The following information was obtained by SA  
JAMES D. HAYES:

(S)  
On February 23, 1968, [HARRY RANDALL] CIA Covert,  
Miami, (Protect), advised his office had received an  
anonymous tip as follows:

(S)  
[RANDALL] explained he did not know the origin  
nor did he have any further information concerning this  
tip and was endeavoring to ascertain more about this  
matter, if possible. X

One RICARDO MORALES has a bank account, No.  
80-657-9 in the Riverside Bank, Miami, Florida. 951 SW  
1st Avenue is apparently the address of an apartment which  
had been utilized by Cuban Power. This account contained a  
receipt for rent on an apartment which has been used by  
Cuban Power. It is presumed this apartment has been used  
in the nature of a safehouse.

The foregoing information was furnished to  
Lieutenant HARVARD SWILLEY, Intelligence Unit, Miami  
Police Department, in connection with their current  
investigation of MORALES, who is currently incarcerated  
in the Dade County Jail under local violation.

Re: [ FRANCISCO RODRIGUEZ TAMAYO;  
RICARDO MORALES NAVARETTE;  
MANUEL PENABAZ ]

(X)(u)

SA JAMES J. O'CONNOR developed the following information from MM 1119-S on January 30, 1968. (X)(u)

MANUEL PENABAZ has been in Miami for the past couple of weeks. On January 26, 1968, he obtained a visa at the Consulate of Venezuela in Miami for travel to the Dominican Republic. He claims this travel is in connection with land sales. (X)(u)

PENABAZ stated he had clipped some newspaper articles regarding recent activities of Poder Cubano and had sent them to EDUARDO FERNANDEZ who is a Cuban currently serving as an officer in the U.S. Army believed stationed in California, possibly at Fort Ord. PENABAZ claimed that EDUARDO FERNANDEZ originated the idea or at least the name of Poder Cubano and PENABAZ mentioned the idea to FRANCISCO RODRIGUEZ TAMAYO and RICARDO MORALES. PENABAZ claims that TAMAYO and MORALES are involved with another group in the bombings at Miami. PENABAZ stated there was a meeting at the residence of TAMAYO in Miami during the week of January 21-27, 1968, which was attended by several Cubans from New Jersey. TAMAYO reportedly showed them arms, description not known. Also, those at the meeting allegedly smoked marijuana. PENABAZ claims ORLANDO BOSCH has nothing to do with Poder Cubano. PENABAZ indicated he would be flying to the Dominican Republic via Pan American on January 31, 1968. (X)(u)

On January 30, 1968, [HARRY RANDALL] CIA Covert, Miami (Protect), furnished the following information, which he said was classified "secret." He indicated all of this information is from their source [OSCAR ANGULO] (Protect) (S)

JORGE GONZALEZ, aka "Bombilla," resides at 51 N. W. 76th Avenue, Miami, telephone 226-6819. He drives a white Ford, approximately 1964 model, bearing 1968 Florida license 1-123172 (S)(u)

[redacted] the above-mentioned source (S) received a telephone call at his residence approximately (S) ten AM from PAULINO GUTIERREZ, inquiring about his, (S) source's health and condition as a result of (S) an automobile accident in which the source was involved. (S) During the course of (S) the conversation, PAULINO GUTIERREZ mentioned the Cuban Power had just put another bomb a few minutes previously (to this conversation) in an office which sends parcels to (S) Cuba. No further details or information was furnished concerning this matter. (S)(u)

On January 28, 1968, [during the afternoon] JORGE GONZALEZ, aka "Bombilla," visited the source's residence. (S) He was interested in learning the reaction and opinion of the (S) Cuban exiles with regard to Cuban Power. He was apparently attempting to find out what comments the Cuban exiles had made and what effect the purported activities of Cuban Power had had on the Cuban colony in the Miami area. (S)(u)

GONZALEZ criticized FELIPE RIVERO's statements to the press indicating that it was an open sign RIVERO had sold himself to the U. S. Government. (Reportedly RIVERO made a statement to the press concerning the recent bombings attributed to Cuban Power as being "acts of cowardice") GONZALEZ also criticized the attitude of the Second National Front of the Escambray. (S) (X) (S) (u)

