MEMORANDUM FOR: Director of Personnel
VIA: Deputy Director for Operations
FROM: Chief, European Division
SUBJECT: Request for Extension of the Services of
Thomas B. CASASIN (P), Retired Annuitant,
under a Memorandum of Oral Commitment

1. Action Requested: Your approval is requested to extend the services of Thomas B. CASASIN (P) under a Memorandum of Oral Commitment for the period 1 July 1975 to 31 December 1977. The only compensation to CASASIN would be money equivalent to shipment costs for a maximum of 1,000 pounds of personal effects from Paris, France, to the United States. Since CASASIN is an Independent Contractor, the amount of money given CASASIN will be considered taxable income for tax year 1977.

2. Basic Data and Background: CASASIN, born 20 January 1924, has been employed by the Agency since 1949. Twelve years of this period were spent as a Staff Employee, seven of which were at Headquarters and five years, 1955-1960, were spent in Tokyo. In 1962 CASASIN was assigned to Paris under nonofficial cover as a Staff Agent. In 1972 he was converted to Career Associate status to coincide with his cover employment with UNESCO, a position he attained on his own initiative. CASASIN retired as a GS-15, Step 10, on 30 June 1974 and with proper Headquarters approvals was utilized by Paris Station as an Independent Contractor, effective 1 July 1974. His compensation was in accordance with the 90 percent provision of HR 20-13 a(1) (c) (1).

3. Staff Position: Due to his growing employment involvement at UNESCO, CASASIN requested, and the Paris Station agreed, not to renew his written Independent Contract, due for renewal 1 July 1975. However, since CASASIN is willing to meet informally

with the Station, the Station requests a Memorandum of Oral Commitment to be effective for the period CASASIN remains in UNESCO's employ, which is expected to terminate in 1977. CASASIN's experience as an Operations Officer and, specifically, experience and operational contacts derived through his present employment position in Paris are sufficiently valued by the Paris Station to request the continuation of CASASIN's services under a Memorandum of Oral Commitment.

4. Recommendation: Your approval is requested to continue CASASIN's services under a Memorandum of Oral Commitment for the period 1 July 1975 to 31 December 1977 with total compensation being money equivalent to the cost of shipping a maximum of 1,000 pounds of personal effects from Paris, France, to the United States.

MEMORANDUM IN LIEU OF FITNESS REPORT

SUBJECT : Thomas B. CASASIN

PERIOD COVERED: January - June 1974

Although I have been the Station case officer for Subject only since January 1974, I have been acquainted with his performance for the Station for the past 5 1/2 years through my assignment in the French Branch at Headquarters and, for the past 2 1/2 years, as the Station officer responsible for UNCAIRD operations. I have always considered CASASIN to be a highly skilled, experienced senior case officer thoroughly devoted to the work of BKHERALD. He is becoming increasingly effective in his present cover position at UNCAIRD, operating against both Soviet and PRC targets, and I am delighted that he has agreed to continue his cooperation with the Station as a field agent following his retirement from BKHERALD effective 30 June 1974. CASASIN can look back with pride over his years of service with BKHERALD but he can also look forward to additional years of highly useful, productive work for Paris Station.

CASASIN's attitude can best be summed up by a comment on my first operational meeting with him following his official retirement. He instinctively went immediately to a discussion of operations, not of retirement. I am confident that CASASIN will continue to be a highly motivated, effective asset of Paris Station, and I wish him well.

SECTION D

The attached Memorandum in Lieu of a Fitness Report should be read in conjunction with the NOC Status Report on Subject for the period ending 31 March 1974; these reports overlap somewhat in the period covered. As has been indicated by both Russell N. SKOGSBERG, who prepared Section I, and George T. HEMSLEY, who prepared Section III of the NOC Status Report, Subject is an impressive officer who has developed superb cover for himself but who has been only reasonably effective in identifying, developing and turning over useful access agents to the Station. While endorsing the general thrust of the Memorandum in Lieu of a Fitness Report, the undersigned also feels that Subject should bring a sharper focus to bear on developing in-depth relationships with those persons who have the potential of becoming quality access agents to priority targets. Subject meets and knows many people in his milieu, including Soviets; he reports in considerable volume on these contacts. We encourage him to concentrate on a few of these contacts and to plumb them to their depths. The undersigned joins SKOGSBERG in wishing Subject well and in paying recognition to his motivation and his attitude.

Subject's Specific Duties remained essentially as described in his previous Fitness Report (for the period 1 January - 31 December 1973). I would rate him on these Specific Duties as he was previously rated.

FITNESS REPORT - FIELD TRANSMITTAL

SPECIAL NOTE

Fitness Reports must be prepared with due regard for security considerations. For example, in the case of administrative and support personnel and others whose duties do not in themselves reveal sources of information and methods of operation, it is normally expected that a complete and realistic statement of specific duties may be reported in Section B. However, the nature, source, purpose or disposition of information or operations will not be included. On the other hand, the description of specific duties of certain other employees may jeopardize security and should not be fully reported on this form. In these cases, general statements of specific duties will be included in Section B indicating the level of responsibility.

INSTRUCTIONS

The following items of the Fitness Report will NOT be completed by field personnel:

MEMORANDUM FOR: Director of Personnel
THROUGH : Deputy Director for Operations
SUBJECT : Request for Approval to Utilize
Thomas B. CASASIN (P) as an Independent
Contractor
REFERENCE : DD/P 6-1818, 2 May 1966

1. Action Requested: The European Division requests approval to utilize Thomas B. CASASIN (P) as an Independent Contractor subject to the terms regarding employment of annuitants as set forth in the reference. CASASIN has just opted for retirement under the Agency Retirement Program effective 28 June 1974.

2. Basic Data or Background: CASASIN, born 20 January 1924, has been employed by the Agency since 1949. He held several positions in Headquarters and from February 1955 until October 1960 served in Tokyo. Until his departure for Paris he served as a Branch Chief in the then SR Division. In 1962 CASASIN was assigned to Paris under non-official cover as a Staff Agent to work on the Soviet target. He remained a Staff Agent until his conversion to Career Associate status in 1972.

3. Staff Position: In 1972, with Paris Station approval, CASASIN on his own initiative obtained an editorial position with IDENTITY. This cover job affords him the unique opportunity to establish and maintain contact and access to a variety of target personalities. Despite a heavy cover load, he has been able to make useful operational contributions

to the overall Station effort against the Soviet Bloc and more recently, the PRC target. His current appointment with IDENTITY has recently been extended until 31 May 1977. We would like to continue to utilize CASASIN's professional talents and his natural sustained access to priority targets in IDENTITY. CASASIN will retire at the GS-15 step 10 level. In accordance with Agency regulations CASASIN's proposed gross annual contract salary of \$8,000 plus his annuity will not exceed ninety percent of his salary at the time of retirement.

4. Recommendation: It is requested that approval be granted to employ Thomas B. CASASIN (P) as an Independent Contractor.

He obtained this job without BERNARD assistance and the salary offset approximately 40% of the total cost of this activity. This cover job was possible because of subject's extensive, solid background in scientific journalism and his French fluency. His cover is impeccable because he is capable of a first class, professional performance on this job and he was selected for the job solely on his professional qualifications in competition with other highly-qualified persons.</p> <p>A solid cover situation is useful only to the extent that it serves as a base for BERNARD activities. Despite a full time job and unwitting superiors and co-workers, Subject has done a full time job for BERNARD. He has maintained an intensive dialogue with one Soviet official, frequent contact with others, and he is developing additional Soviet contacts in his cover organization. He has also established initial contacts with Chinese officials and has laid the foundation, through the cover organization, to develop and maintain direct and long-term contact with certain of these targets. He has been effective and ingenious in devising direct access to this difficult target and to others having access.</p> <p>Subject devotes about 50% of his operational effort to the Soviet and Chinese targets. His operational reporting reflects these priorities and it is timely.</p>

<p>During the period under review, this BOC moved into a highly sensitive but potentially very valuable new cover situation, in which he has infinitely greater access to Soviet and Chinese targets. The BOC is also superbly equipped to handle this new position, by virtue of previous experience, linguistic competence and substantive knowledge of the field of endeavor. He should, in our judgment, do a first-class job, both for the cover employer, and for the Organization as well.</p> <p>With respect to the specific duties set forth in the first section of this report, this reviewer would not have rated specific duty number two at the "0"</p>

complete and literate. Despite his relative isolation as a NOC, he is well aware of priority objectives, concentrates his efforts in these areas and does not waste time on operationally marginal activities.

As is normal in a NOC situation, subject has no supervisory duties with BIKERD personnel but his cover job provides supervisory responsibility. Subject is meticulous in presentation of financial accountings and his operational expenses are modest. There are no administrative problems related to this project.

