The Director has inquired regarding the nature of any liaison existing between the Washington Field Office (WFO) and CIA. Limited liaison does exist, being addressed to specific operational cases and name checks.

WFO, of necessity, is in contact with CIA concerning specific cases in the espionage field. For example, WFO handles leads to interview the Soviet defector, Yuri Nosenko, who is under CIA control and support. [At the present time, there is considerable liaison with respect to the Czechoslovakian informant, "Gimme," who will defect 6/26/70. CIA is providing a "safehouse" and support for him.] (s) JFK (1)(B)

In addition [CIA has a domestic operations office in the District which makes name checks with WFO and secures background information concerning foreign diplomatic personnel. No liaison is conducted with respect to policy matters and the objective of all contacts is the handling of immediate operational matters.] JFK (1)(B)
