sindicales soviéticos, llamados Boris Popov y Victor Medinkov. Ambos actúan libremente en nuestro país e intervienen en la política obrera nacional sin que nadie se lo impida; pues la supuesta "confederación" no es sino una agencia más del comunismo imperialista internacional, cuyas actividades aquí son del dominio público.

La expulsión del agitador comunista Ramírez Novoa, ordenada por el gobierno de Colombia, y la reveladora fotografía e información publicada ayer, son dos expresivos testimonios de la avanzada intervención política rusa en nuestro país.

El comunismo que ya hizo su ingreso clandestino y sangriento en el Perú por medio de las bien financiadas y armadas guerrillas de tantas vidas han costado a nuestras fuerzas militares y policiales, vuelve ahora por los caminos legales y diplomáticos. Los enviados comunistas extranjeros tienen libre entrada. Y, como ya lo vemos, su derecho para tomar parte en actividades obreras, y consequentlye políticas y sociales, parece ser irrestringido y público.

El comunismo internacional está actuando a dos manos en el país: Los soviéticos realizan la penetración pacífica, suave, agazapada y adiestran a sus agentes y secuaces en la infiltración burocrática; a tiempo que los "pekineses" se presentan como disidentes violentos y agresivos usando todos los medios de la delincuencia y del terror. El antagonismo entre unos y otros es aquí, en nuestro medio, más ficticio que real. Al usar como recurso y táctica la supuesta división entre dos bandos, la acción de cada uno está bien distribuida y ubicada. Uno encubre al otro y ambos engañan a los crédulos y tontos útiles al aparecer como contrapuestos.

Es innegable y es obligante remarcarlo que ya va cundiendo en la opinión pública una creciente alarma ante los desembocados avances de los agentes extranjeros del comunismo internacional en el Perú. Con muy buenas razones se comenta y se interroga acerca de los alcances y peligros de esa penetración. Hechos como los que comentamos justifican la inquietud general que las actividades solapadas de los comunistas del lado ruso y las vandálicas de los del lado pekinés están causando entre los peruanos que no quisieran ver a su patria arrastrada a los horrores que el comunismo causa a donde llega.

¡ANTIMPERIALISMO, SI, PERO COMUNISMO, NO!

Por J. HIDALGO VALERA

Día a día aparecen nuevas pruebas de la torcida interpretación y del interesado aprovechamiento que el Comunismo Internacional está haciendo de las sanas corrientes antimperialistas que son sincera expresión democrática de la conciencia cívica del pueblo peruano.

Bajo el pretexto de un nacionalismo que no pueden sentir, quienes están a órdenes y paga de una potencia extranjera, los comunistas criollos esconden su mercenarismo apátrida al servicio del Imperialismo ruso apareciendo como "patriotas" peruanos adversarios del Imperialismo yanqui.

Y con esta máscara se embanderan como defensores de la "soberanía nacional" o del petróleo. Y ya realizando correrías continentales que cuestan muchísimo dinero — como es el caso del agitador Ramírez Novoa — o ya organizando "confederaciones generales de trabajadores", bajo la auditoría vigilante de agentes del gobierno ruso, están actuando en el Perú en una siniestra obra de penetración disolvente.

Neutralizada Cuba como base irradiadora de la propaganda y subversión comunista, aparece claro que los grandes empresarios del imperialismo ruso han escogido al Perú para trampolin de sus actividades sobre América Latina. El aislamiento de la isla cubana, su incomunicación con América y el fracaso de su política de "guerrillas" han hecho que su propaganda resulte desacreditada e inefficiente. Pero las facilidades que el Perú depara ahora, con amplias relaciones diplomáticas y abierto paso a los emissarios de todo tipo y camouflage comunista, permiten un trabajo de penetración sin restricciones y de expansión continental, ilimitado. A él contribuye la festejadora tolerancia de nuestra bien llamada "fuerza de los vivos", listos a todo acomodo, y dispuestos a entrar en tratos con Moscú como el mercader que caído en el pozo trataba de salir de él tirándose de las orejas.

La táctica de penetración rusa está actuando ventajosamente sobre la confusión de una llamada "clase dirigente u oligarquía peruana", (sin conciencia y sin clase), y valiéndose además del caos ideológico dominante en el improvisado oficialismo que por la fuerza gobierna al Perú. La odiosa ceguera antiaprista de "El Comercio" — gran mentor y mandamás reaccionario del país —, ha arrastrado a muchos "izquierdistas" de nuevo cuño a aceptar el lema proditor de "Primero los comunistas que el APRA". Y de aquí que por no haber aceptado el constructivo antimperialismo aprista, basado en el principio del "interamericanismo democrático sin imperio", de la integración y del fortalecimiento de una democracia social representativa jurídicamente institucionalizada, es que está cayendo el país en un confusionismo desmoralizador.

Bueno es recordar que el izquierdismo democrático aprista trajo al Perú la verdadera concepción e imagen de un antimperialismo de veras transformador y progresista. Jamás dijo el Aprismo que ser antimperialista era ser xenófobo o demagogo, ni menos enemigo del pueblo norteamericano. Y siempre afirmó que nuestra posición revolucionaria es resistir al imperialismo, pero sin olvidar que nuestro país necesita de capitales extranjeros y de ayuda tecnológica para su desarrollo.

En consecuencia, menos pudo el Aprismo propiciar nuestra entrega al colonialismo comunista como remedio contra los males que acarrea nuestra interdependencia con los Estados Unidos, tan mal llevada por ambas partes. Tal recurso habría sido copiar la receta castrista que por librarse de un amo al cual juzgaba malo se echó a los pies de otro que ha resultado peor.

No, el lema aprista ha sido y es el de propiciar una conciencia y actitud antimperialista constructiva y no caer bajo otro imperialismo rival, enemigo de la libertad del hombre. Nuestro antimperialismo es democrático y se basa precisamente en la libre integración de nuestros pueblos, en la afirmación de nuestra soberanía continental sobre la base de las soberanías nacionales, que emanan de las soberanías populares libremente ejercidas y en el nuevo concepto de la justicia de pan y libertad.

♦ "Sindicalistas" Soviéticos Pretenden Colonizarnos

Entre risas, protestas y estupor, se ha recibido la noticia de que dos "sindicalistas" rusos han estado en enjuagues con pretendidos dirigentes del sindicalismo peruano.

Boris Popov y Victor Mednikov, miembros del llamado Presidium del Comité Central de los Sindicatos de la Unión Soviética, así como el lunes a una asamblea de delegados de la fantasmal Confederación General de Trabajadores del Perú. Y en esta ocasión se hizo público que los "sindicalistas" rusos mantienen contacto con el laborismo peruano desde que se iniciaron las gestiones para que el Perú y Rusia entablaren relaciones diplomáticas.

Esta "confederación general", alentada por los comunistas y "El Comercio", carece de reconocimiento y sólo se representa a sí misma. La forman un puñado de trabajadores y agitadores que hacen, sin resultado alguno, la guerra a la Confederación de Trabajadores del Perú (CTP), que si es el organismo auténtico del sindicalismo peruano, goza de reconocimiento nacional e internacional y representa a los trabajadores en las cajas de los seguros sociales. A mayor abundamiento, la CTP también tiene la personería legal y masiva de los trabajadores peruanos, pues sus dirigentes, acompañados al Ministro de Trabajo, General Jorge Chamot, viajaron a la reunión de la OIT en Ginebra, donde el martes habló Paulo VI.

Si los "sindicalistas" rusos tuvieran honestos propósitos de solidaridad e intercambio laboral, podrían haber buscado contacto con la auténtica representación peruana, esto con la CTP. ¿Por qué, en cambio, "confraternizan" con la institución divisionista y fantasmal?

Lima, Domingo 15 de Junio de 1969

Siete Días. (La Prensa)

Una sola es la respuesta. En Rusia no existe sindicalismo. Sus entidades sindicales, su pomposo "Presidium", sólo son una farsa. Porque en Rusia los trabajadores carecen de derechos, están virtualmente esclavizados y jamás, desde que allí impera el comunismo, han hecho una huelga. Por eso Popov y Mednikov, "confraternizan" con sus pares, los comunistas peruanos que se suman a la mascaraña moscovita.

Por lo demás, lo ocurrido —y más y más sucesos que tendremos que lamentar— era

de esperarse. Las embajadas de los países comunistas según lo hacen en América Latina y en el resto del mundo, son agencias de penetración, propaganda y subversión.

Ya están llegando, como puntas de lanza, "sindicalistas", "periodistas" y "técnicos". Sin duda tienen buenas métodos de persuasión, disponen de mucho dinero y dispensan favores a manos llenas. Frente a todo ello, por suerte, el auténtico sindicalismo está en alerta.

♦ ¡Medicinas Baratas!, Verdad...

El General FAP Eduardo Montero Rojas, Ministro de Salud, debe estar muy contento. La asistencia hospitalaria es necesariamente costosa, y los recursos que el Estado tiene nunca serán suficientes.

Pero ha recibido un ofrecimiento extraordinario: medicinas a precio de costo que pueden cubrir las necesidades de los múltiples servicios gratuitos que el Estado mantiene dentro de su política asistencial.

El ofrecimiento le ha sido hecho por la Asociación de Laboratorios Farmacéuticos del Perú (Alafarpe) "consciente con su espíritu de servicio y su sensibilidad social".

Montero recibió el ofrecimiento de viva voz, de los directivos de Alafarpe que lo visitaron en su despacho. Agradeció, sin duda complacido, y dijo que una comisión especial estudiaría debidamente el ofrecimiento.

Que una industria ofrezca sus productos renunciando a lícitas ganancias, para beneficiar a quienes lo necesitan, es algo que tiene muy pocos precedentes. Es cosa que recuerda los felices tiempos en que los perros eran amarrados con sartas de salchichas. Algo que a todos parece bien, que se agradece, y que, como queda dicho, debe tener contento a un Ministro que nunca tendrá todo el dinero que necesita su Ministerio.

