MEMORANDUM	FOR:	Lee H. Wigren
VIA	:	Head of Career Service
FROM	:	B. DeFelice Acting Director of Personnel
SUBJECT	:	Retirement Planning

4.0000

1. In order to assist employees in planning for their eventual retirement, it is the practice of the Agency to inform each employee, well in advance of retirement, of the services the Agency provides for retirement planning.

2. The prospect of retirement deserves serious thought and careful planning so that you may make the transition to the next phase of life with purpose and confidence. To assist you in this regard, the Agency offers various resources which are attuned to the needs of prospective retirees. You will, in the future, he invited by a Retirement Counselor to an individual pre-retirement counseling session, or more than one if you wish. This phase of retirement planning will be tailored solely to your own particular situation and circumstances and will be within the context of the retirement system under which you will retire. The individual counseling sessions are intended to give you a wide range of information on such matters as estimates of your annuity, survivor benefits, life and health-insurance, Social Security, taxes, and assistance in obtaining other employment. In addition, you wire be invited to attend a Retirement Information Seminar that will be offered in the autumn of 1978.

3. Experience has amply demonstrated that advance preparation eases the transition to retirement. I recommend, strongly, that you avail yourself of the services the Agency offers you in planning your own retirement.

MEMORANDUM FOR:

John P. O'Reilly Lee H. Wigren

SUBJECT

: Letter of Commendation

We have just completed a high level, sensitive conference of considerable importance to both this Directorate and the Agency. You had the responsibility for virtually every aspect of its organization and administration. The planning and execution had to be done with comprehensive attention to detail without losing sight of our overall objectives. For weeks in advance and, particularly, during the conference itself you carried out your duties with energy, skill and competence which have reflected very creditably upon the Agency. You showed considorable tact and alertness in anticipating problems before they could arise. The close and cooperative relationship you established with the command and support personnel at the meeting site, and your obvious rapport with our various guests, also contributed to the efficient yet cerdial environment in which the conference was conducted. You faced demanding and often complex responsibilities, and I commend you for your excellent performance in meeting them.

MEMORANDUM	FOR:	Chairman, DDO Evaluation Boards
FROM	:	Chief, Counterintelligence Staff
SUBJECT	:	Promotion Recommendation for Lee H. Wigren

1. I recommend that Lee H. Wigren be promoted from GS-13 to GS-14. Mr. Wigren has been in grade since May 1962 and is now a GS-13, Step 8. He currently occupies a GS-15, Operations Officer, Branch Chief position.

2. Mr. Wigren was born 1 December 1923. He received a BA degree in Russian Studies from Yale University in 1947 and an MA degree in History from Harvard University in 1950. He entered on duty with CIA as a GS-06 clerk in March 1951. He subsequently attained professional status as an Intelligence Officer in 1952 and since that time has served variously as Intelligence Officer, Area Operations Officer, Biographics Officer, Instructor, and Operations Officer in DIV/D, Europe Division, SE Division, OTR, and since 1968 the Counterintelligence Staff.

5. Most of Mr. Wigren's career has involved CE and CI matters. He has been primarily concerned with various aspects of the Counterintelligence research and analysis activity of SE Division and, since 1968, the Counterintelligence Staff. In the course of his various assignments, he has developed a broad and deep substantive knowledge of the Soviet intelligence and security organs and their activities which has made him one of our more knowledgeable and effective CI analysts. He is careful and thorough in his research, he writes well, and he has an established reputation within and without CIA as an interesting and effective lecturer concerning counterintelligence matters. His career record reflects a consistently professional performance of above-average quality in his various CIA assignments. Additionally, that record is documented by several letters of appreciation from other US Government agencies and foreign liaison services for the highly professional assistance provided them by Mr. Wigren in the counterintelligence field.

4. Mr. Wigren is currently Chief of the External Research Branch of the Cl Research and Analysis Group. He is performing the duties and responsibilities of this GS-15 positien in a satisfactory manner. He manages the complex activities of six staff officers and nine contract personnel associated with this Branch and is responsible for the several research programs in which they are involved. He strives to direct and combine the best talents of the personnel under his supervision toward the achievement of his Branch's objectives while remaining sensitive to the personal and career interests of his employees. He is especially effective in dealing with the several contract personnel (including former defectors) under his supervision who, because of their professional status and diverse ethnic backgrounds, sometimes require especially understanding treatment.

5. In summary, Mr. Wigren is effectively and satisfactorily performing the duties of a GS-15 Branch Chief in a position which requires specialized substantive knowledge and the ability to manage activities and supervise personnel. I believe that his demonstrated ability in this position and his sustained record of job performance at an aboveaverage level since his last promotion clearly merit his promotion to GS-14 at this time.

Mr. William E. Nelson Deputy Director for Operations Central Intelligence Agency Washington, D.C. 20505

Dear Mr. Nelson:

(C) It is a distinct pleasure for me to express my sincere appreciation to Messrs. Raymond Rocca, William Decker, William Donnelly, John Bogart, Joseph Flaherty, Lee Wigren, Robert Thomas and Paul Johnson, all members of your staff, for their outstanding participation and support of our new "Soviet Intelligence Elective Seminar." This seminar provided an in-depth examination of the Soviet Intelligence and Security Services for twelve graduate degree candidates empolled in the School's new Masters Degree Program in Strategic Intelligence.

(U) Each Agency participant displayed a thorough knowledge of the subject interlaced with personal experiences and analyses which made each presentation unique and extremely valuable for the seminar members. In addition to the participants' formal presentations, they also spent valuable time informally talking with individual members of the seminar and faculty. Our students and faculty were enthusiastic in their praise of all aspects for the program; and they especially appreciated the candid discussions of the problems Soviet intelligence poses both for the Agency and the Intelligence Community. Please convey to each participant our sincere thanks for his outstanding presentation and his interest in the School's Graduate Program.

(U) Your continued cooperation in assisting this School to educate students whose intelligence capabilities will be an asset to the Services and Intelligence Community is deeply appreciated.

