AMLASH/1 - Paris Station Aspest

Paris Station involvement with the AHLASH case began in 1962, after AHLASH/1 came to Paris after attending the Helsinki Nouth Postival that year. In Belsinki, AMLASH/1 was contexted by UNRUMBLE/2 (an assot of the Paris Station who attended the Fostival for purposes of disruption) and by other KUBARK assets. It is not clear from our files just when AHLASH/1 was "rescuited" but it appears that he was rescuited during or shortly after the Festival.

In Paris he was in contest with Poter J. KIMINGHAM (probably in alias although I know that AMLASE/I was at KIMINGHAM'S home upon cocasion). In 1962 AMLASE/I was given training in explosives by OILMEX (I believe) upon request of the Paris Station. He appears to have returned to FERINER in late 1962. It is not known if other Paris Station perconnel were in contest with AMLASE/I during that period.

ANEASH/1 ment arrived in Paris on 14 September 1969, coming from the Internettional Games held in Puerto Alegre, Brasil, where he was in contact with THPIC officers. At this point ANERCET/2 (new QUEPORT) was in contact with ANEASH/2 in Paris and ANMER P/1 was another comme channel (the case being most primarily by Hqs.). The Readquarters TIPIC officer, ONTRICH (F), arrived in Paris on 3 October 1963 and picked up the contact with ANEASE/1 which was being maintained by ANEPORT/1 and KIMIHJHAH. The meetings with ANEASH/1 took place in NIMENERM'S home as best I remember. These discussions concerned ANEASH/1 is plane to assistaine ANTEN and overthrow his regime.

OFFRICH returned to Paris In late October, after discussions at Headquarters on the case. OFFRICH and DAIRNED, who was the time, not with AFRASE/1 in late Obtober or early Howeeber. DAIHOID's participation was due to AFRASE/1 strong desire to talk with some Migb-level ODYORE official concerning his plans and to obtain ODYORE blassing if possible. I am not emans of exactly what happened at these mostings but I received the impression from KYMENDHAM that such blocsing was given. MILASE/1 returned to PERDARM on 27 Howeeber 1963. It was during this visit to Paris AML ASH -1 that STOCHEOOD met AHLASH/1 and LEWHIF/1, presently in allos but I do not know the dotails. It was also apparent by the time AHLASH/I last that he know UHERAFU/5 was working for KUBARE and we know that UHERAFU/9 was aware to some extent of AHLASH/1's plans (URSHAFU/9 had SEESSEE been reprinted by KUBARE at that time). It was agreed that AHLASH/1 would used the address of UHERAFU/13's parents for s/w latters to KUBARE (UHERAFU/2) is wife of UHERAFU/9).

ANLASE/1 maxt arrived in Paris in late November of early December 1966. ANVH P/1 STOCHMOOD and ONTRICH (My from Hosdquarters) mot with him in Paris (this time in a safe house of the Station. ANLASE/1 left for PERUMEN from Madrid on 20 February 1965. During this stay in Paris ANLASE/1 met the following KUBARK staffers and agents:

STOCESOOD, OLOADEL, RODANCE ANTRIP/L, ESSRAFU/D, UESRAFU/D, UESRAFU/D)

Tou will recall that in Describer 1964 USERLPU/5 had a nervous breakdown and AMIASE/I played an important part in convinting USERLPU/5 that he should agree to bespitalization. It use in this commotion that GLOADEN and BODAMER met AMEASE/1. OLOADEN subsequently met with AMEASE/1 two or three times to reserved reports for STOCENCOD. These meetings were abreet motings or in the home of UMERLPU/5. During this stay, AMEASE/1 treveled to Madrid at least once to meet with AMEADDI/1 and AMEAND/1. I an not evare of results of these meetings emeept that AMEASE/1 was seeking the physical instruments to carry out his play to eliminate AMEAND.

There was no additional contest with ANLASH/2 in Paris subsequent to February 1965 but the Station (GLOALEN and MIRLEES) did have subsequent contact with UNDEAPU/5, UNSEAFU/9, ANLASH/2 and ANLASH/3. You will recall that was ANLASH/3 who make the "joking" pitch to MIRRENESS on 6 May 1965. ANLASH/2 and MELSH/3 were both source of ANLASH/1 plane.
