No Censorship Now!

The search for Eric Starvo Galt, or James Earl Ray, or whatever his name may be, accused slayer of Martin Luther King, continues across the nation, and quite likely around the globe.

The continuing search, which makes Atty. Gen. Ramsey Clark's early prediction of imminent capture look as bad as former Secretary of Defense McNamara's 1966 forecast of early victory in Vietnam, and the attendant news stories must make the American Bar Association and the censorship-eager Reardon Committee turn back flips.

After all as the chase goes on more and more background comes out on Galt (or what's his name) and more and more material is piled up to indicate that he indeed shot the Negro civil rights leader.

At first the Federal Bureau of Investigation apparently tried to hew to the Reardon Committee's rules of keeping everything secret. But as the hot hunt became cold potatoes, the FBI changed its tactics and turned to the news media in an effort to speed the capture of Galt.

It unveiled a photo of Galt or Ray, escaped Missouri convict. The bureau also trotted out a description of the man, and his past as far as the FBI could piece it together.

Perhaps the FBI intentions at first were good, for no doubt it and the State of Tennessee fear any conviction will be overturned in the ramifications and technicalities of court mumbo-jumbo. But since their first efforts withered, the press was called in so the entire nation could join the search.

Of course we know how it will turn out.

If Galt is found, and goes to trial, his defense attorneys will claim undue publicity denies him a fair trial, that newspaper stories so poisoned the air that he can't get an impartial jury, that he must get a change of venue (possibly to lower Siberia), and that he really isn't guilty because his great-grandfather was a slave owner and private in the Confederate army and that this feeling of guilt warped the man's mind.

The lawyers will whack the press for the publicity and accuse it of denying the suspect a fair trial, and if he is convicted over these objections, no doubt the Supreme Court will gnash its teeth at the press and order a new trial because of the publicity.

Martin Luther King's killer may eventually be convicted, but before it is over the news media will be flayed, and the ABA Reardon Committee will see therein more

arguments for censorship and control of the press.

Forgotten will be the news medias' co-operation in the search for the slayer and its efforts to knock down rumor and fear in the face of violence and terror.

This date, KEPP furnished the following information to SA HOWARD A. PAULSEY:

Individual attempted to exchange enclosed tickets for a trip to Honolulu, Hawaii and used enclosed Frontier Airlines Credit Card. KEPP took the tickets and the credit card and told the individual she would have to check the credit card. Individual had previously asked KEPP if he could use two Frontier Airlines tickets, enclosed, as credit toward ticket to Honolulu.

Individual identified himself as Mr. RAY. KEPP and two United Airlines employees who viewed Mr. RAY furnished the following description:

Race	White
Sex	Male
Height	6 feet
Weight	185 pounds
Age	35 - 40 years
Hair	Dark or golden blond
Eyes	Greenish-blue

Other investigation, Los Angeles International Airport, this date, negative to locate person using enclosed credit card. Photos JAMES EARL RAY exhibited to United Airlines employees and they advised photos somewhat similar to RAY but could make no positive identification.

Inquiry at El Paso, Texas reflects credit card is apparently fictitious.

FBI 'Still Looking Hard' For King's Elusive Killer

WASHINGTON, May 3—(UPI)—A month after a sniper killed Dr. Martin Luther King, the FBI was "still looking hard" Friday for the man it says did it—an ex-convict who spent nearly a year establishing a false identity.

There were no indications of any imminent break in the search for James Earl Ray, alias Eric Starvo Galt, although the manhunt for him had focused at times around the world. Officials said there were no indications that Ray had left the country despite a rash of reports from Mexico, Canada, Australia, Hong Kong and West Germany. The officials pointed out international travel requires identification papers that can easily be checked.

The FBI has a full dossier on Ray, including a full set of fingerprints, a detailed physical description from his terms in various prisons and an amazing assortment of personal habits.

There is growing belief in some official circles in Washington that Ray acted alone in as-

sassinating Dr. King in Memphis, although the original FBI warrant for his arrest was based on a conspiracy charge.

Ray already is wanted on a Federal fugitive warrant for escaping the Missouri State Penitentiary April 23, 1967. Records show that while at Leavenworth in 1957 and during his term in Missouri Prison, Ray turned down offers of transfers to minimum custody sections because the honor camp dormitories were integrated.

Enclosed herewith is a copy of the May 3, 1968, edition of LIFE Magazine.

This magazine was furnished to the Denver Office, May 6, 1968, by WILLIAM C. HARRIS, 3260 Ivy Street, Denver, Colorado, who is employed as a Skycap at Stapleton International Airport. HARRIS advised that on the night of April 30, 1968, he observed a man who he now believes to be JAMES EARL RAY, sitting in the TV area of the lobby at Stapleton between 9:40 p.m. and 10:30 p.m. and during this period, this man was reading the enclosed magazine and was observed by HARRIS to tear out some of the pages which he folded and put in his inside coat pocket. This man left the area about 10:30 p.m., leaving the magazine on his seat; HARRIS picked the magazine up and later discovered that the pages containing the article about RAY had been torn out and were missing. HARRIS later read an issue of "Jet" which had a photograph and an article concerning RAY; and at that time, came to the conclusion that the man he saw April 30, 1968, was possibly identical with RAY.

The Latent Fingerprint Section is requested to process enclosed magazine for latent prints and any latents developed be compared with fingerprints of JAMES EARL RAY, FBI number 405942G.

Mr. WALLEN.

All above guests registered at the motel on 4/3/68, except where otherwise indicated.

Mr. BRUNER advised that the motel had had several men staying there who were attending the National Cash Register Company training school at Denver, Colorado; some of them for rather extended periods. He advised that Mr. VELEZ and Mr. MELDRUM were still residing there, but that Mr. MELDRUM was out of town, having gone back to Pennsylvania to visit his family for a few days. Concerning Mr. WALLEN, for whom the Registration Card could not be located, Mr. BRUNER stated that WALLEN is a frequent guest at the motel and that he operates a motel in Estes Park, Colorado.

Mr. W. F. MC MURRAY, proprietor of the El Patio Motel, advised that he had no recollection of any guests receiving any long distance telephone calls either prepaid or collect from Quincy, Illinois. He was unable to recall any guest resembling the description or photograph of subject.

Mr. EMILIO ISHMAEL VELEZ, who has been at the El Patio Motel since 3/25/68, advised that he will have been employed by the National Cash Register Company, International Division, five years by July, 1968. He is a service engineer with offices at 556 Munoz Rivera, Hato Rey, Puerto Rico, home address same as set out above. He stated he has been attending the National Cash Register Company in-service training school in Denver. He advised that he has not received any long distance calls from Quincy, Illinois, that he is not acquainted with anyone in Quincy, Illinois, or vicinity and does not recall any guest at the motel since he has been there who resembles the photograph or description of subject. Mr. VELEZ stated he spends a great deal of his free time in the lobby of the motel and has had an opportunity to observe many of the guests.

DN 157-203

Since the information in possession of this office does not indicate whether the telephone call made from Quincy, Illinois, was actually made by subject's sister, MELBA MARIE RYAN, or from a public phone in the Virginia Hotel, available to anyone, Denver is not in a position to determine whether it would be logical to have all of the above guests located and interviewed. If it appears to Springfield that there might be some relationship or connection between any of these guests and MELBA MARIE RYAN, Springfield should set out appropriate leads.
