**ASSASSINATION OF  
MARTIN LUTHER KING, JR.**

Donald Woods, the salesman for the Aeromarine Supply Company, Birmingham, Alabama, who sold the rifle recovered at the scene of King's assassination, contacted our Birmingham Office to advise he has been contacted by Arthur Hanes, the attorney for James Earl Ray.

Hanes advised Woods that Ray was a "little fuzzy" on the details of the purchase of the gun and for that reason Hanes would like to interview Woods to obtain more specific information.

We have offered no advice to Woods concerning this matter; however, we did tell him that the request of Hanes would be brought to the attention of the state and Federal authorities concerned with the prosecution of Ray.

This matter was brought to the attention of Mr. Phil M. Canale, Jr., State Attorney General, Shelby County, Tennessee, and the United States Attorney in Birmingham.

The above is for your information.

SAC Joseph Gamble of the Birmingham Office has telephonically furnished the following information.

Donald Woods, the salesman for the Aeromarine Supply Company, Birmingham, Alabama, who sold the rifle recovered at the scene of King's assassination to Ray, has been contacted by Ray's attorney, Arthur Hanes.

Hanes advised Woods that Ray was a "little fuzzy" on the details of the purchase of the gun and for that reason Hanes would like to interview Woods to obtain more specific information.

Woods contacted our Birmingham Office today to inquire as to whether he should consent to an interview with Hanes.

Birmingham furnished no advice to Woods concerning the matter but advised him that the request would be brought to the attention of the appropriate State and Federal authorities concerned with Ray's prosecution.

SAC Gamble has advised the Memphis Office of Hanes' request and instructed Memphis to bring the matter immediately to the attention of Phil M. Canale, Jr., State Attorney General, Shelby County, Tennessee, who is handling the State prosecution. Since Federal process charging Ray with violation of the Civil Rights Statute (Section 241, Title 18, U. S. Code) is outstanding in Birmingham, SAC Gamble is also bringing Hanes' request to the attention of the U. S. Attorney in Birmingham.

Any instructions to Woods relating to the interview requested by Hanes will be issued by State Attorney General Phil M. Canale, Jr., and/or the U. S. Attorney at Birmingham and the Birmingham Office will furnish absolutely no advice to Woods on the matter.

ACTION:

Information relating to Hanes' request for an interview with Woods is also being brought to the attention of the Civil Rights Division of the Department.

MURKIN

This is the case involving the murder of Martin Luther King, Jr.

Special Agent in Charge (SAC) Joseph Gamble of the Birmingham Office telephonically advised that he received a telephone call from Robert Wood, owner of the Aeromarine Supply Company, Birmingham, Alabama, to the effect that his son, Donald Wood, and other employees of the company have been receiving threatening telephone calls. It is noted that James Earl Ray purchased the rifle from Donald Wood of the Aeromarine Supply Company on March 29-30, 1968. To be specific, the call that Donald Wood received from an unknown individual was to the effect that he would not live to testify in the James Earl Ray case. The employees received telephone calls along the line that they wanted to know if they sold sawed-off shotguns and told them they had better start to sell them.

SAC Gamble stated that he has taken no action on this matter and due to the importance of this case, he would like the Bureau's views.

Mr. Stephen J. Pollak, Assistant Attorney General, Civil Rights Division, was apprised of the threatening telephone calls received, and he was advised that it has not as yet been determined if Federal process will be dismissed, we are alerting the Birmingham authorities of the threats made. In view of the Tennessee authorities' prosecution of subject Ray on State charges, we are notifying Mr. Phil M. Canale, Jr., State Attorney General, Shelby County, Tennessee, of these telephone calls.

After learning of this information, Mr. Pollak advised that he did not desire any further action, however, he did desire that our Birmingham Office apprise the U. S.

This case involves the murder of Martin Luther King, Jr.

Attached is Xerox copy of Memphis airtel dated 7/31/68 relating to investigation to identify two individuals, Vincent Walker and Lawrence Rand or Rend, who checked into William Len Hotel, Memphis, Tennessee, at 2:38 p.m. on 4/4/68 and checked out at approximately 12:10 a.m. on 4/5/68. The circumstances surrounding their departure in Memphis shortly after the murder of King has warranted our investigation to identify these individuals since there is always the possibility that they may have been involved in the murder of King. Our investigation to date has been negative and the conclusion of Memphis is that both of these individuals were "running from something." There is also attached a memorandum from Mr. Rosen to Mr. DeLoach indicating that in view of the possibility that Walker and Rand may have been implicated as co-conspirators in the King slaying, that the fingerprints developed on hotel registration cards relating to them be compared with fingerprints of white Bureau fugitives between the ages of 20 and 35.