Sincerely,

W.J. Furnas

Mr. R. Helms, Central Intelligence Agency, WASHINGTON D.C.

Doar les Selm

During a recent conversation with one of my officers in connection with the visit of Mr. Henry Plancks and Mr. Lee Witten, it suddenly dawned on mo that although I had, at the time, requested both Mr. John Mortz and Monara: Plancke and Wigren to convey my sincere thanks and good wishes to you - which I am sure they did - I had not yet written to you personally in connection with the matter.

Hank and Lee, as we affectionately remember them, proved themselves to be most worthy ambassadors of your country, as well as your service and I feel convinced that they left behind them a number of sincere new friends. They are both obvicuely experienced officers with a wide and thorough knowledge of their respective fields and we found their lectures highly instructive.

Fortunately, circumstances permitted the majority of my senior efficers to attend the course in Pretoria and the lucid manner in which Hank and Lee delivered their loctures, brought us all under a new and deeper awareness of the vital role being played by the United States in the struggle against international communism, and for the very great need of unity and closer co-operation amongst the peoples of the free world if the communist enalogiat is to be successfully withstood.

Please once again accept my sincere thanks for having made two such able and experienced officers as Hank and Lee available for the purpose of lecturing to us.

Kindest regards Sincerely, - Major-Goneral. H. J. VANDEN BERGH.

N REPLY REFER TO:

15 March 1967

Mr. John H. Richardson Director of Training Central Intelligence Agency Langley, Virginia 20505

Dear Mr. Richardson:

It is a pleasure to express the appreciation of the Staff and Faculty of the U.S. Army Intelligence School for the presentation by Mr. Lee A. Wigren, at Fort Holabird, on 8 March 1967, to personnel attending Class 67-SO-2 of the Senior Foreign Officer Intelligence Course.

Mr. Wigren's discussion of current trends in Soviet foreign policy was factual and timely. His examples of Soviet activity in the foreign policy sphere in Vietnam, the Middle East and Africa were of definite value to this class. The talk was highly interesting and was enthusiastically received.

Thank you for your continued cooperation in our guest speaker program. Would you please convey to Mr. Wigren the appreciation of the Staff and Faculty.

Sincerely,

Barl RICHARD S. SMITH

MEMORAGOUM FOR:

- 8 August 1966

THROUGH : Head of C3 Career Service

Mr. Loe H. Wilren

.....

SUBJECT

Notification of Con-eligibility for Designation as a Participant in the CIA Retirement and Disability System

1. As you may know, we are in the process of reviewing the employment history and current career field of all employees in the Agency to identify those who are eligible for designation as a participant in the new CIA Retirement and Disability System. In this process, the initial review of each case is made by the individual's Career Service. If the Head of his Career Service nominates him for participation in the System, this nomination is reviewed by the CIA Retirement Board which recommends final action to me. However, if the Head of the Career Service advises that the employee does not meet the basic requirements of HR 20-50 for participation. I have accepted this finding without further review by the CIA Retirement Board. This practice has been adopted in the interest of expediting this screening process so that those employees who are eligible to participate in the System may be designated participants as soon as possible.

2. In your case, the Head of your Career Service has advised me that you do not meet the requirements of HR 20-50 for designation as a participant and I have accordingly made the formal determination required by the regulation that you are not eligible for designation. From a review of your record it appears that the decision of your Career Service was based upon the fact that you have 15 years or more of Agency service, but have not as yet performed 60 months of qualifying service as required by regulation. My determination that you are not eligible at this time for designation in no way affects your current status under the Civil Service Retirement System, nor does it preclude reconsideration of your eligibility to participate in the CIA System if you should meet the requirements for designation in the future.

3. Should you desire further information concerning the requirements for designation as a participant in the CiA Retirement System, I suggest that you read paragraph e of HR 20-50 and paragraph 5 of the Employee Bulletin dated 30 July 1965, entitled "Public Law 88-643, The Central Intelligence Agency Retirement Act of 1964 for Certain Employees."

4. It is always possible that the records upon which the determination made in your case may have been incomplete or inaccurate regarding your actual employment history with the Agency. If, after studying the materials cited above, you have questions regarding the determination that you are not eligible to participate in the CIA Retirement System, please feel free to contact officials of your Career Service. They are familiar with the details of your case and will gladly discuss them with you. In addition, you may wish to discuss your case with the CIA Retirement Staff located in Room 205, Magazine Building (extension 2847). If such discussions do not resolve any questions you have regarding your eligibility, you may request that your case be formally considered by the CIA Retirement Board. However, this request must be made within 30 days of the date of this memorandum.

MEMORANDUM FOR:

Clandestine Services Career Service Board, Secretary

SUBJECT

Promotion Recommendation for Mr. Los H. Wigren

1. In recommending most strongly Mr. Wigren's promotion from GS-12 to GS-13, I feel it is only necessary to emphasize Mr. Wigren's educational background at Yale and Harvard, where he received a B.A. and M.A. in History and Russian; his ten years of work in the Agency on Soviet intelligence in the CI Staff, FI/D, and SR Division; his ability during the past three years in SR to supervise a group of over twelve people performing a variety of research functions, ranging from major studies to operational aids, on the RIS; his appreciation of the counterintelligence role of the Agency and his furtherance of our mission in that respect by the high standards of excellence of his production; and his vigor in assuming and carrying out the duties of a job formely held by a GS-15.

2. Mr. Migren has been in grade for almost four years. He has had responsibilities and performed duties far above his grade level for three of those years while dealing with practically all of the DD/P, other agencies of the government, and foreign intelligence and security services. He is an acknowledged expert in his field and equalled in it by no one else in the Agency, and possibly in the government as a whole. His fitness reports have reflected superior performance in every important respect and outstanding performance in many ways, with the highest personal characteristics possible, doing a job on a uniquely difficult subject, while using and training personnel who all too often have had little or no background for their positions.