SECTION D (cont'd) REVIEWING OFFICIAL

level; in point of fact, it would, in the writer's opinion, merit a solid "S", but no more. Recognizing that such ratings are perforce subjective, and that the rating officer has a closer, almost daily experience factor, nonetheless, the reviewer simply does not believe that the written record of the NOC's accomplishments on the specific targets will support an "O" rating at this time. Even accepting the limitations which the cover situation imposes upon the NOC, he has still not performed in a manner which would correspond to the literal definition of "O".

Other than this divergency, the reviewer shares the laudatory comments set forth in the narrative on this NOC. He is all the things the rater has stated and more: highly intelligent, versatile, linguistically extremely well qualified, and professionally experienced in his cover role. He has begun very well to utilize this new cover position on the Organization's behalf, and it is quite accurate to note that the NOC landed this particular plum (in terms of competition for the cover vacancy) solely on the basis of his own demonstrated talents in the cover context.

In sum, this is an experienced, effective NOC, whose new cover affords him an expanded natural access to a host of the Station's primary targets; he has begun to exploit this access in a sound, logical fashion, and the period ahead should further document the utility of his key situation to our operational programs. In fairness to all concerned, it is simply too early in this new position to attempt a definitive judgment of the depth of access which can be derived from it.

Comments by Chief, EUR France:

Although concurring with an overall rating of "S", I consider the "O" ratings for specific duties numbers one and two to be somewhat high and I recommend an "S" for both. Casasin certainly has maintained his cover and we anticipate he will be able to preserve it in his new job. He has just begun to initiate contacts with Soviet personnel of operational interest and it remains to be seen how effectively Casasin can exploit this situation.

NOCAD/MB REVIEWING OFFICER COMMENTS:

Whether Specific Duty No. 1 is rated "O" (as by the Station rater and reviewer) or "S" (as by the EUR Division reviewer), the fact remains that CASASIN is melding his overt life and operational activity against a primary Station target with a degree of success not often achieved by Agency officers.

CASASIN's response to requirements based in NOCAD administrative and managerial responsibilities has been prompt and efficient; in this additional specific duty we rate his performance "Strong".

In view of his initiative and competence in a demanding and sensitive NOC assignment, NOCAD agrees with CASASIN's overall performance rating of "Strong".

During the period covered by this report, Subject has settled into his new cover job as an upper-level executive in an international organization. This salary offsets approximately 40% of the cost of maintaining this NOC in Paris. His cover is, however, excellent for other than financial reasons: Subject's experience and skills are such that he is admirably qualified to perform the job and is doing outstanding work in the eyes of his peers and supervisors, all of whom are unwitting. More importantly, it places him in a situation where he has normal, daily contact with numerous Soviet officials and by skillful use of his cover job he concocts logical reasons for contacting Chinese officials to whom he does not have natural access. In addition to direct contact to target individuals, Subject uses his position to spot and assess co-workers having access to Station targets.

The area of Subject's performance most in need of strengthening is follow-up development of operational targets. His cover situation is somewhat unique for a NOC in that it puts him in daily contact with his priority target group: Soviet officials and other potential agents having direct access to Soviet officials. This access is not fully exploited. He should make a concerted effort to expand social and/or business contacts with the four or five Soviet officials who work in close proximity to him and to seek out and assess eight or ten third

I concur with the supervisor's letter ratings and with the substance of his narrative comments. Put as simply as possible, Subject has done an outstanding job in establishing superb access cover; it now remains for him and the Station to exploit it operationally. On the basis of his ability during the reporting period to establish meaningful relationships with target Soviets or to spot and assess leads to potential agents who can, Subject's retention in this assignment would not be justified in terms of costs. The 40% rebate does make this effort entirely defensible, however, but Subject should understand that we expect more concrete results now that his cover position has been solidified.

country nationals who work in the same offices as these Soviet officials. The objective is more first hand reporting by Subject on Soviet officials and assessment reports on several of his co-workers who can be selected and recruited (based on his assessment reports) by other case officers to serve as access agents to Soviet officials.

Despite long service as an NOC, Subject's knowledge of and responsiveness to Organization priorities and requirements has not weakened. He concentrates on priority targets and his operational reporting is complete, on target and highly literate.

As is normal in an NOC position, Subject has no supervisory duties over Organization personnel although his cover job does include supervisory responsibilities. Subject is meticulous in his presentation of financial accountings and his operational expenses are modest. There are no administrative problems related to this project.

SPECIAL NOTE:

Fitness Reports must be prepared with due regard for security considerations. For example, in the case of administrative and support personnel and others whose duties do not in themselves reveal sources of information and methods of operation, it is normally expected that a complete and realistic statement of specific duties may be reported in Section 8. However, the nature, source, purpose or disposition of information or operations will not be included. On the other hand, the description of specific duties of certain other employees may jeopardize security and should not be fully reported on this form. During the period covered by this report subject's job with a scientific publication was terminated for economy reasons. He has now, by his own efforts and with no BKTRUST help, obtained a similar position (as of mid-March the contract has not been signed but it is almost certain that he has the job) with an international organization. The job is at a professional level with a salary that will offset approximately 40% of the total cost of this activity. His French fluency and background in scientific journalism were instrumental in obtaining this job. Subject's operational security is good and all indications are that his cover security is superb.

Despite a full time cover job, and completely unwitting employer, subject has maintained a high output for BKTRUST. He has maintained frequent and meaningful contact with two MHHARSH nationals in Paris and with an MHHARSH couple in another European city. The flow of spotting reports is equal in number and quality to those produced when his cover work was less demanding. One person spotted and assessed by subject was successfully recruited by an "inside" case officer. Subject's cover situation precludes the possibility of his recruiting.

SECTION C NARRATIVE (continued)

It has been noted in past fitness reports that subject was weak in long-range, operational development of a target. The ease and probable success of an extended development is a function of the personalities involved. During this reporting period subject has conducted a sustained development of an MHHARSHER despite their different ages and divergent personalities thus demonstrating improvement in this area.

At some times appears that subject's reporting could be more precise and more closely attuned to BKTRUST objectives. This is probably the result of time limitations, and the NOC officer's knowledge of BKTRUST needs is lessened by his relative isolation.

As is normal in a NOC situation, subject has no supervisory duties with BKTRUST personnel. His cover job provided supervisory responsibility. Subject is meticulous in presentation of financial accountings and his operational expenses are modest.

Section 3 - Comments by Reviewing Official

The career of this NOC officer has reached a crucial juncture; if, as we currently anticipate, he succeeds in landing the position for which he appears to have the inside track, he will gain access to an institution and its employees which could prove to be invaluable. His new function will permit the widest possible access to a variety of targets, and with careful guidance, his utility as a spotter and assessor should improve very substantially.

The report notes that this officer has conducted a lengthy dialogue with an MHARSH target; it is quite accurate that our NOC has handled himself well in a situation where disparity in age and background renders the relationship somewhat incongruous. Nonetheless, accuracy requires that we record that the NOC's interlocutor has obviously not maintained this ongoing relationship solely for altruistic motives, and has, in point of fact, on one occasion suggested that the NOC might wish to "help" him in the preparation of restricted distribution reports on the local situation, even though the particular topic was in itself totally innocuous. For these reasons we continue to monitor this relationship with great care, particularly since we simply cannot assess its longer range viability and the direction it is likely to take.

In sum, the NOC has done the best he could under somewhat trying circumstances, exacerbated by the severe economic problems of his erstwhile employer, which led to the NOC's being separated from that position at the end of last year. Through his own efforts, the NOC learned of the vacancy for which he has applied, and by assiduous and discriminating manipulation of his extensive connections on the local scene, has managed to maneuver himself into becoming the leading candidate for the post. If he is accepted for this position, his value to the Organization will unquestionably increase by a quantum leap, and we are consequently optimistic concerning his future ability to make an impressive contribution to Organizational goals on the local scene.

Dear Mr. Casasin:

The United States Government, as represented by the Contracting Officer, hereby contracts with you as an Independent Contractor to render professional services of a confidential nature under the following terms and conditions:

1. Fee. For professional services rendered hereunder, you will be paid a fee calculated at the rate of \$8,000 per annum. Payments will be made as requested by you in writing in a manner acceptable to the Government.

2. Taxes. As an Independent Contractor, monies paid you under paragraph one (1) above constitute taxable income for Federal tax purposes and you must satisfy your Federal tax liability thereon. Such income may be paid you by or through a cover facility. Because of cover, operational and security considerations, the Tax Board or this organization is authorized to make certain determinations and establish procedures (including tax withholdings) which will result in the full satisfaction of your Federal income and Social Security tax obligations. It is specifically understood and agreed that such determinations and procedures, whether oral or written, constitute an integral part of this contract and are legally incorporated herein by reference.

