A. OPERATIONAL

1. During the period under review, financial support to the AMSPELL organization has been reduced significantly. As reported in references, the primary reason for the reduction was the inconsistencies of many AMSPELL activities with current WOFAC directives.

2. Cooperation between AMSPELL and the Station has been maintained through AMHINT-2, the principal agent of the AMSPELL operation. Although no longer being carried on a salaried basis, AMHINT-2 has continued to be responsive to Station guidance.

3. AMSPELL has continued its correspondence with various student groups and leaders throughout the free world, and especially in Latin America. AMSPELL has contacted various international student groups requesting passage money so that its delegates could be afforded the opportunity to attend upcoming international student conferences.

4. A campaign was launched to call attention to the plight of Pedro Luis BOITEL, a Cuban student leader who was unjustly imprisoned on the Isle of Pines by the CASTRO regime. A report/denunciation of the imprisonment of BOITEL was prepared and sent to AMSPELL's principal contacts in the Latin American student field seeking support for AMSPELL's demand that BOITEL be released.

B. PRODUCTION**1. AMSPELL bi-monthly magazine (copy being forwarded under separate cover)**

a. AMSPELL efforts during recent months have been mainly concentrated on the preparation of its new bi-monthly magazine. 8,000 copies of the magazine's first edition which was published in May 1966 were distributed as follows:

- (1) 3,000 copies sent to Latin America
- (2) 1,100 copies distributed by AMSPELL delegations
- (3) 3,000 copies distributed among Cubans in the United States
- (4) 100 copies were sent to AMSPELL contacts and student movements in Europe, Africa, Asia, Canada, etc.
- (5) Members of the AMSPELL organization also received copies in which the AMSPELL internal bulletin was inserted. Each member was asked to promote the sale of subscriptions and advertising space as well as to seek persons who would collaborate with the magazine staff by contributing their talents.
- (6) The remainder was distributed among the various embassies, official representations of governments and organizations, both in the United States and abroad, as well as among Cuban exile journalists and organizations.

2. AMSPELL Cuban mailing

Since March 1966, 1,000 envelopes containing AMSPELL propaganda have been mailed to Cuba on a monthly basis. This propaganda is directed particularly at students who support the regime (copies of the propaganda are being forwarded under separate cover).

3. Press

The majority of AMSPELL press releases have been in connection with the mistreatment of political prisoners by the Castro regime. Other releases concerned the aforementioned BOITEL campaign and a tribute to Cuban martyrs who gave their lives fighting against the BATISTA dictatorship in 1957. (Copies of the press releases are being forwarded under separate cover.)

C. FINANCIAL

1. Final payment of AMSPELL salaries and termination bonuses was made in February in line with the Station's reduction of financial support to AMSPELL. Under the present arrangement JMWAVE support is limited to \$1,000 monthly, this includes the \$200 monthly financial support payment to AMHINT-1's family, office overhead, and support for printing/distributing the bi-monthly publication.

2. The following amounts were expended by the Station in support of AMSPELL activities during the second half of FY 66:

Operational expenses	\$ 9,929.74
Salaries and termination bonuses	6,200.00
Total expenditures	\$16,129.74

D. FUTURE PLANS

It is anticipated that AMSPELL efforts in the near future will be directed at the upcoming CLAE meeting which is scheduled to be held in Havana 29 July to 9 August 1966.

A. OPERATIONAL ACTIVITIES			
1. General			
During the period under review, AMHINT/2 visited Caracas and turned in a report on the university situation in that country which was submitted in Reference. In addition to the normal propaganda activities, the ANSPELL group waged a campaign for the release of political prisoners and has intensified this campaign since the announcement of the "open door" policy on 28 September 1965.			
2. Propaganda Production (samples forwarded under separate cover)			
a. 4,800 copies of the bulletin were mailed into PBRUMEN each month. Over 6,000 copies of the international edition were sent monthly to addressees in Latin America and Western Europe. Among the main issues treated in the bulletins were: internal problems of PBRUMEN communism as a result of Ben Bella's overthrow; communist atrocities in Viet Nam; testimony of Alberto Muller on the secret executions in Communist PBRUMEN; the comments of Identity A with respect to the PBRUMEN situation, the exodus and Che Guevara's disappearance.			
b. Miscellaneous press clippings and press releases are also forwarded under separate cover. Included is an article by AMHINT/2 on the student discontent in PBRUMEN which appeared in Identity B. Other articles and press releases were used by Identities B, C and D and by AMHIN.

SUBJECT: DYVOUR/PBRUYEN/AMSPELL/Operational AMHINT-2 Trip to Caracas				ABSTRACT
ACTION REQUIRED - REFERENCES				MICROFILM
AR: FYI 1. Subject, Identity A, recently visited Caracas for the purpose of obtaining his residence visa and while there was in contact with the local AMSPELL delegation as well as with representatives of the major student political groups at the Central University in Caracas (UCV). AMHINT-2 was particularly interested in promoting a productive working relationship between AMSPELL in Caracas and Identity B, which appears to be a new Christian-oriented group organized to provide Liceo students with courses and seminars in fighting communism. A copy of the Identity B brochure is being forwarded under separate cover No. 1. 2. On his return, AMHINT-2 reported on the present composition of the local AMSPELL group. He indicated that Identity C, who first joined AMSPELL in 1960 in Cuba and who recently arrived in Venezuela from Santo Domingo, has replaced Identity D as leader of the group. A list containing the names of the other members of the delegation, as well as a brief description of their AMSPELL duties, is also forwarded under separate cover, Attachment No. 2. 3. At present, the AMSPELL group in Caracas is concentrating its efforts on working with Identity B and in maintaining good relations with the press in order to carry out propaganda at the least cost with such groups as the Jose Marti Patriotic Club and the UCE. 4. The AMSPELL delegation is in contact with a number of student political leaders not only at UCV but at several of the other universities. These contacts include Identities E, F, G, H and I. <i>Philip G. Elmar</i> PHILIP G. ELMARD Attachments: 1. Brochure, u/sc 2. Description of Duties, u/sc 3. PRINCIPIOS ESENCIALES DEL GREMIALISMO ESTUDIANTIL

Un Centro de Estudiantes, para considerarse ORGANISMO GREMIAL, debe distinguirse por su:

UNICIDAD:

— Debe ser único: por eficacia, conveniencia económica, educación del estudiante en materia de solidaridad y fundamentos legales de representatividad de TODO el estudiantado.

— En muchos países (el nuestro) no se da por la violenta división política.

NEUTRALIDAD:

— No puede identificarse con intereses de grupo.
— Su formulación aparece en un artículo de los estatutos que señala la aconfesionalidad y el apartidismo del gremio.
— No significa desinterés por las actividades religiosas o políticas.