3. In my opinion, Mr. Wigren is the most qualified GS-12 in the Division for promotion to G3-13, and I believe that the above comments and our four previous promotion recommendations amply support me.

MEMORABDEM FOR: Chief, SR/30

HUBJOCT

: Promotion Request, Loc H. WICHEN

1. It is requested that Mr. Higren be promoted to GE-1].

2. Mr. Wigren received his EA from Yale in 1947, majoring in history and Russian language and area studies, and his MA from Harvard in 1948 in history. He came on diry with the Goviet Intelligence Branch of what was then Staff C in March 1951, and stayed with that branch as a research analyst on Soviet Intelligence until after its transfer to SE/CE in early 1955, when he transferred to WE Division in search of a field assignment. Euch assignment having become increasingly doubtful by 1957, he transferred to FI/D where he remained until ussignment to this Division in April 1959 as Chief of SR/CE/Research.

3. I might as well admit at the start that I have known Mr. Wigren since we were in high school together and I have always beam impressed with his ability, particularly in the research field. Additionally, he has been in or close to research on Soviet Intelliganco for the past 8) years. This, combined with his academic background in research methodology, history in general and Pussian history in particular, and his my natural choice for his present job although I had never worked directly with him before. In the past five months, I have had reason to be happy about my choice. The main need in SR/CE/Research has been for an established program of studies which we might expect to be produced in regular order: this has been a need, to my personal knowledge, since 1955. Hr. Vigren has quietly set up such a schedule with realistic target dates, is in touch with each study at each joint during its production, and shows every indication of meeting his deadlines. He has a long-runge interest in counter-intelligence, knows what he is doing and why, and is able to orient his subordinates properly and direct their efforts.

4. Although Mr. Wigren has been in grade only a relatively short time, since April 1958, I feel that he is doing a difficult job excellently and that his promotion is justified on the basis of academic background, Agency experience and current performance.

MENORATION FOR:	Chief, FI
VIA:	FI/Personnel
SUBJECT:	Personnel Action (Promotion)

14-00000

1. It is recommended that Mr. Lee WIGREN be promoted from GS-11 to 32-12. Mr. Wigren has been in his present grade since 16 January 1955. Since he was assigned to Division D on 23 September 1957, he has been under my supervision. His performance during this time has been at least at a G3-12 level.

2. Br. Wigren's duties warrant a GS-12. He is primarily engaged in research of a complex and tedious nature which requires a high degree of professional competence.

3. Sr. Wigren deserves a promotion on the basis of his job performance. Since coming under my supervision, he has consistently shown himself to be a conscientious, dilligent and capable employee; and the high quality of his reports are indicative of his intelligence, flair for research, and ability to write effectively.

APPLICATION FOR MEMBERSHIP in the CAREER STAFF of the CENTRAL INTELLIGENCE AGENCY

To the Director of Central Intelligence Sir:

I submit herewith my application for membership in the Career Staff of the Central Intelligence Agency as defined below:

"The Career Staff of the Central Intelligence Agency is a group of carefully selected and trained individuals who accept an obligation to devote themselves to the needs of the Agency, and who intend to make a career with the Agency."

In accordance with this definition, I desire to devote myself to the faithful performance of duty in the Central Intelligence Agency, and I accept the obligations and conditions of that service which are determined to be essential to the furtherance of its mission.

I am aware of the many restrictions necessarily placed upon me by virtue of the security requirements inherent in my employment by the Central Intelligence Agency. I am also aware that as a member of the Career Staff, it will be my obligation to serve anywhere and at any time and for any kind of duty as determined by the needs of the Agency, and I have been assured that in order to carry out this policy, full consideration will be given to my particular capabilities, interests, and personal circumstances. By virtue of this application for membership and upon my acceptance in the Career Staff, I am assured that, with continuing satisfactory work performance and conduct on my part, just and equitable attention will be accorded my personal progress during my tenure in the Career Staff. I am also assured that, on my satisfactory completion of any assignments, I will be offered reassignments which are compatible insofar as possible with my abilities and career interests, and that I shall be entitled to the benefits now available or to be made available in the future to members of the Career Staff of the Central Intelligence Agency.

Dear Mr. Wigglesworth:

14-00000

This will acknowledge receipt of your letter of 10 February 1951, in behalf of Mr. Lee Wigren, who has applied for a position with this Agency.

We are seriously considering Mr. Wigren for employment; however, security clearance necessary for this security is of such a detailed nature that considerable time is necessary before the checks are completed. On the information available to me I would say that it will take approximately three more weeks before the necessary checks will have been completed in Mr. Wigren's case.

Thanking you for your continued interest in the Central Intelligence Agency, I am

Dear Mr. Mulcahy:

It has been some time since I have had any word regarding my application for a position with the C.I.A. At the time of my interview last fall, I understood that I would probably hear about it by the first of the year.

i.

I should greatly appreciate a word as to the progress in processing of my application, and, if possible, the probable date on which I shall have to report to Washington. Such information would help me greatly in planning my course of action in the coming weeks.

If you should desire any additional information for my application, please let me know.

Central Intelligence Agency National Security Council 2930 E Street 15% Washington, D.C.

Dear Sir:

I wish to inquire about openings with the Central Intelligence Agency for a man of my qualifications.

I am a graduate of Yale University (A.E., 1947), and have an M.A. degree from Harverd University (1968). In addition, I have completed two years of work toward a degree of Ph.D. at Harvard.

My major studies have been id history, government, and related subjects, with concentration in United States history. Part of my work at Yale was done under the wartime Army Specialized Training Program in Russian area and language studies. The graduate work which I have done has included research and writing in seminars as well as class study.

During World War II, I had approximately two years of administrative and teaching experience with the Information and Education Branch of the Army. After serving as a lecturer, I was sent to the School for Personnel Cervices, Washington and Lee University, Lexington, Virginia, and was promoted to Administrative Non-Conmiscioned Officer in the Information and Education Office, Camp Pickett, Virginia. For one and one-Falf years in that position, I aided in the development of an education program for all permanent personnel at that camp. I was in direct charge of the program of weekly classes and discussion groups or history and current events. These classes covered such topics as : the progress of the war, the U.S. and its allies, and information about the enemy. My duties included supervising and inspecting classes, training instructors, doing research and preparation of class material, lecturing, planning displays, developing news dissemination media, and doing educational counselling. This work necessitated close cooperation with the Intelligence and Security officers of the camp.