3. Travel. You will be advanced or reimbursed funds for travel and transportation expenses for you and your dependents to and from your permanent post of assignment and for you alone for authorized operational travel. In addition, you will be entitled to storage of such household and personal effects as are not shipped in conformance with applicable organization policies and procedures. You may be entitled to per diem in lieu of subsistence in the course of all travel performed hereunder and when authorized for you alone while on temporary duty away from your permanent post of assignment. Upon your satisfactory completion of services hereunder, you will be authorized transportation expenses for you, your dependents and your household and personal effects to your recorded permanent place of legal residence in the United States. All travel, transportation and per diem provided for under this paragraph must be properly authorized and expenses incurred herewith are subject to payment and accounting in substantial compliance with Government regulations or your cover facility, whichever is directed by the Government.

4. Operational Expenses. You will be advanced or reimbursed funds for necessary operational expenses including, but not limited to, entertainment and the purchase of information, as specifically approved by the Government. Such funds will be subject to payment and accounting in substantial compliance with applicable Government regulations.

5. Repayment. It is recognized that your failure to account for or refund any monies advanced you hereunder shall entitle the Government to withhold the total amount of such indebtedness or any portion thereof from any monies due you under the terms of this contract in such manner as it deems appropriate.

6. Execution of Documents. If, during your utilization hereunder, you assume the custody of Government funds or take title of record to property of any nature whatsoever and wherever situate, which property has in fact been purchased with monies of the U. S. Government, you hereby recognize and acknowledge the existence of a trust relationship, either express or constructive, and you agree to execute whatever documents may be required by this organization to evidence this relationship.

7. Status. Your legal status under this agreement is that of an Independent Contractor. Nothing contained herein shall be construed as implying the creation of an employee-employer relationship.

8. Requirements. Requirements levied upon you by this organization hereunder are a part of this contract provided they are not inconsistent with the terms hereof.

9. Unauthorized Commitments. No promises or commitments pertaining to rights, privileges or negotiated benefits other than those expressly stipulated in writing in this agreement or any amendment thereto shall be binding on the Government.

10. Secrecy. By virtue of personal knowledge acquired during this and any previous association, you will become privy to employees, associates, plans, programs, methods and the like of this organization, in particular, and the U. Mr. Thomas B. Casasin

Dear Mr. Casasin:

The United States Government, as represented by the Contracting Officer, hereby contracts with you for your services as a Career Agent under the following terms and conditions:

1. Status. Your status is that of a Government employee under contract and, as such, your rights and benefits are governed by the provisions of this agreement. It is specifically understood that you are not entitled to rights and benefits pertaining to appointed staff status, except as provided herein.

2. Cover. In the performance of your services hereunder, you will act under cover suitable to conceal your relationship with the Government. It is expressly understood and agreed that any and all documents which you may execute in the course of such cover employment are subordinate to this agreement and any contradiction of terms which may in any way amplify, extend or restrict your rights and/or obligations hereunder shall be resolved by this agreement which shall always be dominant.

3. Compensation. In full consideration for your services as a Career Agent, and subject to the provisions set forth in paragraph four (4) below, you are guaranteed payment of a basic salary of \$33,260 per annum, the equivalent of a GS-15/10. In addition, you are herein authorized legislative salary adjustments and a post differential in substantial conformance with rules and regulations applicable to Government appointed personnel. Your Federal Tax liability, benefits, retirement and the like shall be based upon said basic salary.

4. Disposition of Cover Emoluments.

(a) Earned Cover Income.

(1) Earned cover income is herein defined as income (including benefits in kind) received by you from your cover activities, which income does not have as its source the Government (this organization) or for which reimbursement from the Government has not nor will be sought by the cover activity.

(2) Earned cover income in an amount initially computed at the rate of \$1449 per annum may be retained by you in addition to your basic contractual salary for the first three consecutive years of successful service hereunder; thereafter, at the rate of \$2000 per annum.

(3) Earned cover income in excess of that set out in subparagraph two (2) above will be offset and thereby reduce your basic contractual salary by a like amount.

SECRET

(4) You will initially report to this organization, upon assumption of cover status and thereafter on an annual basis, your rate of cover compensation. Any changes during the year will also be reported. This organization will pay your basic contractual salary (initially \$33,260) until such time as reports indicate cover income in excess of that set out in sub-paragraph two (2) above. You will thereafter be paid at your full rate of compensation less anticipated earned cover income based on the last report. Adjustments, if any, will be made following receipt of the year-end report. Failure to timely submit reports may result in a delay or suspension of contractual payments due you hereunder.

(b) Other Cover Emoluments. With the exception of earned cover income, emoluments (including benefits in kind) received from or through your cover activities are the property of the Government and will be disposed of at such times and in such a manner as the Government may prescribe.

5. Taxes. (a) As an employee of the Government, you must satisfy your Federal tax liability on the taxable income paid to you under paragraph three (3) above. Such income may be paid you by or through a cover facility. Because of cover, operational and security considerations, the Tax Committee of this organization is authorized to make certain determinations and establish procedures which will result in the full satisfaction of your Federal income tax liability on said income. It is specifically understood and agreed that such determinations and procedures, whether oral or written, constitute an integral part of this contract and are legally incorporated herein by reference.

(b) You will not be required to bear the expense of foreign taxes on income paid or guaranteed you by the Government under paragraph three (3) above. You will be reimbursed for such foreign taxes paid by you, consistent with your cover.

6. Allowances. You will be entitled to: (a) Living quarters allowances in conformance with regulations of this organization applicable to its appointed personnel. In the event you are furnished quarters by your cover facility or the Government you will not be entitled to the living quarters allowances herein indicated.

(b) Cost-of-living allowances in conformance with applicable regulations of this organization including, but not limited to, a post allowance or, if applicable, an equalization allowance in lieu thereof, a supplementary post allowance, a transfer allowance, a home service transfer allowance and a separation allowance.

SECRET

7. Travel. You will be advanced or reimbursed funds for travel and transportation expenses for you, your dependents, your household effects and your personal automobile to and from your permanent post of assignment, and for you alone for authorized operational travel. In addition, you will be entitled to storage of such household and personal effects as are not shipped in conformance with applicable Government regulations. You will also be authorized shipment of household effects, presently stored in Paris, France, for combination with such household effects as are presently in storage within continental United States. You may be entitled to per diem in lieu of subsistence in the course of all travel performed hereunder and, when authorized, for you alone while on temporary duty away from your permanent post of assignment. All travel, transportation and per diem provided for under this paragraph must be properly authorized, and expenses incurred hereunder are subject to payment and accounting in compliance with applicable Government regulations or according to the established policies of your cover facility, whichever is directed by the Government.

8. Operational Expenses. You will be advanced or reimbursed funds for necessary operational expenses including but not limited to payment of fringe benefit program costs, of your cover organization (including retirement, health and life insurance) when it is determined by this organization that membership therein is necessary for cover and/or security, also entertainment and the purchase of information, as specifically approved by the Government. Such funds will be subject to payment and accounting in compliance with applicable Government regulations or according to the established policies of your cover facility, whichever is directed by the Government.

9. Repayment. It is recognized that your failure to account for or refund any monies advanced you hereunder shall entitle the Government or your cover facility to withhold the total amount of such indebtedness or any portion thereof from any monies due you under the terms of this contract in such manner as it deems appropriate.

10. Benefits. (a) By virtue of your employment relationship with the Government hereunder, you are entitled to coverage under the Federal Employees' Compensation Act, as amended. Claims by you, your heirs, or legal representatives under this paragraph will be processed by this organization in accordance with its procedures in such manner as not to impair security.

(b) You will be entitled to sick, annual, and home leave (including travel expenses incident thereto) equal to and subject to the same rules and regulations applicable to Government-appointed employees. Annual leave may only be taken at times and places approved in advance by appropriate representatives of the Government or cover officials. All accrued but unused leave credited to your account under previous employment with the United States Government will be transferred to the leave account established for you under this agreement.

(c) You will be entitled to the continuance of pay and allowances in a manner similar to that set forth in the Missing Persons Act.

SECRET

(d) Your participation in the Retirement and Disability System of this Organization is preserved by virtue of your transfer without a break in service from a position of employment wherein qualification for such status was achieved. Contributions into the Retirement and Disability Fund will be deducted from the basic compensation due you hereunder.

(e) You are herein authorized continued coverage under the Federal Employees' Health Benefits Act. This organization is presently authorized to bear a portion of the premium cost, you will bear the remainder. Your financial contribution will be effected either by payroll deduction or by direct remittance at periodic intervals to be established by this organization.

(f) You are herein authorized continued coverage under the Federal Employees' Group Life Insurance Act unless you have previously executed a written waiver of said coverage. This organization is presently authorized to bear a portion of the premium cost, you will bear the remainder. Your financial contribution will be effected either by payroll deduction or by direct remittance at periodic intervals to be established by this organization.

(g) (1) This organization is authorized to pay the cost of necessary hospitalization and related travel expenses for illness or injury incurred by a United States citizen full-time Contract Employee in the line of duty while abroad.