— Tampoco puede significar la neutralidad, que el gremio no puede pronunciarse frente a la realidad: contra el engaño y en favor de la verdad.

DEMOCRACIA INTERNA:

— Principio que tiende a promover y a garantizar la libre contribución de todos los estudiantes en todo lo que atañe a la vida misma del Gremio Estudiantil.

REPRESENTATIVIDAD:

— Un Centro de Estudiantes debe ser el ÚNICO gremio estudiantil de derecho y de hecho.

— La Unidad y la Democracia Interna son bases de la Representatividad.

— Lo fundamental es el contenido: SERVICIO DEL BIEN COMUN ESTUDIANTIL.

COORDINACION

I) DELEGACION DEL D.R.E.

Hasta nuestro viaje a Caracas el delegado era Enrique Balboa, quien fue sustituido debido a su decision de venir a seguir estudios en Estados Unidos. El nuevo delegado es Lázaro Pariana, quien es miembro del D.R.E. desde 1960 en Cuba dentro de la tre-universitaria y luego en Accion y Sabotaje. En el exilio participo dentro de la seccion militar y mas tarde en Santo Domingo como delegado ocupado en resolver los asuntos pendientes despues de la paralización del plan militar. Lleva alrededor de un mes en Venezuela.

✓ Antonio Yaniz, miembro del DRE. desde Cuba en 1960. Actuo como Coordinador Provincial de Las Villas. Mas tarde vino al exilio y se infiltró a principios de 1961 clandestinamente en coordinacion con nuestros amigos para preparar un alzamiento en las Villas. En 1961 llega a Caracas incorporandose a la delegacion. Mas tarde trabaja con un grupo de comunistas en actividades de inteligencia en coordinacion con los "comunistas". En la actualidad estudia medicina en la Universidad Central donde realiza el trabajo de la delegacion.

Jose Miguel Gonzalez Llorente, acaba de terminar estudios de propaganda en la Universidad Catolica en Caracas. Es encargado de propaganda de la delegacion. Es necesario recalcar que el trabajo de propaganda es mucho mayor reducido despues de terminar las relaciones entre la delegacion y nuestros amigos, manifestandose unicamente en notas de prensa y relaciones personales con periodistas y organos de publicidad. En estos momentos Jose Miguel se encuentra fuera de Caracas pues fue enviado por unos meses a España por la compania donde trabaja en asuntos de publicidad.

Lula Santos, igualmente trabajo dentro del DRE. desde 1960. En la actualidad estudia Psicologia en la Universidad Catolica donde desempeña su labor del DRE. Su trabajo especial consiste en asuntos relacionados con la Secretaria de la Delegacion.

Guillermo Boza, estudia en la Universidad Catolica dentro de la Facultad de Sociologia. Ademas trabaja en el Instituto Venezolano de Accion Comunitaria (IVAC) ocupado en conferencias y charlas a campesinos para incorporarlos a un trabajo de desarrollo comunitario. En este campo desenvuelve actividades de la delegacion.

Sergio Gomez, Actualmente trabaja como Vice-Generente de la Empresa de Television "Vene-Vision". Es miembro del DRE. desde 1960 en Cuba. Su actividad dentro de la delegacion es de colaboracion en diversos asuntos pues carece de tiempo para algo especifico. La importancia basica es la influencia dentro de una estacion de Television, paralizando noticias que alienen o favorezcan el comunismo.

Pasifico Calera, estudia en la Universidad del Zulia junto con Aurelia Bussot. Viven en Maracaibo donde mantienen la delegacion especialmente en actividades de relaciones estudiantiles. Tienen una gran amistad con Carlos Artimani Gasperi (presidente de la Federacion de Centros Universitarios del Zulia) de inspiracion social-cristiana.

German Adolfo Maleiro, Venezolano que estudia derecho en la Universidad de Carabobo. Reside en Valencia. No es miembro de la delegacion pero realiza las actividades correspondientes en los campos de propaganda y relaciones.

Trabaja en el Rectorado de la Universidad teniendo acceso a las listas de estudiantes. En Caracas se paso una lista de estudiantes comunistas de aquella Universidad brindada por este contacto. Al mismo tiempo se senalo la importancia de mantener relaciones con el a nuestros amigos.

1. <u>General</u>					
ANSPELL has continued its normal propaganda activities as outlined below. On 23 March 1965, AMHINT-2 agreed to the terms outlined in Reference B, including a substantial budget reduction, to become effective 1 April. ANSPELL's chief problem at the present time is to liquidate debts incurred as a result of the defunct ANSPELL paramilitary operation.

d. In connection with the prisoners' campaign (paragraph 5(a) below), 10,000 copies of the Prisoners' Message were printed, attachment No. 6; 5,000 copies of a letter to Chilean President Eduardo Frei, attachment No. 7; 5,000 circular letters to Latin American Identity A organizations, attachment No. 8; and 5,000 copies of a circular letter to AMSPELL Delegates, attachment No. 9.

3. Radio Propaganda

AMSPELL continued its regular radio operations consisting of a 15-minute program Tuesdays through Saturdays on AMTHIGH, and a 15-minute program broadcast every Monday over WMIE and several Latin American stations.

4. Press Releases

Miscellaneous press releases are included as attachment No. 10, under separate cover.

5. Other Activities.

a. The prisoners' campaign got off to a slow start. The Identity B meeting in March, which was supposed to have been the kick-off of the campaign, did not produce the expected results. Identity C was on a Latin American tour and was unable to attend, and Identity D, who had promised to push the prisoners' cause at the meeting, limited himself to pleas for Cuban Identity E prisoners. The letter written to Chilean President Eduardo Frei (attachment No. 7) by AMSPELL members imprisoned on the Islo of Pines was forwarded to the AMSPELL delegation in Santiago for delivery to the President. The Chilean elections, followed by the earthquake complicated this plan and the delivery of the letter was delayed. (See paragraph 2-d above for information re propaganda printed by AMSPELL in connection with the campaign.)

b. In connection with the 13 March anniversary of the assault on the Cuban Presidential Palace, AMSPELL issued a press release (attachment No. 10), all publications contained appropriate editorials and, in addition to full coverage on the regular AMSPELL radio programs, additional radio coverage was obtained on JMHOPE and AMTHIGH with a special interview. The AMSPELL publication re the anniversary is attached under separate cover, No. 11.

c. The AMSPELL delegation in Mexico participated in the tribute to Venezuelan workers (CTV) organized by the Cubans residing in Mexico City. (See attachment No. 10 for pertinent press releases.) Activities of other AMSPELL Delegations including publications and press releases are included under attachment No. 12.