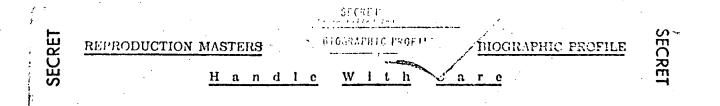

I am trenty-six years of age and unmarried. I am a veteran of world war II, but not a member of any reserve.

I should prefer a position involving historical research or some related field, but would be interested in any opportunity that might be available. If there should be an opening for which my education and experience would qualify me, I should appreciate being considered for it. Wy academic records, personal and academic recommendations, or further details concerning my military work will be supplied if desired.

His supervisory responsibility is limited to providing guidance to one secretary whom he shares with others. I should not hesitate, however, to assign other employees to his supervision if our T/O permitted. His past record and his current performance (which demonstrates an ability to look ahead, to grasp essentials, to get along with others, and to be both fair and firm) show that he can handle a manager's role very well.

bias, or push pet theories. He is flexible, broad-gauged, and genuinely interested in his work. He reads Russian and uses this facility in his work.

Mr. Wigren does not need close supervision. He carries out tasks without seeking additional guidance or support when he encounters the usual difficulties. He relates well to others, and his creative abilities are frequently sparked by discourse and an exchange of views. He is exceptionally considerate and tactful in his dealings with other Agency employees.

At present he does not have supervisory responsibilities. Both his past record and his present performance show, however, that he is fully capable of quiet, competent leadership.

He has shown no deficiencies of any sort in respect to security or economy.

#### NARRATIVE COMMETERS

c

14-00000

Mr. Wigren is extremely proficient in handling his section from both the personnel and managerial standpoints. In addition, he is an expert on Soviet Intelligence in his own right and lectures on the topic to officials of this and other governments. He is particularly capable at training new researchers.

In reviewing his file today, I note that the Reviewing Official for his fitness report of a year ago noted his opinion that my ratings of Mr. Wigren at that time were too high. That opinion was not discussed with me or with Mr. Wigren. Perhaps the ratings were indeed too high, but I must say that considering the Fitness Report form and criteria in use at that time and his performance in relation to that of other officers in this branch and outside it, I would give him the same ratings today for that period.

The ratings in this current report will appear slightly lower than those of the last report. This is not entirely due to the different report form. Mr. Wigren's problems increased in both intensity and complexity during this period, and I do not feel that he met the increased burden with as much of an increase in performance as was necessary. This should not at all detract from my rating of his overall performance, which is still exceptional and only slightly less than outstanding.

SECRET When Filled In SECTION E NAPPATIVE DESCRIPTION OF MANNER OF JOB PERFORMANCE Stress strengths and weaknesses demonstrated in current position. "Address or greations mode to employee for improvement of his work. Give recommendations for his training. Describe, if appropriate, his overstal for development and for assuming greater re-sponsibilities. Amplify or explain, if appropriate, ratings given in SECTIONS B, C, and D to provide the best basis for determining future personnel actions. Mr. Wigren's performancecountry the solution has been outstanding in every important respect. Despite great pressure and frequently difficult assignments he has directed his section in a calm and mature radies which has enabled it to meet deadlines on HIS research despite the relative superience of its personnel. His potential for development is excellent and the responsibilities of his section in are being expanded to enable it to produce even more of its high-quality product. I WOULD HAVE GIVEN THIS EMPLOYEE A LOVER EVALUATION. CANNOT JUDGE THESE EVALUATIONS. I AM NOT SUPPLCIENTLY PAMILIAS WITH THE EMPLOYEE'S PERFORMANCE. COMMENTS OF REVIEWING OFFICIAL While I quite agree that Mr. Wigren-has done a very fine job, I consider that the ratings in Section E-are overly generous. I base this on the fact that I know of no other highly-competent officer who has received 7 ratings on two-thirds of his specific duties; and I do not believe that Wigren's performance is better than any other officer' I know. There is no question in my mind that Wigren's performance in this job has been opuperior BAY PREVIOUS, LEAVENING OFFICIAL TYPED ON PRINTED NAME AND SIGNATURE QUENTIN C. JOHNSON, SR/COP SECRET

SECTION E NARRATIVE DESCRIPTION OF MANNER OF JOB PERFORMANCE Stress strengths and weaknesses demonstrated in current position. Indicate suggestions made to employee for improvement of his work. Give recommendations for his training: Describe, if appropriate, his potential for development and for assuming greater responsibilities. Amplify or explain, if appropriate, ratings given in SECTIONS B, C, and D to provide the best basis for determining future personnel actions.

Mr. Wigren has excellent substantive background on the Soviet Union and, except for a two year period on a WE operations desk, has devoted his entire 9 years in the Agency to research on Soviet Intelligence in one way or another. His performance for the past year in a job formerly held by GS-14's and 15's can only be described as superior. He has not only assumed responsibilities greater than those of the previous incumbents; he has carried these out with a minimum of support and in a calm, mature manner which has earned respect on all sides. Although his analysts have often been relatively inexperienced, he has geared their assignments to their capabilities and subjects designed to increase their competence. His most important contribution during this period has been in the formation of an organized plan of research in response to Agency and external requirements, and the establishment of improved records and procedures to carry out this program.

Although Mr. Wigren would prefer eventual assignment to the field as an operational officer, it seems to me his greatest potential lies in the kind of research and support of operations he is presently performing. I would therefore recommend that future training be oriented along these lines rather than strictly operational lines, and that planning for his eventual field assignment should emphasize his knowledge of Soviet Intelligence and his ability to deal with other specialists in a "liaison" relation.