(2) This organization may pay certain necessary costs of hospitalization and related travel expenses for illness or injury incurred by the dependents of a United States citizen full-time Contract Employee permanently assigned abroad, while they are located abroad.

It is understood and agreed that the eligibility and extent of the participation by you and your dependents in the above medical programs will be in conformance with the rules, regulations, and policies of this organization in effect at the time an illness or injury is incurred, that all claims will be submitted only to this organization and that adjudication of such claims by this organization shall be final and conclusive.

(h) You will be entitled to claim reimbursement for loss of personal property pursuant to applicable Government regulations.

11. Offset. Emoluments (including benefits in kind) received from or through your cover activities are the property of the U. S. Government. Procedurally, such emoluments will be offset against amounts due you under this agreement and are acknowledged to be payment by the Government hereunder and for federal income tax purposes. If cover emoluments exceed those due you under this contract, you will dispose of the excess amount in conformance with governmental instructions.

SECRET

12. Execution of Documents. If, in the performance of services under this contract, you assume the custody of Government funds or take title of record to property of any nature whatsoever and wherever situate, which property has in fact been purchased with monies of the U. S. Government, you hereby recognize and acknowledge the existence of a trust relationship, either express or constructive, and you agree to execute whatever documents may be required by the Government to evidence this relationship.

13. Secrecy. (a) You will be required to keep forever secret this contract and all classified information which you may obtain by reason hereof (unless released in writing by the Government from such obligation), with full knowledge that violation of such secrecy may subject you to criminal prosecution under the espionage laws of the United States and other applicable laws and regulations.

(b) In the event you marry or remarry during the term of this contract, you agree to advise this organization at least one hundred twenty (120) days in advance of such contemplated marriage, or otherwise as soon as known, and to furnish such personal history data on your prospective spouse as may be required by this organization. You understand and agree that should this organization determine that your marriage would limit or otherwise impair your usefulness to the Government, this contract may be terminated.

14. Instructions. Instructions received by you from the Government in briefing, training or otherwise are a part of this contract and are incorporated herein, provided that such instructions are not inconsistent with the terms hereof.

15. Reassignments. During your period of service under this agreement, it may be necessary for this organization to terminate an assignment for reasons beyond your control. In such event, you will be given every consideration for other assignments appropriate to Career Agents.

16. Unauthorized Commitments. No promises or commitments pertaining to rights, privileges or benefits other than those expressly stipulated in writing in this agreement or any amendment thereto shall be binding on the Government. Specifically, you herein acknowledge that this organization makes no commitment, either express or implied, that appointed employment status will be offered you at the conclusion of or during your period of contractual service.

17. Term. This contract is effective as of 15 May 1962 and shall continue thereafter for an indefinite period unless sooner terminated:

(a) Upon ninety (90) days' actual notice by either party hereto,

(b) Upon actual notice to you in the event the results of an initially required medical examination are determined by this organization to be unsatisfactory, or

AMENDMENT TO
SUPPLEMENT TO STAFF AGENT PERSONNEL ACTION
FOR THOMAS B. CASASIN

Mr. Thomas B. Casasin

Dear Mr. Casasin:

Reference is made to your Staff Agent Supplement, effective 5 August 1962.

Effective 27 September 1965, all reference to income is deleted from that supplement and the following provision is substituted:

Taxes. As an appointed employee of the Government you must satisfy your Federal income tax liability on taxable income paid to you. Such income may be paid you by or through a cover facility. Because of cover, operational, and security considerations the Tax Committee of this organization is authorized to make certain determinations and establish procedures which will result in the full satisfaction of your Federal income tax liability on income directly received as a result of your Federal employment. Such determinations and procedures constitute an integral part of your Staff Agent administration.

SECTION C		NARRATIVE COMMENTS	
<p>Indicate significant strengths or weaknesses demonstrated in current position keeping in proper perspective their relationship to overall performance. State suggestions made for improvement of work performance. Give recommendations for training. Comment on foreign language competence, if required for current position. Amplify or explain ratings given in Section B to provide basis for determining future personnel action. Manner of performance of managerial or supervisory duties and cost consciousness in the use of personnel, space, equipment and funds, must be commented on, if applicable. If extra space is needed to complete Section C, attach a separate sheet of paper.</p>			
<p>During the period under review, Subject managed to gain full-time employment as a senior executive of an HBSPRITE government subsidized scientific publication at a time of economic slowdown when jobs were not easy to get. He did this without help from Headquarters or the Station. Such an achievement is a tribute to Subject's fluency in French, his ability to write, his general scientific know-how and his good business sense. Over half of his salary therefore is now paid by this company. In converting to full-time employment, a major adjustment, Subject's contribution to the Station operations in the MHHARSH and TFFAST fields against which he is targetted temporarily decreased somewhat. Subject continued, however, to maintain contact with three local MHHARSH officials and initiated contact with three others. He also continued to search for new leads to personalities in the priority areas assigned to him. Subject has the capability to call on local scientists or technicians of just about any nationality with the possible exception of TFFAST citizens. He has used this near-unique potential well.</p> <p>Subject has had occasional difficulty switching from "professional" or intellectual subjects in his development of MHHARSH personalities or access prospects to more down-to-earth interests necessary --con't--</p>

<p>The Station submitted comments on Subject officer recently in OFPT-16549 (8 April 1971), to which we should add that Subject has, largely on his own merits, acquired a solid and potentially highly useful cover employment. However, this new employment will demand a very substantial amount of time and energy from Subject, and the unanswerable question at the moment relates to his availability for Organizational tasks. We shall need additional time and careful working with this officer to determine the answer, since the fiscal outlay from the Organization to support his continued stay in Paris is still quite</p>

Section C (continued)

to the development of human relations. His forte is therefore more in the field of spotting and making operational contacts than in that of more than short-range operational development. Subject's operational situation makes it impossible for him to attempt recruitments. Thus, his very real achievements are not by essence of the spectacular variety.

Subject's reporting has been satisfactory and continue to be copious. He could, however, further improve the selectivity of the leads provided the Station and make more of an effort to "digest" the information contained in his reports.

Although Subject has, at present, no supervisory function, he has repeatedly requested such a responsibility. He is careful with operational expenses and has exercised good security.

During the period under review, additional efforts have been made to make full use of Subject's potential and integrate him further in the work of the station component with which he works. He is a particularly valuable asset for the Station programs directed against the local MHARSH and TFFAST targets.

substantial. In a word, is it worth it? We do not yet know, although our initial impressions are favorable.

On the fitness report itself, this rater would have preferred an "S" rating for specific duty number one; Subject may ultimately deserve an "O", but it does not seem warranted at the present time. Moreover, I believe the overall rating would more properly have been in the higher range of the "P" category, rather than "S", but it is of course a subjective judgment of the rating officer, who is more intimately and directly involved with Subject on a frequent basis.

In sum, the cover is superb, and only time will reveal to what extent the cover requirements permit a full measure on behalf of the Organization. We are following this aspect closely and will be commenting upon it subsequently as we gain experience and knowledge.

NARRATIVE COMMENTS

Indicate significant strengths of the assessee demonstrated in current position listing, in proper perspective, their relation to overall performance. State suggestions made for improvement of work performance. Give recommendations for training. Comment on foreign language competence, if required for current position. Amplify or explain ratings given in Section B to provide basis for determining future personnel action. Mention of performance of managerial or supervisory duties and cost consciousness in the use of personnel, space, equipment and funds, must be commented on, if applicable. If extra space is needed to complete Section C, attach a separate sheet of paper.

The comments of the rating officer are limited to the period from October 1969 to March 1970 during which he worked with Subject. The previous rating officer has added his comments to allow coverage of the total indicated period from April 1969 to March 1970. During this period Subject was integrated in a new team assigned to the local S&T and Commercial MHWARSH target. Subject's recent activity has been very productive indeed. Subject used the excellent potential given to him by his cover to skillfully spot and assess access agent candidates. As Subject's operational situation in Paris precludes making recruitment, the most promising of these candidates was placed in contact with a Station officer during social events Subject organized. At the same time, Subject continued his efforts to develop personal relationship with several MHWARSHers. The beginning of personal, as opposed to purely professional, relations with a major MHWARSH target enabled him to obtain insight into the target's beliefs and personality which was the best the Station had to date. Subject also managed to establish contact with two other MHWARSH representatives of interest. This, in one case, required almost six months to accomplish via a combination of patience, skill and determination. Subject is an experienced officer. He is cost conscious and practices good security. The Station has no other agent with the necessary scientific and editorial know-how, fluent French and local knowledge to replace Subject. In view of this and the recent progress made by Subject in response to very specific requirements and his willingness to try to establish personal and, hopefully, social relations with access prospects and MHWARSH targets, the Station recently recommended that he be extended in Paris. At the same time, the Station recommended that Subject's cover be reinforced by full-time employment with Subject's current MOWAW partner's employer.

