Sra. Genoveva Curiel de Frezoso
Prop., Fiestas Store, Av Mexico 50

She is the wife of ^{Juan} Manuel Frezoso Gutierrez.

She did not recall subject or his car as she was upstairs in their apt. She does recall the fact an American came in to buy a 7.45 X 14 tire and, since they did not have one, clerk Teresa Fernandez sold him a ~~7.45~~ 7.50 X 15.

He asked for a discount because it was the wrong size & T.F. called up to the apt for auth to give a discount - Mrs. F. auth 10%.

She could recall no further about the actual sale, even to say how long ago it was.

She said her brother mounted the tire but could recall nothing of the incident.

She said a Mex investment had been in a couple of weeks earlier injuring 7 to 8 million.

Mrs. Frezoso said they ~~had no~~ kept no record of tire serial numbers except to note them on the sales slip at the time of sale for guarantee purposes. She searched the

(1)

invoices of tires their receives from the Firestone
factory + noted that there was no serial numbers.

She was unable to state whether or not the
tire in question had ever been in their inventory.

5/7/68

Teresa Fernandez, Clerk, Foreston
Ar Mex 50

T.F. immediately rec. the sun glass photo as subj. She said he came in one morning, she was sure in January 1968, to buy a tire. He had apparently come from General Pops, 2 doors away just previously.

Subj. had a ^{what hunting} ~~stir~~ badly road damaged & needed a replacement 7.45 x 14. As they had none he took a 7.50 x 14 but asked for a discount as it was the wrong size. ~~He~~ T.F. spoke to Mrs. Freyoso who was in the upstairs apt. A 10% discount was auth. Since the tire was slightly larger and/or because the use of tubes is always rec. due to the rocky roads, the subj. walked to the General Pops & came back with a tube he bought himself & the tire was mounted outside the store by Mrs. F.'s brother.

Having searched unsuccessfully for a sales slip, Mrs. F. suggested she may have left the carbon paper out of the receipt book. She said in any event the subj. did not give his name & since

①

he was not a man she did not bother to ask his name or note the serial # of the tire on the sales slip since this is only done for guarantee purposes.

Miss F stated she lives near the C. S. and after she sold the tire she remembered seeing the subject's white Mustang parked on Calle 31 de Oct around the corner from the S.S. on Matamoros. The car was parked in front of a vacant lot. She thought it strange as she saw the car there about 8⁰⁰ A on several occasions when she was walking to work. She presumed he was, therefore not staying at a hotel. On one occasion as she was on her way to lunch she saw subject park his car and ~~and~~ walk ~~forward~~ up & turn into Matamoros St. She never saw him with any other person ~~and did not~~. He was alone the day he came to the store.

Car. Mex 50

He operates the Pemex station at 31 de Oct y
31 de Mayo & sells B.F. Goodrich. Every Radi-
tair. His wife operates the Firestone store adjacent
he is also an owner.

When contacted on 5/6/67 Frego was
somewhat intoxicated. He said he had spoken to
Ben Cooper on the phone that date. He told
him that a Mex & an Am investigator had visited
the Firestone store & had related, second hand, what
his clerk, Teresa Fernandez, told him. He
had not been present on the occasion. ~~He~~

~~Asked to describe the man~~ On 5/7/68

When asked to describe the Mex he
said a fat man ^{"Chico"} had come to the Pemex station
alone to speak to him. "Chico" was staying
at the Hotel Posada.

5/7

Cena Maria Madero, Clerk General Pgo
Ave Mexico 32

G-7 ~~is~~ is a code for the type of tire
a tube will fit - a 7.50 x 14 tire takes a G-7 tube.

She does not rec. photo or recall subj. car.
She has been there as clerk for 2 years + waits
on customers.

~~On the assumption the sale~~
No record of sale of any item to Eric Galt
from Oct 7 through present.

On assumption the sale may have been
marked to Firestone, the sales of a G-7
tube for car to Manuel Fregoso were noted
on 10/26/67 to 1/13/68. - S7 M.N.

Miss Madero said that if she did not know
the name of the person to whom she made a sale
but knew that it was a sale for ~~a Firestone~~
connected with a Firestone purchase, she would
put down Manuel Fregoso's name. She
was unable to state she did this in this case
but it is possible.

She stated she never recalls seeing anyone visit subj. She does not recall his luggage, never observed any firearms.

She did remember that several nights he had not ~~at~~ slept in his bed & remarked about this to Mr. Ed. Manogue, the owner. However, no record a notation of such is made & she has no idea of the dates he was not at the Hotel.

He came in ~~from~~ during a period of 3 or 4 weeks ~~the~~ about 3 pm ea day & had a hamburger & pepsi etc. When he first came he ate a half dozen small green chiles w/ his hamburgers very hot ones. Later he stopped ordering them & told Cis. the doctor had ordered him to stop eating chiles.

Subj. drove a white mustang which he parked outside the store. Cis. also observed subj. around the Hotel Rio.

On 2 visits to the store he was accompanied by a ^{husband} ~~man~~ - dm whose name Cis. does not know.

Subject was dating a girl named Elin who worked in the bar selling cigarettes. She was also the girlfriend of Rodolfo Gonzalez, the pilot.

One eve Elin ~~asked~~ asked Perez to write a note for her in English to the subj' (whose name he could not recall) It seemed that Elin had accepted some ~~money~~ \$500.00 for subj' to rent an apt for them but she had used the money to take her two of her children to Grand. The note was to explain how she had spent his money & to ask his pardon. He remembers the man subj' came in, perhaps that same night. He delivered the note to him & there was no particular reaction.

The man had a white mustang. All this occurred about 4 or 5 months ago. He never saw the man again & is not sure he would even recognize him today.

Subj. told her he was on a forty day vacation ~~trip~~ in P.V.

He didn't say where he came from or where he was going. She said her English is limited & his Sp. almost none.

The three of them went to see some lots of Rod's, which are south of the Rio Cuale on the inland side of the highway to Bana Navides just as the road leaves P.U. Then

They looked at the lots but no serious discussion took place. Subj. asked if he wanted to go to Mimaloya & Rod. agreed. The three of them went down & spent some time at the beach.

Rod. said that when at C.S. subj. usually drank tequila & agave or a drink calling for Bacardi Rum.

"Rodi" said the guy was spending a good deal of money on Irma but no figure was mentioned & Guzman did not see his money.

Guzman said the American came back two more times. ~~with American girl~~ He had a different Am. girl with him each time. He did not know the girls & presumed they were tourists. They were attended by one of the part-time waiters who appear at the beach on busy days & Guzman did not see them directly.