Describe, if appropria	te, his potential for development and for assuming greater re-
approach to various assignments. The has calmaly accepted heavy working pressures and has officiently carried out research and administrative matters requiring the careful disposition of manpower and time. He has willingly accepted responsibility and made decisions on his own when the need areas.  It is recommended that Mr. WIGREN take a course on the Communist Party and one on management. NARRATIVE DESCRIPTION OF MANNER OF JOB PERFORMANCE. DIRECTIONS: Stress strengths and weaknesses, particularly those which affect development on present job. Most notable among this officer's strong qualities are his intelligence, inquisitiveness, emotional stability and good judgement. He comprehends and analyzes situations and problems readily and in the latter seems very able at finding logical solutions. He expresses himself well orally and in writing. He is neat in both personal and work habits. Such weaknesses as Mr. Wigron seems to have lie in the areas of social relationship and motivation. He is calm and introspective, not gregarious hor easy to know. Though he is always polite and even tempered he seems at the roots, perhaps, unduly consitive to oriticism. In his attitude, towards and the performance of his job he seems to do what he likes well, but to let the lessagreeable things slide. SECTION D. Mr. Wigren has also asked that it be made a matter of record that, for a period of three months in 1956, he was acting chief of the Swedish Dosk and handled these responsibilities effectively. I have agreed to cite the extent of his responsibilities. Certainly the routine business of the desk was kept moving during this period. I have pointed out with respect to the manner of his performance of his duties that his fitness report is not an unfavorable one. The factors which have turned this annual fitness report into a personal crisis for him are the simultaneous deferment of his hoped-for promotion, and the deferment of an overseas assignment for him -- both of which actions naturally reflect on his past performance. I have pointed out that we have to require approciably better than average performances from officers we send overseas, that I believe we have in the Branch at least one better qualified candidate for the overseas assignment in question, and that I am obliged to give the assignment to the person I feel is best qualified.

SECC

Perhaps understandably, Mr. Wigren continues to believe that this report is not a fair reflection of his performance. I have told him that I can go no further in attempting to explain my judgement and have asked that he discuss his situation with the Deputy Division Chief and/or the Division Chief. He agreed to do so.

TRAILING REPORT MANAGEMENT FOR EQUALITY OF OPPORTUNITY (MFO)

Dates: 12-14 Sept 1977

Student: Lee H. Wigren Employee Mo.: 006198

Office: DDO/CI

Service Designation: D

#### COURSE OF SCRIPTION

14-0000

The course is designed especially for people in managerial and supervisory positions. It is based upon the assumption that the Agency's ability to promote full utilization of all employees regardless of race, color, sex, religion, national origin, or age, depends upon the awareness and behavior of managerial/supervisory personnel. They have a critical role in making the decisions necessary to eliminate real or apparent discrimination and to promote productive work relations among employees who differ in race, sex, or culture. In fact managerial awareness and decisions have a great impact on the recommendations and efforts of EEO, FMP, Upward Mobility and other employees concerned with compliance and affirmative action.

#### OBJECTIVES

Through lectures, readings, files, group discussion, workshop exercises, and case studies, each supervisor, at the conclusion of the course, should be able to:

1) Identify some of the more prominent patterns of discrimination and describe their impact upon supervisory processes; 2) Have had the opportunity or been able to critically evaluate his or her own attitudes towards equality of opportunity: 3) Better contribute to the effective utilization of all employees by being aware of and sensitive to several creditable approaches to management behavior and actions; 4) Explain the bistorical background which gave rise to today's Equal Employment Opportunity Programs; 5) Articulate the Agency's progress in Equal Employment Opportunity Programs: 6) Describe what efforts the Agency is making to be fair to all employees, including describing such programs as the Upward Mobility Program, Federal Momen's Program and the Mispanic Program; 7) Be responsive to the complaint process and know what he or she, as a supervisor, should do when faced with a complaint from an employer; and 8) Articulate the significance and importance of major legislation, executive orders and internal CIA policies which affect the management of Equality Opportunity Programs.

Evaluation Board Precepts for Your Grade

1. Based upon an examination of your past assignments and duties, and after considering likely future assignments, you have been placed (subject to your signature below) in the functional category <u>DA</u> for Evaluation Board purposes. Precise definitions of this category are contained in the Evaluation Board precepts for your grade. This placement is made in order that your performance, growth potential, and career planning may be judged against officers similarly placed professionally. YOU ARF URGED TO STUDY THE PRECEPTS AND ODNSIDER YOUR CWN CASE CAREFULLY.

2. In general, you should consider the following; a. Categories are sharply defined. Competition

- a. Categories are sharply defined. Competition is within categories, not between them. Thus, a weak B/OG performance is not strengthened by reclassifying it as B/OS.
- b. A change in category after sustained performance in a different category may cause a temporary loss of momentum in your career advancement until you have demonstrated proficiency in your new assignment.
- c. A category change should not be initiated for the period of a temporary, training or rotational assignment unless a permanent change of career track will follow.

3. If you believe that this is not the correct category for you because the substantive nature of your job more closely approximates another category or because you have made a permanent change of career track, please take the matter up through your command channel to secure the concurrence of your component of assignment or of your home base component, as appropriate, to a change of your category. Previously assigned and acknowledged categories will remain in effect until a fully executed acknowledgment of change is received by the Career Management Staff.

4. Please sign and date this notification in the space provided and return it to your Personnel Evaluation and Management Officer or to your Personnel Officer.

#### SUBJECT : Letter of Instructions

1. The following letter of instructions is provided to outline your functions as Special Assistant to the Chief, CI Staff Research and Analysis Group.

2. The objectives of CI/R&A are:

a. To provide current and relevant counterintelligence support to operations being conducted by CI Staff and the operating divisions in the interests of furthering intelligence collection and preventing the frustration of our operations by adversary intelligence services.

b. To conduct research and analyze information to facilitate the detection of the efforts of adversary intelligence services to penetrate the US and friendly foreign governments.