GONZALEZ asked [the source's wife, who was present at the time] to recognize the voice of [the person who called their home on January 20, 1968] at approximately 3:05 AM. Source's wife informed GONZALEZ [redacted] at that time. [She also stated [redacted] not give any satisfaction to GONZALEZ, even to the point of [redacted]] (S) (S) (S) (S)

GONZALEZ also stated that some of the Cuban exiles in the Miami area were of the opinion ORLANDO BOSCH was the creator of Cuban Power and "author" of the bombings. (The brains behind the bombings.) (X) (S) (u)

The source further advised [TOMAS REGALADO, of local Spanish-language radio station WFAB, Miami, told the source that [the FBI] had interrogated him and wanted to know [if the voice of the person who called WFAB was that of BOSCH.] (S) (S) (X) (S) (u)

GONZALEZ also advised [redacted] of the Cuban Power and the bombing of the B-25 airplane at the Miami International Airport, which is the reason "they" called him at 3:05 AM. (S) (S) (X) (S) (u)

By memorandum dated February 13, 1968, CIA, Miami, furnished the following additional information regarding JORGE GONZALEZ: (S)(u)

On February 9, 1968, [redacted]

[redacted] JORGE GONZALEZ, military chief of the Movimiento Insurreccional de Recuperacion Revolucionaria (MIRR). GONZALEZ stated that the activities of the Cuban Power group would continue. He said they intended to "frighten" some members of the news media, such as NORMAN DIAZ ARTILES and JUAN AMADOR RODRIGUEZ of Radio Station WMIE, and SERGIO VIDAL CAYRO of Radio Station WFAB. (S)(u)

GONZALEZ stated that they knew they were under investigation by the FBI. He said the only evidence against ORLANDO BOSCH AVILA during his trial for extortion was that the threatening notes had been typed on a typewriter to which BOSCH had access. For this reason, when Cuban Power had something to write, they rented a typewriter at the cost of \$30.00 for the purpose. GONZALEZ said that different persons rented typewriters from different places in order to elude the investigative efforts of the FBI. (S)(u)

GONZALEZ said that Cuban Power was preparing news releases which would be sent to the local news media that night (February 7). According to GONZALEZ, the MIRR and ORLANDO BOSCH AVILA were preparing "an important work about Cuba" which would reaffirm the position of the MIRR so that there would be no connection between the MIRR and Cuban Power. GONZALEZ said this action would allay the suspicions of the FBI since it would appear that the MIRR was inactive. (S)(u)

bombings which had occurred in Miami. FELIPE RIVERO, of the CNM, commented regarding the recent bombings in Miami that the only thing a bombing such as occurred recently in Miami does is to take the medicine from the elderly and the children. RIVERO further stated that when he does something he signs his name to it. JORGE MASCANOSA, representative of RECE, would not talk against the bombings, however, at the same time LUIS CONTE AGERO also refused to make any comments regarding the bombings. CONTE stated, however, that he was against sending any packages to Cuba except medicine.

The following investigation was conducted by  
SA EDWIN PETER KRIEGER:

On January 26, 29 and 30, 1968, MM 1264-C was contacted regarding Cuban Power and the recent bombings in the Miami area.

Informant advised that he heard that a young group of Cubans in the age category of 18 to 20 years of age have been actually or personally involved in the local bombings in the Miami area. He felt that Cuban Power was using these young individuals in that they have no fear and they crave excitement. He further said that he heard that ORLANDO BOSCH is the leader of the Cuban Power group. He further stated that he believes it is this same group that is responsible for the bombing of B25 cargo aircraft at Miami International Airport on January 20, 1968.

Informant continued by saying that a source for the Cubans obtaining powder for any homemade bombs could be through Maule Industries, Miami, which handles explosive powder and this company hires many Cuban employees.

