CONTINUATION	OF	
DISPATCH		

WATER STREET, MET NOMO

3. In connection with the Air Force report the FBI furnished the following information to the Department of Justice:

CLAND-SCATTERS

One Sergio Areacha Smith, identified as the former head of the FRD in New Orleans, during an interview on 5 December 1961, identified a Luis REBEL of New Orleans; as the delegate to the CRC in New Orleans, Also on a list of members of the CRC in New Orleans, which was made available to the FBI, the address of 4651 Marigny Street was noted with a "Mr. Luis Rabel Nunez" listed as a "Delegado".

4. Headquarters files contain no identifiable information on William A. Pennington and Luis RABEL Nunez. Concerning Sergio Arcacha Smith, our files contain no information other than he was once the head of the FRD in New Orleans.

5. In mid-1961 Headquarters notified the Department of Justice that we had and expected to continue to have a special interest in the activities conducted by the FRD (and now the CRC) and its bona fide affiliation and requested that no action be taken against the CRC for acts that may be committed in the performance of its functions as a central point for enlisting support for anti-CASTRO activities. In connection with this notification and the recruiting activities cited in paragraph 2., the FBI has requested the opinion of the Department of Justice as to whether such recruiting activities indicate a possible violation of the neutrality statutes warranting further investigation.

6. It is requested that the Station discreetly determine from Dr. MIRO if Luis RABEL Nunez is an authorized representative of the CRC in the New Orleans area and his activities are known and approved by the CRC. With this information and any comments the Station may have on the reported activities, Headquarters can make an appropriate reply to the Department of Justice inquiry.