3. Your functions as Special Assistant to Chief, CI Staff Research and Analysis Group are as follows:

a. Select information and research and analysis products of CIA, other agencies, and liaison services for publication by the CI Staff as CI guidance and references.

b. Initiate and supervise the conduct of CI research and analysis by assigned personnel for publication by the CI Staff.

c. Establish and implement publication procedures, including editing, rewriting, organizing, sanitizing, classifying, setting up dissemination channels and

1. (5) During the period 20 October through 23 October 1975, twenty-seven Special Agents of this Service attended an intensive, comprehensive course of instruction regarding counterintelligence techniques as applied overseas, the instructors and facilities for which were graciously provided by your Agency. As in past matters of this nature, Mr. William M. Decker, Mr. Bageeb Trabulai, and the other dedicated members of your staff provided support and coordination truly unsurpassed in excellence. Both Mr. Decker and Mr. Trabulai consistently devoted time and effort far beyond that which could normally be expected in order to ensure the highest quality of instruction and assistance.

2. (S) In addition to excellent administrative support, the caliber of instructors and content of the material discussed combined to make every presentation a significant and meaningful experience for the students concerned. Although it was evident that all instructors were highly motivated and fully conversant regarding their respective subjects, I wish to particularly cite those individuals who contributed generous amounts of their valuable time and extensive knowledge toward the improvement of the Haval Investigative Service counterintelligence posture overseas. Those gentlemen are:

Mr. Lee Wigren Mr. Joseph Flaherty Mr. John Bogart Mr. Peter Ernest Mr. Charles Beling Mr. Edward Andrews

#### MEMORANDUM FOR: Official Personnel File

SUBJECT

#### : Wigren, Lee H.

1. Studies in Intelligence is the Agency's quarterly professional journal. It publishes a wide variety of unique material-historical, analytical, technical, ctc. --on all aspects of intelligence both as a profession and as a function of national security and foreign policy. Employees whose writings are accepted for publication make a valuable contribution to the Agency's work which ought to be reflected in their official files.

2. Accordingly, the Board of Editors wishes to record the fact that Studies in Intelligence has published the following material submitted by Mr. Wigren:

History

Book Reviews: "Spy Ring" - Vol. V, No. 4 (Fall 1901) "Soviet Spy Ring" - Vol. VI, No. 2 (Spring 1962)

HUGIT, CUNNINGUAM Chairman, Foard of Editors Studies in Intelligence

## Recent Training for SELEVER/10 and SELEVER/11 under Project SELEVER

Reference:

Memorandum for Director of Training -Subject: Request for Training for SELEVER/10 and SELEVER/11 under Project SELEVER, dated 30 September 1965.

Africa Division wishes to express its appreciation for the excellent support and cooperation rendered by members of the Covert Training Staff and School of International Communism during the recent one-month training course provided for SELEVER/10 and SELEVER/11. In particular we wish to thank Mr. Alexander Sogolow of the Covert Training Staff, who not only handled the majority of the training but also spent considerable time and made a special effort with the trainces during evenings and weekends "handholding" them. We also wish to thank in particular the following members of the School of International Communism for their assistance: Messrs. Hugh Clayton, Robert Kehoe, Alvin Korsalski, Henry Pisanko, Henry Schreiber and Lee Wigren.

#### MEMORANDUK FOR: Chief, 3R ATTENTION: Mr. Lee Wigren Mr. Joseph Zyans Mrs. Kay Grady Mr. Edward Knowles

SUBJECT: Faining program for three Swiss Federal Folice officers.

1. The Swiss Branch of the Eastern European Division wishes to express its appreciation to SR Division for its cooperation and support, in particular for the personal contribution of four of its officers, Mr. Lee Wigren, Mr. Joseph Evans, Mrs. Kay Grady, and Mr. Edward Knowles, during the recent training program for three Swiss Federal Police officers.

2. Mr. Wigren's, Mr. Zvan's, Mrs. Grady's, and Mr. Knowles's uniformly excellent briefings on the Soviet Intelligence Services, their legal and illegal support structures, and their modus operandi contributed significantly to what we have reason to believe was a successful training venture. To this must be added the comments of the Swiss officers who pointed out that they were most impressed by the comprehensive and systematic development of the various themes which Mr. Wigren, Mr. Evans, Mrs. Grady, and Mr. Knowles presented and admitted that the briefings added a good deal to their knowledge of the subject.

> Robert N. Crowell, Chief, EE/Switzerland

#### A. OATH OF OFFICE

I will support and defend the Constitution of the United States against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; that I take this obligation freely without any mental reservation or purpose of evasion; that I will well and faithfully discharge the duties of the office on which I am about to enter, SO HELP ME GOD.

#### **B.** AFFIDAVIT AS TO SUBVERSIVE ACTIVITY AND AFFILIATION

I am not a Communist or Fascist. I do not advocate nor am I a member of any organization that advocates the overthrow of the Government of the United States by force or violence or other unconstitutional means or seeking by force or violence to deny other persons their rights under the Constitution of the United States. I do further swear (or affirm) I will not so advocate, nor will I become a member of such organization during the period that I am an employee of the Federal Government.

#### C. AFFIDAVIT AS TO STRIKING AGAINST THE FEDERAL GOVERNMENT

I am not engaged in any strike against the Government of the United States and that I will not so engage while an employee of the Government of the United States; that I am not a member of an organization of Government employees that asserts the right to strike against the Government of the United States, and that I will not, while a Government employee, become a member of such an organization.

#### D. AFFIDAVIT AS TO PURCHASE AND SALE OF OFFICE

I have not paid, or offered or promised to pay, any money or other thing of value to any person, firm or corporation for the use of influence to procure my appointment.

#### E. AFFIDAVIT AS TO DECLARATION OF APPOINTEE

The answers contained in my Application for Federal Employment, Form No. _____, dated ______, 19____, filed with the above-named department or agency, which I have reviewed, are true and correct as of this date with the exceptions noted in the Declaration of Appointee on the reverse of this form. (If no exceptions, write "None" on the Declaration of Appointee.)