Informant said that he does rehabilitation work with young Cubans and Puerto Rican male individuals and that in contact with them he would remain alert to any additional problems that may arise, especially the bombing matters in the Miami area.

On January 26, 1968, SAS JOSEPH C. BALL and ROBERT G. STRONG received information from [OSCAR ANGULO REYES] and (S) his wife, [ANGELA] which has been recorded on FD-302s, [but is classified secret at the request of CIA, Miami, [since ANGULO is of high operational interest to CIA. [S] (u) (S)]

The information received is as follows: (S) (u)

Mrs. ANGELA GARCIA DE ANGULO, 2900 N. W. 92nd Street, Miami, Florida, furnished the following information: (S) (u)

She advised that at about 3:00 AM on January 20, 1968, she received a telephone call at her residence from an unidentified male caller who asked to speak with her husband. When told her husband was not home, the caller instructed her to tell him, "We put a bomb on the plane for Merida," after which the caller hung up. She recognized the voice of the caller as that of ORLANDO BOSCH AVILA, with whom she is well acquainted. (S) (u)

At 6:50 AM, the same date, she received another telephone call, believed to be from the same individual as above, who again asked for her husband. She advised the caller her husband had left for the airport and inquired if this was not BOSCH calling. The caller then excitedly stated he wanted to speak to her husband and hung up without answering her question. (S) (u)

She advised that she has talked with ORLANDO BOSCH AVILA on numerous occasions, both personally and on the telephone, and is thoroughly familiar with the voice of BOSCH. She stated she was certain the individual who made the above calls was BOSCH. (S) (u)

MM 149-425

OSCAR ANGULO REYES, 2900 N. W. 92nd Street, Miami, Florida, made available the following information: (X)(u)

On December 14, 1967, ORLANDO BOSCH AVILA, prominent Cuban exile leader who heads the Movimiento Insurreccional de Recuperacion Revolucionaria (MIRR), advised the source confidentially that the new Cuban exile organization called "Cuban Power" was being created by "my men in New York City" and indicated to the source that he would furnish more information at a later date. (X)(u)

On January 15, 1968, JORGE GONZALEZ, also known as "Bombilla," one of BOSCH's Lieutenants in the MIRR and Chief of the Military Department of the MIRR, advised the source that he was a member of Cuban Power, whose objective was the stopping of the sending of parcels to Cuba. He revealed that Cuban Power was responsible for the bombings of the Post Offices at Elizabeth, New Jersey, on December 4, 1967; New York City, December 9, 1967; and Havana, Cuba, January 8, 1968. He said in addition they had sent explosive packages to "traitors among the exiles." GONZALEZ stated that the top leaders of the MIRR were running the Cuban Power organization and that within seven or eight days they were going to cause an explosion which would be heard all over the world. (X)(u)

The source stated the above conversation with GONZALEZ occurred at the offices of the Cuban Express Company, 1753 West Flagler Street, Miami, and while the source and GONZALEZ were en route from the Cuban Express Company to the "Segundo Caribe Supermarket," 35th Street and N. W. 17th Avenue, Miami, where GONZALEZ' girlfriend is employed. (X)(u)

The source advised the Cuban Express Company is a shipping company engaged in shipment of parcels to Cuba and the company is owned by PAULINO GUTIERREZ VIDAL. GUTIERREZ VIDAL and his son, JORGE GUTIERREZ ULLA, are members of the MIRR and are close associates of ORLANDO BOSCH. BOSCH frequently meets with MIRR members at the (X)(u)

Cuban Express Company office and the source stated that recent bombings by Cuban Power may be an effort to eliminate competition, noting the Cuban Express Company is not one of those companies which has been bombed to date. (X) (u)

On January 16, 1968, the source again visited the Cuban Express Company office and talked with BOSCH, GUTIERREZ VIDAL, and another Cuban male, name unknown, described as Triguero, about 25 years old, 5'6", stocky build, short black hair combed straight back, and known to be a member of the Military Department of the MIRR. During the ensuing conversation, BOSCH confirmed that a bomb would be set off by them within the next few days and stated he was then leaving for South Miami via Highway Number 1 to pick up some explosives. The source received the impression that both PAULINO GUTIERREZ VIDAL and the Cuban male were involved in this activity with BOSCH, since BOSCH spoke freely before them. (X) (u)

