MEXICO ANGLEI. TELTAP - LIENVOY - delete all mention of teltap

Sylvia DURAN - secretary in Cuban Embassy in Mexico. She was one Oswald contacted to apply for Cuban visa. Her name came to our attention & the Mex. Gov's via the teltap. All info about DURAN which was published in the Warren Report was provided the Commission by the Mex. Gov. via State Dept. CIA was never tied in publicly to DURAN .

LA Division wishes to withhold mention of DURAN because the ultimate source in identifying her contact with Oswald was the teltap.

II. Gilberto ALVARADO Uguarte - Nicaraguan who ~~a~~ walked into the American ~~Am~~ Embassy in Mexico after the assassination claiming he had knowledge of the matter. Claimed Oswald had received \$ from a Cuban at the Cuban Embassy. Turned out thru tracing that ALVARADO was an agent for the Nicaraguan Intel Service. However, Alvarado's story was only his invention and had nothing to do with Nic. Intel. Alvarado's ~~xxx~~ story does appear in the Warren Report but his identity is withheld.

Leave in info re ALVARADO but delete his identity including citizenship & also delete identity of Nicaraguan service.

III. Photo of "Unidentified Man" - may leave in fact that photo was taken in Mexico in front of Sov Embassy, but do not want to imply that photo surveillance was being conducted.
Therefore must protect source.

 FYI: crypts that appear in Mexico traffic

LIMITED - Mex. photo surveillance

LILYRIC - technical surveillance op.

LIFIRE - travel manifests, airport surveillance
