SECRET

3. The articlo does not make clear whether or not NAGELL is back in Germany at the moment, nor do we have any information regarding his present whereabouts, other than the statement in the article that he is probably now in the United States. The Public Safety Officer/USBER advises us, however, that subsequent to his release from prison in East Germany in October 1968 he again visited West Berlin and contacted the Public Safety Office where he complained about not being able to locate his children.

4. There are no Berlin Base traces on the author of the article, Thomas C. LUCEY. Since the article appears to be an effort to discredit the U.S. Government and certain officials of the government we would appreciate receiving any traces which Headquarters or the German Station may have.
