

AMLASH-1

MEMORANDUM FOR THE RECORD

24 July 1964

To: Mr. Armstrong, BOB

Subject: Angel Luis FERNANDEZ Ruiz - "El Ingles"

During the meeting with AFBHIP-1 on 22 July, I asked him whether he knew "El Ingles". He said "Yes" then wondered whether we were thinking of getting in touch with him. I said "No, his name came up in connection with Trancases, and we were wondering whether he was, by chance, a friend of AMLASH-1, since we had noticed the tendency in LASH's group to use nicknames - "El Suave" - "El Mago" - "El Loco".

WHIP said that "El Ingles" was a friend of AMLASH-1, and that the latter had stayed with El Ingles/when he was in Paris circa June 1963. He added that he was a nice man, but one "full of complexes". Queried, he explained that he meant personal complexes, nothing bad, but that he was just not a serene person. He expressed the opinion that he was "good", that he knew nothing bad about him.

The above may help to explain some of the erratic LCPLUTTER reactions. In addition, due to Trancases' talkativeness, it may be possible that El Ingles knows something of AMLASH's plans, and may fear to be asked about this subject.
