W. C. on Assassinate

MEMORANDUM FOR: Mr. Lyle Miller
Deputy Legislative Counsel

FROM : S. D. Breckinridge
Deputy Inspector General

SUBJECT : Estimate of Number of CIA Employees
Involved in Support of Warren
Commission

Budget

H S C A
77-0016/5

1. We have surveyed DDO, DDA and DDI components for a statement of the number of employees engaged in support of the investigation by the Warren Commission. It was difficult to reconstruct this with any reliability, many of those involved no longer being available. Names have been taken from old records and the memories of those involved in some way at the time. We cannot with reliability be sure how much time of each was involved.

2. We estimate that very close to 50 professional employees were involved in this activity on either a daily or recurring basis. We have identified twelve of these being involved on a daily basis. There obviously were others involved on occasion, but not regularly. In addition there were a number of secretarial and clerical employees who provided support, but who are not counted; the number may be greater than the fifty professionals estimated above.

3. Attached for your information, but not for release to the Downing Committee is the summary work sheet on this. This memorandum is classified Confidential because of its attachment. The information in this memorandum can be extracted and passed to the Downing Committee on an unclassified basis.
