# Ray's Brother Makes Plea For Him to Surrender

**CHICAGO, May 2—(AP)**—The brother of James Earl Ray, the man sought on a charge of murdering the Rev. Dr. Martin Luther King Jr., appealed to his brother to surrender, the Chicago Sun-Times reported Thursday.

The Sun-Times interviewed Jerry Ray, 32, in the room he occupies at a north suburban country club where he works as a maintenance man.

Ray expressed fears that his brother was dead and said other members of the family also doubted that he was alive.

The Sun-Times quoted Ray as saying: "If he is still alive, I urge him to surrender himself to the FBI or to contact someone in the family and ask them to make surrender arrangements."

He described his brother as "the hottest man in the country ... the most wanted man there ever was," the Sun-Times said.

His brother's criminal record shows that he never fired a gun or hit anyone, Ray said. But he was reported as saying that his brother could have been used in a conspiracy to kill the civil rights leader.

The Sun-Times said Ray related that his brother obviously received a large payoff at some time.

"Look at all the money he came into all of a sudden," the

story quoted him as saying. "Buying Mustangs, taking dancing lessons, taking trips to Mexico."

"You don't get that kind of money from sticking up grocery stores."

Ray said that if his brother tries to contact the people who "used him," he would be killed.

The story quoted him further: "If he's still alive, the FBI's going to get him, you can be sure of that."

# Suspect in King Slaying Eludes Best FBI Efforts

By THOMAS TALBURT  
Scripps-Howard Staff Writer

WASHINGTON, May 2—The FBI has been unable to pick up the trail of the Rev. Dr. Martin Luther King Jr.'s assassin since he vanished a month ago Friday on a bustling downtown Atlanta street.

For four weeks the will-o'-the-wisp suspect has eluded one of the most massive and intensive manhunts in history since dropping from sight in Atlanta on April 5—the day after Dr. King was shot on a Memphis motel balcony.

Authorities in at least half a dozen other countries also are on the lookout for the elusive man first identified under his alias, Eric Starvo Galt, and later identified by the FBI as James Earl Ray, a drifter and habitual criminal who escaped from the Missouri State Penitentiary on April 23, 1967.

Although the FBI has branded Ray its No. 1 quarry and blanketed the nation with "wanted" posters bearing his picture, Ray's trail ends with the recollections of two Atlanta cab drivers who identified him first from sketches, and later from a photograph, as the man they picked up as a passenger April 5.

One of the drivers said he picked up Ray in downtown Atlanta and drove him only two blocks to 12th and Peachtree sts., when Ray suddenly asked to be let out. The driver said he remembered Ray because of the briefness of his trip.

The second driver, who like the first is employed by the Atlanta Million Cab Co., said that on the evening of April 5 he drove Ray to the corner of 13th st. and Crescent ave., a block west of Peachtree st.

"That's the last known, verified trace of the man we want," a federal official said Thursday.

Reports that Ray was seen later the night of April 5 in a shabby Atlanta nightclub have not been verified—nor have the thousands of

**Another story on Dr. King's assassin on Page 10.**

tips which have flooded the FBI from citizens eager to aid the hunt for Dr. King's killer.

The FBI has deduced that Ray drove the approximately 450 miles from Memphis to Atlanta after Dr. King was slain the evening of April 4. A white Mustang, matching one spotted leaving the scene of Dr. King's murder and bearing license tags issued to Eric Starvo Galt, was abandoned in Atlanta shortly after dawn on April 5.

The theory that Dr. King's assassin was aided in actually committing the act now is questioned by some federal officials.

Atty. Gen. Ramsey Clark, who ruled out a conspiracy shortly after Dr. King was killed, has said again recently that there is reason to believe the assassination "was the work of one man."

The fact that the FBI charged Ray, under his assumed name of Galt, of conspiring with an "alleged brother" against Dr. King, was seen as a legal device to enable the FBI to take over the murder investigation—normally a state function.

Also, the possibility Dr. King's murderer was a hired killer has not been discarded. This would warrant a conspiracy charge even if Ray committed the act single-handedly.

Ray's career of crime—prior to his lucky escape from the Missouri penitentiary by hiding in a bakery basket and riding out in a bread truck—was marked by almost incredible bumbling.

Yet some federal investigators cite heretofore undisclosed results of psychological tests given Ray in 1956 when he was serving another prison term for forging postal money orders.

Federal Bureau of Prisons caseworker has told the investigators the test results indicated Ray was capable of killing and that even then he showed "potential racial antagonism."

SUBJECT: MURKIN

At 10:45am, 5/2/68, SA EUGENE J. COBLE received a telephone call from GEORGE KNOCHER, 6052 S. Aberdeen, driver of a 1966 Plymouth Barracuda, blue in color, who said he was calling from the vicinity of a McDonald Drive-in located at the intersection of E. Colfax and Pearl. KNOCHER stated he had just observed a man at the counter of the Drive-in who resembled JAMES EARL RAY.

Two cars in the vicinity containing SAs LESLIE E. FARRIS and Lynn K. ENYART were immediately dispatched to check the matter out.

KNOCHER was contacted in the parking lot of McDonalds at which time he stated he had seen a person purchase an order in McDonalds who resembled the pictures he had seen of Ray in the newspapers. He described this person as wearing a dark sport coat, grey pants, and a blue sport shirt. The individual had brownish-red hair. When SA FARRIS first contacted KNOCHER he learned that KNOCHER had driven about two blocks to a pay telephone to call the FBI Office, and when KNOCHER returned to McDonalds the individual had left. He stated this individual was on foot.

