MEMORARDUM FOR: Chief.

REFERENCE: Your Memorandum, Dated

A Provisional Operational Approval is granted for the use of this Subject

ATTENTION Mr. Lally

EUBJECT GICITRON-4 (201-267298)

- 1. We have received your memorandum of 22 October 1970 informing us that GICITRON-4's file has been closed. However, from Bogota Station correspondence we know that GICITRON-4 is still of operational interest and there is a strong probability that the missing PRC Part II has been delayed by the recent restriction on pouching material to and from the field.
 - 2. It is requested that the file on GICITRON-4 be reopened and his POA be extended for an additional 30 days to allow time for the PRQ Part II to arrive or to be prepared if need be.
