There  
are  
Dan Neisclair's  
initials

expertise in East Asian  
& CI.

inhouse investigations:

never did any of them.

did work on an "Oswald  
Task Force"

2 or 3 <sup>FOIA</sup> suits late 9 or 10/75.  
info had to be processed  
& C/CIS decided to have  
ops off do review.

<sup>03</sup>  
[DN] one as well as a  
primary contact @  
2 investigators from SSC.  
which was going on at  
same time

"much the same as Russ  
Holmes is doing right now"

no research & analysis  
that he was aware of.

CI/SIG - heard of →  
apparently component

(3)

under Angleton before  
(DN)<sup>03</sup> joined staff.  
never clear what did  
"tightly held compartmented  
component"  
may have dealt w cooks  
& ciphers - there is still  
a "residual branch" in  
CIS that deals w that

C/IG was part of O R+A.

"D" was (is) component  
that deals w NSA - all  
matters

Station "close support  
teams" monitored commo  
per NSA requirements

D had responsibility on  
Agency's part to respond  
to NSA requirements

separate from CTS.

TSD → support for tech.  
ops also separate.

④

was not "Special Intelligence"  
was "Investigations".

if SIG worked codes  
would have had high  
level liaison @ D.  
+ SIG may have been  
tasked by D for things  
that required CI knowledge  
pure supposition.

Ray Rocco or Russ Holmes  
would know best about  
SIG.

SIG would have opened  
201 cause HHO defector.

only 2 pieces of paper  
Agency originated prior  
to assn.

a year to open? doesn't  
know if unusual - he  
would have opened in  
59 on first hearing. Could  
have been a soft file

ME: P's

but never heard of  
consolidation of files  
when Rocky commission  
looked into it.

Micktenbaugh "hits a note"  
but can't recall.

Didn't know Annie wrote  
History.

only photo he recalls  
in file is MMM.

ID's CE 237.

doesn't recall series

Bustos doesn't ring a bell

PAUL HARTMAN - Rocca's "howcho" on  
INVESTIGATION

⑥

material withheld from  
SSC - about 10 documents  
but were shown to them  
on specific request.  
irrelevant sources +  
methods - identity of  
agents.

met Rocca twice - CAN'T  
RECALL when. - SAT IN ON  
A SSC SESSIONS @ him.

never have been able to  
locate delimitation agree.  
has never heard of it  
but "from his lips."

Rocca's memos: interesting  
theory in sense Castro  
was trying to give us  
a signal. But wondered  
why Rocca waited ten  
years to advance it.

Svenson: no Belts.

Piccolo - okay memory -  
sometimes fuzzy.