This problem was discussed in UFGA 20,262, 9 March 1965. We shall start implementing this decision at the beginning of April. 2. <u>Propaganda.</u> a. The January and February 1965 editions of the regular AMSPELL newspaper were mailed to Latin America and AMSPELL delegations in the U. S. (9,800 copies each), attachment No. 1 under separate cover. This represents a planned reduction from the previous 19,800 monthly figure. b. AÑO 1 DICIEMBRE 1964

No. 7

NUESTRA OPINION

MENSAJE DE NAVIDAD

Al finalizar un año más, encontramos ante nosotros el panorama de un Mundo Nuevo en muchos aspectos, pero estático y quizás atrasado en otros sentidos de la vida. La humanidad cumplirá dentro de unos días un año más, pero acaso no está el hombre de hoy buscando para sí al igual que hace siglos un camino que le ayude a encontrar el verdadero objetivo de su Ser?

Diciembre es un mes de meditación en la vida de los hombres. Finaliza un año y comienza otro. Es hora de análisis y planificación de vida. Pero más que todo esto representa el renacimiento de una idea y de un modo de vivir para la humanidad. Un orden nuevo y revolucionario que nació hace veinte siglos, vuelve cada año en este mes a tomar plena vigencia, porque nosotros no hemos olvidado en nuestro duro bregar de meses la verdad y la razón de nuestras vidas.

Cabe entonces en este momento hacer una pregunta: ¿Se ha logrado consolidar la Paz Mundial? Una respuesta semejante y definitiva aparece cada año. El Mundo de hoy no solamente vive alejado de la Paz sino que cada día escoge caminos más difíciles para su logro, llevándole al irremediable peligro de las guerras nacionales e internacionales.

Dos causas hay en la realidad de este Mundo, una de orden Moral, la otra de características sociales y políticas. Ambas se complementan entre sí y son necesarias para lograr una estabilidad dentro de la sociedad que ha tocado vivir al hombre.

Se quiere por una parte lograr la Paz en el Mundo de hoy, mientras por otra se rompen las fuerzas de Paz interior que existen en cada hombre. El hombre, la familia y la sociedad, únicos elementos capaces de lograr para el Mundo una Paz real y positiva se encuentran totalmente divididos y dentro de cada uno de ellos se ha sembrado la desconfianza y el temor hacia los demás.

Se ha jugado demasiado con las doctrinas e ideologías y éstas en vez de sembrar en el hombre confianza en su destino y a su función dentro de la sociedad han servido para acrecentar el odio entre pueblos y razas, y aún entre hombres dentro de una misma comunidad.

Razón Moral esta que se basa en el olvido de un mandato: "Amaos los unos a los otros como yo os he amado" y "Mi Paz os dejo, mi Paz os doy".

Razón Social aquella que parte de una realidad olvidada por conveniencias particulares o de gobiernos: "La Paz es solamente consecuencia del establecimiento en cada Nación y el Mundo de regímenes o sistemas de gobierno basados en la justicia y la libertad del hombre".

El Mundo de hoy no es muy propicio a una Paz verdadera. El colonialismo, el imperialismo y los regímenes totalitarios de izquierda y derecha, proliferan sobre el globo ahogando al hombre sus ansias de libertad y justicia.

Nosotros como jóvenes y cubanos tenemos un derecho y deber para con nuestra Patria y la Paz del Mundo. Creemos que solamente habrá Paz en nuestra Patria cuando devolvamos a nuestros hermanos su derecho a pensar y actuar libremente, haciendo desaparecer el régimen de injusticia y terror que hoy sojuzga indiscriminadamente a nuestro pueblo.

El Mundo tiene un camino semejante al nuestro pero en una mayor escala. Debe darse a cada hombre dentro de cada sistema la libertad y la justicia a las cuales tiene derecho todo ser humano.

Prometer y hablar de Paz es un crimen y una cobardía cuando no existen detrás una clara y noble decisión de luchar incansable y tenazmente por su establecimiento dentro de cada país o conglomerado de naciones.

La Paz como todas las cosas valiosas tienen un alto precio y hay que luchar por ella. Los enemigos del hombre son sus principales enemigos. Los que matan y esclavizan los pueblos condenándoles a vivir en condiciones indignas también son sus enemigos. Los que niegan al hombre su personalidad calificándole como cosa animal y deshumanizada, están contra la Paz del Mundo porque siembran más que nadie el odio dentro de la sociedad.

Quien quiera la Paz declare la guerra a estos enemigos de la humanidad.

Que estos días de Navidad sirvan para hacernos tomar una decisión definitiva: El restablecimiento moral de nuestra sociedad y el imperio total de la justicia en el Mundo.

LOS SUCEOS DEL CONGO

UNA MUESTRA DE LO QUE ES EL COMUNISMO

Los hechos sucedidos recientemente en el Congo han estremecido con honda preocupación al mundo civilizado, ya que en ellos se han violado los más esenciales principios humanos en un alarde de crueldad y crimen.

Los movimientos de Liberación han tenido para nosotros la natural simpatía porque mejor que nadie conocemos lo significativo de esa lucha. Sin embargo, en el caso de las mal llamadas tropas de Liberación del Congo, no tenemos, al igual que el resto del mundo civilizado, que repudiar esa acción sanguinaria que constituye una contribución más del comunismo internacional en su lucha por llevar a las naciones el dolor y la esclavitud.

El movimiento de Liberación del Congo al igual que otros, ha sido infiltrado totalmente por los comunistas y en este como en todos los anteriores puede verse con claridad el verdadero fin de destrucción y muerte que persigue la Internacional.

La lucha de Africa ha sido para los jóvenes del mundo una lucha mirada con honda simpatía y el crecimiento del Continente negro en Repúblicas con gobiernos propios es un símbolo de la decisión incontrastable de llevar esos países hacia un destino mejor.

Por ello es que cuando una nación dentro del Continente africano ha peleado por su liberación ha tenido siempre el apoyo de todas las naciones del mundo.

Hoy sin embargo nuestra actitud y la del mundo civilizado y libre es totalmente adversa. Los hechos del Congo no están inspirados en un ansia de justicia y libertad, sino que por el contrario son el reflejo de la política que quieren imponer desde Moscú y Pekín.

Si ha molestado el hecho de sangre con sus consecuencias de crímenes, violaciones y atrocidades mucho tiene que molestar la actitud de los países del Bloque Comunista y de algunos que sirven a sus intereses consciente o inconscientemente.

Estos sin el menor escrúpulo se han lanzado a acusar a los países que participaron en la acción de rescate menospreciando totalmente el acto humanitario de salvar la

vida a personas de nacionalidades pertenecientes a países no beligerantes.

Esa actitud acompañada con las protestas organizadas de estudiantes dentro de los países comunistas demuestran claramente la dirección e intervención que mantienen en la guerra del Congo que pudiera haber sido una guerra de liberación y que infortunadamente se ha convertido en una guerra de mercenarios dirigida y alentada por las potencias comunistas.