On January 19, 1968, the source again visited the Cuban Express office and talked with PAULINO GUTIERREZ VIDAL who was alone. GUTIERREZ VIDAL appeared to be very excited and stated, "The plane from Merida arrives today--stand by for the next 24 hours--we will have big news for you." GUTIERREZ indicated he had been in contact with FAUSTO DIAZ, local manager of the Compania Aerea de Carga Yucatan, in connection with his shipping business and that DIAZ had informed him of the scheduled arrival and departure times of the plane from Merida, Mexico. (X) (u)

On January 20, 1968, at approximately 3:00 AM, according to information supplied to the source by his wife, an unidentified male telephoned the home of the source and talked with his wife. The caller reportedly told his wife to tell him, "We put a bomb on the plane for Merida," after which the caller hung up. The source stated his wife, who is well acquainted with ORLANDO BOSCH AVILA, recognized the caller's voice as that of BOSCH. (X) (u)

The source was of the opinion BOSCH did not actually place the bomb on the B-25 cargo plane on January 20, 1968, but that this was probably effected by JORGE GONZALEZ, also known as "Bombilla," at the instructions of BOSCH. (X)(u)

He advised the two sources of the information were very sensitive and therefore, this information is not to be disseminated outside of the Bureau and restricted to personnel within the FBI on a need-to-know basis. [On January 29, 1968, MANUEL VILLA FANA MARTINEZ stated he had been told by MARIO FERRER PEREZ (that) the Miami Police Department representatives visited FERRER and ATON CONSTANZO PALAU on January 26, 1968. They asked for information regarding the Cuban Power movement and reportedly asked them to work as informants in the case. Both men allegedly told the police they knew nothing about Cuban Power. FERRER told VILLA FANA he had no intention of telling the Miami Police Department about Cuban Power, but he would inform VILLA FANA, who could pass the information to the CIA, and requested this not be furnished to the Police Department, because he is well known to the group involved. FERRER said he knew the bombs planted recently at the package shipment stores were placed by ATON CONSTANZO PALAU and a Cuban Negro known only as "DOMEQ." He stated "DOMEQ" is possibly identical with ROBERTO DOMEQ RODRIGUEZ, INS Number A12 854 781. DOMEQ is a member of the group of ROLANDO ARCADIO MASFERRER ROJAS, which was arrested in January, 1967, in connection with the alleged attempted invasion of Haiti. (\$) (u)

FERRER also stated the entire Cuban Power movement is under the control of ROLANDO MASFERRER. (\$) (u)

A third member of the group is NESTOR RODDA MEOQUI, aka Ernesto Rodda, born June 10, 1938. RODDA resides at 3450 S. W. 10th Street, Apartment 3, Miami, but he can also be located at 3491 S. W. 11th Street, Apartment 1. (\$) (u)

FERRER stated he observed ATON, DOMEQ and RODDA on the night the last three bombs were planted. On the following day, these three were in almost constant contact by phone and took unusual precautions to prevent their phone conversations from being overheard. ATON has reportedly told the Miami Police Department and other law enforcement agencies he has a cache of explosives, but that it is dynamite. FERRER believes from what ATON has told him, the cache is actually C-4 plastic explosive. (\$) (u)

FERRER also stated C-4 is for sale in the Miami area by certain individuals not named in the Second National Front of the Escambray and others, unnamed, who can get it from New York and "Mafia" contacts, at \$1.50 per pound, sold only in 100 pound lots. FERRER also advised a large quantity of acid-type time pencils from the same sources are available in the Miami area. (\$) (u)

The source told [MEDINA] that the leader of this group, [C] now known as Cuban Power, is MANUEL VILLAFANA who has worked for CIA for many years and is still directly employed by CIA. The other members of the group are not believed to be connected with CIA at this time, although many of them probably were in the past. (X)