As previous Station correspondence and fitness reports will reflect, this officer has been the subject of varying evaluations and projections in recent years. In fairness to him, however, it is equally true that an officer under non-official cover reflects, in the level and quality of his performance, the amount and type of guidance, direction and push he receives from the responsible inside case officer. Making allowance for these variables, this officer's past record has not been impressive; however, it is also correct to note that he has improved substantially during the latter part of the period under review, and that if the Station can work out some fiscal arrangement which will reduce the heavy financial input

from the Organization, his continued presence at this Station definitely appears to be warranted for a sufficient period to reach more definite conclusions concerning the level of sustained performance over a somewhat longer period than that reflected by this report.

On balance, we are pleased that this officer has responded so well to greater case officer direction and that he has undertaken somewhat more aggressive efforts to expand his range of contacts in immediate proximity to the primary Station targets. This officer does bring many talents to bear on his operational activity: he has absolutely fluent French, a solid and exploitable cover, and a vast range of contacts in the local community. Nonetheless, it will require additional time to explore these contacts in depth, select those which appear to be operationally viable, and pursue them actively either to the point of recruitment by another officer or elimination from further development, for whatever reason.

In sum, in spite of the recognized and commendable improvement in this officer's performance during the period under review, the reviewer submits that the letter grade for specific duties 2 and 4 would more properly have been a "P", and that the overall rating, at this point, would more accurately be set at a level between "P" and "S", probably closer to the former than the latter.

This reviewing comment has been read by the officers who prepared the Fitness Report.

During this reporting period subject had very markedly increased the tempo of his activities and contacts. Many agent prospects have been screened and contacts were established with people of interest to several elements of the Station. Subject is particularly thorough and outstanding on specific investigations where he utilized cover in a skillful and imaginative way. He has improved in terms of people development but in this respect he is still best with people in a professionally related context rather than a contrived social context. As mentioned in the previous report subject's cover assignment does not allow him to make recruitments. Subject has a high degree of cost consciousness and does not exercise any supervisory responsibilities.

I do not concur in this rating. I would have given the employee STRONG in the performance of his cover responsibilities, that is to say in the manner in which he has created and expanded his cover. I would have restricted myself to PROFICIENT, however, in assessing his exploitation of that cover for operational purposes. Since the last reporting period Subject's efforts were directed by the Station toward the spotting, developing and assessing WOLADY S&T agent candidates in terms of recruitment and inclusion in the Station's S&T spotting network.

Subject has done thorough and at times imaginative spade work in this field despite the fact that the mission was not as successful as anticipated. Recent progress however would indicate that the next reporting period would be more productive.

Subject continues to respond to ad-hoc specific assignments in an exemplary manner.

Because of the nature of his cover assignment Subject is not authorized to make recruitments.

Subject has a high degree of cost consciousness. He does not exercise any supervisory responsibilities under his cover assignment.

3. It is difficult to place in the proper perspective the contribution of this senior staff agent to Paris Station operations. On the one hand, Subject has established superb cover in the scientific and technical field which should have afforded him virtually unlimited access to persons of interest to us, both Soviet and potential access agents. In evaluating the manner in which the employee set up and managed this cover, I would tend to agree with his comments to the fitness report on the heavy demands on him although these comments are somewhat overdrawn.

The principal difficulty has been the time it has taken to relate the cover potential to the specific operational requirements of the Station. We have not received from CASASIN as many leads and assessment reports to persons of operational interest in the S&T field as we think he could have produced. It may be that the earlier listing of the project (viewed as a regional undertaking) contributed to this.

Recently we have noted significant improvement in that we have received responses to requests we have made for assessment and development of potential access agents within a cover context. We hope, therefore, that this last year of CASASIN's stay will be the most productive ever. It is unfortunate that the cover must end because of the cover company's decisions over which we had no control.

ADDENDUM, Form 45 (Fitness Report), for period March 67-March 68.

Section D

As the individual being rated, I would like to add some remarks to those prepared by the rating officer.

The assignment I have includes managerial responsibilities which (a) are essential to the continued existence and security of the cover mechanism as a vehicle for operational exploitation, and (b) are not necessarily visible to those "on the inside."

In the case of (a), I must engage in a constant orchestration of the cover and the facilities it offers. This means maintaining a managerial equilibrium to insure that cover work will not become, of itself, so demanding that it negates the cover's utility to the CS. In effect, the top officers and middle managers of the cover corporation [who are not cleared and witting] have to be satisfied that their demands are met (or cannot be), or else manipulated in order to neutralize or reject their demands. After all, the cover position is to them a legitimate, normal, workaday post in their firm. What work is done at their bidding, it follows, must be accomplished according to the high standards of thoroughness and accuracy which they have set.

In the case of (b) -- which derives from (a) -- and can prove to be so demanding that the needs of the CS could no longer be served, the incumbent is required to manage a span of human contacts at several levels in order to preserve his cover position and enhance its value to the CS. This means planning, directing and managing the work of multinational, multicultural teams of technical correspondents, as well as meetings and negotiations to improve the [cover firm's] relations with similarly widespread individuals at the levels of editor-in-chief, publisher, corporate vice-president, president, and chairman of the board. These levels are scattered not only through industry, but have their analogs as well in government, higher education, and professional societies.

Having previously managed both a CS base and the principal denied-areas operating component of a major field Station, I can report quite honestly that my present managerial responsibilities exceed the former -- despite the apparent lack of "supervisory responsibilities" in my present position.

Subject continues to maintain a secure effective cover mechanism. In this reporting period the whole thrust and objectives of this cover facility have been changed from pursuit of targets designated by Headquarters at international conferences to pursuit of the local Soviet presence. This has caused a major readjustment and Subject is now beginning to produce the type of leads that help the Station achieve its local operational objectives.

Subject continues to show a well organized methodical approach to his cover and operational tasks.

<p>I rarely see the written product of this employee's efforts and know little of his work except as I am informed of it by his supervisor in the Station. I have the impression, however, that the employee is responding to his supervisor's guidance and is not by any means simply drifting along paths indicated by his cover work, which can be a temptation when an employee has, as is true in this case, rather limited contact with his colleagues who work under official cover on the same target. I thus concur in the evaluation on the basis of limited knowledge.</p>

NARRATIVE COMMENTS

Indicate significant strengths or weaknesses demonstrated in current position and their relationship to overall performance. State suggestions made for improvement of work performance. Give recommendations for training. Comment on foreign language competence, if required for current position. Amplify or explain ratings given in Section B to provide basis for determining future personnel action. Manner of performance of managerial or supervisory duties must be described, if applicable. During the reporting period this employee as a staff agent has continued the solidification of his cover and the expansion of his operational activity within his cover to a point where he represents as deeply buried a staff officer as can be found in anyone with his past organizational background. From the point of view of the host country authorities he appears to be completely legitimate. From the more important point of view of his targets, he also apparently has been accepted, and not through a lack of opportunity for scrutiny, for what he claims to be. He thus represents for KUBARK an asset who has not only solid status and access cover, but also the demonstrated capability for exploiting his cover for specific and aggressive operational undertakings.

As has been stated in past fitness reports, his present capability directly and openly to approach operational targets through the vehicle of his cover is the result of his own efforts, in which he has devoted a tremendous amount of work not only to establish and enhance the foundations of the cover, which requires a considerable amount of work for the cover company, but to devise and exploit ways and means by which the cover activity may be applied directly to operational tasks and programs. In addition to operational activity in his country of assignment, he has also been used in Hqs-directed activity in other countries, usually involving direct contact with target individuals, and in addition he has contributed greatly to the acquisition of operational information for the use of Hqs components in their overall approach to Soviet scientific and technical targets.

It would be difficult to fault this employee with respect to energy, professional skills, and mental capacity. He is a keen student of his operational environment and very skillful in analyzing the possibilities it offers for application toward operational objectives. He shows considerable resourcefulness in devising logical and credible

COMMENTS OF REVIEWING OFFICIAL

Since the Reviewing Officer in the field has not indicated his views on this Fitness Report, I would like to make a comment of my own. Without wishing to detract from anything the Supervisor has said about Subject's performance, I feel obliged to note that the ratings given him in this report are higher than those given, for example, to any Branch Chief in this Division, and, as such, are inconsistent with the grading pattern of the Division as a whole.

approaches to operational problems and personalities, and expends considerable effort in maintaining a level of specialized knowledge sufficient to backstop his cover and to ensure the maximum exploitation of his contacts with target organizations and individuals. His command of spoken, written, and technical French is excellent.

From the point of view of supervision, this employee in his present position requires guidance only insofar as to identify specific targets and for him to protect himself in situations where he does not have, by virtue of his not having access to official files, specialized information. Otherwise, he requires no supervision other than the periodic provision of policy and operational directives.

