Merola is a gun runner, fast dealer type with connections at all levels in many foreign countries. His information is usually very good. He was Batista's personal pilot and was right next to Castro at the time of the take over. He said that he could not judge the information, but that the guy seemed to be honest and sincere about the offer. Perhaps COS Beirut knows of the individual.															135 136 137 138
