CONTACT REPORT 12

25 January 1963

YDS/PLACE : Safe House #2, 1000 Jan 25
PRESENT : Kulpa, Tiptaft, Lawton

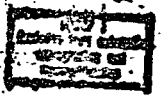

1. Purpose of this meeting was to inform Kulpa that Headquarters had agreed to his trip to the Congo and to pass certain instructions re McInturff. K. said that he had not as yet received instructions from Halden and that the latter planned to be in Rome on Saturday. He would send the airline ticket from that city. K. also stated that Serge Michel had agreed that the first six covers on the Rev Africain Revolutionnaire (R) would be shot by K. K. hit us up for a light meter since he said that his present one was broken and since he had to take 130 pictures prior to his departure for the Congo which he anticipated would be either early or mid next week.

2. Another twist was that he had been contacted by Gibson, who informed him that a certain Dave Watts who runs a highly suspect sheet in New York City had written to Gibson asking him for photos. Gibson will purchase and forward several of K.'s negatives. Since all this was done through, Kulpa promised to get more facts.

3. The rest of the meeting was taken up by Tiptaft straightening out his accountings.

4. Next meeting. 1000 Tuesday 29 Jan.