QUEBRAR SINDICALISMO DEMOCRATICO ES CONSIGNA COMUNISTA EN EL PERU

Con la llegada de las misiones diplomáticas y "especiales" de la Unión Soviética y con el apoyo que desde esferas del gobierno de facto se brinda al comunismo, en todo el país está arreciando la ofensiva contra el sindicalismo democrático, llevada a cabo por los agentes coloniales al servicio de la misma causa que provocó las guerrillas. La protección oficial está testimoniada por informaciones que se recogen diariamente en el ambiente sindical: en el Norte, donde los trabajadores saben que las autoridades "protejen" "toda maniobra destinada a eliminar apristas y reemplazarlos por dirigentes comunistas", maniobras que son patentes en Lambayeque y la Libertad; en el Sur y en el Centro, la ofensiva se está realizando en el sector bancario, así como en Loreto y en Lima; y hay que decirlo con claridad, con la protección inclusiva de algunos torpes elementos patriciales semiacabados, que creen que contribuyendo a la división del sindicalismo democrático "se pondrán bien" con los comunistas y que mantendrán sus buenas relaciones con la Junta, para salir de su crisis.

En cuanto al apoyo exterior, es sabido que los "diplomáticos" comunistas y otros visitantes con pasaporte especial, visitan cotidianamente a las organizaciones que se agrupan en la espuria Confederación General de Trabajadores del Perú, ofreciendo a esas organizaciones toda clase de apoyo. No es extraño este procedimiento, porque de él hay experiencia en todo el mundo. Pero lo que si resulta singular es que haya autoridades complicadas en esta política.

Para los comunistas romper el movimiento democrático es una línea necesaria y lógica. Ellos están en su juego internacional. Pero para los peruanos, ese juego entraña los caminos de la traición, porque equivale a sujetar la fuerza básica de la producción a los intereses foráneos. Tan negativo es esto como la política que entregó el petróleo. Y si traición se llama a tal política, traición a la patria hay que llamar también a lo que facilite o proteja la penetración comunista en el país, a través de la quiebra del sindicalismo democrático.

Junio 1969

Infiltración Comunista en la Política Sindical

Es universalmente sabido que en la Unión Soviética no hay sindicatos. La férrea dictadura que impera en ese país, la organización totalitaria en torno a una sola fuente de poder y decisiones, que es el Partido Comunista, hacen tan imposible la existencia de asociaciones libres de trabajadores para la defensa de sus intereses colectivos, como sería la vida en el interior de un alto horizonte.

Que los rusos hayan decidido esconder también esa verdad, esencia misma de su concepción doctrinaria del Estado y la sociedad, y llamen "sindicatos" a las organizaciones mediante las cuales el Partido todopoderoso ejerce precisamente su dictadura y su activismo entre el sector laboral, es cuestión que sólo interesa a los soviéticos. Ante tan mala misticación sólo cabe sonreir.

Pero lo abismal es que los trabajadores comunistas peruanos, que protestan por la "política antisiondical" del gobierno peruano, reciban con aplausos a dos "dirigentes sindicales" soviéticos, los señores Boris Popov y Victor Mednikov, que han tenido la gentileza de concurrir a las celebraciones de la Confederación General de Trabajadores del Perú (CGTP), dominada por los comunistas peruanos, que a su vez están dominados por ellos.

• Esta es la primera vez que la Confederación General de Trabajadores del Perú, a menudo descrita en algunos órganos de prensa como "democrática", "independiente" o libre de influencia "sectaria" aprista, se identifica tan ostensiblemente con el centro productor de su energía, Moscú.

La penetración comunista en la vida sindical peruana no es, por cierto, nueva. Data de fines de la década del veinte. Pero rechazada por la abrumadora mayoría de los trabajadores nacionales, que querían la satisfacción de sus aspiraciones colectivas y no servir de instrumento a una política cuyo sentido y proyecciones escapan del todo a su control; que desean, en una palabra, ser actores y no literes, quedó simplemente reducida a las proporciones de un pequeño mecanismo, perfectamente

localizado y de influencia reducida, de presión foránea.

Durante los últimos años, empero, el movimiento comunista sindical ha cobrado nuevo y peligroso auge en el Perú. Al amparo de la extraordinaria movilización laboral estimulada por el gobierno constitucional anterior, que reconoció muchos más sindicatos que los organizados en toda nuestra historia; escudados en esa sana política participatoria, propia de un estado democrático, los comunistas tomaron posiciones, precisamente para destruir la democracia.

Como resultado de esta política la Confederación General de Trabajadores del Perú, totalmente dominada por los comunistas, se usana hoy de contar a medio millón de trabajadores peruanos en los organismos de base que controlan. Más todavía, sostienen que próximamente se agregarán a sus filas otros 150 mil trabajadores.

Aun pasando por el colador estos cálculos optimistas, no podemos dejar de expresar cierta preocupación por el logro obtenido hasta el momento por los comunistas en su permanente esfuerzo por infiltrar el movimiento sindical, a fin de desviarlo hacia sus propios fines, contrarios por igual a los intereses de la clase obrera y del país.

¿Cuáles son estos fines comunistas? La CGTP nos tiene, por suerte, bien informados. Son, entre otros, la modificación de la política económica con el establecimiento del control de cambios, la moratoria de la deuda externa, la explotación estatal del cobre, la nacionalización de las exportaciones, la anulación de las concesiones petroleras, los aumentos de sueldos por decreto, la prohibición del cierre de fábricas y varias medidas adicionales que bastarían para provocar un colapso del país y nuestra entrega, como presa de la miseria, a la dominación internacional del Partido Comunista, que —como bien lo sabe la CGTP—, jamás ganó una elección en país alguno, ni capturó pueblo que hubiese sido antes saqueado por la corrupción social y económica.

LAS RELACIONES PELIGROSAS

Cuando se anunció que nuestro país iba a establecer relaciones con los países socialistas, entendimos que dichas relaciones serían aprovechadas convenientemente desde el aspecto comercial, sin descartar por supuesto la vinculación de amistad que siempre robustece transacciones y mejora el cuadro de los negocios a nivel internacional.

Al mismo tiempo que expresábamos nuestro respaldo pleno a dicha resolución, que marcaba, lo creímos de buena fe, una nueva etapa con el ensanchamiento de las posibilidades económicas para el Perú; hicimos constar también nuestro rechazo por los datos que aporta la experiencia acerca de este tipo de vinculación con países de la órbita roja, que siempre llevan escondido el propósito subversivo, de injerencia en los asuntos internos, de penetración en sindicatos y de financiación de movimientos contra el orden establecido.

Estos temores están recibiendo confirmación. Y lo están siendo apenas iniciándose las relaciones con los países socialistas, en especial con la Unión Soviética. Cuando todavía no llega la delegación diplomática más importante ya han visitado el país prominentes miembros de organismos comunistas, caracterizados más que por una honesta función diplomática, por la acción subversiva que realizaron en otros países.

Uno de esos personajes que nos visitara recientemente bajo la inocente apariencia de una actividad periodística, fué NICOLAI LEONOV, elemento que registra antecedentes subversivos, ya que ha sido cabeza de un movimiento financiador de extremistas y que en distintos puntos de América ha dejado sentir su acción disidente, de injerencia en asuntos internos y como elemento de apoyo a movimientos nacionales de acción contra el orden establecido.

Nicolai Leonov ha sido sindicado por diversos órganos de prensa de América Latina, como elemento peligroso, tal como lo señalan diarios de Venezuela y Co-

Radio Victoria

lombia, como lo confirman autoridades y voceros de expresión de Méjico y como también lo deben haber registrado los servicios de inteligencia de varios países. En Méjico por ejemplo se le ha sindicado como cabeza de un vasto movimiento subversivo en países Iberoamericanos. "El Tiempo" de Bogotá en una edición del 24 de mayo del presente año, lo señala como jefe de un sujeto apodado "Gregorian", ruso expulsado de Venezuela. Lo mismo sostienen los diarios "El Siglo" y La República de Bogotá.

Todo esto pues nos indica que, mientras el Perú tiende su mano amiga hacia el mundo socialista, concretamente, hacia la Unión Soviética, ya empiezan a deslizarse elementos que, coludidos o no con su Gobierno, esto deberán establecerlo nuestros servicios de inteligencia, tienen el propósito de inmiscuirse en nuestra política interna con propósitos subversivos.

Avala aún más este aserto ^{el} concluyente registro gráfico de un diario local donde se muestra a dos miembros del Praesidium del Consejo Central de los Sindicatos, con sede en la Unión Soviética, participando en las deliberaciones de una llamada Asamblea Nacional de la denominada Confederación General de Trabajadores del Perú, organismo paralelo a la CTP y que no es sino el reducto de ^{unos} cuantos sindicatos comunistas.

Este era el tipo de relaciones que esperábamos con la Unión Soviética y los países del mundo socialista? Creemos que no. Y por ello convendría que se movilicen nuestros elementos de seguridad y detecten las actividades que realizan o van a realizar los diplomáticos que se han de establecer en nuestra Capital. Que tendamos una mano de amistad, no quiere decir que toleremos el abuso de confianza de quienes pretenden corromper nuestras instituciones para enfrentarlas con el orden establecido... Si los elementos Boris Popov y Victor Mednikov que aparecen en la foto con trabajadores peruanos, forman parte de la delegación diplomática no lo sabemos, pero de todos modos, están avanzando, auspiciando y quizás hasta financiando un movimiento laboral divisionista que no podemos permitir... por que ello no es amistad, sino abuso de confianza y penetración inadmisible en los asuntos internos de nuestro país.

1. As requested by the Station in Reference, we have had translated the letters written by Nikolay Sergeyevich LEONOV, and the translations are forwarded herewith.

2. The attachment to LEONOV's letter of 2 May, and all but the postscript of the 3 May letter are, as the Station pointed out, apparently pure propaganda. The same cannot be said, however, for the 2 May letter, which is full of less than laudatory comments on Lima, its climate, and the insect population of the Hotel Savoy. Of even more significance are LEONOV's opinions on the VALCARCELS, which appear in the 2 May letter, and the revelation in the 3 May letter postscript of the precarious financial position of the magazine. One wonders why an intelligence officer of LEONOV'S experience and intellect would include such matters in letters sent through the open mail.