Projected Assignment or Pronent Position

1. The Advanced Counterespinning Course is a specialized course of two works' duration designed for CE apportalists and their supervisors. The Basic CE Course or equivalent experience is a normal pre-requisite for entry into the Advanced CE Course. The neuron is conducted on a seminar, round-table basis. Emphasis is placed on student participation during staff and ruest loctures. Time is allotted for reading the extensive material provided.

2. Specialized techniques of CE operations are explusized. Constanoppionage aspects of double agent operations, lisison situations, and defection are examined in detail. Special attention is given to the structure and medua operandi of Soviet and Setellite internal and external clandestine corvices. Similar studies are made of the Mastern Survices, as they currently exist and as they may affect Agency operations.

3. Each student is required to give a presentation before the class. This hour-long presentation is based on a problem assignment given the student by the staff. Exception is made where students have the field or headquarters experience in CE or a related field; such a student is permitted to give a one-hour locture based on specific experience. The "canned" problems are selected to test students' ability to do CE research, collate, make locical analyses, and present ideas effectively to a seminar group.

4. This evaluation is based primarily on the student presentation, and to a lesser degree on participation in seminar discussions when conducted by the staff,

1. Mr. Migron ranked in the top bracket of a strong class. He contributed effectively in meminar discussions. He appeared to be alort, and to have a good grasp of CE fundamentals.

2. Mr. Migron's presentation doult with his basic exsignment in Staff C. The presentation was well organized and was a sajor contribution to the class's CE background.

3. In my opinion, 12. Wigron has the background and grasp of CE principles adoquate for a CE case officer and analyst.

Form 57 Lies Frhand Wignen 11: Belacht Avenue Brockien, Vessechurchic

(Information a Monettion Maliated Specialist, Ang, 1966 - Meb, 1946)

Liter completing the Army Specialized Training Irogram course in Rubbics area and language studies, I was assigned to the flight Triantry, With Division, then at Carp Fickett, Va. Wile with that unit, I conducted "crientation" lectures expering world need and hackground material on the war (April-Day 1964).

Because of sy limited-mervice status, I was transferred to the Supply Section, Mescquarters Tetechment, 1518 SCM, at Casp Pickett. This is clerk in that unit, T performed the duties of a unit Info & Education lecturer -- lecturity on history and current events, main-turing maps and bulleting on the buttle areas, and encolling soldiers in correspondence courses. As a result of this work (Cay-July 1966), I was promoted to be Info a Education Mon-Convisioner Officer in the Fost Info a Education/Office.

The Fost Information & Education Office was charged with the duty of planning, producing, and disseminating war information and non-digitary education for all process permanently stationed at Camp Fickett and for a large hospital on the grounds. The purpose of this program was to help the troops to understand why and what we were fighting, and to understand their rele in that fight. It was morale building through information.

As Non-Commissioned Officer for the Info & Education Office, I performed both administrative and functional duties. I aided in the development and execution of the policies and content of the education program, and was in immediate charge of the weekly instructional program The following are the duties which I performed:

- 1. Prepared saterial for use in weekly lectures or discussions which all troops were required to attend.
  - Info a Education Brane: in Washington supplied topical information for use in these classes. I expanded, revised, or supplemented it to suit it to the needs of our camp.

2. Trained men to conduct lectures in each of 12 to 12 units; briefed them on prepared material each week; and inspected their classes.

Back company or unit was required to have one or more men with suitable education or experience to conduct weekly classes on history and current events under the direction of the Info & Education Office. At triefing conferences, I discussed with them the topic for the following week, suggested means of presentation, and described general policies to be followed. I made periodic inspection visits to classes conducted by these men.

3. Lectured or conducted several discussions each week.

- The topics of these classes were the same as those conducted by other men: basic U.S. and world history, current events, background material on the war, the relation of the U.S. to its allies, the energy, and the role of the individual soldier. These classes contained from 75 to 100 men each, with all educational levels represented.

ANTISIAL FOR THE # 16. Plock B (continued): ADDITIONAL (information & Education Enlisted Opecialist, Aug, 1944 - Feb, 1946)

- 4. Designed and prepared displays for War Information Centers in camp libraries, and in post headquarters. Developed visual sides for classroom une.
- Displays consisted of pictures, posters, maps, and explanatory material dealing with various topics such as: The German Army, Growth of the Japanese Umpirg, Naziism, etc. Their purpose was to give a graphic presentation of background information concerning the war. The dicplay at cost headquarters also had maps and news items dealing with battle areas.
- 5. Compiled and edited daily news sheet, broadcast daily news sum
  - maries, and wrote articles on current events for casp newspaper. - At my suprection, the news disseminating media at camp Pickett, were expanded by establishment of the news sheet and news broadcasts. The news sheet contained late news bulleting, factual background material, and some editorials. The news sheet and broadcasts more necessitated by the remoteness of the camp.
- 6. Did educational counselling and encouraged enrollments in correspondence courses offered by United States Armed Forces Institute.
- 7. Maintained close cooperation with camp newspaper stary, Fublic Relations Office, the Special Services Office, and the Intelligence Officer.

- I believe that my work as Mon-Commissioned Officer in the Post Information & Education Office at Gamp Pickett, Virginia, from August 1944 to February 1946 would be valuable to the Central Intelligence Agency.

The job was given to me as a promotion. I received special training for it at the School for Personnel Services, Washington and Lee University, Lexington, Virginia. While performing the duties of this job, I received promotions in rank from Private First Class to Staff Sergeant. During the closing months of my pervice, I was in com lete charge of the office in the absence of any full-time Info a Education Cfficer.

As the result of my work, I was invited to attend a conference of the Info.& Education officers and non-convictioned officers of the Third Service Command at Edgewood Argenal, Haryland, and to address that conference on educational and counselling problems. Since my discharge was in process at that time, I was unable to attend. Upon discharge, I received a special conmendation for my work from Colonel H.G. Paullin, Commonling Officer of Camp Pickett, and a letter of reconnendation from my superior.