SAs FARRIS and ENYART questioned the following employees of McDonalds who could not recall anyone entering the place who resembled RAY: KIM STONIER, 1530 Downing; JIM EARL, 343 Corona; and HENRY M. MEAD, West Castle Rock. A search of the area failed to reveal any individual meeting the description of the man seen by KNOCHER.

SUBJECT: MURKIN

Re telephone call SA BERNARD R. DE COOK on 4/23/68 regarding Thermo Seal Marking Machine, Yellow Tab, bearing "20R-3" on pillowcase and bed sheet in 1966 Mustang registered to GALT.

The following investigation was conducted by SA VINCENT R. JONES on 4/23/68:

AT GRAND JUNCTION, COLORADO:

FRED PALMER, Owner and Manager of the New Method Laundry, advised that with reference to the Textile Marking Machine Company, Yellow Thermo Seal Tape Label printed "20R-3"

Mr. PALMER stated that his company at Grand Junction uses the above-described marking machine in its operation.

Mr. PALMER advised, however, he was quite certain that the yellow tape bearing the printing "20R-3" did not come from his marking machine because of the following:

Mr. PALMER stated that breaking down the above code "20R-3" the "20" refers to a "lot" number. He advised that there are 30 bundles to a lot and each day the lots start out with number "1" and are numbered from "1 upward."

The "R" refers to a week designation and the letters of the alphabet are used in rotation with the exception of two letters which are not used, so that the "R" would be used every 24th week.

Mr. PALMER advised that the "3" is an actual bundle number.

Mr. PALMER advised that different colors are rotated each day and the color yellow comes up each 12 or 13 days.

Mr. PALMER advised that the weekly tracer sheet is made out and by knowing the number such as was furnished, it is possible to trace the exact bundle number and obtain from the tracer sheet and the sales tickets, the exact name of the customer and what route they are on, when it is known the above-mentioned code of designation and color.

Mr. PALMER stated, however, that going back to the fact that there are 30 bundles in a lot, that his establishment handles approximately 12 to 14 lots per day and he specifically checked and it is over two years since the lot number got up to 20.

Mr. PALMER advised that based on the above, if the items in question, which bore the wording "20R-3" had come from his establishment, it would have been over two years ago. He advised that he no longer has the tracer sheets for two years back and, thus, it would be impossible to trace the source of the items, even if they had come from his establishment. He stated that it quite unlikely that they did come from his establishment.

In view of the above, no further inquiry is being made at Grand Junction, Colorado, unless advised to the contrary - SAC.

At 4:25 p.m. today, I was telephonically contacted by Supervisor WILLIAM NOLAN, who referred to his previous call today. That call is reported in Supervisor BROUGHTON's memorandum.

Supervisor NOLAN said he had just been contacted by El Paso. El Paso Division had contacted the Postmaster at Pecos, Texas. The Postmaster advised contacting Agt that he does not know a Mr. CARL RAY; that he has never heard of the Ray Land and Cattle Company, and there is no Box 868 out of Pecos, Texas.

It is noted the above data, according to Supervisor NOLAN, concerning CARL RAY appeared on a temporary Frontier Credit Card, blue in color, issued for thirty days. That data was written on the card in ink and was signed "CARL RAY."

Mr. NOLAN said according to the tickets in his possession, which are referred to in Supervisor BROUGHTON's memorandum, they were apparently issued for a flight number 710/F, commencing at 10:30 a.m. on 5/2/68. The name of the airline was not indicated but apparently it is Frontier. That information related to the departing flight but there was no indication concerning a return flight.

According to Supervisor NOLAN, the tickets were for a flight from Las Vegas, Nevada, to St. Louis, Missouri, and return. I told Supervisor NOLAN we were giving this matter preferred attention in the Denver Division and I would be in touch with him concerning pertinent developments

On 5/3/68, Supervisor WILLIAM NOLAN, Los Angeles Division, telephoned and requested immediate investigation on an individual possibly identical with subject JAMES EARL RAY. NOLAN stated an individual answering description of subject contacted United Airlines at Los Angeles International Airport, 5/3/68, and attempted to exchange two Frontier Airlines tickets for two United Airlines tickets from Los Angeles, to Hawaii. This individual left the two tickets and a Frontier Credit Card at the UAL counter and did not return to claim them. He also acted very strangely which led airlines employees to believe that possibly he might be identical with subject JAMES EARL RAY.

NOLAN stated that photographs of RAY have been exhibited to the UAL employees and two of these employees picked out the 1966 Missouri State photograph of subject RAY as resembling that of the individual they had seen. Another employee picked out older penitentiary photograph of RAY as resembling the individual at the UAL ticket counter.

Supervisor NOLAN stated that the Frontier Airlines tickets and the credit card were turned over by UAL personnel to FBI, Los Angeles, and examination of same disclosed that the Frontier tickets bear serial numbers 1028201829753 and the same number on the second ticket except the last three digits are 754. These two tickets were issued by Frontier Airlines at Stapleton International Airport, Denver, to Mr. and Mrs. C. RAY on 5/1/68. They were issued on a Frontier Temporary Credit Card Number [REDACTED], which bears expiration date 5/25/68. Frontier credit card was issued to Mr. CARL RAY, Ray Land and Cattle Company, Route 4, Box 868, Pecos, Texas.