Karen,

Beside my greetings, which you do not need, I wish to inform you of the following: all the assignments concerning the office I have completed to the best of my ability. Violetta is excessively subservient toward our people, and because of this I warned her [to see to it] that this side of her character shouldn't touch or infringe upon APN [Novosti Press Agency] interests. Our fellows are real eads. Her life is terrible: her husband is a cripple; besides that he is dangerous (he drinks), she has two children, barely makes it from one payday to the next, is torn between household duties and her work, and on top of that she has "guests," and what guests!! She works conscientiously, but she is short on experience and training and does not have much time. The print shop where the magazine is printed is excellent. It can function as well as the one in Mexico, and without difficulties. The owner insists that we immediately increase the circulation to 3,000 copies [, the number] currently needed to cover the cost. Based on the two issues published so far, we have discovered that we are selling [rashodyntsya] [only] 50 percent. The remaining [copies] we distribute free after the next issue has been issued. She even complained about Arisalu, who has been selling his magazine in Peru at a cheaper price. They settled that question between themselves.

At her place I saw newspaper clippings covering our materials: there are not many of them, but they are there, and she insists that she sent duplicates to you. Here the situation is worse than in Mexico (in the press) and one must maneuver between competing newspapers.

It seems I will have an interview with the president. Answers to questions will be in writing - guaranteed 100 percent. But I want a personal interview. And that is the whole business.

The situation is altogether normal. The humidity is terrible: 98 percent. I am wet all day long. A strange city: the skies are sullen all day long but there is not a drop of water, and they tell me there never is. Can you believe it, the annual rainfall is 1 mm, but darkness penetrates to your intestines. In comparison with Mexico this is a backward province and one can see this in everything. But it has much charm. Its colonial buildings are good. I cannot talk about the provinces, I have not seen them, but I have heard that in their picturesqueness they are unique. There are as few hotels as in Moscow. I live in a [illegible] for 8 dollars and kill cockroaches day and night and place patches on the scratches on my legs which I do not know where to put because of the restricted area. I am very happy that this one was built for the Americans. They deserve it.

Give me a call. It seems everything is in order [illegible].

Robbery on the High Seas

"To a strong man it is a weakling who is always guilty" - that is the sad conclusion to which Latin Americans have come again when they face the payments for deeds with which they had nothing to do. Some time ago the dock workers of the Pacific coast of the U.S.A. went on a strike which lasted almost 2 months. As a result of interference in loading and unloading operations, the vessels' demurrages greatly increased and the curve line of profits of the shipping companies turned downwards. The shipowners, instead of helping with a speedy solution of this labor conflict, decided to turn to the high seas robbery to compensate for their "losses," which is their name for the profits they have missed. With this in mind the U.S. companies arbitrarily introduced on 12 March a 10-percent increase in rates for transporting goods to the Pacific ports of Latin America.

This piratic step means that the Latin American countries from now on will be losing annually 60-80 million dollars, paying for the internal disturbances in the U.S. In former times pirates attacked only defenseless ships. These habits have lasted up to these days. The U.S. monopolies calculated that Latin America, which has no meaningful navy, will simply have to turn out its pockets. But these calculations overlooked the fact that now resistance to the economic dictations of the U.S. is increasing daily in Latin America.

In reply to the freight rate increases, the victimized countries--Peru, Ecuador, Colombia, and Chile--are planning to raise the cost of port services

for the ships of the U.S. companies and to adopt measures for utilization of their own vessels for sea-borne transportation. Taking into consideration increased competition and the chance that vessels of other countries will engage in the transport of Latin American goods, it may still happen that the sea robbers who aimed to clip will find themselves clipped.

Peruvians Are Becoming More Determined To Defend Their Independence.

From ancient days, there has existed a custom in Latin America to convene in the time of great danger open meetings by representation of all the estates to adopt special measures. So in times of attacks by pirates, of large-scale domestic disturbances, unusual natural calamities, and at present in connection with the threat of economic intervention in Peru as a revenge by the US for the nationalization of the property of the American oil firm International Petroleum Company this ancient custom has been resurrected.

Not very long ago such a meeting took place in the largest Peruvian port, Callao, where the participants adopted a "Declaration To Proclaim The Economic Independence of Peru." It was pointed out there that the people of Peru will not abandon their just demands and that they will achieve their economic independence in the same manner as they won their political freedom.

Yesterday an all-peoples gathering took place in Arequipa, the second largest city in the country. The public court dealing with the imperialist policies of the U.S.A. lasted approximately 4 hours. It has been a long time since Arequipa heard such passionate and patriotic speeches. The speakers petitioned the government to organize a general campaign of protest against USA policies to get the people out on the squares and streets, to arm them if possible to repel any attempts by the USA to carry out military or economic attacks.

The question was brought up of returning to the Peruvians all the natural resources of the country, particularly copper and [illegible] which are owned by American companies. One should point out that USA capital investments in mining are six to seven times as great as those in the nationalized oil company, whose property has been appraised at 72 million dollars.

The open meeting of the inhabitants of the city of Arequipa sent a messenger to the president of the country assuring him of their support for the nationalistic policies of the government. After this act the spontaneously assembled demonstration went along the main streets of the city accompanied by the sound of a historical bell, which in its day called the people to resist the Spanish aggression of 1866. The bell was especially brought to Arequipa for this occasion.

The powerful [illegible] of patriotism of the Peruvian people has blossomed forth. No internal or external enemy will be able to control it. The hope of these enemies is to lull it to sleep or to cheat it.

P.S. Everything is o.k. with me.

The office has received no money. The situation is desperate. The mess is unendurable. If this continues, there will be no work done. I question whether NY will be published on time because the printers will not do this just on my promise. They require 50 percent deposit before they begin with their work. This is no Mexico, where [illegible] cooperation became the basis for great trust. Here everything is just beginning to take shape; because of this, accuracy is very much needed.

What will the readers say when they do not receive their next issue?

Кажи! Было все просто, в котором мы все участвовали, хотя это содержит следующее: все прояснили, что сидящие были виновны во всем этом. Виновата группировка генералов и офицеров к нашему народу, потому что предупредил, чтобы они этого характера не занимались со всеми гражданами АфГИ. А наш брат - генерал-хан. Участники конференции Санджара Г.Р. заявляли также о том, что Абдулла виновен. У него было много друзей. Я сказал, что я хочу видеть Кадырова, где я могу видеть его друзей, чтобы я мог увидеть, кто из них с ним, кто из них с врагами, как разрывается между Кадыровым и Радовым, а для меня "важно" это видеть!! Радовому это противоречит, то есть у нас есть друзья, которые тоже, да и не братья ли это. Типичный, что некоторые говорят обманчиво, чтобы Радовому это не было в интересах его. Некоторые из друзей Кадырова. Некоторые называют их концепцией группировки Радомина во ФРГ. Но концепция этого не такая. Это то, что есть группа друзей Кадырова, которая свидетельствует, что Радовому 50% Согласия есть между группой офицеров и группой бывшего президента. Есть такое заявление из Афганистана, которое передано в Нигерии, что друзьями и коллегами были друзья Радомина. Это говорит о том, что Кадыров верен.

RUSSIA FINANCES GUERRILLA WARFARE IN COLOMBIA AND VENEZUELA

[Unsigned article; San Jose, Costa Rica; La Prensa Libre; Spanish, 19 June 1962]

Caracas (PI). There exists adequate proof that journalist Mario Renato Menendez Rodriguez, the former director of the journal Sucesos and of the new subversive publication Per que?, has met with Soviet agents and received the 50,000 dollars directed toward the guerrilla warfare in Colombia and Venezuela which have been reported by the international press.

Menendez Rodriguez, who once more foiled the Venezuelan police, is being actively sought in Colombia, where he arrived following his interview with Venezuelan guerrilla leader Douglas Bravo. Two years previously, the same Menendez visited Colombia and went on to Venezuela, where he carried out another mission of economic aid from the Soviet Union to the armed groups in that country. Now it is known with firsthand proof that a third mission will be directed to Venezuelan territory, following the assumption of the presidency by Dr. Rafael Caldera.

The 50,000 dollars. It has been reported that the 50,000 dollars carried by the Mexican to the two countries in question were destined for the Colombian bandit leader "Tiro Fijo," but subsequent documentation proves that the sum delivered on this occasion by the Soviet Union is approximately 200,000 dollars, part of which is to go to the armed groups in Venezuela.

Another Communist agent, Colombian Feliciano Pachon Choconta, traveled to Bogota carrying 100,000 dollars of the 150,000 he had received in Mexico, and 60,000 of which he had delivered to a dealer in clandestine arms in Panama. Choconta was arrested at the "El Dorado" international airport, and the police confiscated the 100,000 dollars. The sum had been delivered to him by a member of the embassy of the Soviet Union.

"Communist unity" money. The activities of the Soviet embassies in Mexico and Colombia -- especially with regard to Menendez Rodriguez -- confirm the great falsehood that Russia and Castro are marching "apart" with respect to armed subversion, with the dictator of Cuba being depicted as the great seditious and interventionist chief and the Soviet Union as the great power opposed to Castro's methods.

201-132139

The money which Moscow has been supplying with criminal objectives against the democracies of Latin America, especially against Venezuela and Colombia, throws off the mask and shows that "communist unity" between Russia and Castro with respect to subversion is as clear as the impunity which the Soviet diplomatic missions enjoy in Bogota and Mexico City.

It is believed here that, with the establishment of relations between the Soviet Union and Venezuela, Menendez Rodriguez and his accomplices, with a Russian embassy in Caracas, will not have to travel such a long way. Instead, the funds for the guerrilla groups of the two countries will flow from the Venezuelan capital itself.