The source told [MEDINA] that VILLAFANA and his [C] associates have plenty of C-4 and C-5 and the know-how to use it. (X)

[MEDINA] stated he had no further information [C] concerning this matter at present, but he will attempt to obtain more details and corroborating information. (X)

MANUEL VILLAFANA is the subject of Miami File 105-2615. [This is a dead file which shows only that VILLAFANA was [redacted] in 1960] (Xs)

CUCO (LNU) has been attending the classes on Tuesday and Thursday nights at 315 N. E. 23rd Street. ARTURO CARABALLO has been the instructor in the class on the handling of explosives, including C-4. (C)(u)

ARTURO CARABALLO is well pleased with the progress that CUCO (LNU) has been making, and indicated that if his services were ever needed he could be relied upon to do a good job. CUCO (LNU) seems to have the aptitude for the handling of explosives. (C)(u)

CUCO (LNU) is described as follows:

Sex:	Male
Race:	White
Nationality:	Cuban
Age:	Early 20's
Height:	5'9"

On February 6, 1968, MAX LESNICK, who was currently publishing a newspaper, "La Replica," in Miami, stopped by the office of the Second National Front of the Escambray to confer with ARMANDO FLEITES. LESNICK questioned FLEITES as to who was behind Cuban Power. FLEITES told LESNICK that he felt the Cubans supporting ex-President FULGENCIO BATISTA were responsible for the bombings. LESNICK did not agree with the opinion expressed by FLEITES and LESNICK thought it was a group from some revolutionary organization against CASTRO, but not necessarily Batistianos. When LESNICK left the office, FLEITES remarked that he just gave that answer to LESNICK to try to confuse him. FLEITES admitted he was in agreement with the bombings, but did not indicate he was participating in them. (C)(S)(u)

RE: RAMIRO DE LA FE  
aka Captain Anton

The following information was developed on February 8, 1968, by SA WILLIAM P. KELLY from PCI JOHN ALEXANDER O'CONNELL:

On February 8, 1968, PCI had a conversation with Haitian Consul at Miami, EUGENE MAXIMILIEN. MAXIMILIEN claimed that "Captain ANTON," a white male Cuban, 34-36 years, about 6'1", or somewhat less, heavy build, dark hair, was recently convicted in Federal Court, Miami, in connection with the hijacking of a U. S. ship off Miami Beach. MAXIMILIEN stated "Captain ANTON" was the leader of the hijackers. (This may be referring to RAMIRO DE LA FE, one of the subjects in Miami file 45-1127.)

Regarding "Captain ANTON," MAXIMILIEN stated that this individual is currently locally engaged in "shaking down" (extorting) money from unidentified Latin American Consuls in Miami. MAXIMILIEN further stated that he believes "Captain ANTON" to be the person responsible for recent bombings in the Miami area, including the bombing of the Mexican Consul's home.

According to MAXIMILIEN, "Captain ANTON" drives a 1961 or 1962 Chevrolet, bearing Florida license 18W2221.

On January 29, 1968, ~~MM~~ [1109-S] furnished the following (C) report to SA ROBERT G. STRONG: ~~MM~~

There have been several exchanges of impressions and discussions among RAUL GRAMATGES, PEDRO FERREIRO and MARTINIANO ORTA, motivated by recent events in Cuba and here in Miami. Because of comments and opinions expressed in anti-CASTRO revolutionary groups in Miami, it is supposed that the recent dynamiting attacks are the work of one of these groups:

- (1) M.I.R.R. of ORLANDO BOSCH (if they were done with TNT).

