MEMORANDUM FOR THE RECORD

1 February 1977

SUBJECT: SSCI Request for Review of Cuban Product

1. On 28 January 1977, Tom Moore of the Senate Select Committee on Intelligence staff came to NSA to review materials requested by SSCI letter R#6009 dated 30 December 1976. The material provided by G Group consisted of 485 reports on the Cuban agent problem for the period 1961-1965.

2. Mr. Moore had previously seen a single message involving an agent named "Serafin" which the FBI had in their files and had referred the Committee to NSA under the Third Agency rule.

3. Mr. Moore was extremely interested in the material on "Serafin." He volunteered that there was a Cuban agent by the name of "Serafin" who had defected to the U.S. sometime in 1965/66. That same person was killed in October 1976 by persons unknown. There was some significant product in May/June 1963 where "Serafin" was to travel to Mexico - under extreme care. Mr. Moore indicated that he would probably like to review any Cuban diplomatic material for the same period.

4. Mr. Moore made a few notes of specific events but did not request any copies of messages or reports for use by the Committee.

5. Mr. Moore told me today that he and Mr. Ed Greissing (from the SSCI research staff) would be out later this week for an additional review of the material.

6. This completes action on R/S 0008.

Fort George G. Meade, Maryland 20755

Dear General Allen:

The National Security Agency has recently provided the Select Committee with certain intercept traffic relating to Cuba in November, 1962. We found this material most helpful to the Committee's efforts and would most appreciate access to any and all such traffic remaining extant at the National Security Agency.

Thank you for your ongoing assistance and cooperation.

Sincerely,

Howard H. Baker, Jr.
