NOTE: The Committee requested information related to the financial affairs of the Ray family contained in the MURKIN file. The Committee has previously been given access to the Headquarters MURKIN file, has been delivered the entire Memphis Field Office file, and has been given access to all information regarding Jerry and John L. Ray.

The Committee indicated that St. Louis conducted an investigation into the Ray family's bank records. In an effort to comply with their request, St. Louis reports (Serials 3333 and 4760) were reviewed and pertinent information extracted for delivery to the Committee. This included all information regarding Carol and Albert Pepper. A search for information regarding Pepper Printing Company and Pepper Stationery Company revealed no record.

It is not feasible to review the entire MURKIN file or previous information already furnished the Committee. They are being given only that information which was reasonably segregable.

Specifically, this letter requested copies of any financial and/or bank records obtained during the period 1967-1968 for the following:

1. James Earl Ray

4. Carol Pepper

In an effort to comply with the above request of the HSCA, a search was conducted on subjects four through seven, listed above. Thereafter, references were located only on Carol and Albert Pepper.

With respect to the financial records of James Earl Ray, as the Committee is aware, the FBI conducted an extensive investigation in this area, and, as such, it is not possible to segregate the requested information without a review of the King assassination file (MURKIN), which is not feasible at this time. The Committee has been given access to the MURKIN file and has been delivered the Memphis Field Office file, either of which would contain all of the requested information regarding Ray.

With respect to request for information regarding the financial records of Jerry Ray and John L. Ray, it should be noted that in response to HSCA request of March 9, 1977, the Committee was given access by our letter of June 30, 1977, to all retrievable information, including financial records regarding the two Ray brothers.

The HSCA letter of February 6, 1978, made reference to the St. Louis Field Office investigation regarding bank records of the Ray family. Two St. Louis reports dated May 10, 1968, and June 25, 1968 (Bureau files 44-38861-3333 and 44-38861-4760), were located and reviewed. These two reports contained all the information referred to above regarding the Peppers and some of the information regarding Jerry and John L. Ray. The pertinent pages of these two reports have been processed and are attached. Included in this attachment is information regarding Ray's father, Jerry Raynes, due to the obvious interconnection of the financial affairs of Raynes and Carol Pepper. Where information is not provided, it is, as stated above, because the information has already been furnished, is not retrievable, or is not being furnished pursuant to the Memorandum of Understanding.

Reference is made to the letters to the Attorney General from G. Robert Blakey, Chief Counsel and Director, HSCA, dated January 9, 1978, and March 7, 1978, which requested, in connection with the HSCA's investigation into the assassination of Martin Luther King, Jr., all files, material and information relating to William Hugh Morris. On March 15, 1978, HSCA staff member Mark Speiser advised in an Atlanta newspaper article dated February 7, 1978, William Hugh Morris stated he was an FBI informant at one time. Speiser requested the FBI review the informant file for Morris and provide the Committee with pertinent information.

NOTE: On March 15, 1978, HSCA staff member Mark Speiser orally advised William Hugh Morris had stated in an Atlanta newspaper article dated February 7, 1978, that he had been an informant for the FBI. Speiser requested, as Morris' informant status was made public, that his informant file be reviewed for pertinent information. Bufile 134-7461 was located and reviewed. Serial one (Mobile airtel to Bureau dated October 8, 1958), revealed Morris voluntarily appeared at Montgomery RA and furnished information regarding J. B. Stoner; however, airtel reflects that it appeared to be a ploy by Morris to get money from the Bureau and that it was unlikely that Morris could furnish information of value. A notation appearing on the airtel reflects that the Bureau telephonically advised the Mobile Office not to initiate contact with Morris.

On March 15, 1978, Mobile telephonically advised that their informant file on Morris (134-187) contains four serials. Only the Mobile airtel mentioned above contains any substantive information furnished by Morris and the file was closed by communication dated October 14, 1958, with the statement that no consideration was being given to opening Morris as an informant.

Based on the above review, serial 134-7461-1 was delivered to the HSCA March 15, 1978.

Special Agent Marty V. Hale, Criminal Informant Unit, General Investigative Division, advised that release of serial could be made.

HOUSE SELECT COMMITTEE ON ASSASSINATIONS

Per HSCA requests dated January 9, 1978, and March 7, 1978, the HSCA requested access to all information pertaining to William Hugh Morris. Pursuant to the Memorandum of Understanding, this information was made available for the HSCA by Director letters to Assistant Attorney General, Criminal Division, Attention: Mr. Robert L. Keuch, dated February 17, 1978, and March 8, 1978.