Ante los hechos a un funcionario soviético sólo se le ocurrió decir que se había avisado de la ejecución de los prisioneros si se intentaba rescatarlos.

Nosotros queremos hacer una pregunta al mundo civilizado porque sabemos que los comunistas no contestan es-

tas preguntas ya que carecen de sentido humanitario: ¿Desde cuándo y en que Código de Guerra es permitido asesinar masivamente a los prisioneros cuando se les trata de rescatar? ¿Desde cuándo se autoriza a un ejército perpetrar crímenes contra ancianos, mujeres religiosas y niñas indefensas como represalia? ¿Desde cuándo es permitido realizar actos racistas a un pueblo o raza, máxime cuando este ha sido defendido en múltiples ocasiones de la discriminación a que fueron sometidos por intereses colonialistas?

Los asesinatos masivos, las violaciones de religiosas, mujeres y niñas y el crimen del Congo no pueden tener justificación nada más que para los que siembran el odio y dividen los pueblos.

Los comunistas no ganaron esta batalla. Africa tiene que ser libre pero no condicionada a la política soviética o china. Los causantes de estos hechos vandálicos no son representantes del verdadero espíritu del pueblo congoleño y tienen el total repudio de Africa y el Mundo.

Africa se siente avergonzada de esta acción, pero ello servirá para comprender que existe otro enemigo tan peligroso o más que el colonialismo.

La acción criminal del comunismo en Africa sólo tiene una respuesta y se la darán los propios africanos: SU DESTRUCCION.

LA SITUACION UNIVERSITARIA

Antes del Comunismo

- 1.- Habian 8 Universidades en Cuba.
- 2.- En 1959 habian más de 30,000 estudiantes Universitarios en las 8 Universidades.
- 3.- La Constitución de 1940 estipulaba que el 1% del Presupuesto Nacional sería entregado a la Universidad de La Habana.
- 4.- La Carta Magna Cubana garantizaba la autonomía Universitaria lo que hacia que la enseñanza superior en Cuba no estuviera sometida a ningún gobierno.
- 5.- En nuestras Universidades existia el ejercicio libre de las ideas, no coartándose ningún pensamiento.
- 6.- Los estudiantes Universitarios eligen cada año sus representantes estudiantiles en libres elecciones, asistiendo los dirigentes a Congresos Internacionales de juventudes en representación de los jóvenes cubanos.
- 7.- Las Universidades como centro máximo de la Democracia servian de medio idóneo para plantear las mejoras que el pueblo cubano pedia.
- 8.- Era requisito para el ingreso en las Universidades el tener 17 años de edad y haber cursado el Bachillerato (enseñanza de estudio) o aprobar severos exámenes de ingreso.
- 9.- El 90% del profesorado Universitario actuante en junio de 1959, ha marchado al exilio o ha renunciado a sus cátedras por no querer aceptar al comunismo o no quererse doblegar a su doctrina.
- 10.- Cientos de estudiantes Universitarios guardan prisión en las cárceles comunistas, por el solo delito de amar la libertad. Las listas de mártires cubanos asesinados ante los pelotones de fusilamiento o muertos por sus gestos de rebeldía han aumentado con los nombres de estudiantes universitarios como, Juanin Pereira, Virgilio Campanera, Julio A. Yebra, Tapia Ruano, Porfirio Ramirez, y tantos otros que han sabido morir antes que claudicar frente al comunismo.

Con el Comunismo

- 1.- Hay tres Universidades.
- 2.- Actualmente no llegan a 20,000 los estudiantes Universitarios.
- 3.- Abolida la Constitución del 40 y según el Presupuesto Nacional del Gobierno Comunista, la Universidad de la Habana ha recibido una rebaja de un 75% de sus entradas.
- 4.- El gobierno comunista, pisoteó la Autonomía Universitaria, alegando que las Universidades deben marchar junto a la Revolución Roja, sirviendo los intereses del régimen.
- 5.- El régimen dictatorial de Fidel Castro impuso el marxismo-leninismo, como asignatura obligatoria en todas las carreras y proscribió la enseñanza de cualquier ideología contraria al comunismo.
- 6.- Desde octubre de 1959, no se han celebrado elecciones Estudiantiles, ya que la única vez que quisieron legalizar la representación universitaria, los comunistas celebraron una llamada Asamblea General, donde por "aclamación" se aligió la Nueva Directiva que después de 3 años sigue rigiendo, salvo contados casos.
- 7.- Actualmente las Universidades son organismos serviles al Gobierno comunista, controlados directamente por funcionarios de la Dictadura Roja.
- 8.- No hay requisitos de edad ni tampoco de haber cursado estudios secundarios. Dándose el caso que jóvenes de 14 años de edad realicen estudios universitarios sin estudios previos actualmente.
- 9.- No es requisito actualmente ser graduado universitario para ejercer de profesor en las Universidades comunistas de Cuba. Alumnos que han aprobado asignaturas del primer año y que cursan el segundo, son profesores de sus compañeros que inician sus estudios ese año, y así en la misma proporción los alumnos del 3er. curso con profesores del 2do. y los del 4to. el 3ro. etc.
- 10.- Mientras los verdaderos estudiantes dejan de estudiar en Cuba, guardan prisión, marchan al exilio o realizan la lucha contra el comunismo, el gobierno Rojo utiliza jóvenes que sin preparación previa asisten a las aulas universitarias con el solo propósito de servir de títeres a los comunistas en el Tablado Internacional.

Noticiero ESTUDIANTEL

CIEN ESTUDIANTES PANAMEÑOS A MOSCÚ - Según César Bruglín, estudiante en la Universidad Patricio Lumumba de Moscú y dirigente de la Asociación de Estudiantes Panameños en la capital moscovita, treinta jóvenes de Panamá estudian actualmente allí; su número se elevará muy pronto al centenar. Los becados panameños se dirigen a Moscú vía México, La Habana y Praga.

EN EL FUTURO: UNIÓN DE ESTUDIANTES UNIVERSITARIOS CENTROAMERICANOS - Dirigentes estudiantiles de las universidades de Costa Rica, Guatemala, Honduras, Nicaragua, El Salvador y Panamá se hallan laborando - local y colectivamente - en pro del propósito de fundar una Unión de Estudiantes Universitarios Centroamericanos. La idea no es nueva, pero ahora gana fuerza y es probable que se convierta en realidad antes de que transcurran muchos meses.

EL PROGRAMA DE COOPERACIÓN POPULAR, MOTIVO DE DISCORDIA EN PERÚ - Los partidos de oposición convienen en la utilidad del programa de Cooperación Popular - asistencia técnica para proyectos comunales - auspiciado por el presidente Belaúnde e impulsado por los estudiantes en gran parte, pero se oponen a su centralización de control en las manos personales de aquél. La coalición opositorista - encabezada por el APRA - reclama que Cooperación Popular sea "municipalizada" o sea que cada municipio reciba los fondos pertinentes y los utilice localmente como estime conveniente. "Así se evitará la infiltración de comunistas en el programa", alega el APRA.

