MEMORANDUM FOR: Director  
Federal Bureau of Investigation  
Attention: Mr. S. J. Papich

SUBJECT: ~~Garrison and the Kennedy Assassination:~~  
~~William Clarence WOOD, Jr.,~~  
aka William BOXLEY

1. The New York Times of 12 July 1968, p. C 35,  
carried an article headlined "Garrison Claims Foreign Spy Link".  
The article includes the following:

"Over the telephone, Mr. Garrison also  
introduced an investigator for his office, Bill  
Boxley, as a former Central Intelligence Agency employee  
instructor in the 'clandestine operations depart-  
ment'. He said he had found Mr. Boxley while  
seeking a 'man who had been with the intelligence  
agency but still cared about the United States'.

"Mr. Boxley then said his real name was  
William C. Wood; he was 48 years old, originally  
from Texas; he had worked 10 years as a newspaper  
reporter--last on The Denver Post from 1948 to  
1950; he had been with the intelligence agency two  
to five years in the ~~EX 109~~ overseas and in  
Washington and had 'used as many as 10 different  
names in operations with the agency'."

2. In December 1944 William Clarence WOOD, Jr. was approved for duty with OSS in a writing/publishing assignment. He did not serve with OSS, however, because he was assigned instead to combat infantry duties in the Southwest Pacific. On 13 December 1950 he was cleared for duty on the island of Saipan as Chief Instructor in Clandestine Operations. He arrived in Saipan in March 1951. A year later he suffered a nervous breakdown and was returned to Washington. Medical examination indicated that the breakdown had been induced by family problems and overindulgence in alcohol. Subject was assigned to our headquarters training component in May 1952 as an instructor. (S)

3. In December 1952 he was found lying on a sidewalk near an Agency installation and at his own request was taken to Emergency Hospital. He failed to report for duty and in January 1953 was arrested for drunkenness. On 27 January 1953 he resigned at the request of CIA.

4. On 11 July 1953 WOOD telephoned to say that he was scheduled for brain surgery in Dallas, Texas, on 13 July. He requested that a CIA representative be present. No surgery was performed, but WOOD was given sodium pentothal in connection with a spinal tap. While under the influence of sodium pentothal Subject said that he had served overseas with CIA and had seen many people killed. He said that CIA was a bunch of dirty cut-throats and that he would not be surprised if they sent one of their men to cut his throat. He also said that one day he would show CIA that he is smarter than they are. After he got well, he would go back to school and get his degree and fight the CIA with everything he had.

✓ 5. An FBI report from Dallas, Texas, 30 April 1957, showed that Subject had telephoned long distance from Midland, Texas, to a Chinat intelligence officer in Formosa, claimed former CIA employment, and offered to "help you with things I know". Then he called a person in Lubbock, Texas, who was believed to be his wife. He told her that he had talked with Chiang KAI-CHEK's intelligence representative in Formosa and that she and the baby would receive \$700 - \$1000 a month "if this thing goes through". (u)
