SUBJECT:

Fitness Report for Mr. Grayston L. Lynch, 1 April 1970 - 31 March 1971

Although Mr. Lynch is assigned to the Maritime Branch for administrative purposes, he was in training during the entire period covered by subject fitness report. Therefore, an evaluation of his performance by Maritime Branch would be unrealistic.

SECTION C NARRATIVE COMMENTS

Indicate significant strengths or weaknesses demonstrated in current position keeping in proper perspective their relationship to everall pertermines. State sungestions and for improvement of work period mance. Give recommendations for training. Comment on fortigh language competence, if required for current position. Amplify or explain ratings given in Saction B to provide best basis for determining future personnel action. Mannes of performance of managerial or supervisory duties and cost consciousness in the use of personnel, water, equipment and lands, must be commented on, it applicable. It estra space is needed to complete. Section C. affects a separate sheet of paper. During most of the period reported on, Subject was concerned with administrative problems associated with the phase—out of the Station. Despite the consequent operational full, Subject continued to maintain a satisfactory degree of morale in agents assigned him, worked up and implemented realistic training programs, and continued to develop excellent targets studies against the possibility of a policy change. In addition, important information collected locally by Subject on illegal activities of Cuban refugees was of great interest to other agencies offices in the area. Subject was the only Station source of such information which was acquired only because of Subject's ability to maintain rapport with agents, terminated during the period because of the cutback in infiltration operations.

It could also be noted as Subject finishes his long tour at this Station and prepares for his next assignment, that he is a thoroughly professional intelligence officer and is, in many ways, an outstanding one. Technically, he is an expert on infiltration tactics and, though his Special Forces experience, an expert on anti-guerrilla warfare as well. Just as important, is his ability to gain respect and rapport with foreign agents. He has an imaginative approach to operations, is resourceful in devising tactics, and determined in carrying out his

assignments. He is a definite asset to WOFIRM.

Subject has been under my supervision for approximately 6 months. During this period he has shown an outstanding proficiency in the supervision of his Commande Group. He is responsible for the logistical support, maintenance, planning and operations of the group and must also maintain their motivation and moral. As a result of the stand-down in PM activities at this Station, one of his major duties has been keeping his group motivated and happy. Subject has performed these tasks in a very professional manner; he has shown strong leadership qualities and a definite ability to adapt to difficult and frustrating changes in the operational climate. Subject has had the additional duty of handling an FI Agent for the Station, He has spont long hours on this activity and has shown that he is fully capable of broadening his scope of activities to other fields besides the supervision of a commando group. He is cost and security conscious and has shown that he is effective in the use of personnel, space, equipment and operational funds.

Indicate significant strengths or weaknesses demonstrated in current position become in proper perspective their relationship to avoid performance. State suggestions made for improvement of work performance. One recommendations for training. Comment on foreign larguage compatence, it required for surrent position. Amplify or explain things given in Section B to provide best basis for determining future personnel action. Moviner of performance of managemal or supervisory during must be described, if applicable.

Subject has shown a decided proficiency in the supervision of the type of unit for which he has responsibility. His men respect him and follow his orders readily. He is resourceful, acts with initiative, and delegates responsibility. In his field he thinks clearly and is decisive and versatile in his actions. He is capable of handling larger units of personnel and assuming greater responsibility in the PM field. If he were required to accept duties of a broader nature in the intelligence field involving less supervision of his own activities, he would need to improve in the areas of written and oral expression and in his understanding of KUBARK requirements and responsibilities. In this regard he would need additional training and exposure to more extensive KUBARK fields as he has not had the opportunity for participating in such KUBARK activities. Subject does not have the proficiency of the language used.

Continuation of FITNESS REPORT, Section D:

Subject is a well-qualified para-military specialist, who has fully mastered the tools of his trade. Subject applies all of his para-military knowledge in the performance of his current duties as the senior outside case officer for a thirty-man commando group, which is capable of carrying out a variety of different missions. These missions include caching operations, sabotage raids, tactical intelligence reconnaissance activities and contingency missions related to war plans. Subject is at his best in dealing with men and military equipment. Subject's major weakness is in records management and reports writing. Despite this minor weakness, Subject's over-all performance warrants an evaluation of Proficient.

Subject has the potential to train and operationally exploit para-military forces in units which have a T/O strength of not more than 60 men. Subject could command a conventional military formation at the battalion level. Subject is capable of mounting counter-insurgency operations with the use of forces up to battalion strength.

Subject's work comes to the attention of the Reviewing Officer on a be-weekly basis.

Subject's future assignments should be in the para-military field. If Subject is to remain in operations in Latin America, he must be given an opportunity to study Spanish on a formal basis.

ECTION E	NARRATIYE	DESCRIPTION OF	MANNER OF	JOB PERFORMANCE

Stress strengths and weaknesses demonstrated in current position. Indicate suggestions make to employee for improvement of his work. Give recommendations for his training. Describe, if appropriate, his patential for resolvement and for assuming greater responsibilities. Amplify or explain, if appropriate, ratings given in SECTIONS B, C, and 2 to provide the best basis for determining future personnal actions.

As a former military officer, Subject is hard working and abundantly sincere in his efforts to fight Communism. His performance since Aug 1961 has not been at the top level of his capabilities for several reasons, not all of which are within his ability to overceme. Subject has had little clandestine training, and is therefore not always able to comprehend the intangible factors which prevent, delay and cancel operations. A further reason is the absence of military law as a basis for discipline for his men. Still another reason is the directive for only limited action with which he has had to live since August. This is merely to say that in a period of policy formation when the action forces have had to be held in limbo, he has not been at his best.

Subject's dealings with his agents have in turn been affected by his own frustrations. His inability to rationalize situations has resulted in obtuse explanations to them which have made them harder to handle. His reluctance to put things on paper has detracted from his performance and denied him the clarifying process which reporting provides. His security consciousness has been similarly affected by his frustrations.

Subject is in need of training in tradecraft and PM operations. His basic qualifications for PM Case Officer work are such that he can, with training, do a much better job. This combined with a program of concentrated action would undoubtedly bring out the best in him, which should be of real value to the Agency.

MEMORANDUM FOR : Director of Versonnel

SUSJECT

: CIARCE Retirement of Mr. Grayeton in Lynch.

65-14, 800, on the Basis of Amiliying Domestic Service

- I. This memorandum submits a recommendation for your approval in purograph 4.
- 2. After more than twenty years of active milliarly service, Mr. Lynch joined CIA in February 1951 to assist in operations against the Cuban target. He was awarded the implificance hear for his participation in the day of Figurant related activities in the apring of 1961. Because of the sensitivity of his duries in behalf of CIA, his veryods of foreign norvice were not recorded in the usual manner. From August 1961 until june 1968 he was intensively involved as the recruitment, training, schulateration and operational direction of a large number of agents as well as the planning and direction of operations into Cuba.
- 3. After reviewing his application for admission to CIARDS and corrobenting statements from Classicatine Service officers acquainted with his work, the Classicatine Service Career Dervice Soard concludes that Mr. Lynch's case merits a recommendation for approval. It is our view that the demands placed upon him were at least on a par with those borne by operations officers assigned everseus.
- i. It is, therefore, recommended that Mr. Lyach be designated a participent in the CIA Retirement and Disability System on the basis of qualifying somestic service. If he is accepted for CIARDS, Mr. Lyach will apply for essentially retirement.

MEMORANDUM FOR THE RECORD

SUBJZCT

Grayaton L. Lynch

REFERENCE:

Mr. Lynch's memorandum to Director of Personnel, dated

22 June 1971.

- i. On the basis of what I can recall from the time I was connected with the Bay of Pigs activity and my years with WH Division thereafter, Mr. Lynch has stated his tasks correctly.
- 2. Since the issue is whether Mr. Lynch's service in Miamicould be considered equivalent to that of an Operations Officer overseas, the following might be considered:

Mr. Lynch had to operate clandestinely.

He used pseudonyms, safesites for meetings, non-official cover.

He handled, trained and dispatched agents. He debriefed them. He worked with them side by side.

He worked long, irregular hours (days and nights) under unusual pressures and at personally inconvenient and unappealing sites.

Mr. Lynch was, during the Bay of Pigs period at least, in real personal danger. (Our case officers abroad do not often face such situations nor do they have to display such courage.)

•

SECTION

- 2 -

3. In summary, Mr. Lynch's tasks were professionally and personally more demanding than those of many of our Operations Officers abroad. He had to apply clandestine techniques and concepts in a highly volatile and difficult operational climate. To admit him to the CIA Retirement System seems justified.

MEMORANDUM FOR: Director of Personnol

SUBJECT : Inclusion in CIARDS - Grayson L. Lynch

1. Mr. Lynch's memorandum dated 22 June 1971 requesting that service at JMWAVE be considered as qualifying service under CIARDS has been reviewed by individuals familiar with his activities during the period noted. They state that his memorandum is factual and accurately represents the situation as it existed at JMWAVE.

The service described is considered comparable to that performed overseas. WH Division concurs in invorable action on his request should that be the recommendation of the Board.

