1st Source

Source met the a/n absentee for the first time at the beginning of 1957, at his place of employment. (VEB Forderanlage, BAUTZEN, Wildener-Strasse, 44) The a/n, who is a negro, claims to be a native of WASHINGTON. HUTTO left the VEB in Feb/Mar 57. Source met him again in April and HUTTO said that he was then working for the State Railway in BAUTZEN. Source has not seen HUTTO since April 57 but was later told by a friend that HUTTO had gone to ERFURT (ROZ) although source himself does not know if this is true. While working at the VEB, as a mechanic, HUTTO was earning about 1.80 E/Marks per hour. It is believed that he has a girl-friend and that he was living in Karl-Marx-Strasse. He was quite popular with his companions at work in the factory and his reasons for leaving are unknown to source. It is believed that he wishes to return to the WEST, but, nevertheless, intends to remain in the ROZ for another year or so before making the attempt.

2nd Source

Source met the a/n as a companion worker at the VEB-ROFUR-Kraftfahrzeugwerk, formerly the Phanom-Werk, who are engaged in the building of small vehicles for the EAST GERMAN ARMY. It is not known how long HUTTO has been working at this factory but it is believed to be for some years. HUTTO, who is a negro, is believed to be a former student and a native of GEORGIA, USA. He is reputed to be extremely fond of women but is not believed to be contemplating marriage with any of his many female cohabitants. He appears to be on extremely good terms with the local populace, from whom he often borrows money and cigarettes in spite of his earning approx. 400 E/Marks per month. His financial instability is due to his female commitments. It is considered that he would possibly return to the WEST, but is afraid of the action which would be taken against him by the US authorities. He does, in fact, believe that he would be hanged on his return. He was last seen by source on 14 Jul 57.

RA 53164551 Willie AVENT, US Army, AWOL wef 8 Mar 56.