For now, the third "economic" mission to Venezuela is "approved" and ready. With respect to the denial issued by Colombian police authorities with respect to the activities of Menendez Rodriguez in that country, it is known here that this involves instructions issued by the Presidency of the Republic for the purpose of minimizing the importance of the subversive activities, because of the fact that there is a Soviet mission in Bogota. The Colombian press has criticized the Lleras Restrepo government because of its existence.

Rusia financia a las guerrillas de Colombia y Venezuela

CARACAS.—(T1)— Hoy suelen las pruebas de que el periodista Mario Renato Menéndez Rodríguez, ex-director de la revista "Sucedáneo" y de su nueva publicación subversiva "¿Por qué?", se entrevistó con agentes soviéticos y recibió los 50.000 dólares de que ha informado la prensa internacional, dirigidos a las guerrillas de Colombia y Venezuela.

Menéndez Rodríguez, quien una vez más burló a la policía venezolana, es activamente solicitado en Colombia, donde llegó después de su entrevista con el jefe guerrillero de Venezuela, Douglas Bravo. Dos años antes el mismo Menéndez visitó Colombia, y pasó a Venezuela la donde igualmente cumplió una misión de ayuda económica de la Unión Soviética a los grupos en armas de ese país. Ahora se sabe de acuerdo con elementos probatorios a la mano que una tercera misión será dirigida a territorio venezolano, después de la toma presidencial del doctor Rafael Caldera.

Los 50.000 dólares.— Se había informado que los 50.000 dólares llevados por el mexicano a los dos países en cuestión estaban destinados al jefe de bandoleros colombianos "Tiro Fijo", pero documentación posterior prueba que la suma entregada esta vez por la Unión Soviética se aproxima a los ... 200.000 dólares, parte de los cuales corresponde a los grupos en armas en Venezuela.

Otro agente comunista, el colombiano Feliciano Pachón Choconá, había viajado a Bogotá llevando 100.000 dólares, de 150.000 que había recibido aquí en México y de los cuales entregó 60.000 a un vendedor de armas clandestinas en Panamá. Choconá fue detenido en el aeropuerto internacional de "El Dorado", y la policía lo incar-

tó los 100.000 dólares. La suma le había sido entregada por un miembro de la Embajada de la Unión Soviética.

Dinero de "unidad comunista".— Las actividades de las Embajadas de la Unión Soviética en Méjico y Colombia, especialmente en cuanto a Menéndez Rodríguez se refiere, confirmaron la gran incertidumbre de que Rusia y Castro marchaban "separados" en cuanto a la subversión armada, mostrando al dictador de Cuba como el gran jefe sedicioso e intervencionista y a la Unión Soviética como la gran potencia contraria a los procedimientos de Castro.

El dinero que viene suministrado Moscú con fines culmina contra las democracias de América Latina especialmente contra Venezuela y Colombia descorre el velo y muestra q' la "unidad comunista" entre Rusia y Castro en materia de subversión es tan clara como la impunidad de que vienen gozando las misiones diplomáticas

sovieticas en Bogotá y Méjico.

Se considera aquí que la extensión de las relaciones de la Unión Soviética a Venezuela significa que Menéndez Rodríguez y sus cómplices de situarse una embajada rusa en Caracas no tendrán que violar tan largo tramo sino que, desde la propia capital venezolana, fluirán los fondos para grupos guerrilleros de los dos países.

Por ahora, está "profunda" y lista la tercera misión "económica" hacia el país venezolano. En cuanto al desmentido dado por las autoridades políticas de Colombia sobre lo acordado por Menéndez Rodríguez en ese país, se sabe aquí que se trata de instrucciones impartidas por la Presidencia de la República a fin de minimizar la importancia de las actividades subversivas, por el hecho de que en Bogotá existe una misión de la Unión Soviética respecto de la cual la prensa colombiana ha hecho críticas al gobierno de Lleras Restrepo.

Политический карикатура
"Боробудо"

В Лиме, в редакционные залы "НИК" с лучшими авторами Боробудо, собираются членами высочайшего профессионального ^(политического) общества и правоохранительными службами прокуратуры, отвратимые сейчас от государственных иностранных агентов, военных представителей президентства Висенте Альварадо. Эти "канцлеры в отставке" и письменные писцы на балдахине призывают к конституционную праведность, с каким-то презрением глядя на становление обстановки беспредельных и беспримерных экономических трудностей, которые, по их мнению, то-то-то придавят бесконтрольное правительство, и тогда здесь будет быть чисто с виноватыми начальниками и чиновниками. Все же, до конца боятся других членов о демократии, о народных членах праведности, и что же если под сюда уедет в Перу, эти боязни других писак и политиков экономической сферы. Боробудовы конгрессы подают Перу опасность обанкротиться в глазах международной публики. Речь надеялась над своим письмом "Демократия" национальные деятели этих писак засели и развернувшись в без горю сидят на полу на полу.

Речь подаёт "сифр о боевиках" агентурно-разведывательного президента Висенте Альварадо. Время, и все они изменились, покончил, став символом новых революций враждебных панамским гражданским отношениям и зависимостью от США. Но сейчас уже не оружие флагом: то, о чем без умолку говорят профессиональные писаки на профessionalных лекциях, Г.С. о необходимости пакистанской американской береговой концепции "Интернатура прогресса", делали вскакивая из-за стола, чтобы пристроить к борту.

То, что эти курьи для правильства "праведнической демократии", Г.С. агентуры, таинственного и склоняющегося к агентуре писаки-чиновники в коррупции члены-бои генерала эволюционировались как пурпурные. Канинга во второй раз в правде, заседи и обозри под сиф

Сам бывшего суда Портокаррера Ставе въехал 27-го в Нью-Йорк, непосредственно отпустил для гостиниц. Однако вскоре гостиницы, от которых в Тель-Авив, где живет Португалия, его брат Фелипе Портокаррера. В гостиницах его сопровождали брач, а избранной израильской газетой БЛНЧЕРО. Купил на первом израильском рынке бриллианты на сумму более 100 дм. Доказательством этого являются фотографии с дипломатическим паспортом в Каракасе, подпись которого принадлежит именем Ставе в Перу, где уже обосновалась его пребывания за 270 тыс. долларов. В аэропорту Нью-Йорка паспорт был снятым пакетом пакетом, когда таможенники один за другим вышли из кафетерия бывшего консулата Бланчера с бриллиантами.

Пребывание в Перу дает тебе право Ставе, что они могут поговорить с Портокаррера по здравому смыслу, что даст ему то общество с дипломатическим паспортом. Он уже исключен из верховного суда Перу и отлучен от заседаний израильской прокуратуры.

Согласно Портокаррера заседание, что, к исключению из Перу, родное заседание. Но заседание находятся в здании министерства юстиции Сакура Марчагеты, обвиняемый в совершении преступления против израильского народа. Некая скотина не отставала! Правосудие должно кончиться на Португалии.

мнение о том, что император, который находился в руках императорских императоров

имелись со временем сущим в 6-7 раз выше прошлого года, император

BROTHER(S):SISTER(S):

ASSOCIATES:

1. ALVARADO Arellano, Humberto (201-065125), PGT member.

On 4 April 1957, CARDOZA suggested that ALVARADO Arellano replace him on the three-man secretariat of the BURG of the PGT in Mexico City since CARDOZA planned to return to Guatemala (7).

2. AREVALO, Juan Jose (201-006603), former President of Guatemala.

On 18 March 1957, CARDOZA was in mail contact with AREVALO and addressed a letter to AREVALO using the latter's alias Juan Francisco CLAYTON. AREVALO was receiving mail at P.O. 10396, Santiago, Chile (30).

3. CAPUANO DEL VECCHIO, Ernesto (201-086191), Guatemalan Communist living in Mexico City.

On 17 July 1966, CARDOZA informed Manuel CONTRERAS, a member of the CLOC, to contact CAPUANO for travel arrangements to Cuba via Mexico (14). (COMMENT: Although, there is no reporting on CARDOZA and CAPUANO's relationship, CAPUANO is included due to his apparent importance in the lines of communications between Guatemala via Mexico to Cuba as well as the likely possibility that both are collaborators).

4. *DEBROF Yaguin; Guillermo

In 1957, CARDOZA gave DEBROF Yaguin's address: Septima Calle 1-35, should aid be necessary during his re-entry into Guatemala (7). In April 1967, DEBROF, Jr. in Guatemala P.O. Box 342, was listed as presumably a correspondent of Carlos Manuel PELLEGRIN (201-225) (7).

5. DEL CID, Oscar (201-149558), former active member of the PGT.

On 3 January 1957, DEL CID contacted CARDOZA in Mexico. They had been very close through DEL CID having served as assistant secretary of the federation and as a member of the Graphic Arts Union of Guatemala. Through his friendship with CARDOZA, DEL CID won the confidence of the PGT directors in Mexico City and carried out political tasks of some significance, including serving as one of Jacobo ARBENZ' bodyguards (7).

6. *GALICIA, Concha - Influential PGT member (6)

CARDOZA's wife lived at Concha GALICIA's home in February 1958 and reportedly the home served as a means of communications between Guatemala and Mexico (7). In 1957, she was the mistress of Florencio MENDEZ Orozco, (201-787943) who in 1965 was a businessman, owner of a drug store, in Guatemala.

During December 1961 to February 1962, relations between Victor Manuel GUTIERREZ and CARDOZA worsened considerably (7). In January 1962, GUTIERREZ told friends that he and CARDOZA have not had good relations, since CARDOZA is jealous of GUTIERREZ (7). Further, CARDOZA, then secretary of organization of the PGT, had raised obstacles to prevent GUTIERREZ from regaining the power he once had in the PGT and has tried to

keep him out of the limelight (7). As of 4 September 1968, CARDOZA was to take the place of GUERRERO who had been the head of the PGT in Mexico. CARDOZA was killed by Guatemalan police in early 1966 (15).

9. LEONOV, Nikolay Sergeyevich (201-132139), former Press Attaché at the Soviet Embassy in Mexico City and known EGB officer.