MEMORANDUM FOR: Director of Personnell

SUBJECT

: Recommendation for Approval of Mr. Grayston L. Lyzen as a Participant in the CIA Retirement and Disability System

REFERENCE

: HR 20-50

1. It is strongly recommended that Mr. Grayston L. Lynch be approved as a participant in the CIA Retirement and Disability System.

- 2. It is the opinion of the Special Operations Division that the duties performed by Mr. Lynch from the time he entered on duty in February 1961 until early 1968 meet the spirit and intent of the criteria for "qualifying service" as defined in HR 20-50b. The lone exception to these criteria is that Mr. Lynch was not "abroad" during the time involved except on a sporadic basis. This exception, however, was due completely to the geographical location of the area of operations. This location made it uniquely propitious to have Mr. Lynch assigned to and work out of a domestic base. There is no question, however, that Mr. Lynch's service was in the conduct and support of covert operations which required continuing practice of security and tradecraft procedures and which included, from time to time, hazards to his life and health. It is also believed that Mr. Lynch would be at a disadvantage in obtaining other employment because of the sensitivity of his past service as well as the dearth of requirements for his peculiar background, skills and knowledge.
- 3. On the basis of the above and Mr. Lynch's unique personal record, it is believed that his service during the described period is certainly equivalent to if not in excess of the requirements for "creditable service abroad" and that if it had not been for a geographical accident, this service would have been performed as

\$7,399 t Excluded from anternation es appropriate (anternation) entrophiconice part of an assignment abroad within the fullest meaning of the definition contained in the referent regulation. Therefore, approval of Mr. Lynch's request for designation as a participant in the CIARDS on the basis of service performed between 1961 and 1968 is not only strongly recommended but is requested as the grant of an entitlement fully earned by a very deserving employee.

MEMORANDUM FOR: Director of Personnel

SUBJECT

: Request for Designation as a Participant in CIARDS--Mr. Grayston L. Lynch

- 1. It is requested that domestic nervice reflected in the following paragraphs be approved as qualifying service for the CIARDS and that I be designated as a participant in the system.
- 2. I entered on duty with the Agency on 10 February 1961.

 I was sent Thy immediately to New Orleans, Louisians and from there to Key West, Florida to prepare Wil Division agent assets for operational missions. On 28 Merch 1961 I departed Key West, Florida aboard a covert Agency whip bound for Nicaragus where I engaged in the preparation of Agency vessels and assets scheduled for operations into Cuba. On 13 April 1961 I departed Nicaragus via an Agency vessel for the 17 April 1961 landing operation in the fisty of Figs. Cuba. I was assigned as the Case Officer for the Agency command ship. Cuban Brigade Headquarters, and the Underwater Demolition Team (UDT) element. I participated in armed action both at sea and on shore during the four days of the invasion attempt and, per direct instructions from the DCI, engaged in a series of covert landings and operations into Cuba for several days following the invasion landing. I returned to Headquarters on 29 April 1961.
- 3. In August 1961 I was assigned PCS to JMWAVE at Miami, Florida as a Faramilitary Operations Officer. From my arrival in August 1961 until July 1965 I served under commercial cover outside the station, intermittantly using my home and various safehouses as "ad hoc" offices. All contact with the station was by telephone and/or personal meetings prearranged with station personal. These personal contacts were either at my home, in safehouses, or at other meeting places deemed appropriate. During this period I was responsible for the recruitment, training, administration and operational direction of a very large group of Agents. This entailed numerous clammestine meetings, both day and night, with those Agents. Since they were in various stages of training, assessment or preparation for an operation and were located throughout Dade and Monroe counties in

SECRET CONTRACTOR

Florina, I was required to drive an average of 5000 miles per month to provide the necessary handling and support. The major training exercises were an follows:

- a. Three black Hights to ISOLATION for periods of one to three weeks duration during which time I was required to remain in the black training areas as handler for the Agents.
- b. One three day trip to Lake Worth, Florida during which I conducted the ground phase of parachute training for 26 Agents and arranged for civilian instructors and planes for two parachute jumps per man.
- e. Two black flights to Camp McKall, North Caroline to conduct parachute training for 36 Agents, during which time, as Chief Instructor, I made two parachute jumps.
- d. Two black flights to the Ranger Training Center at Eglin AFB, Florida for additional parachute, commando and guerilla war-fare training for 38 Agents. Both trips were of two weeks duration each and again, I made two parachute jumps.
- e. Four black flights to Fort Stewart, Georgia for training in weapons and factice for 38 Agents. Training was conducted with all weapons from the .45 calibre pistol up to and including the 4.2 incomportar. Demolition and sabotage training including night and day factical exercises using live ammunition and explosives were also conducted. Rach exercise lastes from five to 15 days.
- f. Eight training exercises from three to seven days duration each were conducted in and around the Evergladee National Furk and the Marquesas Keys in Florida.
- g. Over 70 mission rehestrals of two or three days duration conducted in the Florida Keys.
- 4. In addition to the above training exercises I planned and directed 115 actual operations into Cuba during this pariod. This involved the isolation of a five to 25 man tonic in a safehouse for three days to two weeks preparing for an operation and remaining with them day and night until they were launched. It also involved receiving the tourn at the conclusion of the mission and again holding them in a safehouse for a two day debricking period.

- 5. In 1965 I set up an office in Ferrine, Florida, under camemorcial cover, to administer the Agent group. I remained in this office conducting operations and training as before until April 1966. My office was moved into the JMWAVE Station at that time, but I remained under commercial cover and my duties continued to be the same.
- 6. During the time I was assigned to JMWAVE I was required to participate in numerous voyages aboard Agency ships into international waters. Many of these were near to and into denies waters. I was also required to participate in several search and rescue sircraft flights of long duration over international water, near and into denied areas.
- 7. It is my belief that my activities and duties from August 1961 to June 1968 were of the types normally found only in overseas chadestine activities for which the five year CIARDS "creditable service abroad" requirement was intended. I am available for further explanation or clarification if any of the above information is required, or if confirmation of my service by other Agency personnel is needed. I submit the following names of knowledgeable individuals:
 - a. Gerald Oroller. DDP/NSP
 b. Robert Ortman, WH/COG
 c. SOD/GE
 d. William Broe, C/WH
- 3. In view of the facts presented above, I request to be designated a participant in the CIA Retirement and Disability System and will apply for disability retirement when my participation is approved.

PHONE 1923 SECRET MANAGEMENT OF THE SECRET

Mr. Grayston L. Lynchols a Career Agent who entered on duty into the Agency in February 1961 and served in New Orleans, Louisiana and Key West, Florida preparing WII Agent assets for operational assignments. In March 1961 he left Key West, Florida aboard a covert Agency vessel for Nicaragua where he assisted in the preparation of Agency vessels and assets scheduled for operations into Cuba. in April 1961, he left Micaragua on a Agency vessel to participate in the landing operations in the Bay of Pigs, Cuba. He was some involved in armed action both at sea and at shore during the four days of the invasion attempt and, from direct instructions from the DCI engaged in series of covert landings and operations into Cuba for several days following the invasion Landing. For this action Mr. Lynch massages received the Intelligence Star. Mr. Lynch sabsequently served as a paramilitary operations officer at Miami, Florida until approximately June 1968. During this period he participated in missexous clandestine activities including agent training, parachute training, weapons training, and planned and directed 115 actual operations into Cuba.

In the course of these earlier operational assignments, Mr. Lynch developed a psychosis which will not permit him to travel by air at all nor by overland means for any lengthy period of time.

This has resulted in a medical hold being placed on Mr. Lynch for any overseas assignment PCS or TDY. Since he is uniquely a field special operations officer there are literally no departmental duties to which he can be assigned. Since there is no suitable assignment available for Mr. Lynch it is necessary to terminate Mr. Lynch's contract as a Career Agent. Since he is eligible for Involuntary Retirement under CIARDS, Mr. Lynch has made application for retirement effective 10 September 1971. In view of Mr. Lynch's age, specialized skills, long service in a uniquely sensitive area, and peculiar contribution to the Agency's mission it is believed that a termination bonus at the time of his retirement is fully warranted.

Mr. Lynch is currently the equivalent of a G5-14, step 5 with an annual salary of \$23,591. The proposed \$10,000 termination bonus represents, therefore, less than 42% of his annual salary or approximately 5 months pay. In connection with this, it should be noted that if he were being terminated rather than retiring, he would be entitled by virtue of the provisions of his contract to 90 days notice which would equal approximately \$6,000 at his current rate of pay in salary alone. Additional fringe benefits would increase this figure.