Subsequent to making the releasable material regarding Morris available, HSCA staff member Mark Speiser advised that in an article in the Atlanta Constitution dated February 7, 1978, William Hugh Morris stated that he had been an informant for the FBI. Mr. Speiser orally requested that the informant file of Morris be made available.

An informant file relating to William Hugh Morris was located and reviewed. A communication from the Mobile Office of the FBI to FBI Headquarters dated October 8, 1958, reflected Morris volunteered information to the FBI on one occasion but the possibility of him furnishing valuable information was considered unlikely. A notation on this communication reflected that the Bureau telephonically advised the Mobile Office that contact with Morris should not be initiated. Additionally, the Mobile Field Office informant file reflected that, by communication dated October 14, 1958, no consideration was being given to opening Morris as an informant.

Mr. Speiser was advised of the above information and he requested a copy of that communication. On March 15, 1978, a copy of that communication was furnished to the HSCA.

April 6, 1968 (five pages); April 12, 1968 (eight pages);
April 14, 1968 (seven pages); April 22, 1968 (four pages);

It should also be noted that Feters received two other letters from Ray. One letter was dated May 24, 1968, and the other, date not recorded in FBI files, was received by Feters on June 3, 1968. Appropriate files contain no indication that either of these letters was furnished to the FBI.

Dear Mr. Attorney General:

In connection with the investigation by this Committee into the death of Dr. Martin Luther King, Jr., it has been determined from a review of the Chicago field office file (No. 44-1114) of the MURKIN investigation that the FBI is in possession of several letters of correspondence from Jerry Ray to Marjorie Feters. (See, for example, serials 271, 335, 496, 560, 574, 621, and 637 in the Chicago field office file.) It is requested that the FBI furnish this Committee with copies of all correspondence from Jerry Ray to Marjorie Feters.

Your prompt attention to this matter will be greatly appreciated.

Very truly yours,

G. Robert Blakey

HOUSE SELECT COMMITTEE ON ASSASSINATIONS

Reference is made to letter to the Attorney General from G. Robert Blakey, Chief Counsel and Director, HSCA, dated December 30, 1977, which, in connection with the HSCA's investigation into the assassination of Martin Luther King, Jr., requested information in FBI files concerning Richard Geppert, Terrence Lee Rose and Dennis Nix.

By letter to the Attorney General dated January 16, 1978, Mr. Blakey requested that, since the Committee had delivered to the FBI the written consent of Geppert to view all materials relating to his informant relationship with the FBI, it was intended that the request of December 30, 1977, include field office files concerning Geppert.

Enclosed are an original and one copy of a memorandum in response to the above requests. It is requested that you furnish a copy of the enclosed memorandum to the HSCA.

UNREC COPY AND COPY OF ENCL FILED IN 170-55569-

Assistant Attorney General
Criminal Division
Attention: Mr. Robert L. Keuch

NOTE: Attached to the yellow copy is a waiver from Geppert authorizing HSCA access to files regarding his informant relationship with the FBI. This waiver was delivered to the FBI by the HSCA on 1/10/78.

According to Bureau file 170-5569, Geppert was opened as a racial informant during 7/71 by the Springfield Office. He primarily furnished a limited amount of information concerning White Hate activities. He was closed in 9/71 after it was learned that he told other members of the National States Rights Party that he had talked to FBI Agents. A request by Springfield to reopen Geppert in 3/72 was refused by FBIHQ.

By teletype dated 1/19/78, Geppert's files in Springfield were requested and by airtel dated 1/23/78 Springfield enclosed pertinent files and references concerning Geppert.

In view of the nonsensitivity of information furnished by Geppert, the short period of time he was operated as an informant, and in view of the above-mentioned written authorization furnished by him, it is believed that information in his field and Headquarters informant files should be made available to the Committee. This matter has been coordinated with SA M. V. Hale, Top Echelon and Criminal Informant Unit, Criminal Investigation Division.

NOTE: Based on the time period of interest to the HSCA, only Sections 63 through 83 of the King Security File have been prepared for HSCA access. All five sections of the Sanitation Workers Strike file fall within the time period of interest to the HSCA.

To date, Congressional Inquiry Unit procedure has been to remove classified information from material being prepared for HSCA access and to make the classified material available upon request only to HSCA staff members with appropriate security clearance. Since most staff members now have their clearances and the volume of classified serials involved in this request is considerable, all classified information is being left in the material processed for the HSCA. The Congressional Inquiry Unit will insure that only HSCA staff members with security clearances will be granted access to these files.

