CIA REQUEST FOR BUREAU LECTURE

ON COMMUNISM IN THE U. S.

Item Number 15 in the material submitted to the Director by SA Sam Papich in his memorandum 3/5/70 discusses the Director's refusal of a 1958 CIA request for NAME to lecture on communism before a CIA group. Papich stated that CIA accepted this as an affront and a blatant refusal to cooperate on a most important subject of interest to both agencies.

The files disclose that by letter 9/25/58 signed by , CIA requested NAME to address a selected group of CIA personnel on the communist movement in the U.S. CIA suggested dates of 12/9,10,or 11/58. The Director by routing letter commented, "It seems strange slip attached to NAME that CIA should seek this when its top representative in Japan considers FBI as a bunch of mere 'flat-feet' and the dangers of communism as something conjured up in the minds of the FBI. But then again I note request doesn't come from the Director nor even the Deputy Director of CIA."

to NAME Memorandum NAME dated 10/1/58 made reference to CIA's request and the Director's comments. recommended that the best interests of the Bureau would be served by giving this lecture, not because of the information which could be conveyed to CIA on communism in the U.S., but because it would give NAME an opportunity to raise a number of questions himself of the group concerning CIA's own activities in the field of communism. It was pointed out that it could be considered a bit of a challenge to see how much the FBI could learn about the operation of CIA during the course of the lecture and discussion rather than the converse. WAME recommended that the request be declined and the Director concurred commenting. "We cannot make NAME available to this outfit."
