Action Required: As stated in paragraph 3.

1. As reported in Reference A, paragraph 1, the medical/vocational rehabilitation program has reduced the number of individuals receiving monthly medical dependency payments to six "hard core" cases. One of this number, a serious medical case who resides locally, (Faustino 6 MARTINEZ Camejo), is funded by Garcia Lines. The background of the cases and previous correspondence with Headquarters regarding resolution of the problem is contained in References B through I. Being forwarded Under Separato Cover are Attachments A, B and F, the case histories for 6 (HERNANDEZ), (PEREZ), and (MARTINEZ). 6 Of special interest is Reference C which forwarded case histories on (MOLINA), (ORTEGA), and (POZO) for analysis and comment by the Medical Staff. Medical reports originated subsequent to the submission of the Reference C report and are being forwarded Under Separato Cover as Attachments C, D and E.

2. The current status of each of the remaining cases is summarized as follows:

3. It is requested that the Headquarters reviewing action ⁶described in Reference C for handling the cases of (MOLINA) (ORTEGA) and (POZO) be expanded to include all the remaining cases and that JMWAVE be ⁶informed of the conclusions reached concerning the ultimate disposition of these cases.

4. FYI. An amount of \$250,000 was originally authorized for the medical phase of the AMBUD Program. Expenditures under this program have reached a level of approximately \$245,000 with bills outstanding at the present time of \$3,250. It is evident that the cases remaining which require medical treatment as outlined above will necessitate the expenditure of sums in excess of this amount.