Dear Mr. Attorney General:

In connection with the investigation of the Select Committee on Assassinations into the death of Dr. Martin Luther King, Jr., a conference was held on November 7, 1977 between employees of the FBI and members of the Committee staff to discuss the Committee's November 3, 1977 letter of request for FBI materials on thirty-five individuals or organizations. As a result of this meeting, the following was resolved:

DONE
(a) The FBI would process the following numbered requests as they were originally stated in the November 3rd letter: 1, 4, 5, 7, 9-11, 13-24, 26, 28-33 and 35.

DONE
(b) The Committee would provide dates of births on the individuals in requests nos. 12 and 27 before the FBI would process these names. The dob on Robert J. Fowers (request no. 12) is 6/5/24. The dob on Reverend Jesse Jackson (request no. 27) is 10/8/41.

DONE
LET. 12/11
(c) Besides providing the complete file on request no. 3 (Jesse B. Stoner), the FBI would also make available the most appropriate case agent(s) in the office of origin assigned to Stoner for the period 1966 through 1968.

DONE
LET. 12/11
(d) With respect to request no. 2, the FBI would provide all the materials in its files at headquarters for 1967 and 1968 as well as make available the appropriate case agent(s) in the office of origin for the same period.

DWE 12/14
(e) With respect to request no. 6, the Committee would hold in abeyance such a request until the FBI provides a list of the most appropriate case agent(s) in the offices of origin for the several Klan organizations in existence in 1967 and 1968. (While such was not part of the understanding reached at the time of the meeting with FBI officials, the Committee would request however that all materials related to the United Klan of America for the period 1965 and 1966 be made ready for inspection by November 20, 1977.)

DONE
(f) With respect to request no. 8, the FBI would first advise the Committee as to the identity of other cities reporting on the White Citizens Council before a determination be made as to the final content of this request. *agreed to 12/12 by EAGAN*

DONE 12/12/75
(g) With respect to request no. 25, the Committee will hold in abeyance such a request until the FBI makes available the most appropriate case agent(s) for the period in question.

DONE 11/25
(h) With respect to request no. 34, the Committee requests that only the thirteen "death threat" files on Dr. King be processed at this time, while a request for all other materials is held in abeyance until the FBI makes available the most appropriate case agent(s).

In Addition, the Committee would also request that the following agents be notified and made available by the FBI:

- (1) Special Agent William F. Kusch - New Orleans
Special Agent Thomas E. Duhadway - New Orleans
- (2) Special Agent Jack B. Simpson - Memphis ATLANTA (ACTIVE)
Special Agent Richard H. Davis - Memphis ATLANTA (ACTIVE)
Special Agent Jack T. Beverstein - Memphis ATLANTA (ACTIVE)

As a priority item, it is also requested that the FBI provide the Committee with the work or personnel records of the following three Louisville FBI agents for the month of September 1965:

- (1) Robert Peters
- (2) William Duncan
- (3) Bernard Brown

We are primarily interested in those records reflecting the work of these agents during the month of September 1965. If available, records should be provided by November 15, 1977. The Committee would also ask that all three of the above-mentioned Louisville agents be made available for interview by the same date.

NOTE: Based on the time period of interest to the HSCA, only Sections 68 through 80 of the Southern Christian Leadership Conference (SCLC) file have been prepared for HSCA access.

The Black Nationalist-Hate Groups Counterintelligence Program (COINTELPRO) file (100-448006) was reviewed for the period of interest to the HSCA, January 1, 1967, to May 1, 1968. From this file approximately 25 serials relating to actions or considered actions against King and SCLC have been processed for Committee access.

The Communist Party U. S. A. (CPUSA) COINTELPRO file (100-3-104) was not reviewed for material pertaining to King or SCLC. There was previously conducted at FBIHQ a thorough review of COINTELPRO files. Summaries of all actions were prepared in order to respond to Department and Congressional inquiries about the scope and depth of the programs. Therefore, serials in this file pertaining to King and SCLC have already been identified. These serials, approximately 15 in number from 1962 to 1968, have been processed for the HSCA (100-3-104-34).

It should be noted that the majority of counterintelligence-type activities against King and SCLC were carried out in their substantive investigations and not under any COINTELPRO.

To date, Congressional Inquiry Unit procedure has been to remove classified information from material being prepared for HSCA access and to make the classified material available upon request only to HSCA staff member with appropriate security clearance. Since most staff members now have their clearances and the volume of classified serials involved in this request is considerable, all classified information is being left in the material processed for the HSCA. The Congressional Inquiry Unit will insure that only HSCA staff members with security clearances will be granted access to these files.

Other items in the HSCA request of 11/30/77, are being prepared and upon completion a response will be submitted.