CARDOZA and Jose Luis BALCARCEL Ordonez (201-130136) as of 18 October 1968 were in direct contact with LEONOV for handling travel of Guatemalans to the USSR and for receipt of money from the Soviets. When handling travel matters, contact was arranged by having the Guatemalan travelers to the USSR, accompanied by CARDOSA or BALCARCEL, go near the Soviet Press Office in a car. The Guatemalan travelers were given an identification document to present to LEONOV and they then would visit the office alone. When arranging for receipt of money or the exchange of documents, contact was accomplished by CARDOSA or BALCARCEL by one of them going directly to the Soviet Press Office (15). However, the wife of BALCARCEL has had most of the contact with LEONOV as an extra precautionary measure. LEONOV and family departed Mexico PCS on 22 December 1968 and Svyatoslav Fedorovich KUZNETSOV (201-087222) replaced LEONOV as the Soviet Press Attaché (21).

In 1967 when CARDOSA was preparing for his trip to Cuba in behalf of the PGT at the First OLAS Conference, Bernardo ALVARADO Mohzon, PGT Secretary General, cautioned CARDOSA that MACIAS may attempt to attend the OLAS despite an agreement with the PGT that MACIAS would not attend (14).

13. PELLECER Duran, Carlos Manuel (201-00225)

Prior 26 November 1968 his wife, Yolanda Consuelo RODRIGUEZ Arriaga visited him for a week in Mexico (15).

PERSONALITY, ASSESSMENT AND HEALTH:

1. As of 10 March 1952, his name was on a list of persons considered by CTAI as being loyal to VFTU policies and to Marxism (27). He requested political asylum at the Mexican Embassy in Guatemala on 29 June 1954 because he was subject to persecution by forces of the new administration in Guatemala due to his political ideals and his sympathy with the former ARBENZ administration. He served as Deputy in the Congress of the Republic of Guatemala (20). In January 1957, he was unhappy in Mexico and was anxious to return to Guatemala because he believed life would be better in Guatemala. He personally set April 1957 as the target date for his departure from Mexico (7). As of 7 February 1957 at a Euro meeting of the PGT, he announced to other members on the Commission of Organization and Control that he would be replaced since they (PGT in Guatemala) had summoned him to Guatemala and he was in the process of preparing for the trip (7). On 6 July 1957, he was in charge of notifying the interested persons of the exact date of the Central American Labor Conference and he apparently forgot to do so and one delegate was delayed in attending the conference (7).

2. In early September 1961, he was planning to travel to the USSR and to seek medical treatment for a stomach ailment believed to be aggravated by ulcers (10). In the USSR he was to serve as a Guatemalan delegate to the CPSU October 1961 celebrations (10). When discussing his problems and apprehensions on his prospective travel to the USSR for the 1961 Congress, he feared that the Guatemalan Government would unleash a wave of persecution against the Communists because of rumors that the Communists were ready to attack the government. He blamed the rumor on the Cubans who had issued a news bulletin claiming that the Guatemalan and Salvadoran Communist Parties had agreed to take up arms to overthrow their respective governments (13). Also in September 1961 when he was using a fraudulent passport for his travel to the USSR, he became worried because a border official asked him if he would be accompanied on the trip since another Guatemalan traveler on the previous day had the same visas listing Mexico, Switzerland, Europe. He reported the incident to the PGT central committee (13).

3. In January 1962 he had a heart attack in Moscow and had been seriously ill according to comments made by GUTIERREZ. CARDOZA had recuperated physically, but he was morally depressed and felt that he would be an invalid (7).

4. As of 5 December 1967, CARDOZA had suffered another heart attack and would remain in the USSR until June 1968 (14). He was expected to come to Mexico from the USSR within a few days after 8 April 1968, according to Jose Luis BALCEROL Odonez.

5. As early as April 1958, he was recuperating from a heart ailment which resulted from a highly nervous condition (15). As of 26 November 1968, he was in Mexico City and still undergoing treatment for a heart condition (15).

6. As of 15 February 1969, he had suffered another heart attack and was confined to his bed at home (15). According to BALCÁREZ on 19 February 1969, BALCÁREZ's replacement as Chief of the PCT exile group in Mexico by CARDOZA has caused discontent among PCT exiles. BALCÁREZ thought the change had been made in order to justify CARDOZA's continued membership on the PCT central committee and felt that CARDOZA was not suited for the post because CARDOZA is ill and in Mexico illegally (15).

ARBENZ were in Cuba as of 2 January
1963.

29 January 1963

met with labor leaders of the PGT at
the home of Manuel Francisco CONTRERAS
to consider and approve a document which
sets forth the 1963 PGT line for labor
matters (12).

14 February 1963

He and eight other top labor leaders of
the Labor Commission of the PGT were
arrested. The PGT and the Communist
(PGT) controlled FASGUA were without
leaders (13).

29 June 1963

released by a Guatemalan military court.
He and others had been accused of having
plotted against the Ydigoras government
in accordance with International Communist
plans according to El Imparcial, Guatemala
City, 29 June 1963.

July 1963

assumed the direction of the Comision
Sindical, the Labor commission of the
PGT, in Mexico (13).

October 1963

planned to be made head of the Escuintla
Departmental Committee of the PGT (13).

November 1963

was a member of the Labor Commission of
the PGT which is under the direct authority
of the central committee which was formed
to fulfill the following missions:

1. direct the activities of the Chamale
Committee (Communist faction of the Federacion
Autonoma Sindical Guatemalteca (FASGUA -
Communist dominated labor federation);

2. issued propaganda favoring the working
class; run a labor school in Quetzaltenango
for Party members involved in labor matters,
etc. (12).

and others were PGT members who received a
salary from the Party. The lowest paid is
sixty quetzales (U.S. \$60) and the highest
at least two hundred quetzales (U.S. \$200)
per month. In addition to salaries, the
Party pays the expenses for houses, cars,
and maintenance and the cost of printing
leaflets and other publications (13).

3 December 1963

met with other leaders of the PGT in the
Headquarters of the Federacion Autonoma
Sindical Guatemalteca (FASGUA - PGT domi-
nated labor federation). The group discussed
the current political and general situation
in Guatemala (14).

8 March 1965

had been delegated by other Party leaders
to come out of hiding in order to make plans
for an important meeting of opposition
leaders (14).

23 December 1965

Ruberto ALVAREZ Arellano, and Arturo BERNADEZ Garcia met in TASSUA headquarters with a small group of PGT party members to discuss the expected overthrow, probably on 24 December 1965 of the government of Colonel ENRIQUE POMALTA Azurdia. CARDOZA and ALVAREZ ordered the members of the group to remain within their homes on call on 24 December (14).

24 - 27 February 1966

was referred to the PGT central committee at the National Conference of the PGT which was held 24 through 27 February 1966 (14).

27 March 1966

was in charge of a meeting which PGT leaders attended in order to discuss the status of the investigation on the disappearance of some PGT members (14).

19 April 1966

told a group of leading members of Party and Party Labor leaders that a new labor policy has been adopted by the PGT and the FAR, in response to instructions from Moscow (14).

was the chief spokesman at a meeting of a group of 15 leading members of the PGT and announced that the PGT and FAR have decided to initiate a new campaign of violence on 1 May 1966 (14).

28 April 1966

and Armando CASTILLO Morales, PGT and FAR members, met with a group of Party members and labor leaders on 23 April to discuss plans for May Day and a week of terrorism. According to CARDOZA, the PGT would go along with a peaceful parade on May Day. However, if the police attempt to obstruct the parade or halt the speeches, the PGT and FAR will be ready to put up strong resistance (14).

9 and 11 May 1966

met with PGT and PGT labor leaders to bring them up to date on the attitude of the Party toward the present state of siege and to reveal Party plans for the adoption of a new labor policy (14). CARDOZA informed the group that the PGT and FAR are ready to initiate a new type of labor plan, as a result of which Communist-controlled labor throughout Guatemala would be geared to acts of violence, sabotage, and terrorist activity in general. According to CARDOZA, the first step in the plan was to give military training to selected key labor people (14).

18 May 1966

met with leaders of the PGT for the purpose of furnishing them with a report on the National Party Conference which was held in late February 1966 and to distribute a booklet entitled La Guerra Revolucionaria del Pueblo (14).

- 29 May 1966 met with a group of PGT labor leaders and members of the FAR. It was announced that a meeting will definitely be arranged with representatives of the Movimiento Revolucionario 13 de Noviembre (MR-13 November Revolutionary Movement), guerrilla organization headed by Marco Antonio YOL Sosa (14).
- 13 -17 July 1966 was at meetings of the Comision de Asuntos Obreros y Campesinos (CAOC - Commission for matters concerning peasants and workers), Labor commission of the PFT which were held on 13 and 16 July 1966. He had extensive knowledge about Guatemalans who already were in Cuba and others who were scheduled to go there (14).
- Prior 8 September 1966 was seen in Zone 6, Guatemala City with Jose Luis RAMOS Martinez, Huberto ALVARADO Arellano and Olegario REYES. They were riding in one of the "undercover" vehicles used by the PGT and the FAR (1).
- 22 November 1966 was in charge of a meeting of the National Labor Commission of the PGT which met in the home of a Party member in Guatemala City to discuss the present situation in Guatemala insofar as the PGT and its revolutionary fighting arm, the FAR, are concerned (14).
- 12 January 1967 gave members of the PGT's National Labor Commission a situation report on the results of the PGT central committee members who had been in the mountains of Guatemala with a leader of the FAR (14).
- 25 January 1967 discussed with PGT labor leaders the growing dissension between the PGT and the FAR (14).
- 24 February 1967 came to Guatemala City from Escuintla, where he has been in hiding, to meet with PGT labor leaders. He and other political commission and central committee members of the PGT had been in hiding since 20-22 February as a means to avoid capture by the military and police forces. The Party at that time was underground and almost completely inactive. According to him, for all practical purposes the PGT and the FAR were then two separate organizations (14).
- 9 March 1967 called an urgent meeting with Party Labor leaders to inform them that during the latter part of March 1967, he would be occupied in organizing and later, attending a National plenum of the central committee of the PGT (14).
- 27 March 1967 gave Party labor leaders a hasty and incomplete version of the so-called plenary session of the PGT central committee held at an undisclosed site in the mountains of Guatemala from 20 through 24 March. Among the few agreements reached was that the PGT will form its own guerrilla force and call it "Guerrilla Leonardo Castillo Flores" (14).

