3. While are very busy and have many contacts, they do not seem to make close personal friends, and the persons with whom they are in contact appear almost exclusively to be business contacts. The Station has been unable to locate any person who might make a good access agent to \_\_\_\_\_\_\_ None of the Station's agents mentioned in paragraph 6 of HMMA-38920 were close to \_\_\_\_\_\_\_ The closest companion would be the Subject of 201-860095. The Station is reporting separately on its attempts to develop and recruit this person.

days are very long, as can be seen from the attached

4. The Station has even considered approaching maid, especially when it became known she was so unhappy with her lot as a servant. However, since the maid almost never leaves the apartment and she is virtually inaccessible, the Station has been unsuccessful in having any asset establish any degree of rapport with her, although a contact of LITAINT-2 has been able to engage her in telephone contact and hopes to date her eventually.

is almost entirely 5. Since the Station believes that dedicated to press affairs, and no really good access agents are in view. the Station will not make a priority effort to develop an entre into circle except via the operation now underway to recruit 201-860095. If this operation is successful, the Station would have an excellent asset for a better personal assessment and in frequent contact with Until this information on assignment type of information becomes available, however, the Station believes it has identified role as almost purely press, and we have been unable to detect any vulnerability data on either or his wife.
