MEMORANDUM FOR THE RECORD

15 June 1978

SUBJECT: Actions Taken by NSA to Locate Information Related to the Assassination of President Kennedy

A. Over the past fourteen and one-half years, NSA has performed a number of separate in-depth reviews of materials in its files in an attempt to isolate data that might be relevant to the assassination of President Kennedy. Nothing of significance has been determined as a result of those reviews.

1. November-December 1963 - Immediately after the assassination, NSA initiated a large-scale manual and machine review of available SIGINT, including all U.S./Cuba traffic (NSA intercepted messages at an average of 1,000 per day at that time). A computer search was initiated using Oswald's name as the minimum for research criteria. Additionally, all traffic between Cuba/New Orleans and Cuba/Dallas was manually reviewed (an analyst involved recalled that 25 to 50 analysts reviewed the traffic manually, along with traffic from Cuba and some Soviet traffic). Sometime during the search, items from the Oswald address book provided by the FBI were added to the search criteria.

2. 1964 - Warren Commission - The Commission, in the person of Allan Dulles, asked NSA to review the exhibits for any secret writings or codes which might have been contained in the documents. It also appears that NSA searched records for information on the basis of other Warren Commission requests made informally by Allen Dulles.

3. November 1975 - Senate Select Committee to Study Governmental Operations with Respect to Intelligence Activities (SSC):

In response to an SSC request on the Assassination, NSA reviewed its Soviet and Cuban files, including Cuban military. The search was also for material involving Marina Oswald, Jack Ruby or Earl Ruby (a Harvest run was made). [redacted] traffic was also reviewed, looking for information concerning Oswald's visit to Mexico.

4. June 1976 - Pursuant to FOIA requests asking for material relating to Lee Harvey Oswald and the Assassination

of President John F. Kennedy, NSA again searched the files. Strongbox searches were made on the following:

Lee Harvey Oswald	1966 - 1976
Assassination of President Kennedy	1966 - 1976
Earl Ruby	1966 - 1977
Cobo Cleaners	1966 - 1977

5. December 1976 - Senate Select Committee on Intelligence (SSCI) - Requested all the material we had available on the Cuban agent problem. It consisted of 485 reports for the period 1961 - 1965. All of these reports were received by Committee Staff Members.

6. March 1978 - House Select Committee on Assassinations - Requested all data on Cuban intelligence network and other materials relating to the Assassination. All Cuban agent material (1961 - 1964) was reviewed, as was material that had been previously compiled to respond to the SSCI and SSC requests.

B. As a result of the reviews described above, the following materials which may have some relevance to the assassination were located (referenced material inclosed at numbered tabs):

1. Four Cuban diplomatic messages which contained official Cuban comments regarding press items that discussed Oswald's activity in late September 1963 to obtain a visa to travel to Moscow. There were also comments on the assassination itself. The messages are dated in the last week of November 1963.

2. Three Cuban military reports which show that Cuban military forces did go on alert immediately after the assassination.

3. One 1962 Cuban Intelligence message concerning the assassination of Antonio Veciana. This message was to (Puerto Rico) SERAFIN.

4. One 1966 Cuban Diplomatic message concerning a Spanish diplomat in Cuba. It referenced a 1960 plan in Cuba to assassinate an USSR dignitary in Cuba and against Raul Castro Ruz, possibly linking it to the CIA.

5. Information in an FBI document relating to [redacted] [redacted] was supplied by NSA. Because this document was to be turned over to the HASC, there may be some relation to the assassination.

6. One 1967 message showing Cuban interest in Jim Garrison's investigation of both the Kennedy Assassination and David W. Ferrie.

Doc Ref ID: A4268

C. Based on these extensive reviews and the paucity of material derived, it is possible to state that: "A thorough review has revealed no intelligence material revealing or suggesting Cuban involvement in the assassination of President Kennedy."

CUBAN STATEMENT ON VISA FOR OSWALD

FR Havana: RAUL ROA
TO New York: Cuban Mission to the UN
Msg Nr: 7469

25 Nov 63

I am reproducing below the note given to the press by the Ministry:

With relation to the information published today in the newspaper Excelsion in Mexico City, affirming that LEE HARVEY OSWALD had requested a transit visa for travel to the Soviet Union at the Cuban Consulate in Mexico in September, the Cuban Government requested information from the officials of our Consulate in that city confirming that it is certain that Mr. LEE HARVEY OSWALD requested the transit visa for travel to the Soviet Union on 27 September in the said Consulate.