MEMORANDUM FOR: Chief, SOD/SS/Personnel

: Mr. Grayston Lynch SUBJECT

- 1. Assuming no interruptions or changes of assignment or status in the interim , Mr. Lynch will complete his currently scheduled Spanish language training in mid-April 1971. Between now and then it is understood that he will--on his own initiative and with whatever assistance and encouragement we can properly provide-make an effort to overcome his phobia of flying and thereby, in due course, qualify medically for TDY or PCS overseas field duty.
- 2. In view of Mr. Lynch's past history, however, we cannot assume that he will be successful or will even actively press to overcome his problem. In spite of his career agent status and his operational performance (Intelligence Star), we cannot, in all conscience, carry him on SOD contract rolls indefinitely in an unproductive capacity. He has completed all of the advanced and refresher operations training necessary to qualify for assignment now. He has not adapted well nor has he been receptive to the kinds of headquarters duty assignments open to him. He is a field paramilitary officer.
- 3. It is prudent, therefore, to begin contingency planning now for his appropriate retirement and outplacement into a job which will offer him both security and personal satisfaction. His Spanish language training should enlarge his horizons and opportunities. We can predict he will not, at least at first, take at all kindly to the idea of retirement and relinquishing his Agency association. He is emotionally involved, and identifies himself as an Agency career field operations officer.
- 4. Please acquaint C/CSPS and DDP/JO with the background of this case, and together with them begin now to plan for this contingency.

MEMORANDUM FOR THE RECORD

SUBJECT: Retirement Annuity
Mr. Grayston Lynch

1. Retirement Operations Division of the Office of Personnel (Linda Birch) provided the following computations for a proposed annuity for Mr. Grayston Lynch if he retired on the dates indicated. These figures were computed on 30 October 1970 and were based on the following:

31 De	c 1970	30 April 1971	
AGE (DOB: 14 June 1923)	47 years, 6 mts.	47 years, 10 mt	.
CREDITABLE SERVICE (Including S/L)	31 years, 8 mts.	32 years	
HIGH AVERAGE (3 Years)	\$19,655	\$20,261	
BASIC ANNUITY: Per Annum Per Month	\$ 9.979 832	10,478 873	•
BASIC ANNUITY REDUCED FOR SURVIVOR: Per Annum Per Month	9.251 771	9,700 808	
SURVIVOR ANNUITY: Per Annum Per Month	5,488 457	5.763 480	

2. The above annuity would be recomputed when Mr. Lynch becomes 62 years old. This recomputation is required to drop off post 1956 military service which applies to Social Security eligibility. Subject has no choice in this matter if he is eligible for Social Security benefits. If he is NOT eligible for Social Security benefits then the military service will remain creditable toward his Civil Service retirement annuity. The recomputed annuity would be as follows:

BASIC	ANNUITY:	Per Annum Per Month	.	8,695 725	\$ 9.145 762
BASIC	ANNUITY R	EDUCED FOR S Per Annum	URVICOR:	8,096	8,500

SURVIVOR ANNULTY: Per Annum Per Month

\$ 4,382 399 \$ 5,030 419

3. It should be noted that the entire annuity at either time is reduced 2% per year for each year Mr. Lynch is under 53 years of age. This amounts to a total reduction of approximately 15%.

MEMORANDUM FOR THE RECORD

SUBJECT: Grayston Lynch

- 1. Mr. Lynch reported to C/SOD/Pers for interview on 5 December 1968. JNWAVE officials had notified him of the medical decision and the purpose of this visit to arrange for a six month interim assignment period while he undergoes appropriate treatment in Miami. We discussed the terms of the agreement which was made part of memorandum of agreement and was signed by Mr. Lynch and C/SOD/Pers.
- 2. Mr. Lynch visited WH Division for discussions regarding the interim assignment with Dave Philips, Cuba Desk. According to Lynch there was some difference of opinion about the job at this point as to whether he'd be working for JMCOBRA or for Cuba Desk. He discussed this again with WH officials who he says agreed that he would work on a project for Mr. Philips unless Mr. Esterline had something specific he needed him to do. A message was to be sent out to this effect by WH Division.
- 3. Mr. Redmond of Agent Panel and Mr. Pollock SAS/OP were advised of status of this case but did not need to see Mr. Lynch unless he wished an interview. Pete Gaughan and Dr. Robinson of OMS were contacted and Dr. Robinson provided the names of three cleared consultants in Miami area for Mr. Lynch's referral. Mr. Lynch had a brief interview with Mr. Holcomb to let him know that arrangements for the six month interim assignment had gone well, he understood the terms of the agreement, and hoped to return in six months qualified for full duty including overseas and flying. He then took care of his accountings in SOD/E&F and departed for the drive back to Florida.
- 4. Mr. Lynch appeared to be in good spirits on this visit. He seemed to understand fully the terms of the six month agreement and expressed appreciation for being given this period of time to prove himself qualified for continued employment. However, he was left with no doubt of our intentions to terminate his contract at the end of the six month

MEMORANDUM OF AGREEMENT

BUBJECT: Temporary Assignment - Mr. Grayston Lynch

- 1. As a result of his recent fitness for duty physical examination, it was determined that Mr. Lynch is qualified only for domestic assignments not involving flying. This decision means that Mr. Lynch is not currently qualified to perform the duties required of him under the IUJEWEL Program. These duties involve primarily overseas assignments and require flying both as the normal means of transportation to and from areas of assignment and as an integral part of his job concerned with training and conduct of airborne operations.
- 2. Since Mr. Lynch is not qualified to perform the duties required of his position at this time or for the indefinite future, three courses of action have been considered as follows:
 - Termination of contract under the 90-days notice clause of his contract.
 - b. Initiation of action for disability retirement.
 - c. Approval of a 6-month domestic (temporary) assignment while Mr. Lynch pursues appropriate treatment to determine whether bis current disability is temporary.
- 3. In recognition of Mr. Lynch's long period of dedicated service to the Federal Government and this Agency, it has been agreed to offer him the 6-month interim assignment as per paragraph 2.(c) above under the following conditions:

- a. That an appropriate domestic assignment is available.
- b. That he pursues appropriate treatment during the 6-month assignment period.
- c. That Mr. Lynch report for another medical evaluation at the end of the 6-month assignment to determine whether he is qualified for full duty including overseas assignments involving flying.
- 4. It is further agreed that if, at the end of the 6-month period, Mr. Lynch is not found qualified for full duty including overseas assignments involving flying, action will be initiated to terminate his contract employment as in paragraph 2.(a) or (b) above.

1. Mr. Lynch called to advise that he was still in the local area and ask if he could pick up his annuity check and change his forwarding address and banking instructions as he was he longer going to go to Tampa, Florida. He said he was buying part interest in a boat and had rented an apartment in Key West, Florida and would be living and working there. In this respect he wanted to know if he should not have a change in his cover status from "open" to "under cover" because of his "new"location.

Ir. Lynch telephoned today and advised that he did not went his termination beaus to be held for payment in Bulendar Four 1972 as agreed upon, but would like to have it payed at the time of his retirement. I pointed out that this would recult in a good tax bite, but the Gray stated that he would need the renew at they time of retirement and would just have to suctain the additional tax.

15 July 1971

Fr. Lynch also asked if he could obtain an advance on his calary of about 0500 as his salary checks were railed to a bank in Florida and he had exhausted his samply of war checks because he had tocomit he would have left the area by now. He was adviced that this could be done but that it would take a many from him to the Director of Finance. He stated that he would come to the cirice on 16 July to propage the news. He should be sent to C/SOD/RAF to initiate the memo and the action to obtain the advance on his calary.

SUBJECT

: CIARDS Retirement of Mr. Grayston L. Lynch,

CS-14, SOD, on the itself of Qualifying Domestic Service

- 1. This momorandum submits a recommendation for your approval in paragraph 4.
- 2. After more than twenty years of active military service, Mr. Lynch joined CIA in February 1961 to assist in operations against the Cuban target. He was awarded the intelligence Star for his participation in the Bay of Figs and related activities in the spring of 1961. Because of the constitutity of his duties in behalf of CIA, his periods of foreign service were not recorded in the usual mamor. From August 1961 until june 1968 he was intensively involved in the recruitment, training, administration and operational direction of a large number of agents as well as the planning and direction of operations into Cuba.
- 3. After reviewing his application for admission to CIARLS and corroborating statements from Claudestine Service officers acquainted with his work,
 the Claudestine Service Career Service Board concluded that Mr. ! yach's case
 merits a recommendation for approval. It is our view that the demands placed
 upon him were at least on a par with those horne by operations officers assigned
 overseas.
- 4. It is, therefore, recommended that Mr. Lyach be designated a participant in the CIA Retirement and Disability System on the basis of qualifying domestic service. If he is accepted for CIARDS, Mr. Lyach will apply for disability retirement.

1 Recummendation for Approval of Mr. Grayston L. Lynch as a Participant in the CIA Retirement and Disability System

REFERENCE

: HR 20-50

- 1. It is strongly recommended that Mr. Grayston L. Lynch be approved as a participant in the CIA Retirement and Disability System.
- 2. It is the opinion of the Special Operations Division that the duties performed by Mr. Lynch from the time he entered on duty in February 1961 until early 1968 meet the spirit and intent of the criteria for "qualifying service" as defined in lift 20-50b. The lone exception to these criteria is that Mr. Lynch was not "abroad" during the time involved except on a sporadic basia. This exception, however, was due completely to the geographical location of the area of operations. This location made it uniquely propitious to have Mr. Lynch assigned to and work out of a domestic base. There is no question, however, that Mr. Lynch's service was in the conduct and support of covert operations which required continuing practice of socurity and tradecraft procedures and which included, from . time to time, hazarus to his life and health. It is also believed that Mr. Lynch would be at a disadvantage in obtaining other employment because of the sensitivity of his past service as well as the dearth of requirements for his peculiar background, skills and knowledge.
- 3. On the basis of the above and Mr. Lynch's unique personal record, it is believed that his service during the described period is certainly equivalent to if not in excess of the requirements for "creditable service abroad" and that if it had not been for a geographical accident, this service would have been performed as

part of an assignment abroad within the fullest meaning of the definition contained in the referent regulation. Therefore, approval of hir. Lynch's request for designation as a participant in the CIARDS on the basis of service performed between 19c1 and 1968 is not only strongly recommended but in requests as the grant of an entitlement fully earned by a very deserving employee.