PARA VISITAR ALEMANIA OCCIDENTAL, UN REQUISITO: NO SER JOVEN - Alemania del Este permite que sus ciudadanos de avanzada edad visiten a familiares en Alemania Occidental, pero no deja que los jóvenes den ese viaje. Excusa alegada: "Es más fácil que allí tomen represalias con los jóvenes y no con los viejos". Y agrega el periódico Neues Deutschland de Alemania Oriental, como quien pone un parche: "Nadie debe pensar que nuestro gobierno no tiene confianza en la juventud..."

UN "NUEVO CAMINO" PARA LA UNIVERSIDAD CATOLICA DE CHILE - En conclave reciente, los estudiantes de la Universidad Católica analizaron "la necesidad de adaptar sus estudios y la Universidad a las exigencias sociales del mundo de hoy". Punto aprobado, entre otros: que la Universidad actúe "con mayor independencia frente a la jerarquía eclesiástica", imprimiéndose a ese centro de altos estudios "el espíritu renovador de la Iglesia de Juan XXIII y de Paulo VI. contenido en el actual Concilio Eclesiástico".

ESTUDIANTES UNIVERSITARIOS GUATEMALTECOS EN CAMPAÑA DE ALFABETIZACIÓN - Por boca de su presidente, la Asociación de Estudiantes Universitarios de Guatemala se ha comprometido a emprender una campaña de alfabetización a escala nacional. Se espera que un buen número de alumnos de las dos universidades del país (la de Guatemala y la denominada Rafael Landívar) coopere con la Coordinación de Alfabetización AEU creada al efecto.

CHILE - Santiago: La Federación de Estudiantes de la Universidad Católica (FEUC) llevó a cabo su **SEXTA CONVENCION ORDINARIA DE ESTUDIANTES** del 30 de septiembre al 3 de octubre, en ella se abordaron temas de gran solidez como: "Idea de Universidad", "Naturaleza y Problemas Actuales de la Universidad", "Evolución y Situación de la Universidad Latinoamericana", etc. Llegando a conclusiones que abren el camino de una Reforma Universitaria moderna y eficaz. La documentación base se halla condensada en el libro especialmente editado por FEUC: "La Universidad: Nuestra Tarea", única obra en su género en Latinoamérica.

Juanin Pereira Varela

Los hombres que alcanzan a comprender el sentido de la existencia no pueden orientarse a un mero subsistir. Sus vidas encuentran razón y objetivo sólo en el servicio. Servicio a Dios y al prójimo. Quizás estas palabras encierran la grandeza de todos los hombres que han podido ser recogidos por la historia y admirados por la humanidad por los frutos positivos que alcanzaron. El afán de servicio los llevó a construir nuevos órdenes para que el hombre alcanzara plenamente la satisfacción de sus necesidades y adquiriera conciencia acerca de sus fines más elevados. Quizás estas palabras sean las únicas que pudieran hacer comprender a todos los jóvenes del mundo el sentido profundo y absoluto del sacrificio de cientos de estudiantes cubanos y especialmente el sacrificio de Juanin Pereira Varela.

Su vida no contemplaba otros ideales que servir. Servir a Dios, servir a la Patria. Servir a todos los cubanos brindándoles una oportunidad de vivir en una tierra libre y justa. Su vida desde que se consideró como realidad el establecimiento de un régimen totalitario en Cuba, fue dedicada desde los filas del Directorio Revolucionario Estudiantil, a combatir y a sembrar. Combatir el mal que rompió la armonía, quebraba la sonrisa, reducía a la impotencia los afanes permanentes de libertad y justicia de nuestro pueblo. Combatir al enemigo que impedía la creación de un Orden Cristiano y que ahogaba la felicidad de sus hermanos de tierra. Sembrar su sacrificio y sus ideas para que en el futuro pudiera existir ese Orden, esa felicidad y esa justicia. Sembrar, pues, su destino no era triunfar humanamente. Su destino era morir y que su sangre hiciera lo que sus manos no lograron. Que despertara las conciencias de su pueblo, resucitando los laídos apagados del patriotismo y de la nacionalidad. Que su sangre fuera riego de destinos que en el futuro se realizarán plenamente para felicidad de su pueblo y para ejemplo del Continente de las Esperanzas, que ya quiere ser continente de realidades humanas.

Eso fue la vida de Juanin Pereira. En su afán de combatir fue abatido por balas milicianas, entregadas por la Unión Soviética para dominar a aquellos que se oponían a su Imperio. Pero esa bala que pretendió cortar su vida en un 17 de diciembre de 1961, en aquella playa de sombras de la Provincia de Pinar del Río, hizo nacer la luz que aún ilumina. Pues esa bala que mataba al hombre hacía germinar la semilla. Semilla que crece oculta entre palmas en cada rincón de Cuba. Semilla que está gritando al mundo el afán de libertad de un pueblo mártir. Semilla que ya no está oculta entre tierras, que ya nace y crece y se levanta altiva para hacer patente que Cuba no se rinde, ni se somete, ni muere. Que Cuba, pese a la traición de algunos de sus hijos, pese a la invasión de elementos extranjeros a nuestra nacionalidad y principios, pese al oportunismo ciego de algunos gobiernos occidentales, se mantiene firme y segura en su victoria. Porque en Cuba aquella semilla regada de sangre que fue y es Juanin Pereira Varela, aún existe en nuestros aires que mantienen sus gritos seguros de victoria y radiantes de esperanza:

¡VIVA CUBA LIBRE! ¡VIVA CRISTO REY!

OUR OPINION

CHRISTMAS MESSAGE

As another year draws to its end, we find before a world new in many aspects but sadly stagnant if not actually retrogressive in some of life's most vital facets. Humanity is a year older but is it not still engaged in a relentless search for the true meaning of its being?

December is a thoughtful month in the lives of men. It is the hour of retrospect, of questioning, of reorganization and projection into the future. Above all, December is a yearly reminder of an idea and a way of life for men. A new and revolutionary order born twenty centuries ago, comes vigorously to the forefront for in the long months of toil we have not forgotten the cause and the goal of our existence.

No time is perhaps more adequate to ask this question: Have men achieved for the world a lasting peace? Each year the same unconditional, negative answer meets the question. Not only does mankind live far removed from peace but each new day embarks upon roads that can only lead farther and farther away from it into world of national and international wars.

Two causes exist in the reality of our world, one in the moral order, the other in the realm of social and political entities. Each complements the other and both are necessary to the attainment of stability in the society in which man must live.