On being informed by the consular officials that their office could not grant such a visa without the authorization of the Cuban Ministry of Foreign Relations, which likewise would not grant it if it was not previously authorized by the country of destination, Mr. OSWALD left the Consulate visibly disgusted.

The said visa was never granted.

This detail, in connection with the other circumstance that surround the facts, confirm our suspicion that the assassination of KENNEDY was a provocation against world peace, perfectly and thoroughly planned by the most reactionary sectors of the United States.

It is evident that these sectors planned beforehand to involve Cuba and the Soviet Union in these deeds.

The inconceivable and inexplicable impunity with which an individual of known penal antecedents assassinated OSWALD, the principal accused of the assassination of President KENNEDY, in the presence of the police themselves and in the [5G] of a prison, demonstrates in a scandalous and indisputable manner that the powerful reactionary political forces within the United States are making use of all their resources and influences in order to conceal those who master-minded KENNEDY's assassination, and the true motives for it.

World public opinion demands the enlightening of the deeds. It is absurd that the political authorities and the prosecuting attorney of Dallas have declared that the case is closed when hardly 48 hours have passed since a deed of so great a result as the assassination of the President of the United States.

CASTRO SPEAKS ON PRESIDENT KENNEDY'S ASSASSINATION AND CUBAN ECONOMY

FR Havana: Foreign Ministry
Cuban Embassy ((A))
Msg Nr: 7555

28 Nov 63

FIDEL stated, "Events are demonstrating the sinister plot behind the assassination of KENNEDY. Contradictions show that OSWALD was made the culprit by the police or was prepared to commit the act with promise of escape, and was assigned activities so as to have responsibility fall on or be insinuated against those whom the perpetrators wished. It is clear that United States reactionaries tried to make Cuba and the world the victims of their criminal designs, even at the price of assassinating their own president. They sent OSWALD to Mexico to request a transit visa to Cuba for later travel to the USSR. Imagine the president's assassin just returning from the USSR and

He also said, "By 1970 we will be in condition to surpass 10 million tons of sugar and to export it. The economy begins to improve solidly. We have sugar sold at close to 10 centavos for 1965 and 1966. There shortly will be a notable increase in meats and other articles. ALERT IN ORIENTE PROVINCE BELIEVED TO BE TERMINATED

The alert in Oriente Province (see 2/0 [] R196-63) is believed to be terminated. The alert, apparently prompted by President KENNEDY's death on 22 November, was possibly pre-scheduled to terminate on 25 November. There have been two orders which suggest that the alert was destined to be concluded on 25 November; they are:

1) Access to the Coastal Observation Post at Punta Maisi (20-15N 74-05W) was restricted until 25 November because of the alert (see 2/QS [] R667-63); and

2) Subordinates of Banes, Headquarters Eastern Naval District, were to receive further orders on the 25th, presumably concerning their alert status (2/0 [] R196-63); no such orders have been noted in communications.

There have been no further references in intercepted communications to the alert since D222Z on 23 November (2/QS [] R667-63).

It is possible that the restricted access to the Observation Post at Punta Maisi extends to other Observation Posts in Oriente Province such as reported on 23 November when First Army Coastal Observation Posts were placed in an alert status (2/21 [] R188-63), and that the restriction was to be lifted on 25 November by all those posts.

Further indication that the alert has terminated is the fact that the Cuban Navy was engaged in an island-wide communications exercise on 25 November. It is considered unlikely that such an exercise would be conducted under alert conditions.

There have been no further references to the alert status of the (D percent Santiago de Cuba) units which was first observed on 23 November (2/31 [] R05-63). All CRAF and Soviet Forces Cuba communications appear to be normal during this period, 22-26 November 1963.

ALERT IN EASTERN NAVAL DISTRICT RELAXED, 23 NOVEMBER

As a result of the death of President KENNEDY, the Eastern Naval District of Cuba was placed on an alert at 2044Z on 22 November by Base, headquarters, for that district. ((A))

3:44 PM
EST

At 2037Z on 23 November, the alert was relaxed a certain degree by Base; instructions were passed to Santiago de Cuba, a subordinate, to give leave to 25 percent of their personnel for the 23rd and 24th and that further orders would be forthcoming on 25 November 1963.