This employee has always been conscious and punctilious in his preparation of operational and administrative reports, including financial accountings, and his reporting in general, despite the burdens imposed by the necessity for minimizing the risks inherent in the lack of access to classified storage, leaves nothing to be desired.

Other than the funds for operational activities, this employee currently has no responsibility for the programming and use of personnel, space, equipment, and funds.

With respect to dedication to his job, this employee has practically speaking single-handedly built his present cover/operational position despite a number of negative factors inherent to his situation such as relative isolation, meager opportunity for contact with his professional group, and expensive area of assignment, and an exposed cover situation where the necessity for living cover is compounded by the necessity of avoiding mistakes which might jeopardize cover. His dedication to and enthusiasm for accepting the challenge of this assignment, and his willingness to continue on in it, deserve particular mention, particularly since he would perhaps justifiably feel that his present assignment may leave him outside the mainstream of competitive organization progression.

This employee's health and family situations leave nothing to be desired, as his proven mobility in the execution of operational assignments attests.

It should further be noted that with respect to the problem endemic to deep-cover assignments of allocation of time between cover work and operational activity, this employee comes very close to the happy norm of making cover work complement operational work, and making operational work contribute where possible to the enhancement of cover.

While this employee's assignment to date has essentially been a one-man show, it is recommended that serious consideration be given to expanding the operational complex which he has created in order to capitalize on his experience, the work he has put in to date, and his own management capabilities.

*(Section B) - No special recognition of Subject's "Outstanding" overall performance is being requested at this time.

NARRATIVE COMMENTS

Indicate significant strengths or weaknesses demonstrated in current position keeping in proper perspective their relationship to overall performance. State suggestions made for improvement of work performance. Give recommendations for training. Comment on foreign language competence, if required for current position. Amplify or explain ratings given in Section B to provide basis for determining future personnel action. Manner of performance of managerial or supervisory duties must be described, if applicable.

This employee combines the relatively rare combination of a senior and broadly experienced intelligence officer under working cover providing both long-term status in his country of residence (and in Europe in general) and access for a variety of operational functions, including spotting, assessing, contact with Soviet bloc nationals of specific interest, investigative measures, assessment in depth of ostensibly cover-company hired persons, and attendance at a broad range of national and international specialized meetings. Development of the capability operationally to exploit his cover has been the achievement of the employee himself. In so doing he has at the same time achieved genuine acceptance by his cover company associates (most of whom are unwitting) and his colleagues in his cover profession and related professions.

In undertaking operational tasks this employee has consistently shown initiative, imagination, security consciousness, and application of both operational and substantive background to the problem at hand. He has put a conscious effort into improving his already excellent command of the French language, and his grasp of a variety of specialized scientific and technical fields has been achieved basically as a result of his own efforts.

His management of operational reporting, finances, and the administrative problems connected with his cover status has been exemplary.

It should be noted that during the reporting period, this employee has not had the benefit at all times of specific pinpointed operational direction. As of the end of the reporting period, Headquarters assumed control of his activities against

SECTION C

NARRATIVE COMMENTS

The assignment of this employee to the field under non-official cover was designed to compensate for the loss of an employee in an official cover slot which was out from the Station's ODACID allotment of personnel positions.

During the reporting period this employee has accomplished with success the convincing establishment of his cover in a complex milieu, and has been accepted as legitimate by his professional colleagues, the persons whom he meets under cover, and the French authorities. It should be noted that his ability to assume his cover has been largely the result of his own efforts over a period of years to acquire and maintain a familiarity with the general scientific field.

During the reporting period he has developed a wide circle of contacts in the scientific and journalistic fields and applies a long background in a variety of assignments in KUDOVE to the determination and assessment of operational potential among these contacts. At the same time his cover organization, in which only four persons are witting of his actual status, has shown itself to be more than satisfied with his performance of his cover duties.

This employee requires a minimum of detailed operational supervision; it is necessary in specific cases only to indicate the operational or informational objectives.

From the point of view of administrative support, his attention to detail and meticulousness reduce the problems of his support by the Station to a minimum.

This employee uses the French language continuously, and his facility is such as to permit him to handle himself excellently in a broad range of complex technical subjects. He has in addition undertaken specialized French language training to develop this capability further. His operational reporting is excellent both with regard to clarity and pertinence.

In the immediate future he will be assigned case work, for the most part in fields where it will complement, and be complemented by, his independent operational activities and cover work.

SECTION E NARRATIVE DESCRIPTION OF MANNER OF JOB PERFORMANCE

Stress strengths and weaknesses demonstrated in current position. Indicate suggestions made to employee for improvement of his work. Give recommendations for his training. Describe, if appropriate, his potential for development and for assuming greater responsibilities. Amplify or explain, if appropriate, ratings given in SECTIONS B, C, and D to provide the best basis for determining future personnel actions.

In most respects, this officer is one of the best I have known in this agency. He has a broad and deep knowledge of his target area, as well as of his "host" country; an excellent and proven degree of operational "know-how"; the ability to write and speak lucidly and effectively and with apparent ease; and a very high degree of motivation and devotion to duty. He can be expected to continue his dynamic and imaginative pursuit of a most difficult target. It is my opinion that this officer has great potential and is ready for increased responsibilities which would involve the promotion for which he has been recommended. As for training, a good managerial course might help to bring into even sharper focus his many talents.

This report has been prepared in accordance with F E Division standards which recognize the principle of rating the individual against the group. Thus an "average" rating reflects an entirely satisfactory performance.

3. NARRATIVE DESCRIPTION OF MANNER OF JOB PERFORMANCE

DIRECTIONS: Stress strengths and weaknesses, particularly those which affect development on present job.

Subject has excellent natural equipment for employment in this organization in terms of his intelligence and natural aptitudes. Additionally, he brings a great deal of area knowledge and language ability to his present assignment. During the period covered by this report he has displayed great industry and devotion to duty in a variety of circumstances and achieved notable results in production and in the creation of both short and long-term assets for his unit. On the debit side I would say that he is somewhat too businesslike in many personal situations to the point of being almost humourless. This, however, is a quality which he does not permit to intrude upon the necessities of his operational work although it often shows in office relationships.

SECTION D. SUITABILITY FOR CURRENT JOB IN ORGANIZATION

DIRECTIONS: Take into account here everything you know about the individual....productivity, conduct in the job, pertinent personal characteristics or habits, special defects or talents....and how he fits in with your team. Compare him with others doing similar work of about the same level.

- DEFINITELY UNSUITABLE - HE SHOULD BE SEPARATED
- OF DOUBTFUL SUITABILITY...WOULD NOT HAVE ACCEPTED HIM IF I HAD KNOWN WHAT I KNOW NOW
- A BARELY ACCEPTABLE EMPLOYEE...BELOW AVERAGE BUT WITH NO WEAKNESSES SUFFICIENTLY OUTSTANDING TO WARRANT HIS SEPARATION
- OF THE SAME SUITABILITY AS MOST PEOPLE I KNOW IN THE ORGANIZATION
- A FINE EMPLOYEE - HAS SOME OUTSTANDING STRENGTHS
- AN UNUSUALLY STRONG PERSON IN TERMS OF THE REQUIREMENTS OF THE ORGANIZATION
- EXCELLED BY ONLY A FEW IN SUITABILITY FOR WORK IN THE ORGANIZATION

SECTION IV

This section is provided as an aid in describing the individual. Your description is not favorable or unfavorable in itself but acquires its meaning in relation to a particular job or assignment. The descriptive words are to be interpreted literally.

On the left hand side of the page below are a series of statements that apply in some degree to most people. On the right hand side of the page are four major categories of descriptions. The scale within each category is divided into three small blocks; this is to allow you to make finer distinctions if you so desire. Look at the statement on the left, then check the category on the right which best tells how much the statement applies to the person you are rating. Placing an "X" in the "Not Observed" column means you have no opinion on whether a phrase applies to an individual. Placing an "X" in the "Does Not Apply" column means that you have the definite opinion that the description is not at all suited to the individual.

- ☐ 5. IS ALREADY PERFORMING AT THE LEVEL OF THE NEXT HIGHER GRADE.
- ☐ 6. AN EXCEPTIONAL PERSON WHO IS ONE OF THE FEW WHO SHOULD BE CONSIDERED FOR RAPID ADVANCEMENT.

Assist the Branch Chief in management of the Branch and its overseas stations (3); at present, I act as Branch Chief about 25%-30% of the year. Supervise the planning and preparation for approval of all basic plans, programs, and projects. This involves thorough discussion with each of seven (7) desk chiefs of the purposes and procedures for accomplishing any single mission under any given project, including target analysis (whether PI or PP), preparation of intelligence annexes, logistic and fiscal requirements, specific personnel needs, etc. Am responsible for working directly with the Division's Intelligence Branch for control of requirements, ops intelligence, and reports. Am responsible for maintaining liaison with appropriate staffs and other Divisions who must coordinate any action or document. I am primarily interested in the conception, planning, and operational management of PI and PP activities, and ops policy and control. If different from your present job, explain your qualifications (APTITUDE, KNOWLEDGE, SKILLS). This differs from my present assignment essentially in that a Branch Chief or his Deputy becomes so involved in administrative detail that he cannot always give his undivided attention to project management and agent handling problems. Otherwise, I feel that my background and experience qualify me for the functions I aspire to perform.

