He has made available copies of incoming and outgoing manifests of Cubana flights between New York and Havana. New York has pointed out that [PSI] has not furnished data of unusual value; but because of his position, has a good potential. CIA advised Liaison Agent Papich it would not contact [PSI] until it had received authority to do so from Bureau. Before allowing CIA to make contact with [PSI], it is believed it would be best for our interests to determine if [PSI] can actually assist CIA. If he is in position to assist that Agency, we will then consider what stand to take in this matter. (c)