MEMORANDUM FOR: Afrector of Personnel

SUBJECT

: Dequest for Designation as a Participant in CIARDS .- Nir. Grayston L. Lynch

- 1. It is requested that domestic service reflected in the following paragraphs be approved as qualifying service for the CIARDS and that I be designated as a participant in the system.
- I was sent TDY immediately to New Orleans, Louisians and from there to Key West, Florids to prepare Wil Division agent assets for operational missions. On 26 blarch 1961 I departed Key West, Florids aboard a covert Agency ship bound for Nicaragus where I engaged in the preparation of Agency vessels and assets scheduled for operations into Cuba. On 13 April 1961 I departed Nicaragus via an Agency vessel for the 17 April 1961 Inding operation in the bay of Pigs, Cuba. I was assigned as the Case Officer for the Agency command ship. Cuban Brigade Headquarters, and the Underwater Demolition Team (UDT) element. I participated in armed action both at sea and on shore during the four days of the invasion attempt and, per direct instructions from the ECI, engaged in a series of covert landings and operations into Cuba for several days totlowing the invasion landing. I returned to Headquarters on 29 April 1961.
- 3. In August 1961 I was assigned FC3 to JMWAVE at Mismi, Florida as a Paramilitary Operations Officer. I rom my arrival in August 1961 until July 1965 I served under commercial cover outside the station, intermittantly using my home and various safehouses as "ad hoc" offices. All contact with the station zers by telephone and/or personal meetings presaranged with station personal. These personal contacts were either at my home, in safehouses, or at other meeting places deemed appropriate. During this period I was responsible for the recruitment, training, administration and operational direction of a very large group of Agents. This entailed numerous clandestine meetings, both day and night, with these Agents. Since they were in various stages of training, assessment or preparation for an operation and were located throughout made and Monroe counties in

SEGRET

96012-1 Eschoso Irea antomal d energyaring fact engineedingfice Florida, I was required to drive an average of 3000 miles per month to provide the necessary handling and support. The major training exercises were as follows:

- a. Three black flights to ISOLATION for periods of one to three weeks juration during which time I was required to remain in the black training areas as handler for the Agents.
- b. One three day trip to Lake Worth, Florida during which I conducted the ground phase of parachute training for 26 Agents and arranged for civilian instructors and planes for two parachute jumps per man.
- e. Two black flights to Camp McKall, North Carolina to conduct parachute training for 36 Agents, during which time, as Chief Instructor, I made two parachute jumps.
- d. Two black flights to the Ranger Training Center et Eglin AFB, Florida for additional parachute, commande and guerilla war-fare training for 38 Agents. Both trips were of two weeks duration each and again, I made two parachute jumps.
- o. Four black flights to Fort Steaart, Georgia for training in weapons and tactice for 18 Agents. Training was conducted with all weapons from the .45 calibre pisted up to and including the 4.2 inch mortar. Demolition and sabotage training including night and day tactical exercises using live animunition and explosives were give conducted. Such exercise lasted from five to 15 days.
- f. Eight training exercises from three to seven days duration each were conducted in and around the Everglades National Fark and the Marquesas Keys in Florida.
- g. Over 70 mission rehearsals of two or three days suration conducted in the Florida Keys.
- 4. In addition to the above training exercises I planned and directed 115 actual operations into Cube during this period. This involved the isolation of a five to 25 man team in a safehouse for three days to two weeks preparing for an operation and remaining with them day and night until they were launched. It also involved receiving the team at the conclusion of the mission and again holding them in a safehouse for a two day debriefing period.

- 5. In 1965 I set up an office in Farrine, Florids, under commercial cover, to administer the Agent group. I remained in this office conducting operations and training as before until April 1966. My office was moved into the JAIWAVE station at that time, but I remained under commercial cover and my duties continued to be the same.
- 6. During the time I was assigned to JMWAVE I was required to participate in numerous voyages aboard Agency ships into international waters. Many of these were near to and into denied waters. I was also required to participate in several search and rescue aircraft flights of long duration over international water, near and into denied areas.
- 7. It is my belief that my activities and duties from August 1961 to June 1968 were of the types normally found only in overseas claudestine activities for which the five year CIARDS "creditable service abroad" requirement was intended. I am available for further explanation or clarification if any of the above information is required, or if confirmation of my service by other Agency personnel is needed, I submit the following names of knowledgeable individuals:
 - a. Gorald Droller, DDP/NSP b. Robert Ortman, WH/COG
 - e. SOD/GB
 - d. William Bros. C/WH
- 8. In view of the facts presented above, I request to be designated a participant in the CIA Retirement and Disability System and will apply for disability retirement when my participation is approved.

SUEL FOR : 17. Gr yston L. Lynch

as of 29 May 1971 in Lynch was accredited with the following leave belances:

Annual Loave

376 hours

Sick Leave

340 hours

If ir. Lynch's application for CLIEDS and his application for Disability Retirement under CLAEDS were all processed and auxiting approved, he could go on sick leave as of close of business 2 July to exhaust all sick leave and then all excess annual leave prior to retirement. He would retire under these circumstances, if approved as of COB 6 October 1971. (This date was computed by payroll based on the following assumptions; 1). He would take no leave between now and 2 July, 2). He carned 26 days leave per year, 3). He had a leave ceiling of 360 hours.

AC/SOD/Perconnel

17 June 1971 1st Indexement

Fr. Lynch will not be permitted to process all the paperwork for his pending retirement and then depart the area. Retirement operations Division/OF will not accept his application for CLEDS retirement until he has actually been recepted into CLEDS, nor will they initiate a request to the CPS for a medical survey until an application has been submitted for Disability retirement, nor will they submit a request for newled survey under Civil Service and then convert to CLADS. Concurrently, CPS till not review their requirements on Fr. Limch prior to rectiving a request from ROD/OP. Since neither Retirement Ops DiviOP nor OPS will take action pending resolution of Fr. Limch's participation in CLADS I adviced him we would be unable to hit the 2 July target date for him to commence his leave in preparation for retirement. We make stated that

this was all right with him. Therefore, I am scheddling the Colleving procedure:

As of 25 June 1971, it. Lements signed application for participation in climb, form 3100 and Service Agreement accompanied by AC/500 recommendation was band carried to CSIS for heard action. AC/50D also added a note on the resting sheet requesting that the request receive every consideration on an expedite basis.

Mich the above application is approval, ir. Igneh should be scheduled for a retirement interview with ir. Bull Scidel to rake application for Disability retirement and be scheduled for any physical examination or medical interview required.

Following the above, ir. Lynch could commonce his lower and proceed to Florida pending the enterme of his application for Disability Retirement. When approved he would continue to utilize his sick lower and excess annual leave until it was expired. The retirement would then become offective.

In an interview with Fr. Lynch on 15 June 1970, the c/50D/SS and the AC/50D/Fera discussed the possibility of obtaining an a Terrination Bonus in the amount of \$10,000 payable on retirement with Fr. Lynch. This was because of Fr. Lynch's unique situation regarding his service and carear with the Agency. It was pointed out that this was definitely not the normal prescharation procedure, but was bases purely on Fr. Gray's status as a Career Agent and the unusual aspects of his termination. It was agreed that although Fr. Gray would become eligible for this benus, if we were able to get it approved, as of the date of his retirement, we would not make payment until slams Calendar Year 1972 in order to give Fr. Gray benefit of the tax break resulting from the delayed payment. Fr. Gray agreed to all of the above provisions without equivocation.

Ir. Gray was instructed to maintain constant contact with Paritimo Branch—at least check with them tudes a day to according if there were measures or requirements for his presence or appointments scheduled for him. He agreed to this as he does not have a phone at home and there is no other positive means to centact him. SOD/Personnel is to leave any message necessary for him with the Secretary/Aritima Branch for delivery. (If no other centact possible, try informally through Jurry Sohl.)

MEMORANDUM FOR THE RECORD

SUBJECT: Mr. Grayaton L. Lynch

In regards to his fature. I told him Mr. Droller did not have the authority to authorize "absence from duty for up to a year" as was stated to Mr. Lynch. I told him SOD will take the proper action through the Agent Panel to try and find "a retirement assignment" for him in the Miami area. This action will probably take a few weeks and he will be kept informed of the progress. He was quite understanding and accepted the above with little comment.

MEMORANDUM FOR: Chief, SOD/Personnel

SUBJECT:

Fitness Report for Mr. Grayston L. Lynch, 1 April 1970 - 31 March 1971

Although Mr. Lynch is assigned to the Maritime Branch for administrative purposes, he was in training during the entire period covered by subject fitness report. Therefore, an evaluation of his performance by Maritime Branch would be unrealistic.