Men would have peace in today's world but do nothing to preserve the forces of internal peace in each man. Man, the family, society: the elements capable of achieving for the world a real and positive peace are totally disunited and into each has been sown the seed of distrust and of fear.

There has been such juggling of doctrines and ideologies, instead of being a source of confidence and strength

by which men may rule their lives, have served only as a source of fear and hatred among nations and races and even among men in the same community.

Morally, our world has chosen to forget the command: "Love one another as I have loved you".

Socially, convenience and self interest have made this world blind itself to the fact that, "Peace can only be the consequent to the establishment in each Nation and in the world of regimes or systems of government based on justice and the freedom of the individual.

Today world is not a very adequate breeding ground for peace. Colonialism, imperialism, rightist and leftist totalitarianism thrive throughout the world stifling in man his longing for liberty and equity.

We as young men and as Cubans have a duty and right to our land and to the world. Our land, we firmly believe, will know peace only when we have returned to our brothers the right to think and to speak freely, abolishing the rule of terror and injustice that today shackles our people.

The world faces much our same task but on a vaster scale. Each man must be given the freedom of choice and the justice which are his right.

To promise and to speak of peace without the noble purpose and the firm decision of fighting tirelessly for its attainment is a cowardly crime.

Peace, as all worthwhile things, has a high price and its achievement entails a struggle. Those who would have peace must willingly take up the battle against those forces at work in our world which dehumanize man and make him a prey of fear. No season is as appropriate as Christmas to reaffirm in each of us the determination to carry on this struggle until true peace has been given to man.

THE EVENTS IN THE CONGO

A PROOF OF WHAT COMMUNISM IS

Recent happenings in the Congo have rocked the civilized world, leaving in their wake a deep preoccupation in the hearts of all who believed in even the most basic principles of humanity and who see in these acts a vengeful boast of cruelty against the most elemental principles of kindness and respect.

Those who struggle for freedom have always found in us the sympathy and understanding that only those who know full well that this struggle entails can give. We find, however, that in the case of the utterly misnamed "Congolese Troops of Liberation" we must (along with all civilized men) denounce this new and bloody contribution of international communism to the oppression and suppression of all peoples.

This movement has been, as others have been before, thoroughly infiltrated by communists; and in this, as in other cases, the true goal of destruction and death sought by the international can clearly be seen.

The hearts of youth throughout the world have echoed in sympathy the cries, the tears, and the pain of Africa's birth. The growth of the Black Continent into a continent of republics is a symbol of the incontestable right of this Continent to a great destiny.

That is why the sincere struggles for freedom of African nations have met with our support as with that of all freedom-loving peoples.

It is this love of true freedom that necessarily places us in a position of adversity towards this movement. The happenings in the Congo find their motivation not in a zealous search for justice and liberty but in the international policies Moscow and Peking seek to enforce in Africa by any and all means.

In the deaths, the rapes, the insults have grieved and enraged then how must the attitude of the nations of the Communist Bloc and of those who, consciously or not, serve their interest rankle.

Without the slightest trace of scruple these nations have hurled themselves into acrimonious abuse of the nations which took part in the rescue mission, whose only purpose was the humanitarian one of saving the lives of non-belligerents.

The attitude of these nations and the "student demonstrations" staged in communist countries to show approval of the Congolese rebels clearly show the direction they would have the Congo's liberation take. Where the Congolese struggle might have been a war of liberation, it has become instead a senseless war run by mercenaries and abetted by the Communist Powers.

When faced with the crimes in the Congo one Soviet official glibly dismissed the violence by stating that the rescuing nations had been warned it would happen if rescue was attempted.

We would ask this question of civilized men: By what Code of war can the slaughter of non-belligerents because of attempts to rescue them be justified? Since when has it been found permissible for an army to do its own ugly will in regards to old men, to missionaries, to women, and to children? Has racism suddenly found a moral justification?

Mass murder and rape can only find justification in those whose creed is hatred and whose aim is to divide.

Fortunately the Communists have not won this battle. Africa will have freedom, and it will not have the mauled, caged communist version of it. Those responsible for so much ugly violence in the Congo do not represent the spirit of the Congolese people and have received the condemnation of Africa and of the whole world.

Africa feels ashamed of what has happened, but this act will help her understand she has to face an enemy as dangerous, or more so, than colonialism.

The criminal actions of communism in the Congo have only one answer and the Africans themselves will give it: ITS REPUDIATION.

UNIVERSITIES STATUS

Before Communism

1. There were 8 universities in Cuba.
2. In 1959 there were more than 30,000 students in the 8 universities.
3. The Constitution of 1940 stipulated that 1% of the national budget would go to the University of Havana.
4. The Great Charter of Cuba guaranteed autonomy to the Universities, freeing them from interference by the government.
5. There was a free and open exchange of ideas in the classrooms.
6. Every year the students elected their own representatives in free elections.
7. The universities served as spokesmen for the wishes of the Cuban people.
8. To enter the Universities it was necessary to be 17 years of age and to have graduated from a secondary school or to have taken rigorous tests to prove knowledge equivalent to a secondary school education.
9. Ninety percent of the University professorate is in exile or has retired, unwilling to have communist doctrines imposed upon it.
10. Hundreds of university students are held in communist prisons, only because of their love for liberty. The lists of Cuban martyrs, murdered by firing squads or killed by its rebellion, had been increased by the names of Cuban universities students such as: Juanin Pereira, Virgilio Campanaria, Julio A. Yebra, Tapia Ruano, Porfirio Ramirez, and so many others that had preferred to die than to submit to communism.

With Communism

1. There are three universities.
2. There are no more than 20,000 university students presently.
3. The Constitution of 1940 has been abolished and the Communist regime has cut by 75% the funds destined for the University of Havana.
4. The regime subjects the Universities requiring them to follow its dictates in all matters.
5. Marxism-Leninism is a required subject for all students and all other ideologies are forbidden.
6. There have been no election since September 1959. At one point when an effort was made to have them held, the Communists arranged a so called "general assembly" where by "popular acclaim", those who have since held control, were "elected".
7. Today, they are servile instruments of the regime.
8. No requisites concerning age or previous education are set. There have been cases of fourteen-year old with little previous education studying at the universities.
9. It is no longer a requisite to be a college graduate in order to be able to teach at the university. Second year students teach freshmen; third year students teach second year ones, etc.
10. While real students left their classes, are held in prison, went to exile or fight communism, the Red Government uses uneducated young people as university students, with the only purpose to serve communist International Scene.

STUDENT NEWS SHEET

GUATEMALA UNIVERSITY STUDENTS START A "LITERACY DRIVE". The Association of University Students of Guatemala has pledged itself to undertake an alphabetization campaign on a national scale. It is expected that a good number of students from the two universities in the country will cooperate in this effort to teach the illiterate.