RE: SERGIO FREIJO, aka., Sergio Freiyo y Dedia, Carlos Salgado-Suarez, DOB 7/21/24, Havana, Cuba, Social Security #457-70-8161

The following investigation was conducted by  
SA JAMES D. HAYES:

On January 25, 1968, MM 724-S, an individual acquainted with certain phases of both pro and anti-CASTRO activities in Cuba and the United States, advised SERGIO FREIJO was in the Miami area while released on bond in connection with the hijacking of the freighter transport. He stated FREIJO is an explosives expert and was well known in Cuba for his terrorist activities. He also advised FREIJO had been in contact with members of the Cuban Youth of Ft. Jackson, an anti-CASTRO organization. (S)(u)

MM 724-S recalled that the Cuban Youth of Fort Jackson group had seriously considered dividing into small cellular units in order to undertake positive action purportedly against communism and FIDEL CASTRO. In this connection, they planned to use codes, which included the names of individuals who were actually in Cuba as pseudonyms, for either an operation or members of a cell. The organization planned to organize in a secretive active group within the organization with not more than 4 or 5 men to a cell in this inter-group. In order to maintain their anonymity, one cell would undertake a certain project for a short period of time and then cell number two would follow for another brief period of time and thereafter cell number three and number four, etc. Each time the cell which just completed the activity would move to the bottom of the list and become completely inactive in every respect. This is being done for a two-fold purpose: (1) to continue secrecy regarding the objectives, including secrecy among its own members and even between cells and (2) to prevent the local and/or Federal authorities from discovering their purpose and identity. ERNESTO DE LA FE, described as coordinator of "Los Accionistas de Cuba" (Actionists of Cuba) reportedly sent a communication to SERGIO FREIJO, giving FREIJO the signal to start activity against communism and CASTRO. No further details were mentioned in this connection. MM 724-S said ERNESTO DE LA FE is the brother of ROMERO DE LA FE, who is currently in the Miami area, released on bond from his arrest in connection with the hijacking of the "freighter transport." ERNESTO was the Minister of Press and Propaganda in the BATISTA Government and General Secretary of an anti-communist organization. He is currently serving a 30 year sentence in prison in Cuba. (X)(u)

MM 724-S believed SERGIO FREIJO has recently been in contact with Cuban news reporter BENJAMIN DE LA VEGA, who may be aware of the reported communication received by FREIJO from ERNESTO DE LA FE. (X)(u)

The following information was obtained from PCI JESUS DIEGUEZ on February 23 and 27, 1968, by SA JAMES J. O'CONNOR:

PCI related that SERGIO FREIJO "is the type to work with Poder Cubano". About a month ago FREIJO, who is employed at Aerodex, called PCI and inquired if the latter knew of a place in which a person could be hidden out. A few months previously FREIJO inquired if PCI could obtain explosives. PCI stated he replied in the negative to inquiries by FREIJO and that he did not ask FREIJO what was going on.

PCI advised that FREIJO has known him since Cuba. During the revolutionary activity against President BATISTA, FREIJO was involved in a plot to kill a communist organizer named FABIO GRAUBART, and, at that time, FREIJO was hidden by a group which included the PCI.

PCI had lived in Chicago prior to the hijacking of the freighter "Freight Forwarder" at Miami about September, 1967 by a group of Cubans headed by RAMIRO DE LA FE.

RE: MM 492-S (X)(u)

The following information was obtained by SA JAMES D. HAYES from MM 492-S and other sources close to this informant: (X)(u)

(X)(u)  
On February 1, 1968, MM 492-S advised ANTONIO ARIAS announced over Spanish language radio station WFAB, Miami, at 7:50 AM, February 1, 1968, another Cuban Power communique had been received at this radio station.

On February 1, 1968, ANTONIO ARIAS advised bulletin number 2 of Cuban Power had been received at the station earlier that morning and he had made the announcement over the radio on one occasion concerning its receipt at the station. He advised he received it from OMAR MARCHANTE, employee, WFAB, who was on duty during the hours of 1AM to 5AM. MARCHANTE informed ARIAS the envelope had been pushed under the front door of the station and he had opened it and given it to ARIAS. MARCHANTE indicated he believed the envelope was left at the station at approximately 3:22 AM, February 1, 1968. ARIAS advised he had left the envelope and the bulletin in a special cabinet for SERGIO VIDAL CAYRO who was in charge of the station. (X)(u)

