

Mr. Leader.

29 Oct '76

Russ Holmes brought in the attached list of names he found on papers in the Oswald file, as people whom were involved in the Warren Commission investigation.

It shows 39 persons, 9 of whom were involved daily. To it must be added unnamed secretaries, overseas case officers, and various individuals who might get involved from time to time on ad hoc requests.

It does not show any DDI involvement, however peripheral it may have been.

Check O/Security and LA Division for others that may not be identified here, as well as CRS and other DDI elements.