CHILE: The Federation of Students of the Catholic University (FEUC) held its Sixth Ordinary Convention of Students from September 30th. to October 3th. Among the topics discussed were: "The Idea of a University", "the nature and the Problems of Today's University", "The Development and actual Position of Latin American Universities". These discussions culminated in a series of proposals which open the way for a effective, modern University Reform. The basic documentation has been condensed in book form under the title, "The University, Our Task" this book, edited by the Federation, is unique in its kind in Latin America.

ONE HUNDRED PANAMANIAN STUDENTS TO MOSCOW: According to Cesar Brugiotti, a student at Moscow's Patrice Lumumba University and President of the Association of Panamanian Students in that capital, there are thirty young men from Panama studying there but the number will soon be raised to one hundred. These students go to Moscow by way Mexico, Havana, Prague.

IN PROSPECT: AN UNION OF CENTRAL AMERICAN UNIVERSITY STUDENTS: Student leaders from the Universities of Costa Rica, Guatemala, Honduras, Nicaragua, El Salvador and Panama are working - both locally and collectively - on plans to establish an Union of Central American University Students. Although the idea is not a new one it seems to have found a particularly favorable atmosphere at this time and it is highly probable that it will be carried out to completion.

THE PROGRAM OF POPULAR COOPERATION: A SOURCE OF DISCORD IN PERU. The opposition parties in Peru, while accepting as necessary the Popular Cooperation Program - technical assistance for communal projects promulgated by President Balaunde and backed in a major part by the students, are opposed to the centralization of its control entirely into the hands of the President.

The opposition coalition - headed by the APRA - asks that the Program be "municipalized" that is that each locality receive the necessary funds and administer them as it deems convenient. The APRA alleges that this would prevent communist infiltration to the program.

TO VISIT EAST GERMANY, ONE PREREQUISIT: AGE. In East Germany elderly people are allowed to visit their relatives in West Germany but young people are not permitted to make the trip. The excuse given by the government: "It is more likely that repressive measures will be taken in the West against the young". Then it adds, somewhat in the manner of a patch: "No one must think we do not trust our youth..."

A "NEW ROAD" FOR THE CATHOLIC UNIVERSITY OF CHILE In a recent meeting, the students of the Catholic University analyzed "the necessity of adapting their studies and the University to the social demands of today's world". Among the decisions approved: that the University act "with greater independence with regard to the ecclesiastical hierarchy" upon impressing that institution "the renovation spirit of the Church of John XXIII and Paul VI contained in the present Ecumenical Council".

Juanin Pereira Varela

Men who have attained a true understanding of the reason for their existence cannot be satisfied with mere subsistence. Their lives find meaning only in service. Service to God and to man. These words embody, to a large extent, the greatness of those men whom history has claimed for itself and whom humanity holds in admiration for the fruitful results of their endeavors. Their eagerness to service led to achieve for their fellows new horizons of material comfort, of intellectual satisfaction, of spiritual attainment. These same words are perhaps also the only ones which could make youths throughout the world visualize the profound meaning of the sacrifice of hundreds of Cuban Students and in particular of Juanin Pereira Varela.

His life contemplated no ideal but to serve. To serve God, to serve his Land, to serve his countrymen by giving them an opportunity to live in a free and just land. His life from the moment the establishment of a dictatorial government in Cuba became an unquestionable reality, was dedicated to battle and to toil. From the ranks of the D.R.E., he struggled against the evil that had reduced to angry impotence the longings for permanent peace and freedom in the hearts of our people. He fought the enemy that impeded the establishment of a Christian system and drowned the joy in the hearts of his countrymen. He toiled to ascertain that in the future that system, that joy, and that justice could exist.

His would not be the joy however of seeing his labors bear fruit. It was his lot to die and by his death achieve what his hands could not.

His blood would reawaken in his countrymen the fervor of patriotism and he would stand as an example to the "Continent of Hopes" which more and more demands to be a continent of human realizations.

That was the life of Juanin Pereira. It was brought to an end by militiamen's bullets given by the Soviet Union to strike down all who oppose the empire they seek to establish. But the bullet that struck him down on that October day of 1961 brought forth. A seed that now quietly germinates in every corner of his land, that cries out to the world that Cuba does not give up, does not submit, does not die. In spite of some faithless sons, of foreign troops that tramp through our land, of opportunistic Western governments, the seed watered by Juanin Pereira's blood will bear fruit, it now grows and the land that holds it vibrates with its growth and the skies above it echo more loudly each day:

LONG LIVE CHRIST THE KING!

"LIBERATED BY THE COMMUNISTS"

Graphic Evidence of Marxist Lies
About the Actual Events in the Congo.

The missionary Paul Carlson lies dead with a card tied to his throat, assassinated by Congolese communists on a street in Stanleyville. Dr. Carlson, in long and difficult years full of sacrifice, brought a message of hope and encouragement to innumerable Congolese as well as help of all kinds and his personal collaboration. He was eliminated tragically, as shown in the photograph, because of the affection that the masses held for him, and because of his fame and prestige and the adverse influence that he signified for the Communists. He had committed the sin of doing whatever was necessary to help the sick and console the afflicted, and the Reds do not pardon such things. In their final orgy of blood the Communists respected neither women nor children. These were very dangerous "military spies" according to the Communists. These (photographs) are the facts that the propaganda of the (Castro) Government has suppressed in an attempt to present the assassins of missionaries, women and children as "heroes" and "champions of liberty".

CUBA: RAICES DE UNA CRISIS POLITICA

La situación política de Cuba, desde su independencia, ha sido marcada por una lucha constante entre las fuerzas revolucionarias y las fuerzas conservadoras. Esta lucha se ha manifestado en diversas formas, desde la independencia hasta la actualidad. En el presente, la crisis política cubana se ha agravado debido a la intervención extranjera y a la falta de democracia.

La Situación de las Universidades

Para demostrar con datos concretos el fracaso comunista en el campo universitario, ofrecemos esta comparación de la situación de nuestra enseñanza de nivel superior antes del advenimiento de la dictadura roja y bajo la misma.