Chief, Maritime Branch Special Operations Division

FOREIGN LANGUAGE APTITUDE TESTING RESULTS

Since many things other than aptitudes enter into the determination of training course performance, in any class of students there will usually be some whose performance will be better than would be expected from their test scores, just as there will likely be some whose performance is poorer than expected. STRENGTH OF MOTIVATION, FRICR EXPERIENCE WITH A FORMION LANGUAGE, and other factors should be considered in selecting people for language training and in interpreting language training results. For example, the number of languages previously studied or learned and the amount of academic and non-academic language-learning experience are factors not measured by the tests but are indicative of probable success in learning a foreign language. Whether such experience was in the same language as the one to be studied or in a different one is, of course, an additional relevant factor.

MEMORANDUM FOR THE RECORD

Subject: Mr. Grayston Lynch

It was determined that no action would be taken on this case until after the first of the year (1971) at which time Mr. Lynch will be advised by C/SOD/Personnel that he will be made available for a suitable operational assignment, most likely overseas, unless he opts to apply for disability retirement.

If Mr. Lynch opts to apply for disability retirement he will be continued in his present assignment pending approval of his retirement.

If Mr. Lynch chooses to be shopped for a field assignment, SOD will initiate action to locate such a position. When found, Mr. Lynch will be processed for the assignment. Should he fail to be medically approved, action will be taken to obtain his retirement for medical reasons. Should an assignment not be forthcoming by April 1971, a medical disposition for overseas planning purposes (General) will be requested.

The purpose of the above scheduled action is to either find a suitable assignment for Mr. Lynch or to effect his disability retirement on either a voluntary or involuntary basis.

COURSE OBJECTIVES - CONTENT AND METHODS

CS Records I (Introduction to Records) is intended for Operations Officers and intelligence and clerical assistants who support operations through any form of records activity. It reviews the records mission of the CS and examines the logic and structure of the system itself. The responsibilities of CS personnel to the system, and the services provided by the different elements of the system, provide the central theme of the course. Students are familiarized with methods of input, maintenance and retrieval of information, and in disposition, disposal and destruction of the records themselves. The course includes an introduction to the various machine programs associated with the records system, and outlines the management cycle by which the system is controlled and modified.

ACHIEVEMENT RECORDS

This is a certificate of attendance only. Student evaluations are not given in this course,

COURSE OBJECTIVES - Content and Methods

The course aims to provide a description of counterintelligence in the covert and clandestine warfare of today in both friendly and enemy areas. To do so, a brief description of the intent, purpose, and dynamics of espionage, subversion and counterintelligence as practiced by the major enemy forces is provided and this is contrasted to the spectrum of counterintelligence activities of the United States of America and of allied countries. To support counterintelligence missions levied upon the Agency, a review of the cooperation and coordination and exchange of information and services between cooperating services is provided. Counterintelligence is then related to all other Clandestine Service operations and its place as a part thereof is demonstrated. To provide the student with a framework within which to work, the organization of the Agency for counterintelligence is also provided.

ACHIEVEMENT RECORD

This is a certificate of attendance. Since this course is a survey course, it does not attempt to qualify the student as a counterintelligence operations officer and no evaluation is made of individual performance.

SUBJECT: Maritime Branch Nomince for the Special
Operations Division's Mistorical Program

Operations Division's Historical Program

REFERENCE: Chief, Special Operations Division Memorandum dates 24 December 1969. Subject:

Mistorical Program

1. Considering the current manpower shortages and relative inexperience in the Maritime Branch, I recommend that only one quarter man year be devoted to the Mistorical Program in calendar years 1970-71. If and when officers report on board who have the unique or special knowledge required to write histories, then these personnel will be assigned this task and a subsequent increase in man years available will be made.

2. I nominate Mr. Grayston L. Lynch to write histories in CY 1970-71. This officer combines the unique knowledge of first hand operational experience with the qualities of a good narrative writer.

- I. CONTENTS OF REF DISCUSSED WITH DEVUONO WHO REACTED VERY STRONGLY. ALTHOUGH INFORMED THAT CABLE DID NOT REJECT CLAIM, DEVUONO CLEARLY ANTICIPATES I HAT REJECTION WOULD COME FOLLOWING DISCUSSIONS AT EADQUARTERS. DEVUONO STATED THAT THE BOARD HAD ALL THE FACTS, THAT HE COULD ADD NOTHING TO WHAT HAD BEEN WRITTEN AND THAT "HOS DISCUSSIONS" WAS EUPHEMISM FOR REJECTION.
- 2. DEVUONO HAS SUFFERED LOSS OF PERSONAL PROPERTY EFORE AND DOES NOT FEEL THAT HE WAS PROPERLY CONPENSATED. HE CITES MANY OF THE DIFFICULTIES THAT HE ENCOUNTERED EURING AND AFTER THE BAY OF PIGS WHEN MANY OFFICERS MADE EXTENSIVE PROMISES WITHOUT AUTHORITY OR ABILITY TO FOLLOW-THROUGH. AT PRESENT DEVUONO SCHEDULED TO GO TO LAGS LEAVING HIS FAMILY IN THE JNWAVE AREA. IT DESIRABLE THAT DECISION THIS CLAIM SE MADE SOONEST.

NARRATIVE COMMENTS

Indicate significant strengths or weaknosses demonstrated in current position keeping in proper perspective their relationship to overall performance. State suggestions made for improvement of work performance. Give recommendations for training. Comment on foreign language competence, if required for current position. Amplify or explain ratings given in Section B to provide best bosis for determining future personnel action. Manner of performance of managinal or supervisory duties and cost consciousness in the use of personnel, space, equipment and funds, must be commented on, if applicable. If extra space is needed to complete Section 6, attach a separate sheet of paper.

Subject has been under my supervision for approximately 6 months. During this period he has shown an outstanding proficiency in the supervision of his Commando Group. He is responsible for the logistical support, maintenance, planning and operations of the group and must also maintain their motivation and moral. As a result of the stand-down in PM activities at this Station, one of his major duties has been keeping his group motivated and happy. Subject has performed these tasks in a very professional manner; he has shown strong leadership qualities and a definite ability to adapt to difficult and frustrating changes in the operational climate. Subject has had the additional duty of handling an FI Agent for the Station. He has spent long hours on this activity and has shown that he is fully capable of broadening his scope of activities to other fields besides the supervision of a commando group. He is cost and security conscious and has shown that he is effective in the use of personnel, space, equipment and operational funds.

Fitness Reports must be prepared with due regard for security considerations. For example, in the case of administrative and support personnel and others whose duties do not in themselves reveal sources of information and methods of operation, it is normally expected that a complete and realistic statement of specific duties may be reported in Section B. However, the nature, source, purpose or disposition of information or operations will not be included. On the other hand, the position titles and description of specific duties of serial nother employees may jerpardize security and should not be fully reported on this form. In these cases, general statements of specific duties will be included in Section B indicating the level of responsibility.

MEMORANDUM FOR: C/WH/B&F

SUBJECT

: Federal Income Taxes

Irving G. DEVUONO (P), Contract Employee

- 1. During his recent visit to Headquarters, DEVUONO raised quentions concerning his Federal income tax returns and interest allegedly due for income received during calendar year 1962. He stated he had filed returns for 1961 and 1963 and that he would file a return for 1964. He had previously been advised that he ewed interest on his 1962 income in the amount of \$165.54. He stated that this was not correct as the verbal instructions given him b. Mr. Robert Bladergroen of OGC were followed by him when he filed his 1962 return. According to DEVUONO, Bladergroen discussed tax matters with him during a visit to JMWAVE sometime in April 1963.
- 2. As I was not previously acquainted with the facts in DEVUONO's case, I did not attempt to judge it nor to promise him that it could be resolved to his satisfaction. I did, however, inform him we would investigate the matter and would officially advise the Station of the decision. Therefore, please initiate appropriate action with the ax people and the Office of General Counsol (Mr. Bladergroen) to set this matter at rest. Informally, Bladergroen informs me that he recalls his conversations with DEVUONO and that DEVUONO either did not understand his instructions or chose to disregard them. I believe Mrs. O'Leary and at least one other member of her staff with whom DEVUONO consulted during his visit can assist in resolving this matter. I do not find any correspondence in his Personnel Folder other than a copy of a cable, IN 57726, dated 12 June 1963, bearing on this Subject.

Charles J. Francis
DC/WH/SS

my (our) income tax return for the year 1963 filed with the District Director in <u>language</u>, that the tax due shown therein was remitted in full by me, and that any future adjustments, payments or refunds in relation to the return will be reported promptly by me to Headquarters."

Memorandum

TO :Lynch, Grayston L.