11. BRIEFLY DESCRIBE THIS PERSON'S PERFORMANCE ON THE MAJOR DUTIES LISTED UNDER ITEM 7 ABOVE. As Deputy Branch Chief, Mr. Richardson has performed his duties, taken as a whole, in a superior manner. His timely and efficient preparation of intelligence annexes, logistic and fiscal requirements and reports has been particularly outstanding. During three to four months of the past year, Mr. Richardson has acted as Branch Chief. The review of Branch operations under Mr. Richardson's direction, during the writer's absence, indicated his complete competence in supervising Branch activities. His supervision of the planning and preparation for approval of basic plans and projects of the seven (7) desk chiefs has been superior. Mr. Richardson also participated in the planning and dispatch of a difficult operational mission, acting in the capacity of Senior Case Officer. On this mission his liaison with representatives of one of the Military Services was conducted in a manner which enhanced cooperation between that Service and this Agency.

<p>12. IN WHAT RESPECT IS THIS PERSON'S PERFORMANCE ON PRESENT JOB MOST NOTICEABLY GOOD OR OUTSTANDING?</p> <p>Mr. Richardson's performance was noticeably outstanding with respect to his thorough knowledge of every activity of the Branch. He was in position to assume direction of Branch activities at any time. He also kept himself thoroughly briefed on Division policies and planning in order to give timely instruction and guidance to the Branch overseas stations.</p>	
<p>13. ON WHAT ASPECT OF PERFORMANCE SHOULD THIS PERSON CONCENTRATE EFFORT FOR SELF IMPROVEMENT?</p> <p>Mr. Richardson has a very thorough background in two (2) languages, French and Japanese. He would benefit substantially by learning the Russian language. He is meticulous with respect to his attention to details, sometimes to the point of concealing the broader picture from his view. It would be well for Mr. Richardson to direct his attention to the broad scope of Branch activities rather than to concentrate on its details.</p>	
<p>14. COMMENT ON THIS PERSON'S ABILITY TO HANDLE GREATER RESPONSIBILITIES NOW OR IN THE FUTURE.</p> <p>Mr. Richardson is fully qualified to assume the duties of the chief SE Division representative at a field station. In order to assume this responsibility in the most efficient manner, it is recommended that Mr. Richardson serve a minimum period of time of approximately six (6) months as the assistant to the present chief of the field station.</p>	
<p>15. ARE THERE OTHER DUTIES WHICH BETTER SUIT THIS PERSON'S QUALIFICATIONS? (Recommend appropriate reassignment, if possible.)</p> <p>Mr. Richardson could serve effectively in a staff function for either FI or PP activities. This does not mean, however, that his present duties are not better suited to his qualifications.</p>	
<p>16. WHAT TRAINING OR ROTATION DO YOU RECOMMEND FOR THIS PERSON?</p> <p>Mr. Richardson has already been recommended for overseas assignment in the Far East during the past year. He has area knowledge and command of the Japanese language, having served in Japan previously with the United States Army. His duties at Headquarters have been so pressing that his departure for overseas assignment is being delayed until an adequate replacement may be trained.</p>

TRAINING REPORT

French Basic Reading, Speaking, Writing--II
100 hours, part-time, 9 Apr 62 - 15 Jun 62

1 students

Student: Harriette D. Richardson (Dependent)
(wife of Jacques Richardson - SR)
EOB Date: _____

Year of Birth: 1928

Office: _____

COURSE OBJECTIVES - CONTENT AND METHODS - Instructor: W. Ray Rackley

This is the second phase in a three-phase basic sequence of 30 weeks, each phase lasting 10 weeks.

The general aim of this course is to provide a thorough grounding for the student who has previously had either a reading course in French or an insufficient introduction to the language. The major objectives of this phase of the course are to develop an ability: (1) to distinguish and pronounce satisfactorily all the sounds of the language; (2) to use effectively a modest stock of French sentences and expressions; (3) to comprehend normal-speed spoken French in a variety of everyday non-technical situations; (4) to begin to read and write basic French, applying the spoken vocabulary and grammatical material previously learned.

Classes are held 2 hours per day, 5 days a week, requiring a minimum of 10 hours of preparation per week. To receive the maximum benefit from this course each student should plan to devote at least two-thirds of the class preparation time doing drill in the language laboratory.

ACHIEVEMENT RECORD

Student progress is evaluated primarily on oral recitation in the form of drills and free conversation based on memorized material. In addition, several tests are given during the course. This student's rating is indicated by the asterisk.

<u>Unsatisfactory</u>	<u>Satisfactory</u>	<u>Excellent</u>	<u>Incomplete</u>
	3	1*	

Mrs. Richardson was definitely a superior student. Her pronunciation was excellent and she had a solid command of the structure of French. She was somewhat hesitant in new language situations, but she more than made up for this through diligent and profitable laboratory and home preparation.

REPORT OF TRAINING AT NON-CIA FACILITY (Forward original and 2)		DATE

ATTN: Registrar	CSR 6 (DU/P)	
THRU: Training Officer, SR Division	5218	
		X-5098
1. INSTITUTION ATTENDED	2. DATES OF TRAINING	
Rensselaer Polytechnic Institute	10-16 June 1962	
3. DESCRIPTION OF PROGRAM (Include list of courses and a copy of grades received)		
<p>Technical Writers' Institute; certificate awarded</p> <p>Purpose: to provide a forum where technical writers from industry and government can meet to discuss and practice writing techniques under the supervision of experienced teachers. Many of the instructors have worked closely with industry as consultants on special writing problems and training courses for technical writing. All of them have published in the field of technical writing.</p>		
4. YOUR OPINION OF THE PROGRAM (Explain strengths and weaknesses)		
<p>This was an excellent combination of classroom presentations and writing laboratories. Almost all guest speakers had a useful message to deliver. The writing encouraged is of the tight-language, pure English variety, in the three categories of informative, directive, and persuasive writing. The schedule was full, although I believe it could have been fuller. The five 2-hour workshops should be expanded to three-hour sessions. The contact with representatives of industry was especially useful for cross-fertilization purposes.</p>		
5. EXPLAIN TRAINING OBJECTIVES AND WHETHER THEY WERE MET		
<p>For our purposes, the training objectives were (a) to see that our writing techniques in the reporting field compare favorably with those in industry, (b) to meet and become known by persons throughout the nation in the technical writing field, and (c) to learn new techniques in the field of communicating technical, scientific and engineering concepts, processes, and general information. All three objectives were met. I recommend that officers from SR/Reports and SR/Requirements-Targets, as well as analysts from SR 6, be permitted the opportunity to attend this same institute in future years. It is well worth the effort.</p>		
6. I CERTIFY THAT I ATTENDED THE TRAINING PROGRAM DESCRIBED ABOVE.

MANAGEMENT COURSE NO. 64

40 hours, part-time

Student: Jacques Richardson

Year of birth: 1924

EOD Date: September 1956

Grade: 14

Office: SR

COURSE OBJECTIVES - CONTENT AND METHODS

The Management Course is designed to familiarize senior line and staff managers with both the theory and the practical problems of management in CIA. The underlying assumption of the course is that management development is a process of growth on the job. The course, however, enables the participants to examine their job activities in an environment where, guided by the instructors, they can critically examine their own actions, exchange ideas with managers from other components, and develop an understanding of the complex relationships that exist among the people, the pattern of organization, and the purposes of the Agency. The course approaches the problems of management in the Agency by discussing the formal and informal structures, concepts of leadership and communication, the problems of personnel management, and theories of planning and controlling. These subjects are related as closely as possible to the activities of the class members.

The content of the course is developed through lectures, case and group discussions, filmed presentations, and problem-solving exercises.

ACHIEVEMENT RECORD

This is a certificate of attendance only. No attempt was made to evaluate student achievement in this course.

COURSE OBJECTIVES - CONTENT AND METHOD

This course aims to develop in the Clandestine Services officers, and others, recently returned from the field an up-to-date awareness of the role of CIA in the United States intelligence community, the relations of the ID/I area with the CS and the support available from the offices of the ID/S. Recently this course has been designated as an alternate prerequisite for CIA officers nominated for certain external training.

The course is presented by lectures given by CIA officials who are directly responsible for the missions, functions, programs, and services discussed. Each lecture is usually followed by a short question period. Approximately 10 per cent of the students' time is scheduled for reading pertinent up-to-date regulations and background summaries.