COMMENT: The authorization to grant leave to personnel is an indication that the alert is somewhat relaxed and the note that further instructions would be issued on Monday, 25 November indicates that a nonurgent view has been adopted for the situation by Cuban Naval authorities in the Eastern Naval District.

((A)) (2/1) [] 211-63, 2/15, [] 2655, 2666, 2667-63

All subordinates of the First Army Headquarters in both Eastern and Southwestern Oriente were placed in an alert status as 2120Z on 22 November 1963 (2/131 [redacted] 2157-63).

The urgent need of food at the Pilon (probably 19-32N 77-19W) Coastal Battalion was revealed in a message from the Chief, Santa Sector, Sierra Maestra Department, Pilon, to Chief of Services, First Army Headquarters, on 25 November 1963 (2/131 [redacted] 1668-63).

PART III B. CUBAN NAVAL OPERATIONS

One of the 10700-class PT-5's, the 10-250, has suffered one of the first accidents involving a KCMR vessel in Cuba. At approximately 0630Z on 25 November the 10-250 ran aground while entering the port of Mariel, apparently uncontrolled. Salvage vessel 10700-class PT-5's, the 10-251, 10-252, and 10-253, they were ordered to leave Mariel on 21 November. It was reported that salvage operations were complete (2/131 [redacted] 2378-63 and 2/131 [redacted] 2381-63). The 10-250 is now in drydock, presumably at Mariel (2/131 [redacted] 2382-63).

A Cuban motorboat named the 10700-class 10-254 was ordered by passengers to put into the Southern Naval Base on 24 November. 10700-class motorboats were ordered to leave Mariel on 25 November. A reliable intelligence source stated that 10700-class motorboats were ordered at the base and that other motorboats were also ordered. The 10700-class motorboat was escorted by a destroyer into the base on 25 November (2/131 [redacted] 2383-63 and 2/131 [redacted] 2384-63). A 10700-class motorboat named the 10-255 and 10700-class motorboat named the 10-256, named at the Southern Naval Base (2/131 [redacted] 2385-63).

An alert status was placed on all subordinate units in the Southern Naval Base on 22 November. The alert status was placed on all subordinate units in the Southern Naval Base on 22 November. On 23 November instructions were passed from the First Army Headquarters that their leaves could be extended to 25 percent of their personnel (2/131 [redacted] 2386-63 and 2/131 [redacted] 2387-63).

The USSB 10700-class 10-257, 10-258, has been the subject of reports Cuban reports concerning its position. These reports have been noted with respect from Havana to Cadiz, the KCMR-class Fleet Headquarters. The reports were first noted in September and have continued since then (2/131 [redacted] 2388-63).

The Cuban Naval Base was informed on 21 November by Naval Headquarters in Havana that there would be exercises scheduled from 23 to 26 November in the Bay of Pigs area by U.S. aircraft. The exercises would include operational and tactical flying, air to ground firing and illustration practices. The information was reported to be a "burn exercise" by our sources. These sources were not identified (2/131 [redacted] 2389-63).

to supply to the enemy. In July and October of 1962 he distributed correspondence with instructions, received by diplomatic pouch, for the counterrevolutionary organization, the Revolutionary Student Directorate with which he maintained close relations through BLANCA MARTINEZ DEL HOYO((A)), JORGE MEDINA BRINGUIER((A)), and LUIS FERNANDEZ ROCHA((A)). The first two were national coordinators for civic resistance and strengthening of the Revolutionary Student Directorate, and the latter, a CIA agent.

"It has also been proved that Counselor CALDEVILLA's wife, at his suggestion, has maintained relations with relatives of political prisoners and counterrevolutionaries, inciting them to send letters of protest to foreign embassies and international organizations.

