PROVISIONAL OPERATIONAL APPROVAL 201-267298 SUBJECT WH/3/Col - B. Merrell GICITRON/4 REFERENCE: Your Memorandum, Dated

28 October 1970

A Provisional Operational Approval is granted for the use of this Subject as set forth below.

A Provisional Operational Approval issued by CI Staff grants the same authority, on a temporary basis, for the use of an individual as the authority granted in an Operational Approval unless otherwise specified by CI/OA. It is based, however, only on preliminary file checks and investigation and is subject to a further final review when all investigation is completed.

For limited use as requested in your mano of 28 October 1970, the POA is reinstated until 30 January 1971.

To process the Operational Approval, full information (completed PRQ Parts I and II) must be submitted as soon as possible and not later than six (6) months from this date. An Operational Approval will follow when all investigation is completed and upon the receipt of satisfactory PRQ Parts I and II. Cancellation must be requested if use of Subject by interested Divisions ceases.

EUBJECT : GICITRON-4 (201-267298)

- 1. We have received your memorandum of 22 October 1970 informing us that GICITRON-4's file has been closed. However, from Bogota Station correspondence we know that GICITRON-4 is still of operational interest and there is a strong probability that the missing PRC Part II has been delayed by the recent restriction on pouching material to and from the field.
 - 2. It is requested that the file on GICITRON-4 be reopened and his POA be extended for an additional 30 days to allow time for the PRQ Part II to arrive or to be prepared if need be.

- 1. The receipt of Reference A Provisional Operational Approval for Subject was much appreciated. We were puzzled, however, by the request for PRQ Parts I and II on GICITRON-4 since all biographic and operational data on him with the exception of References and DIRECTOR 006731 is on record only at Headquarters as far as we are sware unless Mexico City has retained their old file on him. Faragraph 3 of Reference B specifically requested that pertinent material from Subject's 201 be forwarded to Bogota, but we have never received it.
- 2. Errol C. Lythgoe, despite his old friendship with Subject, has no present justifiable reason consistent with cover to question him regarding all the biographic details required for preparation of a full FRQ Part I. Nor could Lythgoe logically elicit from Subject the answers to such PRQ Part II items as "How, when, where, why and by whom Subject was first contacted or developed" by RVRCCK, "List other case officers who have handled Subject or whom he knows or has known...", and the like.
- 3. Subject's proposed present operational use is detailed in Reference B, and Headquarters has the rest of the basic data necessary for preparation of both parts of the PRQ. It is therefore suggested that this be done at Headquarters, with copies being forwarded to Bogota for updating.

PROVISIONAL OPERATIONAL APPROVAL				
MEMORANDUM FOR: Chief,	201-267238			
WH/3/Col - C. Smyth	SUBJECT GICTTROE/4			
	REFERENCE: Your Memorandum, Dated			
	22 January 1970 188	8		

A Provisional Operational Approval is granted for the use of this Subject as set forth below.

A Provisional Operational Approval issued by CI Staff grants the same authority, on a temporary basis, for the use of an individual as the authority granted in an Operational Approval unless otherwise specified by CI/OA. It is based, however, only on preliminary file thecks and investigation and is subject to a further final review when all investigation is completed.

To form a corporation to provide cover for Bogota Station asset Errol R. LYTHGOZ business and funds on a strict need-to-know. No other operational use authorized.

Kur men

To process the Operational Approval, full information (completed PRQ Parts I and II) must be submitted as soon as possible and not later than six (6) months from this date. An Operational Approval will follow when all investigation is completed and upon the receipt of satisfactory PRQ Parts I and II. Cancellation must be requested if use of Subject by interested Divisions ceases.