On February 1, 1968, SERGIO VIDAL CAYRO, Vice-President of the United Broadcasting Company of Florida and Director of Operations and Sales Manager of the Spanish language radio station WFAB, Miami, personally appeared at the Miami Office. He furnished bulletin number 2 of Cuban Power and the envelope, explaining he did not believe anyone else had touched it except ARIAS and MARCHANTE. He also made available a four page notice given to him by ISRAEL SOTO BARROSO on January 26, 1968. He noted SOTO BARROSO had expressed a desire to personally appear on the radio over WFAB but because of his communist background and the fact he is a controversial figure currently associated with FELIPE RIVERO and the Cuban Nationalist Association, VIDAL was holding this request in abeyance. SOTO BARROSO was accompanied by MIGUEL SAN PEDRO at the time he talked with

On February 1, 1968, MM 492-S advised a meeting was held on this date of the Cuban Pharmacists in Exile concerning the recent bombings attributed to this Cuban Power. He stated 29 individuals attended this meeting, including owners, managers or their representatives of various pharmacies in the Miami area. There was a great difference of opinion among these individuals concerning the sending of parcels to Cuba; because of this controversy a committee was formed consisting of the representatives of the organization of Cuban Pharmacists in Exile, including ANDRES RODRIGUEZ, owner of Andres Pharmacy, 9th Avenue and West Flagler; CARLOS ACOSTA, Highland Park Pharmacy, 9th Street and NW 7th Avenue; Santa Clara Pharmacy, 8th Street and S. W. 23rd Avenue; "ANTORITO," representative of the Hialeah Pharmacy. This committee was instructed to prepare a manifesto for the press in the next day or so concerning a policy to be practiced by all members of this organization of Cuban Exile Pharmacists concerning the sending of parcels to Cuba. (X)(u)

MM 492-S believed the manifesto will state the pharmacists will continue to send parcels to Cuba, however, they will be limited exclusively to sending medicine and small socks for small children. The socks, which are not available in Cuba, can help to clothe youngsters but also help in the packing of the medicines. Further, MM 492-S believes they will strictly oppose the sending of any radio, electrical or automotive parts to Cuba. Further, news has been received from Cuba that FIDEL CASTRO's communist government of Cuba has reportedly not permitted any packages to be delivered to the recipients in Cuba since the bombing of the Havana Post Office, January 8, 1968. Therefore, it is believed no parcels will actually be sent to Cuba by the pharmacists until they have been assured by relatives in Cuba that packages are being received by these relatives in Cuba. (X)(u)

On February 1, 1968, (FNU) CEPERO, co-owner of Warfield Drugstore, 27th Avenue N. W. near 7th Street, advised they had received a threatening call concerning the sending of packages to Cuba a week or so ago. No further details available. (X)(u)

On February 1, 1968, VIRGILIO (LNU), co-owner of Warfield Drugstore, confidentially advised MM 492-S he believes ROLANDO MERULO, member of the CNM, might possibly be involved in the threat concerning ceasing of sending parcels to Cuba. He stated OTTO MERULO, brother of ROLANDO, (X)(u)

is reportedly serving a 15 year sentence in prison in Cuba. However, OTTO is reportedly the indoctrinator of Communism to the prisoners. (X)(u)

VIRGILIO (LNU) also informed MM 492-S one night he received an anonymous call trying to scare him into not sending packages to Cuba. When he asked the anonymous caller why he should not send and indicating that he would continue to do so until he is forced to stop, the caller hung up. VIRGILIO believed highly significant and possibly more than mere coincidence the following morning ROLANDO MERULO and another member of the staff of the newspaper "El Nacionalista" appeared at the store attempting to sell an ad for the "El Nacionalista" newspaper. VIRGILIO stated they took an ad in the paper at that time. He also advised MIGUEL SAN PEDRO, active leader of the CNM, is a customer at the Warfield Drugstore. VIRGILIO described the anonymous caller as a Cuban male who spoke perfect Spanish with Cuban inflection. He did not know the name of the individual but indicated the voice seemed very familiar to him and he would remain alert should he hear this voice again. (X)(u)

