MEMORANDUM FOR: NARA Reviewers

FROM: CIA Historical Review Program

SUBJECT: Explanation of Contents of This Box

This box contains scheduled records from the Central Intelligence Agency, transferred to the National Archives and Records Administration under provisions of the Memorandum of Understanding of 6 September 1989 between the Director of Central Intelligence and the Archivist of the United States.

This job consists of the seventeen boxes that make up the CIA Operations Directorate's complete file on presidential assassin Lee Harvey Oswald. The job is a subset of the 80-box Kennedy Assassination file.

The contents of this box are categorized relative to their releasability into four groups:

1. The record copies of documents which CIA hereby releases in full and transfers to NARA;
2. Electrostatic copies of documents which have been sanitized to protect intelligence sources or methods. (CIA will retain the record copies and identical electrostatic sanitized copies of these documents in its archival storage);
3. Pink withdrawal cards which identify all documents that currently must be withheld in full to protect intelligence sources or methods (CIA will retain the record copies of these documents in its archival storage); and
4. Documents originated in agencies other than CIA. These are flagged by red bands identifying the originating agency.

There are no restrictions on the unflagged part of this submission, and the CIA equities contained therein are released. Those parts that are flagged by red bands contain intelligence equities of other agencies and will need to be handled by NARA in accordance with its agreements with those agencies.

MEMO FOR: Bob Skwirot, ARRB Staff

FROM: Frank Most, HRG Staff

SUBJECT: Orphans and Strays

From the January Board Determination package:

104-10066-10010. This was returned to HRG in the January package but was not on the Board Determination list. I returned it to you, c.10 March. It is a sanitized document; no previous dup; needs Board review.

104-10066-10226. This was returned to HRG with the January package but was "crossed with 104-10066-10232" (whatever that means). I returned both to you c.10 March, presumably after getting them uncrossed. Both need to be sanitized and both have no dups. 10226 was on the determination list; 10232 was not.

180-10108-10017. This has a problem regarding Secret Service equities. You were going to advise me after checking with one of your staff and/or S.S. I have copies.

From the December Board Determination package:

104-10068-10139. This cable (DIR 84946), referenced in my note of 6/4/97, is the one that had been wrongly attached to 68-141. It has no dups, is sanitized, has not had the Board's blessing. You may have copies?

104-10065-10366. Returned to HRG with December package but not on the determination list. No dups; sanitized; needs Board review.

When you have a chance.....

Thanks,

Frank

Enclosed are four documents that were the subject of our  
telecons last week:

Two are replacement copies for items missing from  
the January reconsiderations group; one from the  
December Board determinations list. (They are labeled).

The fourth item is a leftover from the December list  
that had a problem with a missing page two. The missing  
page - which we found a copy of - needs a redaction  
that was not seen by the Board.

SUBJ: January Board Determinations leftovers

These two problems were referred to me by Dick, 9/26:

104-10052-10015. Correction to release #19 on page 3.

104-10063-10349. This was simply a missing document, although I found we had hit it with the wrong stamp-- now corrected.

TO: Bob Skwirot, ARRB Staff

FROM: Frank Most, HRG Staff

SUBJ: HSCA Documents from March Board Determinations.

Bob, I think I have completed all the corrections indicated in your note of 18 August, attached. The following notes respond to other comments in your note:

180-10141-10222. The routing sheet is a previously-redacted document, as indicated in the comments in 104-10023-10019, -10025, & -10080, all in JFK13, F11.

180-10142-10116. Responsive to your first note we have released "1960"; responsive to your second note we have released the words "up to" but continue to protect "Mexicans".

180-10142-10240. Your note says simply "Check with CIA" -- no other clue. The Board determination summary says "operational details". As I see it the deletions we have taken (p.4) are in compliance with the Board's summary.

180-10143-10090. I have entered Scelso as appropriate but, for some reason, I have no unredacted copy, no yellow sanitized copy. We think we know (guessing) what deletion #7 on p.5 is, and are prepared to release it, but without an unredacted copy we can not be sure. We are holding this item back pending receipt of an unredacted page 5 from you, please.

Frank

11 of the 12 listed on the  
attachment we have  
(HRG copies). 180-10143-10090

# SEPTEMBER DOCUMENT

180 - 10145 - 10269

This is the Sept '82  
meeting - document we spoke  
about - parts of which  
are duplicated in 10-10143-104  
and 180-10145-10285.

These other two records are  
reviewed more liberally than  
the first.

For consistency it  
seems necessary to open  
additional info on it  
record. See p. 7.

SUBJECT: July 1997 ARRB Mark-up Copies

1. During your absence I spoke with Ben Rockwell regarding the ARRB-marked up versions of the documents from the July 1997 meeting. Ben called back and said he could not find the documents there.

2. I have looked around here but have not found them here either. When you get a chance, could you please recheck down there for those documents (the ones with the red-brackets and codes). We need them for filing with our HRP retention copies in the JFK files.

3. Let me know. Thanks,

NOTE FOR: Bob Skwirot, ARRB Staff  
FROM: Bonnie Hunter, DA/OIM/HRP-JFK.  
SUBJECT: March 1998 Meeting Documents - Discrepancies  
in Identification Aids

1. The March meeting document inventory list contains discrepancies involving the following identification aids:

104-10175-10143	not currently listed on the inventory; should be added reflecting 2 redactions. (The document, with ARRB red brackets and codes) was erroneously attached to the ID AID 104-10175-10146.)
104-10175-10145	correctly shown on inventory with one redaction; no change needed
104-10175-10146	The document correctly identified by ID AID 104-10175-10146 was erroneously attached to the ID Aid 104-10175-10147. The document, with ARRB red brackets and codes, reflects 3 redactions (vice the 2 currently shown for 10146).
104-10175-10147	should be deleted from the inventory list. That document has not yet been processed by ARRB.

2. The documents in question are available for review. Please let me know if you need further clarification.