- 22 April 1967** gave Party Labor Leaders information on the PGT plans for Bay Day celebration and explained that the party will cooperate with the Rebel Armed Forces in a terrorist campaign after 1 May 1967 (14).
- 8 July 1967** was to head the PGT delegation to the First Conference of the Latin American Solidarity Organization (OLAS). After OLAS he had plans to travel on to the USSR (16).
- 11 July 1967** was provided false bottom suitcase to carry documents to Cuba prior to his departure from Guatemala City enroute to Cuba via Mexico City (14).
- 22 July 1967** transited Orly Airport for Prague with documents belonging to Roberto ARGUEDA Rodriguez (16).
- 14 - 27 July 1967** under the name Julian GONZALES, he was reported as having arrived in Havana as a "FAR delegate" to LASO according to a 28 July 1967 Havana broadcast.
- 27 July - November 1967** was to receive a two-month course in military tactics as well as medical treatment for a liver ailment in the Soviet Union following his attendance at the 1967 LASO Conference according to Bernardo ALVARADO Monzon, Secretary General of the PGT (14).
- 11 August 1967** The Mexican Immigration Department by letter on 11 August 1967 informed the Mexican Consul (presumably in Guatemala) that the Immigration Department would not issue any document granting any immigration status, nor would CARDOZA be allowed to enter Mexico without the previous authorization of the Immigration Department (20).
- Late December 1967** was Chief of the Mazatenango Regional Committee of the PGT and the FAR, which consists of the Departments of Retalhuleu and Suchitepequez for the most part, according to Francisco HERNANDEZ Alvarez during his interrogation (22).
- Early April 1968** had strict orders to remain inactive in Mexico and do no work as CARDOZA is recuperating from a heart ailment. CARDOZA probably would remain inactive for at least one year according to Luis BALCARCEL Ordóñez (15).
- 28 May 1968** was to stay in Mexico and work with PGT exile community there, according to his mistress, Fantina RODRIGUEZ Viuda de Leon (14).
- 18 July 1968** is receiving complete financial support from the Mexican Communist Party because of his high position in the PGT. This support includes money for room and board and doctor bills. In Mexico, he visits his doctor once a week (15).
- 9 August 1968** was still in Mexico but was to leave Mexico because his visa has expired, according to Jose Luis BALCARCEL Ordóñez. Also, CARDOZA had plans of traveling to Salvador and then returning to Mexico with a new visa because he needed approximately six more months of medical treatment (15).

5 October 1968

met Jose MEJIA, aka Carlos BALDEAS Marillo on the street and latter told CARDOZA about the attempted recruitment of him by a "special agent". MEJIA asked CARDOZA for money but the latter refused (15).

As of 18 October 1968

he and Jose Luis BALCARCEL Ordonez are handling travel of Guatemalans to the USSR and receiving for funds and documents directly with Nikolay Sergeyevich LEONOV, now KGB officer and Press Attaché at the Soviet Embassy in Mexico (15).

4 September 1968

headed a meeting of Guatemalan Communist exile leaders in Mexico and they discussed the reorganization of the exiles in Mexico (15).

15 February 1969

had been named overall Chief of the Guatemalan Communist Party (PGT) exile apparatus in Mexico to replace Jose Luis BALCARCEL Ordonez, according to Carlos Enrique FORNO Reynoso. The change had been made as the result of instructions which had just been received from the PGT in Guatemala. The change was twofold. CARDOZA is a member of the central committee of the PGT whereas BALCARCEL is not, and BALCARCEL has been lax in his duties, once being unavailable when some important PGT members passed through Mexico. However, BALCARCEL will continue to act as chief of the exile group until CARDOZA is on his feet again since the latter had suffered another heart attack and was confined to his bed at home. Until this change CARDOZA had been the central committee representative in Mexico and had functioned as an advisor (15). Presumably BALCARCEL replaced GUTIERREZ and CARDOZA replace BALCARCEL although on 4 September 1968, CARDOZA was to take GUTIERREZ' place in Mexico (GUTIERREZ was killed in Guatemala in 1966) (15).

As of 19 February 1969

was replaced by BARCARCEL as Chief of the PGT exile group in Mexico in order to justify CARDOZA's continued membership on the PGT central committee (15).

Prior 9 March

met with Jose Maria ORTIZ Vides who had recently arrived in Mexico City from Cuba. ORTIZ informed CARDOZA that the Cubans had sent him to Mexico to "spy" on the PGT in Mexico in behalf of Cuba (15).

<p>1. We would appreciate receiving Headquarters traces on Identity, subsequent to the negative results per ref. (A), and a POA for contact and assessment. We are considering Identity as a possible access agent in the REDTOP field, specifically against Nikolay Sergeyevich LEONOV (201-132139), known KGB, and his eventual replacement.</p> <p>2. As Headquarters is aware, the Station maintains an active interest in LEONOV. Per ref. (B), he has been a principal contact and source of both funds and documents for Guatemalans travelling to the USSR and for Central American exiles, and he has also been linked repeatedly and prominently with the support activity provided to Latin American Communist parties.</p> <p>3. Although LEONOV may depart before Identity can be used effectively against him, we feel certain that his replacement will be engaged in similar extra-Press Office activities of prime interest to us.</p>

MESSAGE REFID: REDTOP DIZTAG: Unconfirmed Report of Travel to Mexico of Oldrich NOVICKY			
ACTION REQUESTED - REFERENCES			
<p>1. It was first reported by the LITEMPO airport personnel (according to their list of passports photographed by them at the airport) that Oldrich NOVICKY was among the passengers arriving in Mexico from Havana on 7 June 1968, at 0958 hours. According to the LITEMPO list, he was the only Czech on the CUBANA flight.</p> <p>2. However, the CUBANA manifest did not list NOVICKY's name; the only Czech on the manifest was: <i>Frantisek PROCHAZKA</i>. <i>CIT:CSR</i></p> <p>OCC Diplomatic Courier <i>DCS 12</i> Diplomatic Passport No. 3076</p> <p>Therefore, the LITEMPO film, accompanying the list, was checked carefully, and it was found that the only Czech passport actually photographed by LITEMPO was that of <u>PROCHAZKA</u>, (even though his name was not on their list).</p> <p>3. The LIFIRE team was then queried (and showed a photograph of NOVICKY), and they responded that the only Czech theycontinued</p> <p>Distribution: 2 - C/SB 2 - C/NH</p> <p>63 COE: <i>201-25769!</i></p> <p>GROSS REFERENCE TO: 200-8-34 DISPATCH SYMBOL AND NUMBER: HIMA-35196 DATE: 7 August 1968</p> <p>CLASSIFICATION SECRET WOS FILE NUMBER: 201-257691</p>

recalled seeing arrive on the CUBANA flight was the courier PROCHAZKA; they could not recall having seen NOVICKY. LIENVOY reports during this period gave no indications of NOVICKY's presence here. LIHABIT-1 also reported that NOVICKY was not seen in the vicinity of the Czech Embassy.

4. Nevertheless, there are several mystifying aspects to the LITEPO report. It is quite incredible that the LITEPO airport team would know NOVICKY's name, and equally incredible that they could confuse this name with that of PROCHAZKA. They listed NOVICKY's full name, correctly spelled. Where then, if NOVICKY had not actually arrived, did they get his name?

5. Secondly, it is most unusual, and the only instance the Station can recall, for only one courier to make the trip to Mexico. They have always traveled here in pairs. (NOTE: It has been the case recently, however, for the couriers to travel to Mexico via Cuba and leave via Cuba, instead of traveling via Air France through New York, then to Havana, return to Mexico and depart Mexico via Air France again.) Further, PROCHAZKA's name is not on the list of known career couriers or audio technicians and sweepers of Book Dispatch 6423, dated 21 June 1968. A further curious departure from normal procedure was that according to LIENVOY (7 and 8 June 1968) reports, the courier PROCHAZKA did not stay at the Czech schoolhouse but at the Ambassador's residence. Per LIENVOY, and confirmed on the CUBANA manifest, PROCHAZKA departed Mexico on 10 June 1968, for Havana.

6. Finally, but quite possibly purely coincidental, there were two references to NOVICKY about the same time as his reported arrival. In one of the DISPERSE tapes, #351, in mid-June 1968, Oldrich STANCL (201-777862), in a rambling, slightly drunken speech, refers to ONE TIKA NOVICKY, as "his brother" (presumably referring to Oldrich NOVICKY). Another even more oblique reference, but again intriguing because of the timing, was a reference in a LIFEAT report, dated 7 June 1968; a local leftist journalist, Jorge ROSALES Natividad in a conversation with Nikolay LEONOV (201-132139), the Soviet Press Officer, sometime before 1120 hrs, said that he "had asked NOVICKI for an opinion on SIEMPRE" (Mexican magazine). There was no further explanation of who "NOVICKI" was, but Station records indicate ROSALES Natividad had been a regular contact of Oldrich NOVICKY, during the latter's tour here as Press Attaché of the Czech Embassy. Just prior to this reference to "NOVICKI", ROSALES had been talking to LEONOV about having gotten a lot of material from Cuba (for an article about Che GUEVARA). Does Headquarters have any information about a possible trip or assignment for NOVICKY in Cuba?

7. In summary, the Station does not know exactly how, or why, NOVICKY, a Czech intelligence officer, might have entered Mexico clandestinely, but believes it was possible.