On February 5, 1968, MM 492-S furnished SA JAMES D. HAYES the following report on Cuban Power and bombings in the Miami area, along with informant's comments and conclusions:

The newspaper "PATRIA," which is directed by ARMANDO GARCIA SIFREDO, has always been opposed to terrorism, possibly because SIFREDO was one of the first victims of gunmen and terrorism in Miami. First, there was a bomb which exploded in front of his house some time ago. Then, he was playing dominoes on the porch of the home of his friend, VIVANCOS, S. W. 8th Avenue between 3rd and 4th Streets, and several shots were aimed at him from an auto. Later, another bomb exploded under his car. On another occasion, an unknown person hit him with his fists as he was leaving a restaurant, and for a long time he received telephone calls from anonymous persons who threatened to kill him because of the partiality shown in his newspaper "PATRIA" which sometimes defended General BATISTA and his friends, at other times opposed the Fidelistas, possible infiltrates, the people who keep coming in, etc. (X)(u)

SOTO BARROSO spoke of unity as a basis, and he considered FELIPE RIVERO DIAZ and CARLOS MARQUEZ STERLING as the best leaders, along with men like JOAQUIN MARTINEZ SAENZ and others. He said that the factory workers will join RIVERO and MARQUEZ STERLING and other organizations will continue to get closer to these two figures in exile in order to form complete unity among the exiles. (X)(u)

On the afternoon of February 5, 1968, sometime after 5, the Continental News Broadcast, which is directed by Commentator NORMAN DIAZ on WMIE, announced that it was going to transmit a letter from Cuban Power, and since MM 492-S could not get in touch with the contact there, he prepared a recording and was able to record the reading of the document signed by Cuban Power. (X)(u)

He advised he had the reel with the tape on which all the items which were broadcast were recorded. (X)(u)

He advised he could tell in advance that Cuban Power took the blame for the bomb which exploded in Havana, Cuba, for the others, and for the one which exploded under the plane at the Miami Airport, but refused to take the blame for the bomb placed under the auto of the Mexican Consul in Miami, Mr. REYES SPINDOLA, and explains that it did not participate in others. We do not know which ones they are referring to. (X)(u)

NORMAN DIAZ has the letter referred to, but source has not been able to speak to him. Neither has he been able to talk to SERGIO VIDAL to find out if he also received the press memorandum from Cuban Power. (X)(u)

It appears that Cuban Power is somewhat frightened by the investigations and the action of justice, and this may be the reason for the document which was broadcast on the afternoon of February 5, 1968, according to MM 492-S. (X)(u)

the bombings in Miami on  
January 25, 1968

---

ROBERT KAY, Announcer, WQAM Radio Station, Miami, Florida, received a telephone call at 5:30 AM, January 25, 1968, which conversation was recorded by KAY.

On January 29, 1968, MM [1115] S listened to this (C) recording and stated the caller sounded like that of ANGEL ESTEVEZ of the Second National Front of the Escambray (SNFE). However, the informant could not be definite in his identification. (X)

MM 1249-PSI listened to the recording on January 29, 1968. This informant stated the voice of the anonymous caller sounded like that of ERNESTO LEDO of the Cuban Nationalist Association (CNA) which is headed by FELIPE RIVERO. Informant stated he could not make a positive identification regarding the anonymous caller.

On January 26, 1968, TOMAS GARCIA FUSTE, who has requested his identity be protected, who is Assistant Station Manager and Announcer of Radio Station WFAB, reviewed the recording of the anonymous caller. FUSTE was unable to identify the anonymous caller.

On January 26, 1968, OSCAR ANGULO REYES, 2900 N. W. 92nd Street, Miami, a Radio Announcer for Radio Station WMIE, Miami, and his wife, listened to the taped recording of the anonymous caller. ANGULO and his wife tentatively identified the voice of the caller as that of ORLANDO BOSCH AVILA, with whom they are acquainted. [ANGULO is of highly operational interest to CIA and CIA has requested his name be protected.] (X)(S)
