He mentioned that he thought that D/OCA spent some time later with the Congressman discussing budget issues. (C)

4. The Comptroller mentioned that she believes that the HAC overview on the IC budget, currently scheduled for Wednesday, will be cancelled. She told the DDCI that the White House federalists are still presenting some resistance, but she predicted that the matter would be resolved by next week. The DDCI commented that it is not the best time--during an election year--for the White House to be picking a fight with Congress. The General Counsel concluded that she will be meeting shortly with Rich Haver to review the draft DCID on the Intelligence Community reorganization. The DDCI asked her to give him a copy of the draft. (C)