MEMORANDUM TO : THE AMBASSADOR
FROM : Winston M. Scott
SUBJECT : Soviet Participation in Colombian Subversive Activities

Returned 24 June 68

1. On the morning of 16 April 1968 our surveillance of Nikolay Sergeyevich LEONOV, Soviet Press Attaché and Second Secretary of the Soviet Embassy in Mexico City, who is a known KGB officer, determined that he had a clandestine meeting with a Latin American male. LEONOV passed a small bundle to this individual. We followed the Latin American to the Hotel Principal, Bolivar 29. Checks at the hotel revealed that he was registered at the hotel as Feliciano PACHON Chaconta, a Colombian citizen, and that a woman, Librada MORENO Leal, also a Colombian citizen, was registered in the same room with him. Airline checks revealed that PACHON arrived in Mexico City on 6 April 1968 and that MORENO arrived on 12 April 1968. Both came from Bogota. Checks with our representatives in Bogota showed that they were both important members of the (PCC) Communist Party of Colombia. Further checks revealed that PACHON and MORENO had air reservations for 20 April 1968 to return to Bogota on separate airlines. Our surveillance confirmed their departure from Mexico City on 20 April 1968 on separate flights.

2. We informed our representatives in Bogota who informed the Colombian Security Service. Both were picked up upon arrival in Bogota. PACHON was carrying \$70,000 (U.S.) and MORENO was carrying \$30,000 (U.S.).

3. Both couriers broke and provided considerable information, the most important of which is:

a. Identification of the entire clandestine leadership of the PCC and FARC.

b. FARC: personnel and plans.

c. One courier has made several trips to Mexico to receive money from the Soviets. The largest amount was \$200,000 (U.S.) which he got from LEONOV in June 1967. The smallest amount received was \$75,000 (U.S.).

d. The address and identification of the PCC clandestine printing press. The Colombians raided this installation and captured the operator plus false documents and passports, forging material, presses, etc. He talked and said that he had received 1 1/2 years of training in the USSR in forgery. All equipment and false passport blanks were supplied by the Soviets.

e. All clandestine support and direction to the PCC and FARC comes from the Soviet Embassy in Mexico. The regular contact is Nikolay S. LEONOV. The chief referent for Communist Party matters in Latin America is Boris Aleksandrovich KAZANTSEV, Counselor of the Soviet Embassy in Mexico City.

4. This whole affair has been personally very embarrassing to Colombian President LLERAS because he had just agreed to diplomatic relations with the USSR. (The new Soviet Ambassador to Colombia, Nikolay A. BELOUS, presented his credentials on 27 May 1968). LLERAS had already been criticized in the press, when it was learned after BELOUS had been accepted, that BELOUS had been declared Persona Non Grata in Argentina in 1958, for direct involvement in fomenting Communist inspired strikes. (COMMENT: In the official curriculum vitae which the Soviet Foreign Office sent to Colombia on BELOUS, his assignment in Argentina was omitted.) Although LLERAS ordered a forceful prosecution of this matter, he insisted that the blame be put on the Cubans rather than the Soviets in order to avoid personal embarrassment.

5. We have been covering LEONOV thoroughly because he is the principal KGB contact in Mexico for Communist Parties in other Latin American countries. He has been in Mexico for ten (10) years doing very little other than handling Communist Party matters.

6. One of the principal clandestine activities of the Soviet Embassy in Mexico is the support, direction and financing of Latin American Communist parties in those Latin American countries where the Soviets do not have diplomatic representation. The Soviets have diplomatic relations with only six (6) Latin American countries, namely, Brazil, Chile, Colombia, Uruguay, Argentina and Mexico. Thus, the importance of Mexico in this matter.

MEXICO, D. F.—VIERNES 31 DE MAYO DE 1963

GERENTE GENERAL
J. JESÚS GARCIA*México en los Planes de Castro y Krushchev*

EN ESTA FOTO, tomada en la URSS, durante la actual visita de Fidel Castro, puede verse en el extremo izquierdo al tercer secretario y agregado cultural de la embajada soviética en México, Sergeyevic Lenov Nikolai, en animada charla con Castro Ruz y Krushchev. Discutieron la agitación en Iberoamérica, alentada desde Cuba y México.

Huyó Aniceto del Valle, que Estuvo Allegado a Castro Ruz

Dice que se Planea la Agitación Continental Desde Cuba y México

Aniceto del Valle, uno de los más conocidos abogados de La Habana y que hasta hace veinte días parecía ser un simpatizante de Castro (ahora se ha exiliado) declaró anoche, antes de salir para Panamá, que la Unión Soviética prepara un plan subversivo para los países de la América Central, especialmente.

Según Del Valle, "Cuba será la cabeza de playa visible y México el centro distribuidor de armas de marcas mexicanas y norteamericanas".

El abogado aseguró que él obtuvo esta información en el Departamento de Asuntos Latinoamericanos del Ministerio de Relaciones Exteriores de Cuba en donde tiene muchos amigos.

Dos "hombres-clave" son los más importantes para realizar el plan, según Del Valle: Sergeyevic Leonov Nikolai, tercer secretario de la embajada rusa en México y agregado cultural de la misma embajada; y el capitán mexicano Lorenzo Cárdenas Barajas, el encargado de comprar armas y el encargado de entregarlas a Nikolai, que es el distribuidor.

De estas dos personas se habla (dice Del Valle) en el Ministerio de Relaciones Exteriores de Fidel Castro, como de los más importantes a los comunistas centroamericanos.

Por otra parte, afirmó que Nikolai salió de México el 21 de abril de este año rumbo a la URSS para que su herida Rusia coincidiera con la llegada de Castro a Moscú. Así, Nikolai participó en las reuniones de Castro y Krushchev. Para el caso afirmó que Nikolai apareció fotografiado junto con Castro y Krushchev en el periódico "El Mundo" de La Habana. El periódico es del 8 de este mes y la foto se encuentra en la página 8.

Lee Oswald en México

Por ALBERTO WILLIAMS

HACE poco se exhibió en un bonito salón de cine de la ciudad de México, una película que a quienes somos admiradores del Presidente asesinado de los Estados Unidos, nos interesa y nos conmovió en alto grado. Era un filme muy realista, basado en la vida y la muerte del insigne estadista, que supo ganarse el cariño y la admiración de todo el mundo. Se llama la película "Años de Relámpago, día de Tambores". Para la mayoría del público ese filme, no importa hasta qué grado haya despertado su interés, sólo significó un filme más acerca de John F. Kennedy.

Para nosotros los periodistas representó mucho más que eso, porque nos recordó la tragedia de Dallas y de nuevo nuevamente nuestra curiosidad respecto al asesino Lee Oswald y su visita a México en septiembre de 1963. Pensamos que tiene importancia el recordar a las personas con quienes tuvo tratos el asesino durante su permanencia en nuestra capital.

Aunque suele dudarse de la exactitud del informe rendido por la Comisión Warren acerca de sus investigaciones en torno a ese doloroso crimen, anotamos que ese reporte hace saber que Oswald visitó en la ciudad de México la embajada de Cuba comunista y la de la Unión Soviética. Como miembro activo que era de una organización llamada "Jugó Limpio para Cuba en los Estados Unidos", ya se imaginarán los lectores que era bien conocido del personal de la embajada de la Cuba comunista en México.

No se ha llegado a saber con seguridad los términos de la conversación que sostuvieron Lee Oswald y los rojos cubanos; pero es un dato seguro que Oswald salió de la embajada de Castro y se dirigió a la de la Unión Soviética, donde ya era conocido por los muchos años que pasó Oswald en el paraíso soviético. En esa misión diplomática sostuvo largas conversaciones con dos agentes rusos de la KGB, famosa agencia policial secreta cuya principal misión es dirigir campañas de terror y subversión desde puestos diplomáticos que simuladamente

les asigna el Gobierno de Moscú para que actúen protegidos por un derecho internacional mal aplicado.

Daremos de paso que ese arreglo desleal de las cosas, que hace aparecer a la Unión Soviética como país amigo, en tanto que sus representantes diplomáticos asesinan puñaladas tráperas al país que no sabe defendirse, facilita el que los agentes rusos enviados a países pacíficos como México, sean muchos y que cada embajada soviética disponga de un personal tan numeroso, que aquello no es un misión diplomática, sino una verdadera inmigración de rojillos.

Lee Oswald tuvo tratos con los agentes secretos Pavel Yatskov y Valery Kostikov. Estos "diplomáticos" de la KGB están todavía en servicio. El primero aparece como segundo secretario de la embajada rusa en la ciudad de México. Kostikov figura como "agregado" de la misma embajada. Este diplomático tiene fama de representar en forma destacada la escuela antigua de acción de la KGB. Es de carácter frío, brusco y de poco refinamiento. Muestra poco respeto para sus compañeros soviéticos y menos todavía para los mexicanos en general.

Yatskov, en cambio, es el ejemplo moderno de los agentes secretos graduados por aquella institución de espionaje. Cortés, atento, no expresa nunca críticas de México y de los mexicanos, como suele hacerlo su compañero Kostikov. Pero ambos son agentes activos y de mucha confianza de la KGB en nuestro país. Los dos son personajes de cuidado, a quienes sin duda vigilan de cerca las autoridades para impedir que repitan el caso de otro espía soviético, Nikolai S. Leonov, que hace unos dos años estuvo dedicado por el Gobierno de Moscú a meter de contrabando armas de la Cuba castrista en los pacíficos países de la América Latina.

Nikolai S. Lenov, que vive y trabaja en la ciudad de México, dirige y realiza un amplio programa de distribución de impresos subversivos en la República, en Centroamérica y en la parte septentrional de la América del Sur. ¡Hay impresos que son más terribles que las armas y los pertrechos!

MUNDO MEJOR

(C)

1963

D. F. 7 de Diciembre de 1963.

EN NUEVO LEON

Piden al Gobernador Meta en Cintura a los Rojos

**Agentes Castristas, "Diplomáticos" Rusos y
Rojos Criollos se Mueven en Monterrey, como
Peces en el Agua.**

DESCARADAMENTE, los agentes castristas que agitan en la Universidad de Nuevo León solicitan apoyo de los mexicanos para "las fuerzas armadas de Liberación Nacional en Venezuela" en tanto que los marxistas hechos fuertes en el "Instituto de Intercambio Cultural Mexicano-Ruso", sección Monterrey, también abiertamente realizan labor de proselitismo entre el estudiantado, los obreros y otros fuertes núcleos ciudadanos.