- | Antes del Comunismo | Con el Comunismo |
|---|---|
| 1. Había 4 Universidades en Cuba. | 1. Hay tres Universidades. |
| 2. En 1959 había 30,000 estudiantes Universitarios en las 4 Universidades. | 2. Actualmente no llegan a 20,000 las matriculadas Universitarias. |
| 3. La Constitución de 1940 estipulaba que el 15 del Presupuesto Nacional sería entregado a la Universidad de la Habana, la cual era el más alto presupuesto para su desarrollo. | 3. Abolida la Constitución del 40 y según el Presupuesto Nacional del Gobierno Comunista, la Universidad de la Habana ha recibido una rebaja de un 25% de sus fondos. |
| 4. La Carta Magna Cubana garantizaba la autonomía Universitaria, lo que hacía que la enseñanza superior en Cuba no estuviera sujeta a ningún gobierno. | 4. El Gobierno comunista, primero la autonomía Universitaria, alegando que los estudiantes deben estar sujetos a la disciplina de la Revolución, y luego la autonomía Universitaria, alegando que los estudiantes deben estar sujetos a la disciplina de la Revolución. |
| 5. En nuestras Universidades existía el ejercicio libre de las ideas, no contando con ningún pensamiento. | 5. El régimen Dictatorial de Fidel Castro impuso el Marxismo-Leninismo, como única vía obligatoria en todas las carreras y prohibió la manifestación de cualquier ideología contraria al comunismo. |

Venezuela Junto al Pueblo Cubano

Una vez más la solidaridad del pueblo venezolano con el pueblo cubano se ha manifestado en una gran manifestación en la ciudad de Caracas, en apoyo a la Revolución cubana.

En una parte de las declaraciones del DRE quedaba claro que un retirado, comunista o no, tampoco representaría al pueblo cubano, y que todos los pronunciamentos hechos por el Che Guevara no reflejaban los sentimientos de nuestro pueblo, sino de una minoría comunista que se imponía a la mayoría, incluyendo a todo el pueblo de Cuba.

En medio del plan de escape de Durruti y la huida de Irujo y sus seguidores en el Gerni, Euzkadi decidió aprovechar una oportunidad para que visitara México, al menos a Korta, en su tentativa de conseguir apoyo económico que le ayudara a mantener la situación y a seguir peleeando contra la creciente manada de la vieja guardia comunista.

Khrushchev se mantuvo al tanto con todos los cambios castristas en la catedral. Pero en el camino se topó con el hecho de que Khrushchev había caído y en su lugar aparecían nuevas figuras con las cuales no existían compromisos previos. Su labor diplomática había acrecentado su importancia y dificultad.

Durante el viaje se dieron gran cantidad de abrazos y de besos al estilo soviético. Se dijeron palabras muy agradables que no significaban apoyo alguno. Pero se ganaron rito almente las cantidades requeridas para mantener la situación. Al contrario se habló de disminuir la cantidad estimulada para pagar el abitur.

Debo al igual para el fracaso de Durruti, los errores extremos mandatorios, los errores los he hecho, pero en documento en que apostaba la coexistencia pacífica, la paz entre los pueblos, el desarme total el parcial que así se había negado. Fidel a tomar en el caso del fracaso de producción de pruebas nucleares en la estrategia, la unidad del campo socialista sobre las tesis de Moscú, lo que implica a cierto apoyo a Hacia contra China, etc. No había promesas de ayudas económicas, ni garantías políticas. No había planteamientos de compromisos económicos. Los sucesos, el presidente titote. No había nada de lo que convenía a Gasto y si todo lo que convenía a Hacia. Y por último no dejaron que Durruti se saliera a veces. Krasnov al que Fidel había sido humano, inteligente brillante personalidad fascinante etc. En definitiva en el fracaso. En consecuencia un nuevo paso al este del fracaso de Fidel y de su régimen.

Tras la respuesta de Fidel a estos planteamientos fue la destrucción de Chequik. Pero ninguna mano puede paralizar su destino. Los nuevos pasos que intenta dar servirán para lanzarlo más al abismo al que su vejez y incapacidad lo han llevado. Y mientras, la libertad de Cuba está tocando a las puertas de la libertad.

A. OPERATIONAL ACTIVITIES						
1. General.						
AMSPELL has so far survived the internal crisis brought about by the collapse of its military activity noted in the previous progress report. However, AMSPELL is still faced with a severe financial problem resulting from the termination of the military activity. AMHINT-2 states that AMSPELL has \$12,000.00 in short-term loans which must be met shortly, and \$20,000.00 in loans being paid off at the rate of \$1,300.00 per month. AMHINT-2 is trying to sell the AMSPELL boats in order to liquidate these debts. So far he has had little success. AMHINT-2 has said that he does not intend to give up the idea of active participation in the liberation of Cuba but that AMSPELL will not conduct new military operations in the future without ODYOKE assistance and concurrence. According to AMHINT-2 lack of funds and intelligence information together with pressure by ODYOKE on Dominican authorities frustrated the AMSPELL military operation, and he has no intention of going through a similar disastrous experience again.						
2. Propaganda.						
a. 19,800 copies of the regular AMSPELL newspaper were mailed to Latin America and AMSPELL delegations in the United States. (Attachment No. 1, under separate cover.)

b. AMSPELL requested that AMBARB-58 be sent to Ecuador to replace AMBARB-28 who was resigning. (WAVE 5842 dated 8 December 1964) The Quito station replied that AMBARB-28 functions had been taken over by ECPLY-2, and that AMBARB-58's services were not required (QUIT 6805 dated 11 December 1964).

c. Attachment No. 6 is a copy of an English-language bulletin produced by AMSPELL without direct KUBARK support which is sent to recipients in the U. S. C. FUTURE PLANS 1. 10,000 pamphlets on AMHINT-1 will be distributed to Latin America and Cuba during January. AMSPELL is planning a hemisphere-wide campaign in an attempt to obtain the release of AMHINT-1 from prison. This campaign will probably not achieve its stated aim but should result in considerable publicity on the nature of the Castro regime. 2. AMSPELL is preparing a draft leaflet illustrating the internal and international failures of the Castro regime during 1964. It is planned to mail this leaflet to Cuba and Latin America. 3. The AMSPELL newspaper both in its pony and regular edition has greatly improved in the past few months. Nevertheless, the large edition will be cut to 10,000 copies a month as this is considered a more realistic figure for distribution. <i>Andrew K. Reuteman</i> ANDREW K. REUTEMAN

A. OPERATIONAL ACTIVITIES**1. General.**

During the month of April AMSPELL carried on its normal propaganda activities. AMSPELL was also busy adjusting to the new reduced budget which went into effect on 1 April. AMSPELL moved to less expensive office space in April and dropped 10 people from the AMSPELL payroll. AMTHIGH broadcasts were reduced to one broadcast a week, and the large AMSPELL newspaper was eliminated. The prisoners campaign began to gain momentum in April but the crisis in the Dominican Republic made it very difficult to obtain publicity or maintain sustained interest in the campaign.

2. Propaganda Production.

a. 4,800 copies of the small AMSPELL newspaper were mailed to Cuba. This issue was dedicated mainly to the situation of prisoners in Cuba. (Attachment No. 1, under separate cover.)

b. The AMSPELL international bulletin was mailed to its normal recipients during April. The Spanish edition was produced in 2,900 copies (Attachment No. 2, under separate cover.) The English and French editions were produced in 1,925 copies each (Attachment Nos. 3 and 4, under separate cover.)