(Copies of these letters, orders, and contendations will be submitted if necessary.)

#### ADD11 JOHAL LATIDELA, FOR 1996. #17.

 Are: Opectalized Training Program, Rubbish once & Language course (Yale University, - mly 1963 - April 1966)

After completing basic training in June 1948, I was sent to the examination conter at Georgetoen University to be tested for entrance into the Army Specialized Training Program.

Gn the basis of a language aptitude test, I was sent to Yale to take the A.U.T.P. course in Puncian area and language studies. This was a mine-south course running from July 1943 through March 1944. I completed the course with grades of "deam's lint" rating, and received a certificate of completion of the course.

The program of study included courses in Russian history, geography, literature, and culture; Madern European history; and Far Mastern history. Special lectures from the Councies Department, Lond Lease, and other agencies spoke to our classes occasionally.

Much attention was devoted to epudy of the Russian language. Classroom work, consisting of grammer, practice reading, and conversation occupied coventeen hours of our schedule each week. This was equivalent to about three years of normal language work.

2. School for Personnel Services, Course for Information & Education Enlisted Assistants (Washington & Lee N., Lexington, Va. Oct-Nov 1944)

In order to be better prepared for work as Post Information and Education Non-Commissioned Officer at Camp Pickett, Virginia, I was sent to take the one-month course for Info & Education Enlisted Specialists, October and November 1944.

This course was prepared by the War Department, and conducted by military percentel. It presented material to be used in the preparation of Info & Education programs in camps, it suggested methods of presentation, and it provided practical experience in assessing and dealing with "orientation program" problems.

Some of the topics covered in lectures and discussions were:

Idees as Weapons Group Leaderthip Principles Morale Factors Global Warfare Know the Energy () Fnow our Allies Fnow the U.S.A. Teaching Methods

In addition, movies and visual aides were demonstrated.

Upon completion of this course (with a grade of Excellent), I received a certificate, and a Military Occupational Opecialty Classification of : <u>MOG 5274</u> (Information and Education Unlisted Specialist).

TCHY K. INFORMATIC: ADUCATION OPECIALIST (LILITARY), (10:4-46)

(1) After completing the ADTH course at Vale, J was applyed to the Cloth Infantry, VCLE Division, Camp Fickett, Va. While there, J con-Stated "orientative" lactures covering world news and beckground interial on the war (<u>Acril-Yay 1044</u>)

(2) Because of my limited-service status, I was transferred to the Supply Section, 1912 DCU, at Camp Pickett. I performed the duties of a unit Info & Education lecturer -- lecturing on history and current. events, maintaining maps and bulletins on battle areas, and enrolling soldiers in USAFI correspondence courses (<u>Mar-July 1944</u>). As a result of this work, I was promoted to the Post Info & Education Office.

(3) The Post Information & Education Office had to plan, produce, and disseminate mar information and non-military education for all troops permenently stationed at Camp Pickett, and for a hospital on the grounds. The purpose of that program was to help troops to understand why and what we were fighting, and to understand their role in that fight. It was acrose building through information.

As Non-Countraisned Officer for the Info & Education Office, I performed both administrative and functional duties. I aided in the isvalorment and execution of the policies art content of the education program, and was in inmediate charge of the weekly instructional program.

- C) Lectured or conducted several discussions each rock.
  - The topics of these classes were the sore as these used by the other men: hale U.S. Mittory; current world events; background material on the mar; the relation of the J.S. to its allies; the energy and the role of the individual coldier. Classes contained 75 to 160 men each, with all levels of education represented in them.
- Designed and propered displays for War Information Centers in camp libraries and the post Leadquarters. Developed visual side for clasercoscape.
  - Displays consisted of pictures, posters, maps, and explanatory material dealing with various topics, such as: "The German Army", "Growth of the Japaness Expire", "Mariics", "The United Nations", etc. The purpose was to give a graphic presentation of background information concerning the war. The display in the post headquarters had maps and news items dealing with battle areas.
- 2) Compiled and edited duily news sheet; broadeast duily news summaries; whete articles on summent events for each newspaper.
  - At my suggestion, the news-disperimetics media at Comp Pickett were expanded by establishment of the news sheet and news breadcasts. The news sheet contained late news bulletins; foctual background material, and some editorials. The news sheet and breadcasts were necessitated by the remoteness of the camp.
- F) Did educational counselling and encouraged encollments in correspondence courses offered by U.S. Armed Moreco Institute.
- 6) Maintained close corporation with camp newspaper staff, the Public Relations Office, Special Services Office, and the Intelligence Officer.

To be better propured for work in the Post Info & Education Office I was sent to the School for Personnel Services, Washington & Lue University, Lexington, Va., for a one-month course for Info & Education Emlisted Specialists, (<u>Cotober-November 1944</u>)

This course was prepared by the War Department and conducted by military personnel. It presented material to be used in proparing Info & Education programs in compo, it suggested methods of presentation, and it provided practical experience in assessing and dealing with orientation problems.

Upon completion of this course (with a great of "Excellent"), "I received a contificate, and a Military Cocupational Specialty Classification of <u>ECC 1174</u> (Information-Education Enlisted Specialist).

I believe my work at Mon-Constantioned Officer in the Fest Info & Education Office at Quap Pickett would be valuable to Control Intellighted. The job was given to us as a proaction. I received special training for it at the School for Ferenand Services. Thile performing the job, I received promotions in Fink from Private first class to Staff Sergeant. During the closing months of my service, I was in complete charge of the office in the absence of any full-time Info & Education Officer.

As the result of by work, I was invited to attend a conference of the Info & Education officers and non-completioned officers of the Third Service Commund at Edgewood Arrenal, Varyland, and to address that conference on educational and councelling problems. Since my discharge, was in process at that time, I was unable to attend. Upon discharge, I received a special commendation from Colonel F.G. Baullin, Communing Officer of Camp Fickett, and a letter of recommendation from my superior.