"On the occasion of the arrest of counterrevolutionary GENARO FERNANDEZ FOLGUEIRAS, national leader of the counterrevolutionary organization, the National Union of Revolutionary Institutions, he

stated and offered evidence that Counselor JAIME CALDEVILLA was to recruit him and give him training in arms and explosives, even within the Spanish Embassy, and instruct him in organizing an espionage network for the illicit procurement of military, economic and political information and in penetrating the Cuban-Spanish Friendship Society, whose building he was to occupy in the event the United States Government launched an armed aggression against Cuba. He was to be given arms and equipment at the opportune moment. In like manner FOLGUEIRAS was instructed by the former to distribute arms and relay guidance to counterrevolutionary groups in the event of this aggression. The espionage ring organized by the aforementioned is made up of eight persons who receive for said task the amount of 250.00 US dollars monthly and the promise of a deposit of 500.00 US dollars in an account in their names in a Miami bank.

espionage network in various State organizations, such as the Ministries of the Sugar Industry, Industries, Foreign Trade and Education, and the National Bank of Cuba. Miss JIMENEZ GOMEZ, on one occasion, supplied him with a directive of the nickel industry as well as a plan and a report with specifications on the type of arms, location, and personnel of the military installations of Managua and Matanzas which were delivered by LUIS ANTONIO COLLAZO DENNISN((A)), who is a deserter from the Armed Forces.

"In April 1963, when the Archives was penetrated by CIA agent RAMON GRAU ALSIN((A)) who directed an espionage ring, a note was found which confirmed that a certain message had been delivered to Counselor CALDEVILLA. In June of the same year, photostatic copies of the motions of the Student Congress on the Struggle of Peoples Against Colonialism were delivered to him by CARMEN JIMENEZ GOMEZ.

Counselor CALDEVILLA attempted to obtain the names and activities of the delegates, guests, and journalists attending, as well as reports on its development and agreements.

"In February 1966, he gave refuge in his residency to counter-revolutionary fugitive ALDO ABREU BACALLAO((A)), a convicted saboteur.

"The Cuban authorities have also learned through the statements of several arrested persons, that Counselor JAIME CALDEVILLA uses the pouches and enciphered Embassy cables to receive and transmit instructions, reports, requests for information, and correspondence related to illicit activities and is personally in charge of deciphering messages in an office on the second floor of the chancery, next to the office of his Secretary, and is also in charge of reviewing and approving all of the material obtained in the country by his numerous agents and contacts before sending it abroad.

"We were also able to prove the connection between Counselor JAIME CALDEVILLA and the ex-official of the Spanish Embassy ALEJANDRO VERGARA((A)), whose departure from the [5G] it was also necessary to request, as well as the participation of both in crimes against the integrity of the State and the illegal removal of foreign currency and jewels from the country. Both kept as refugees in the Spanish headquarters two telegraph operators in charge of intercepting transmitted radio telegraph communications by means of radio sets. They also recruited a telegraph operator from the Ministry of Communications who was in charge of the espionage work of that organization. At that time Counsellor JAIME CALDEVILLA was personally concerned with verifying the reports supplied by these two individuals, with the aid of an employee of the Embassy, ADELA RODIL RODRIGUEZ((A)), and CARMEN JIMENEZ GOMEZ. He give direct orders to the latter.

"Both VERGARA and Counselor CALDEVILLA have known of the plans for sabotage and assassinations, including those against the Prime

Minister of the Revolutionary Government, Major FIDEL CASTRO RUZ. Both were exposed by leaders of counterrevolutionary organizations, having offered, on one occasion, to supply to one group rifles with telescopic sights. The authorities have proof that one or the other maintains relations with the well-known counterrevolutionary leader MANUEL ARTIME, whom Mr. VERGARA visited in Miami sometime before the mercenary invasion was crushed at Playa Giron, in April 1961, with the knowledge of Counselor JAIME CALDEVILLA.

"It has been known that Counselor JAIME CALDEVILLA has been dedicated, furthermore, for some time, to the illegal removal from the country through the diplomatic pouches of the Spanish Embassy of jewels and foreign currency delivered to him by different persons, on a basis of 20 percent of its value. In this way, the removal from the country of the possessions of ALVARO GONZALEZ GORDON((A)) and his wife MARIA TERESA VELASCO SARRA((A)) was facilitated.

"You will agree with me on the importance of this matter, both painful and regrettable, since it is the question of an official of the diplomatic representation of a country with which Cuba maintains normal relations.. We trust that your understanding and collaboration will help conclude this affair as soon as possible. We also trust that the Spanish Government will adopt pertinent measures to prevent acts of this nature from recurring.

"I take advantage of this opportunity, Mr. Charge d'Affaires, to reiterate to you the testimony of my highest considerations."