DATE: 22 35 1964

Thru :Recorder, Honor and Merit Awards Board

FROM Security Advisor, Honor and Merit Awards Board

suspect: Lynch, Grayston L. - Personnel Matter (Award Recommendation)

- 1. The Office of Security has been advised that you will be a recipient of an honor award in the Headquarters Building in the near future. This memorandum is designed to alert you to the security implications of receiving this award. As must be obvious to you, your role with the organization has been one involving very sensitive operations and projects calling for extraordinary security precautions. You will be expected to continue this kind of exacting security orientation in all dealings you may have with the outside world regarding this award.
- 2. First, the organization's security policies require that the number of persons on the outside learning of an award be limited. In your case, such persons should be limited to those in your immediate family.
- 3. Secondly, you are asked to scrupulously avoid releasing or cooperating in the release of any publicity regarding the award to public information media such as radio, television or the newspapers. This award should never be mentioned in the presence of any reporter or representative of any public information media.
- A. After receiving your award you will be asked to return it together with any accompanying papers to the Secretary, Honor and Merit Awards Board, for safekeeping. When the cover and security factors requiring secrecy about your connection with CIA are no longer operative these award materials will be returned to you.

: Alisa Documentation for Irving C. DEVUONO (P)

REFERENCES:

Nemo to C/COVER dated 23 May 1963 Nemo to C/PE dated 18 July 1963

1. Irving C. DEVUONO has used the alias George Lee in the local area. The circumstances which required the use of this alias is as follows:

DEVUONO, accommanied by the Real Entate Officer from the Cover Branch, under the alias Gregory Williams, went to ISLAMORADA in April 1963 to determine the suitability of S/H 177 for the AMLILAC Group. It was not anticipated at that time that DEVUONO would be required to use his name with the owner, Eddie Sweeting. However, arrangements for the S/H were rade on the spot and the name George Lee given as the occupant of the house.

2. If possible it is requested that alias documentation be established in the name of George Lee. This is not an absolute requirement, however, and a registered alias could be assigned.

MEMORANDUM TO: Chief of Station, JMWAVE

VIA : DCOS/OS

FROM : Chief, Finance, JMWAVE

SUBJECT: Tax Problem of Irving G. DEVUONO

While on TDY at Headquarters, the writer conferred with the Head of the Tax Unit on the subject problem. The writer was informed that the Tax Unit is not able to accept and forward a return for the year 1962 for the subject individual since a Form 1099 had been issued. It was further stated that the Internal Revenue Service, while performing a service last year (tax year 1961) of this nature, would not under any circumstances permit a person and/or persons receiving a Form 1099 or W-2 to Return for such reported income. Therefore, it appears all avenues of escape for Irving G. DEVUONO have been closed and he should file an amended return for Tax Year 1962 to include the KUBARK income reported on Form 1099.

MEMORANDUM FOR : Irving C. DEVUONO

SUBJECT: Letter of Instruction

1. This memorandum is to confirm your appointment as Chief, AMLILAC and to provide you with instructions for the direction of that group.

- 2. The mission is to adapt current assets into a force which can enter the target area by sea or air to conduct reconnaissance, caching, sabotage, raids and/or guerrilla warfare support operations.
- 3. The organizational concept to be followed is that of small teams which can function independently or in combination and entirely under indigenous leadership. All personnel should be fully qualified in basic paramilitary skills and should be physically and mentally prepared to mount operations on short notice. Airborne capabilities will be developed when facilities necessary for training become available.
- 4. The standards for members of the group should be constantly upgraded by culling of members who become marginal or who do not develop as expected. Recruitment of promising new members will be dependent on the needs of the station based on policy directives. Priority should be given to sabotage training to permit the mounting of a sabotage program at the earliest possible moment. Coincidentally, planning and thought should be given to the topics of cover, recruitment, training and establishment of those facilities necessary for a rapid expansion of the group if a full scale operational program should be developed. Also, the force should be identified to the primary exile authority as a non political and independent body which is unilaterally engaged in the overthrow of the existing regime. The tempo of training should be maintained at a level sufficient to assure the continual proficiency of the group in all categories of activity in readiness for the order to mount a full scale program with all teams participating simultaneously. Readiness will not itself be justification for operations.

- 5. Your staff must be organized to permit close contact with team members so as to assure control over them and at the same time provide full security for the existence of your organization. It must also provide security for the planning of all activities in such a way as to assure the compartmentation of staff and team personnel associated with the different categories of operational activity.
- 6. The following guide lines are provided for the organization:
 - a. The size and military nature of the force require that the highest possible standard of security be maintained for all personnel and activities. Specifically, the scope should not be comprehended by team members, and compartmentation by teams should be practiced to the maximum.
 - b. Should, if possible, be composed of men who have no dependents.
 - 7. The following tasks should be undertaken immediately:
 - a. Continue development of cover for all personnel, their absences, injuries, deaths.
 - b. Continue the development of concepts to provide for training, during active and inactive periods, transportation to training and staging areas and safehouse utilization.
 - c. Continue to devise procedures for handling and storage of classified material, arms and equipment.
 - d. Establish standards for recruitment, discipline, chain of command and security.

Subject: 1962 Income Tax for Irving C. DEVUONO

1. The subject person has submitted the attached memorandum which outlines his objection to paying the self-employment social security tax under the proviso of being self employed. Unfortunately the subject's contract contains the following proviso:

> Paragraph 8(d): From the salary paid pursuant to this contract these shall be deducted the appropriate rate percentage (presently $6\frac{1}{2}\%$) for deposit and eventual crediting to the Civil Service Retirement Fund. When circumstances of your cover warrant or require contributions to social security such contributions will be at your expense and you will not be reimbursed therefor by the Government.

SUBJECT : INCOME TAX

I was sent to this Station in Aug 61 and was given a Headquarters before I left in which I was told that since I was paying into a retirement fund of this organization that they would no longer withold Social Security from my pay. In late 61 I was notified that they wre refunding to me all money withheld for incme tax up to that time and that I would have to file on the inside and to start withholding my own taxes. This was done and I was told by this station to file the return with them return on my Army retirement pay, This I did for the year 1961. I and to file an was also told by BOB the tax man to file this years return the same way. I made my own tax withholding during 1962 and have the money to cover the taxes, but now I am told that because someone made a mistake and mailed both me and the IRS a form 1099 on my 1962 pay that now I must file an return. This now will cause me to pay \$225.00 selfemployment tax will make me liable to a 6% penalty for not filing an estimated return quarterly. Since I would not have had to pay these extra taxes if the mistake in mailing the form 1099 had not been made and since I did everything in this matter that the station wanted me to do I do not feel that this extra cost should be word by me. I feel this is penalizing me for someone elses mistake. I amk that this matter be reconsidered and that I be informed as to how I should file my 1962 tax return and that I also be told how this years withholding is to be done,

MEMORANDUM FOR THE RECORD

SUBJECT: Transfer of Irving C. DEVUONO to the AMLILAC Group

- 1. On 15 March 1963 a meeting was held at in order to advise both Irving G. CADICK and Irving C. DEVUONO as to the latters transfer from the AMTABBY group to the AMLILAC group. In attendance at this meeting were Stanley R. ZAMKA, CADICK, DEVUONO and the writer.
- 2. ZAMKA initiated the discussion by stating that the 15th would be DEVUONO's last day with CUSOG and that he should take care of any accounts outstanding and complete processing out of CUSOG. DEVUONO was advised he would be contacted by WALTUCK later in the day in reference to his next assignment.
- 3. CADICK was then advised he should plan a caching operation during the month of April. The exact location, weight and contents of the cache would be passed to him the afternoon of the 15th. CADICK requested that a boat, the Squall King, with which a great deal of training had been accomplished be permitted to go on this caching operation. ZAMKA agreed that security wise the use of an organic ANTABBY boat might be worthwhile. CADICK will include the use of the Squall King in the operational plan which he will submit this coming week.
 - 4. This meeting broke up at 1130 hours, 15 March 1963.

SECTION C NARRATIVE COMMENTS

Indicate significant strengths at weaknesses demonstrated in current position keeping in proper perspective their relationship to overall performance. State suggestions made for improvement of work performance. Give recommendations for training. Comment on foreign language competence, if required for current position. Amplify or explain rotings given in Section B to provide best basis for determining future personnel action. Manner of performance of managerial or supervisory duties must be described, if applicable.

Subject has shown a decided proficiency in the supervision of the type of unit for which he has responsibility. His men respect him and follow his orders readily. He is resourceful, acts with initiative, and delegates responsibility. In his field he thinks clearly and is decisive and versatile in his actions. He is capable of handling larger units of personnel and assuming greater responsibility in the PM field. If he were required to accept duties of a broader nature in the intelligence field involving less supervision of his own activities, he would need to improve in the areas of written and oral expression and in his understanding of KUEARK requirements and responsibilities. In this regard he would need additional training and exposure to more extensive KUEARK fields as he has not had the opportunity for participating in such KUEARK activities. Subject does not have the proficiency of the language used.

Continuation of FITNESS REPORT, Section D:

Subject is a well-qualified, para-military specialist, who has fully mastered the tools of his trade. Subject applies all of his para-military knowledge in the performance of his current duties as the senior outside case officer for a thirty-man commande group, which is capable of carrying out a variety of different missions. These missions include caching operations, sabotage raids, tactical intelligence reconnaissance activities and contingency missions related to war plans. Subject is at his best in dealing with men and military equipment. Subject's major weakness is in records management and reports writing. Despite this minor weakness, Subject's over-all performance warrants an evaluation of Proficient.