En el número anterior, MUNDO MEJOR denunció que esos mismos "agentes castristas pretenden hacer un congreso comunista en Monterrey en complicidad con los rojos criollos, con intención de crear en esa ciudad el primer 'Campamento Juvenil por la Paz y una Vida Mejor', uno de tantos señuelos de los rojos para engañar a la juventud mexicana". Nuestro periódico también dio cuenta de la propaganda abiertamente marxista que en favor de los rojos de Venezuela fijado y repartido por toda la ciudad los agitadores comunistas. He aquí las leyendas de algunos de esos carteles y volantes:

"Venezuela en armas. Hacer la patria libre, morir por Venezuela. Las fuerzas armadas de Liberación Nacional librán en estos momentos una lucha decisiva contra el imperialismo norteamericano y la pandilla entreguista y traidora de R. Betancourt. ¡Solidaridad con el pueblo venezolano! ¡Viva la revolución de América Latina! (leyenda alrededor de una paloma que empuña un fusil que sirve como asta a una bandera tricolor en cuyo centro se leen las iniciales: FALN —Fuerzas Armadas de Liberación Nacional).

"Venezuela adelante en la revolución antiimperialista. Los pueblos de América Latina están contigo! Juventud Comunista de Nuevo León".

"Los monopolios yanquis saquean las riquezas de América y nos hunden en la miseria y explotación. Apoyemos a un pueblo hermano que lucha heroicamente por liberarse: ¡Venezuela! ¡Adelante, los obreros, campesinos y estudiantes de toda América están contigo, pueblo hermano! ¡Vivan las F. A. L. N! Juventud Comunista de Nuevo León".

EL GOBERNADOR YA ESTA ADVERTIDO

Por otra parte, una muestra de la propaganda marxista que se incuba en el llamado Instituto de Intercambio Cultural (???) Mexicano-Ruso de Monterrey es

Una de las volantes que han pegado en los muros de la ciudad de Monterrey agentes castristas y rojos criollos que militan en la Universidad de Nuevo León. Asimismo, una "invitación" a estudiantes, obreros y campesinos del "Instituto de Intercambio Cultural Mexicano-Ruso" de Monterrey a asistir "con su apreciable familia" a un acto en apoyo de las fuerzas clandestinas de Liberación Nacional en América.

esta invitación: "El próximo viernes... en el local de nuestro Instituto, el Honorable Agregado Auxiliar de la Embajada de la URSS en la República de México, señor Nikolay Sergeyevich Leonov, disertará sobre el papel de la URSS en la lucha por la liberación nacional y las revoluciones populares de la América Latina.

Nos permitimos invitar a usted y a su apreciable familia, así como a sus amistades, y esperamos tener el gusto de verlo entre nosotros. La Directiva".

Por supuesto que el gobernador del Estado, Lic. Eduardo Lí-Eduardo Livas Villarreal, ya tiene en su poder las denuncias y protestas contra esta situación por parte de más de 50 profesionales —como también informó MUNDO MEJOR en su número anterior—, por los padres de familia y numerosos organismos de todo tipo, por lo que toca a ese mandatario tomar las medidas en forma energica con los alborotadores rojos, tal como el pueblo de Sabinas hace unos meses los arrojó de sus límites.

MEMORANDUM FOR: Chief, SB
 Chief, WH
 SUBJECT : Nikolay Sergeyevich LEONOV, KGB Officer
 Possibly Linked to PACHON Case in Colombia

1. BACKGROUND:

Feliciano PACHON Choconta is the Colombian Communist courier apprehended by Colombian security officials in late April 1968 when alighting from a commercial flight from Mexico with U.S.\$80,000 apparently destined for the Communist Revolutionary Armed Forces of Colombia (Military Arm of Orthodox Communist Party - FAR). A female cohort of PACHON was picked up several hours later alighting from a second aircraft with U.S.\$80,000. Both arrests were based on a tipoff by another Colombian Communist, Adelmo URREA Garcia, whose motives are as yet unclear. URREA who first claimed that the funds were of Cuban origin later changed his story to the effect that they are in fact Soviet. Subsequent interrogation of PACHON, URREA, and the female courier has failed to shed further light on either story.

2. However, a re-examination of PACHON's suitcase turned up a compartment in which were found several cryptic notes, including a reference to Avenida Mazatlan, Mexico City 5455 (IA 03860) reports Avenida Mazatlan 206 to be the address of the Soviet Press Office, and Soviet Press Attaché Nikolay Sergeyevich LEONOV (201-132159) to be a KGB officer, known to have handled CP operations in the past.

3. A review of LEONOV's file reveals the following possibly significant information, when related to the PACHON case:

a. 1956: Subject's personal calling card was found in an address book taken from Fidel CASTRO Rus when Fidel was arrested by Mexican police on 21 June 1956 in Mexico City. (See MEXICO CITY 6859, 27 June 1956, IA 55556.) This event was apparently reported in the Mexican press but the file does not contain a copy nor the date of publication, and there is some indication that the card may have been a plant. (See HADM 10265, 24 Nov 61.)

b. 1963: April. Subject was Fidel Castro's interpreter during the latter's tour of the Soviet Union. The file contains many photos of the two with all the big-wigs of the USSR. The event was reported in El Mundo with a picture of Subject, Fidel, etc. on 8 May 63.

c. 1963: May. Subject was observed in a meeting with a former Mexican army captain Lorenzo CARDENAS Barajas who was supposed to be an arms smuggler to the Guatemala guerillas. A station inspired article appeared in the 31 May 63 edition of EL TIEMPO, Mexican newspaper, accused Subject and Cardenas of being the key figures in Central American revolution plans. The source of the information was attributed to a former lawyer exiled from Cuba. The article was picked up and played in the 31 May 63 edition of EL Tiempo Noticias. A photo copy of the article is in vol. 3 of Subject's file attached to MMIA 33293, 18 Oct 63.

d. 1964: A letter was obtained through LIMUD addressed to Subject from [REDACTED] (201-273723). The letter indicated that the two were apparent close friends. Bonilla at that time was the president of the Federation of workers of Cundinamarca (FTC) and a leading Colombian Communist. (See MMIA 30130, 16 Sept 60 and MISA 9413, 7 Oct 60.)

e. 1966: Subject was reported as being a close friend of Bernardo LIMUS Monzoza (201-91375) since 1953. LIMUS was at one time a prominent Guatemalan communist, on Central Committee. Subject was also reported as being in contact with Ricardo MIRANDA Aldana, also a prominent Guatemalan communist who is now dead, during January 62 (201-787300).

f. 1967: Soviet Press Office, where Subject also lives, was used as a payoff point for funds given to support the Central Accionario de Estudiantes Democraticas which organization is controlled by the Communist Party of Mexico. Subject was not the contact man for the funds. (See MMIA 31117, 19 Jan 67.)

g. MMIA 33215, 5 Oct 67, gives a rundown on other contacts of Subject with Guatemalan communists or guerillas.

4. LEONOV was in Mexico from July 1953 to October 1950, as Secretary to the Ambassador, and returned in July 1961 as a Third Secretary and Assistant Cultural Attaché. He has served since October 1964 as Second Secretary and Press Attaché.

<p>1. Transmitted herewith is a personality sketch prepared by LIFEAT transcriber Carol K. Of the three persons mentioned in the sketch with whom LEONOV appears to be in clandestine contact, the only one identifiable is Juan REJANO (Parras), 201-109935. He is a Spanish Communist, one of the leaders of the Spanish Communist Party in Mexico, with close ties to other Communist groups, especially Cuban and Czech; and at least once he was seen going into the Cuban Embassy with a leader of the Guatemalan Communist Party in Mexico. REJANO is in frequent contact with the Czech Press attaché. He is editor of the Czech bulletin published in Mexico. He is also frequently in touch with employees of the Soviet Press Office. In December 1967, according to an LNERGO report, REJANO gave NELSON (LNERGO double agent?) material on American bases in Spain when NELSON visited the Spanish Communist Party Headquarters in Mexico. On 28 January 1968, REJANO was among a group of "old friends" attending a dinner in Mexico City for Juan MARINELLO Vidaurreta, President of the Cuban-Mexican Society and Cuban UNESCO Ambassador.</p>

Nicolas LEONOV, Press Attaché

LEONOV is an extremely bright, intelligent man, and very quick-thinking. He is popular among the press people because he appears very frank, open and nice to them. He is not the kind, like many other Soviets, who is afraid to make comments, in his own name, on news items and this pleases the press who like personal opinions if nothing more. He is helpful and hard-working and any reasonable request he makes an effort to fulfill.

Apart from his work with the press, he does appear to be involved in intelligence work. He meets with David, Juan Rejano and another man (name not known) on matters which appear to have nothing to do with his press activities. It is possible that money is channeled through LEONOV for economic aid to certain magazines and propaganda work (perhaps even to the University groups although he is very cautious and this many not be true).

LEONOV tolerates (but does not love) his wife, who is quite a shrew. He apparently continues to live with her for the sake of their daughter, Irina, but they appear to have nothing in common. LEONOV is very popular with nearly everyone, but LEONOVA is almost universally disliked.

The actual work of the Press Office he leaves nearly entirely in the hands of his employees, who appear to do their job quite well. They only consult him on special problems and money matters, but he appears to devote very little time to the actual work done at the office. He is busy making contacts, seeing people, visiting newspapermen and doing extra and special jobs for the Embassy (since his Spanish is so good and his personality so nice). He interprets for most of the important Soviet artists when they come to Mexico and he accompanies the Ambassador on many occasions. The previous Amb. apparently trusted his judgment greatly and called on him frequently.

LEONOV apparently plays chess quite well and likes to hunt and fish, but is unable to devote much time to this. He has quite a social life, but mostly alone, and he appears to be high in favor in the USSR since he is able to take vacations frequently and do, more or less, as he likes.
