MEMORANDUM FOR: Paul F. Morris
Legal Advisor
Center for CIA Security

FROM: W. Curtis Chaloner
Information Review
Center for CIA Security

SUBJECT: Martin Luther King Research

REFERENCE: Special Interest 1999-0006

1. The review of notations taken by the DOJ attorney on 21 January 1999 of polygraph file #96405 and security file, AIN 0 660 788 have been reviewed and sanitized under FOIA/PA and AHB 70-9 procedures.

2. Personal information unrelated to the Major Crime issue during polygraph has been redacted. A specific cover mechanism has been redacted. The privacy of a CIA contractor background investigator has been protected.

3. For the record, the notation "Played a role in MLK Ass[assassination]", taken from a 15 May 1989 background investigation could be misconstrued. The statement in context reads: "He had served as a plainclothesman on the Memphis Tenn. Police Dept and played a role in the Martin Luther Kane assassination. He was the first one on the terrace as Rev. King was hit and was with him as he died."

4. This memorandum is provided for your information and appropriate disposition. If you have any further inquiries regarding this matter, please contact me on 40552 (secure).