Subject has the potential to train and operationally exploit para-military forces in units which have a T/O strength of not more than 60 men. Subject could command a conventional military formation at the battalion level. Subject is capable of mounting counter-insurgency operations with the use of forces up to battalion strength.

Subject's work comes to the attention of the Reviewing Officer on a bi-weekly basis.

Subject's future assignments should be in the para-military field. If Subject is to remain in operations in Latin America, he must be given an opportunity to study Spanish on a formal basis.

TO: Chief/Station, JMWAVE

FROM : IRVING G. DEVUONO

SUBJECT: Housing Allowance

ATTN: Chief/Support, JMWAVE

- 1. The writers' contract, as Career Agent, states in Para 4: "Allowance: You will be entitled to: (a) living quarters allowance in conformance with applicable government regulations. You may be provided quarters by your cover facility or the government and, in such event, you will not be entitled to the living quarters allowance herein indicated.
- (b) Cost of living allowance in conformance with applicable government regulations including, but not limited to, a post allowance or an equalization allowance in lieu thereof, a supplementary post allowance, a transfer allowance, a basic service transfer allowance, an education allowance, and a separation allowance."
- 2. It appears clear to the writer that any housing allowance which applies to staffers also applies to the writer. This would then necessarily have to commence at the same time for both types in order to be equal.
- 3. It is requested the writers' housing allowance be timed to commence on the same date as the Staffers in order to comply with the intent of the contract.

MEMORANDUM FOR: Chief, PM

: Irving C. DEVUONO Award of Intelligence Star

Reference is drawn to paragraph 2 of reference which states that when DEVUONO returns to Headquarters arrangements will be made for the Director to make the award to DEVUONO.

2. 10 months have passed since this award was granted and it is recommended that action be taken to send DEVUONO to Headquarters to receive his award.

Pl4 February 1963

TO : COS, JMWAVE

FROM: Chief/CUSOG Juning G. Cadre 12

SUBJECT: Fitness Report, Devuono

1. The subject report being due, the writer is the only person observing DEVUONO's work and has statements and commendations which should be reflected in his fitness report. The contents of this memorandum will be established in DEVUONO's file in other form at later date by the writer.

- 2. DEVUONO has completed one year with CUSOG. In this period he has shown a complete and practical knowledge of paramilitary techniques and tactics. This knowledge is born of experience and application. His application of this knowledge for KUBARK has resulted in visible progress in the technical abilities of CUSOG personnel.
- 3. He has shared CUSOG responsibilities of organization, administration and operational preparation in a manner to follow out KUBARK practices to its credit.
- 4. He carries out clear instructions to the letter, reflecting a military background.
- 5. Contrary to observances noted in a previous fitness report DEVUONO has been found to be anything but naive in his dealings with PBRUMENS during the period observed.
- 6. His administrative and accounting procedures within CUSOG are in order.
- 7. Hesitating to call them weaknesses, the writer must state that DEVUONO's entire experience with KUBARK has been field experience, usually far out on a long string of contacts into a KUBARK installation, a fact which has prevented a look at any of the administrative side of paramilitary as conducted by KUBARK.

8. This man has good potential for helping KUBARK's paramilitary effort, which potential will be more effective when he has been schooled in the terminologies and pecularities of paramilitary KUBARK-style. It is recommended a tour by DEVUONO where such schooling can be conducted as on-the-job training would most bring out this potential.

SECTION E HARRATIVE DESCRIPTION OF MANNER OF JOB PER	ERFORMANCE

Stress strangths and mericosess demonstrated in current position. Indicate suggestions made to employee for improvement of his work. Give recommendations for his training. Describe, if appropriate, his potential for development and for assuming greater responsibilities. Amplify or explain, if appropriate, ratings given in SECTIONS B, C, and D to provide the best basis for determining future personnel actions.

As a former military officer, Subject is hard working and abundantly sincere in his efforts to fight Communism. His performance mince Aug 1961 has not been at the top level of his capabilities for several reasons, not all of which are within his ability to evercome. Subject has had little clandestine training, and is therefore not always able to comprehend the intangible factors which prevent, delay and cancel operations. A further reason is the absence of military law as a basis for discipline for his men. Still another reason is the directive for only limited action with which he has had to live since August. This is merely to say that in a period of policy formation when the action forces have had to be held in limbo, he has not been at his bost.

Subject's dealings with his agents have in turn been affected by his own frustrations. His inability to rationalize situations has resulted in obtuse explanations to them which have made them harder to handle. His reluctance to put things on paper has detracted from his performance and denied his the clarifying process which reporting provides. His security consciousness has been similarly affected by his frustrutions.

Subject is in need of training in tradecraft and PM operations. His basic qualifications for PM Case Officer work are such that he can, with training, do a much better job. This combined with a program of concentrated action would undoubtedly bring out the best in him, which should be of real value to the Agency.

Project Clubbal Reports.

billian Robertson - Grayston Lynch)

REFERENCE:

Macao from Chief, CA/R4G to Chief, WH/4; I June 1.301, Subject: Assignment of Reportson and Lymon to WH Division.

- 1. Paragraph y of Reference requested that CA/C, PAG be keptinformed of the standard of perforance, and of the ecquisition of additional expabilities by either training or experience, of Robertson and Lunch during the period of their assignment to VH Division.
- 2. As Robertson and Lynch rew have been employed operationally by WH/A for a period of six months, and as they are the first to have been engaged under the new IRITIAL program, it would be appreciated if we could have reports from Chief, WH/A on these men at an early date. In addition to the data required on regular Fitness Reports, we are interested particularly in knowing from WH/A:
  - a. How there men are being used, i.e., whether they are engaged in operations, training, pluming, etc.; and the extent to which this has been exclusively in the field of PM activities.
  - b. If engaged in agent operations, whether they are exployed as singleton agents, principal agents, recruiters, etc.
  - c. The degree and general location of their possible exposure to hexardous duty, if any.
  - 4. The degree to which they may have been compromised in terms of personal security, if at all, and the general location where this may have happened.
  - a. Any new skills they may have acquired either by training or experience.

Cacarata Cara

3. Also, since Cl/MiG has aliente responsibility for these ZRIAMEL personnel after their operational unafalorer to WR Division has ended, it would be very helpful to us in planning the future conduct of the ZRIAMEL program if occasionally we could have a report directly from each of these men personally, giving us their own appraisal of their current utilization. In this regard we would appreciate your view as to whether this would be fessible, within the bounds of operational accurity, and whether it could best be accomplished by requesting written reports, or by oral de-briefings when these zero are in the Kashington area.

**MEMORANDUM** 

SUBJECT:

Policy Concerning Guests at Award Ceremonies

- 1. The Office of the Director has determined that when inviting quests to award ceremonies, the Agency will be as liberal as possible within the bounds of available space and security considerations since one of the purposes of an award ceremony is to let the family, friends, and associates of the recipient know that he has been honored.
- 2. In implementing this policy the points listed below will be guiding criteria:
  - a. Any Apercy employee who is a friend of a recipient may come to the ceremony, up to the limit of space available, if the recipient asks that he be present.
  - b. Any Government employee (who is not employed by the Agency but who is witting of the recipient's employment) can come so long as there are no operational security reasons that would make his presence inappropriate.
  - c. Any friend who is not employed by the Government may be invited only if it is obviously desirable (Example -- A very close old friend who stood in the relationship of "family" to the recipient when subject had no immediate family). Friends who are not employed by the Government normally would be discouraged.

For administrative purposes, it is engagested that WH Division assume these responsibilities for both hoberteen and Lynch as of 1 June 1761.
- 8. Use of the major considerations in the contract employment of these two officers has been that their lack of association with the Agency, thus far, permits their operational utilization in circametances

where staff employees cannot participate, and their long range continued employment is, to a cortain extent, dependent on their being able to maintain this posture. It is requested, therefore, that you take every reasonable precaution to maintain their 'deniable status.

9. Since the CA Stati will each again become responsible for these officers whenever such time may come that you no longer have a requirement for them. It would be very much appreciated if this office would be kept adviced us to their standard of performance, acquisition of additional capabilities, by either training or experience, and we should be consulted before any changes or an endments are made in their contracts which might become commitments to be assumed by the CA Staff.

#### MEMORANDUM FOR THE RECORD

SUBJECT: Contract Negotiations with Mr. Grayston L. Lynch

- 1. After discussing the proposed contract for Mr. Lynch with Messrs, Earman, Collins, Barnes, King, Esterline, and others and obtaining their agreement that the proposed contract was a fair one, I met with Mr. Lynch on the morning of 24 May 1961. I outlined, in detail, to him at that time the many advantages accruing to him through the new contract over the previous contract. Mr. Lynch stated that he had not been fully aware of these benefits, that he was afraid he had given the wrong impressions to us with regard to his salary demands, and that he would be glad to sign the contract as offered.
  - 2. Mr. Lynch signed the contract later in the morning.
- 3. I also had advised Mr. Lynch that Colonel King and Mr. Esterline had been requested to look into the possibility and desirability of obtaining for him a bonus award because of his services on the Project. I told him that they had agreed to look into this, that no promises could be made, and that any such award was a matter entirely outside the scope of his contractual arrangements and employment by this Staff.
- 4. I then called Mr. Earman and advised him of the above. Mr. Earman indicated that he was sure the Director would be very pleased to hear that a suitable agreement had been reached, but that the Director also would undcubtedly raise the question of the bonus award at some future date. I, therefore, undertook on behalf of Mr. Earman to re-raise the question of the award with Mr. Esterline early in the week of May 29, 1961.

