At 4:45 pm, 4/4/68, parked his car south of Canipe Amusement facing north immediately behind a white Mustang. Saw white man in Mustang but can't describe because it was too dark to get a good look. Thinks it had Arkansas plate with number beginning with letters "AL" but not sure. Hurley drove away at 4:48 pm, 4/4/68, and man still in car.

Arrived at grill, approx. 3:55 pm 4/4/68, and parked behind white mustang. Mustang might have been from Mississippi since it had orange or orangish-yellow plates. A stranger was eating in grill. (Description white male, 5'8" to 5'9", 160 lbs., heavy, 27 to 30 years, sandy hair, ruddy complexion, wearing dark suit.) Same man returned 8 pm, 4/5/68; acted clam in spite of everyone else's acting excited over assassination. Jowers called police about the man, who was arrested and identified as Gene Pearson Crawford and later determined to have had no part in assassination.

Tactical Unit 10. Heard shot about 5:50 pm, 4/4/68, but ignored it until someone said King had been shot; ran along fire station, jumped down retaining wall to Mulberry, thence to Lorraine Motel. Someone pointed to rooming house as place where shot came from. Ran back, climbed up retaining wall, searched area around motel side of rooming house. Found only two footprints near cellar. Since it had recently rained, other footprints would have been there if anyone had walked there.

Left Jim's Grill between 5:15pm and 5:30 pm 4/4/68. Waited on sidewalk for friend to return for his jacket. Noticed off-white mustang with dark interior. Saw 5 red and white cartons size at ten-package cigarette cartons. When friend had picked up his jacket in grill and returned to sidewalk, they walked north^{on} east side of south main. At intersection of Vance and south main, he looked back and saw mustang about ready to turn corner and go east on Vance from south main. Does not know if this car was ~~same~~ as the one he ~~saw~~ parked but thinks it was. Did not see driver but thinks it was white male with white shirt.