ACHIEVEMENT RECORD

This is a certificate of attendance only; no attempt was made to evaluate student achievement in the course. This student was conscientious and regular in attendance.

Projected Assignment or Present Position

The Counterespionage Course is a specialized course of three weeks' duration designed to expose the student to CE principles and practices and to indoctrinate him therein. The course is conducted on a seminar, round-table basis. Emphasis is placed on student participation during staff and guest lectures. Ample time is allotted for reading the extensive material provided.

Each student is required, starting mid-way in the second week, to give a presentation before the class. This hour-long presentation is based on a problem assignment given the student by the staff. Exception is made where students have the field or headquarters experience in CE or a related field; such a student is permitted to give a one-hour lecture based on specific experience. The "canned" problems are selected to test students' ability to do CE research, collate, make logical analyses, and present ideas effectively to a seminar group.

This evaluation is based primarily on the student presentation, and to a lesser degree on participation in seminar discussions when conducted by the staff.

1. Mr. Richardson ranked first in a strong group. He applied himself effectively throughout the course. His seminar contributions aided materially. He drew freely on a sound operational background and was by all odds the top student.

2. Student Presentation: Mr. Richardson presented a case with which he was familiar from his own experience. It was a first-rate performance. The material was very well organized and crisply presented. So effective in fact, that Mr. Richardson will be called upon to give the same discussion in subsequent CE courses.

3. In my opinion Mr. Richardson is fully qualified to act as senior CE officer.

ADDENDUM TO STAFF AGENT SUPPLEMENT
For Thomas B. CASASIN, Effective 5 August 1962

Mr. Thomas B. Casasin

Dear Mr. Casasin:

The Agency Allowance Committee is authorized to modify the entitlements of a Staff Agent for cover, operational or security reasons. Based upon that authority, on 7 June 1966, the Committee made the following determinations which will apply to your Agency overseas assignment in Paris, France under non-official cover. These determinations supersede and modify any provisions of your present Staff Agent Supplement which conflict therewith:

(a) Fixed Allowance. Effective the day of your return to Paris you are herein authorized a non-accountable, non-taxable fixed allowance calculated at the rate of \$7,580 for the following year, i.e., for a one year period. If required, advances may be granted by an Agency authorizing official. This fixed allowance is in lieu of your Agency overseas allowance entitlements except that upon your return to a domestic permanent post of assignment you will be entitled to a home service transfer allowance in conformance with applicable Agency regulations. Agency fixed allowances are also in lieu of entitlements to (1) reimbursement for the overseas operational use of your POV and common carriers in and around Paris and (2) storage of your HHE. Quarters will not be furnished you by the Government or by your cover facility during the period covered by these fixed allowances.

(b) Exemption from Offset. During this one year period of your overseas assignment, you are herein authorized to retain, without offset, the housing and cost-of-living allowances of your cover facility.

(c) Requirement of Certification. You agree to certify, when requested, that payments made to you as set forth herein have been expended for the purpose for which made and have not accrued to your personal advantage or enrichment. You will repay any amount for which you cannot provide such a certification. You understand that you are not required to make financial accountings for amounts received under (a) above.

Supplement to Staff Agent Personnel Action

For Thomas B. Casasin Effective 5 AUG 1957

Mr. Thomas B. Casasin

Dear Mr. Casasin:

In view of your contemplated cover assignment, you have been designated a Staff Agent. The purpose of this Supplement is to call your attention to existing policies which are particularly material to you while you are so designated and to set forth certain rights and obligations incident to your status as an appointed employee.

1. Payroll Administration. As indicated in your Staff Agent Personnel Action, your present salary and grade are \$13,510 and GS-31⁶ respectively, and you are entitled to receive the salary, allowances and other benefits applicable thereto; however, certain procedural variations will be followed to preserve the security of your cover position.

(a) The gross emoluments that you receive from your cover activities will be retained by you as an offset against the gross emoluments due you from this organization. If, except as provided in paragraph 4 below, your cover emoluments ever exceed those due you as a Staff Agent, the overage is to be remitted to this organization on a monthly basis, unless a different period is specified.

(b) Your Federal income taxes will be withheld and reported in conformance with HR 20-33 or any subsequent regulations or procedures promulgated by this organization. For your information, this organization shall withhold from the gross payments due you Federal income taxes in an amount which, when added to the income taxes withheld by your cover facility, will equal the tax withholdings normally made from your gross taxable compensation with this organization. If there is no differential or if it is insufficient, you will be required to make tax remittances in conformance with HR 20-661-1. Also, that issuance together with R 30-720 covers the procedures to be followed in order to receive reimbursement for foreign income taxes imposed upon you.

(c) This organization will deduct from the gross payments due you an amount equivalent to six and one-half per cent (6 1/2%) of your gross salary for contribution to the Civil Service Retirement Fund. This amount will be deducted from the differential due you by this organization. If there is no differential or if it is insufficient, you will be required to make direct remittances to this organization in satisfaction of the required contributions.

(d) If permanent quarters are not furnished, your quarters allowance will be granted at the maximum rate established for your post of assignment, family status and grade. No accounting for this allowance will be required.

If your position requires that you make contribution to the Social Security Fund, such contributions will be at your expense. However, involuntary contributions for cover facility programs, such as insurance and retirement, may be considered items of expense to this organization, and in

SECRET

such case any monies you receive as a result of your participation in such programs must be returned to this organization. Whether participation in a particular cover facility program is involuntary will be determined by this organization.

2. Nonofficial Cover Premium Pay. You are hereby authorized Nonofficial Cover Premium Pay in conformance with applicable organizational issuances. For your information, currently this premium pay is ten percent of your base salary, represents additional taxable compensation to you and is applicable for that period of time you are assigned under nonofficial cover.

3. Equalization Allowance. You are hereby authorized an equalization allowance in accordance with applicable organization issuances.

4. Travel Expenses. You will be entitled to travel, transportation and storage in conformance with the regulations of this organization. HR 20-2c provides that travel expenses of integrated personnel will be allowed in accordance with the regulations of their cover organizations or HR 22, whichever allows the greater amount.

5. Travel Penalties: You herein agree that your assignment abroad will be for a minimum of _____ from the date of your arrival at your permanent post of duty, unless such assignment shall be sooner terminated by the Government for its convenience. Your violation of such agreement may result in regulatory travel penalties. HR 22-6 provides that if the agreement is violated during the first year of duty abroad, expenditures for travel and transportation to the post, including per diem while at headquarters and storage of effects, shall be reimbursed by the employee. If the agreement is violated after the first year of duty, but before the completion of the minimum tour agreed to above, return travel at Government expense shall not be allowed.

AGREED: _____

6. Secrecy. You will be required to keep forever secret this Supplement and all information which you may obtain by reason hereof (unless released in writing by the Government from such obligation), with full knowledge that violation of such secrecy may subject you to criminal prosecution under the Espionage Laws, dated 25 June 1948, as amended, and other applicable laws and regulations.

CASASIN's dependents took physical examinations at the American Hospital in Paris on 20 February. Since, because of his cover there could be no LHMARP connection, CASASIN's dependents made arrangements for their physicals as private citizens, on the pretense that they required statements that they were in good health in order to obtain insurance. Obviously, forms 88 were not prepared; the attached certificates of good health and freedom from contagious disease are all that is normally given to private individuals in France. We hope they suffice.

The Office of Medical Services has advised that Thomas B. CASASIN's dependents did not take physical examinations prior to their PCS return to Paris. So that CASASIN's dependents may be fully covered under the Overseas Medical Program, it is essential that arrangements be made for their physicals to be taken in the field and the results forwarded to Headquarters as soon as possible.

- (3) Employee should be relatively free to travel on short trips to nearby countries of Western and Middle Europe. Times and intervals will probably be dictated by the Paris Station.

- (4) Special groups the employee should be able to contact

Although it is not essential, it would be desirable if the employee's cover permitted him to initiate and maintain contacts in the scientific, technological, commercial and engineering fields.

- (5) Income directly attributable to cover should be in the range of \$10,000 per annum, with supplementary income attributable to commissions, retainers, piece work fees, personal resources, etc.

- (6) Employee should be able to devote upward of 30 hours per week to operational duties.

- (7) Communications channels desired

Communications will be (a) directly with Station; (b) indirectly with Station via dead-drop, S/W, accommodation addresses, cut-outs, or any combination of these, or (c) in unusual circumstances via Headquarters or third country points. It is not desired that the cover facility provide an operational communication channel.

- (8) Cover Suggestions

Suitable covers might include: technical publication representative, correspondent, or editor; book or manuscript agent or publisher's representative; corporation, service, or management consultant's representative; prestige or representational agent for large firm, service, institute, or association. The cover vis-a-vis the target is less important than the status afforded by the cover to the eyes of the host government, i.e., a reason for being there.