#### GRAYSTON L. LYNCH - COMPANISON OF CONTRACTS

#### 1. TYPE OF CONTRACT

- n. Under his present contract LYNCH is serving as a Contract Employee.
- b. The new contract would make him a <u>Career Agent</u>. Under R 20-1000, a Career Agent is an individual who has demonstrated his operational value to the Agency over a period normally of not less than three years for U.S. citizens. LYNCH has served with the Agency only for a period of about three months.

#### 2. COMPENSATION

- a. Rate of pay under present contract is \$9,500 per annum, plus a post differential in accordance with regulations.
- b. New rate of pay would be \$11,000, plus post differential, plus ingrade promotions and legislative pay adjustments effecting Government personnel.

#### 3. ALLOWANCES

- a: Present contract does not provide for any special allowances.
- b. The new contract provides for (1) living quarters allowances, and (2), cost of living allowance including but not limited to, a post allowance or equivalent, supplementary post allowance, transfer allowance, home service transfer allowance, education allowance, and separation allowance.

#### 4. TRAVEL

- a. Present contract pays cost of operational travel, plus per diem in lieu of subsistence.
- b. New contract pays cost of operational travel and per diem, plus: (1) cost of PCS travel and transportation for dependents, household effects and automobile; (2), storage of household and personal effects not shipped; and (3), after two years overseas, all travel for self and dependents from duty station to home residence and return to duty station.

### 5. OPERATIONAL EXPENSES

- a. Present contract authorizes operational expenses as specifically approved.
- b. New contract expands this to include operational entertainment and purchase of information.

#### 6. BENEFITS

- a. Present contract provides death and disability constits under Pederal Employees Compensation Act, and benefits under the Missing Persons act; and states that Social Security deductions will be withheld by the Covernment.
- b. New contract provides for these same benefits; but would make deductions for the Civil Scrvice Retirement Fund instead of the Social Security. In addition the new contract provides for, (1) Sick and Annual leave equal to that of Staff employees; (2), cost of hospitalization and travel for illness or injury incurred in line of duty, while PCS abroad; (3) cost of hospitalization and travel of dependents while abroad; and (4), authorization to apply for enrollment in the Agency health insurance program.

#### 7. TERM

- a. The term of the present contract is for one year, subject to termination upon 30 days notice.
- b. The new contract is for an indefinite term, subject to termination upon 90 days notice.

#### 8. SPECIAL BONUS

- a. There is an Amendment to the present contract, dated 2 May 1961, and made retroactive to cover the period 28 March thru 28 April 1961, only, which authorizes a tonus of 40% of normal monthly compensation while IYNCH was serving aboard ship involved in clandestine maritime activity.
- b. There can be no provision in any new contract for declaring a bonus for unforeseen future activities.

9. COMMENT

a. During our first discussions with INNOR 10 May 1961, on the quention of salary, he stated that he would not accept a new contract at the rate of pay (\$9,500) of his present contract, because the Director had premised that he would receive more; however, he would not give us a figure that he would accept. Refore the new contract was written he was told that it would be for \$11,000, and he voiced no objection. After the contract was written and presented to him for signature, he stated that he wanted \$12,500, plus "hazardous duty pay", and that he wanted to take the contract to the Director for review.

b. At the time of his retirement, LYNCH was an Army Captain with 20 years service, and I understand that he was in jump status.

Remuneration for this service was about \$9,425 per annum, including all allowances. His present retirement pay is \$281 per month, or \$3,372 per year, and I understand that he would be authorized to retain this in addition to all pay and allowances received from an Agency contract.

MEMORANDUM FOR: Chief, WII/I./Personnel

SUBJECT

Recall of Captain Rydberg and Er. Lynch for further Testimony

- l. Mr. Eduardo Garcia, owner of the ships used in the JMATE operation, has requested a 2250. bonus for each of the men employed by him. This is consistent with the bonus arrangement for all Cubans participating in the operation.
- 2. Chief, WH Division, has approved the payment of such a bonus to all Garcia personnel, except the survivors of the Rio Escondido. He is withholding approval for these personnel, pending a further investigation into alleged mutinous acts by the survivors, while aboard the Blagar. He has requested that additional information on this subject be obtained from both Captain Rydberg and Kr. Lynch.
- 3. It is requested that you contact Captain Rydberg and Mr. Lynch, and have them return to Washington at their earliest convenience for the purpose of giving further testimony in this regard.

R. W. BECOM Chief, WH/4/Logistics MEMORANDUM FOR THE RECORD

SUBJECT: G.L. Lynch - ZRJEWSE.

- 1. Lynch called today at 1200 noon. He said that he wanted to let me know that he was back, and to find out what had been done about his contract.
- 2. I told him that I had heard nothing since he had left. I said that before he left we had rather leaned over backwards to write a contract for him which he had not accepted; that instead he had taken the matter to the Director, and that I had then been requested to deliver a copy of the contract to the Director's office which I had done. I said that I had then acted as a ressenger boy only, and had not discussed the matter at the Director's office, nor heard anything about it since.
- 3. Lynch said that he could fill me in from there. He said that at the Director's office the contract had been turned over to the Director's Executive Officer who was to review it and recommend a salary figure. Lynch said that he had agreed to accept whatever figure the Executive Officer recommended, and was told to call CA/C/PMG/Mr. Cox on his return.
- 4. I asked Lynch where he could now be reached, and he said that he was at Bob Moore's office on X-8912.

CA/PMG/EFF & 77

N. A.

NOTE:

Since his precipitate meeting with the Director about 1730 hours on 16 May 1961, Lynch has not been heard from. Presumably he returned to his home in Fayetteville, North Carolina.

On 18 May 1961, CA/RT had calls from the office of both WH/4 and C/WH asking if we knew of Lynch's whereabout, and whether we had a record of his Fayetteville address. The answer to both questions was negative. Eubsequently his address was located in files and WH was informed.

MEMORANDUM FOR: Chief, WH/4

SUBJECT:

Assignment of Robertson and Lynch to W. Division

- 1. This is in response to your oral request for the transfer or assignment of Robertson and Lynch from this Staff to WII Division.
- 2. These employees were recruited as Career Agents under CA/PNO Project PRJEWEL, and therefore are to be soministered in accordance with the terms of this Project.
- 3. Under the terms of Project ZAJEWZL, CA/C/PMG is responsible initially for their selection and recruitment, and subsequently for their training and developmental assignments until they are transferred to an existing operational project under furishiction of an operating division.
- 4. Selection and recruitment involves complete processing to contract under provisions of HB 20-1000-1, and requires also:
  - a. security clearances
  - b. Medical Clearances
  - C. provision of cover
  - d. Financial Briefing
  - e. Assessment and Evaluation
- 5. Training and development requires that subject to be provided tutorial or group training, according to their individual needs, to qualify them as senior PM Officers capable of serving overseas as case officer, institutors, advisers, or consultants; and capable of developing oddigenous forces, directing operations, and personally participating in operations. The training envisioned normally would include, but not be limited to:
  - a. Language aptitude testing and subsequent language training
  - b. Clandestine tradecraft
  - c. Paramilitary operations training
  - d. Covert Action Operations training and CI F miliarization
- 6. Although both subjects are now under contract, as of this time, of all of the above mentioned items of processing, training and development, the following yet remains to be done:

Robertson: Medical clearance, provision of cover, financial briefing, upanish language aptitude test and spanish language training, Clandestine refresher training as deemed adviseable.

#### COPY

Lynch - provision of cover, Cinancial brieffing, assessment and evaluation, language aptitude test and possible language training, and all basic Clandestine Operations training.

- 7. Project ZRIWELL further provides that administrative responsibility for these employees including compensation, operational accurity etc. will be transferred to the Operating Division for such periods of time as the employees are under the furisdiction of the Division for operational duties. For administrative purposes, it is suggested that WH Division assume these responsibilities for both Robertson and Lynch as of 1 June 1961.
- 8. On of the major considerations in the contract employment of these two officers has been that their lack of association with the Agency, thus far, permits their operational utilization in circumstances where staff employees cannot participate, and tueir long range continued employment is, to a certain extent, dependent on their being abot to maintain this posture. It is requested, therefore, that you take every reasonable precaution to maintain their "deniable" status.
- 9. Since the CA Staff will once again become responsible for these officers whenever such time any come that you no longer have a regione, emt for the, ot woi; he veru ich addressed of thos office would be kept advised as to their standard of performance, acquisition of additional capabilities, by either training or experience, and we should be consulted before any changes or amendments are made in their contracts which might become commitments to be assumed by the CA Staff
