"02B-6" or "D2B-6" are not markings of his company. His tape is 5/16 inch laundry-marking tape made by the Textile Marking Machine Company, Syracuse, New York. His laundry purchases this tape from F. H. Ross and Rudolph Ramelli, both of Jackson, Mississippi. This tape comes in eight to ten colors; however, red is not a good color, in that the ink from the machine tends to fade and run on red tape.

EMMONS made available a sample of cloth with several samples of tape markings, yellow in color. He numbered the lettering on the tape as "02B-6", "MIF14," and "MIF15." He made available other items described in paragraph one which are enclosed for the Bureau.

The managers of the Rudolph Ramelli Company and F. H. Ross Company, both of Jackson, Mississippi, advised that the only machine handling Thermo-Seal to ~~the~~^{their} knowledge in the central and southern portions of the state is the Phoenix Laundry in Hattiesburg, Mississippi. They do not handle northern Mississippi.

LEAD:

AT BUREAU

The FBI Laboratory is requested to compare lettering and strips of tape enclosed with the two articles recovered at the scene of the shooting 4/4/68, a white Jockey T-shirt and checkered print undershorts, containing cloth laundry tags allegedly made by a Thermo-Seal marking machine manufactured by Textile Marking Machine Company, Syracuse, New York. Results should be immediately furnished Memphis and interested offices.