In order to assist in the identification of Walker and Rand, or Rend, it is suggested that consideration be given to contacting informants in the Klan and white hate groups since there is a possibility that these informants may be able to identify known militant members of the Klan or white hate groups who were not in their normal location on the day of and the day after King's murder. There is a very meager physical description for both individuals and if consideration is given to requesting a check of logical racial informants it is suggested that a review be made of the Memphis report relating to our investigation of these individuals.

We have had absolutely no indication that Vincent Walker and Lawrence Rand were affiliated with or associated with any Klan or hate type organization. The descriptions of these individuals are exceptionally meager. To contact informants to possibly identify these individuals due to type of information available could easily result in a waste of Agent time.

This is the case involving the murder of  
Martin Luther King, Jr.

Captain J. G. Ray, Memphis Police Department, who is in charge of the security of subject Ray, has confidentially advised us that Judge W. Preston Battle, Shelby County Criminal Court, Memphis, has received a letter from Marya and Laska Van Doornen, Bellflower, California. This letter was dated August 3, 1968, and requested the address of Ray's attorney, Arthur J. Hanes. The letter in part stated "We have a number of things we would like to tell the defense."

Bureau indices are negative regarding Marya and Laska Van Doornen.

Our Memphis Office has requested Los Angeles Office to discreetly determine identity of the Van Doornens, and if possible, to determine what, if any, connection they might have had with Ray. Memphis also stated, unless advised to the contrary by the Bureau, no attempt will be made to interview these persons except possibly under a suitable pretext as we do not desire to invite charges of interfering with the subject's defense.

The Los Angeles Office has been advised not to interview the Van Doornens under any circumstances, but to proceed to determine their identity through office records and established sources.

RECOMMENDATION:

If approved, the attached communication be sent to Los Angeles, with copy to Memphis, confirming Bureau instructions.

I spoke to Mr. Canale several weeks ago, and he indicated to me that he would soon commence trial preparation. A substantial amount of the evidence which I am sure he will want to produce at trial comes about through the intensive FBI investigation into this matter, as well as FBI laboratory work. I would suggest that it might be timely to have Mr. Jensen, SAC in Memphis, contact Mr. Canale to be sure that he is aware of the scope and extent of the federal investigation and to proffer him whatever assistance he requires.

This is the case involving the murder of Martin Luther King, Jr.

Our Legal Attache in London previously furnished a copy of a letter from subject as Ramon G. Sneyd dated July 4, 1968, addressed to a Mr. J. B. Stoner, Attorney-at-Law, Savannah, Georgia. This letter in essence stated that subject was shown a letter written by Stoner concerning a legal fund which Stoner represents and subject advises that he had retained Mr. Hanes and would like to get his advice before he takes any action. Letter continues by advising that subject appreciates Stoner's offer of assistance. It is noted that this Stoner is possibly identical to one Jesse B. Stoner, who is Vice President of the National State Rights Party (NSRP) with headquarters in Savannah, who has been described as a racial rabble rouser.

We have learned that Dr. Edward R. Fields, a NSRP Director, had announced that the Patriotic Legal Aid Fund of Savannah had offered to defend James Earl Ray, the accused slayer of Martin Luther King, Jr.

An informant of Savannah Division has informed us that Dr. Fields made a statement that he was a personal friend of Arthur Hanes, Jr., the attorney for James Earl Ray, and Jesse B. Stoner recently mentioned that Hanes had called them apparently at the NSRP Office, acted mad and pointed out that he did not even recall meeting them and he was not "their friend." According to the informant Fields and Stoner were miffed that Hanes was so unfriendly, but acknowledged they had met Hanes only on one occasion which was for a brief moment. The informant further stated that the financial status of the NSRP is such that they could not afford to contribute any money to Ray's defense, and the informant was of the opinion that Fields and Stoner had made the initial offer to aid Ray for their own publicity and for the purpose of attempting to increase their own prestige.

**ASSASSINATION OF MARTIN LUTHER KING, JR.**

We are in receipt of a memorandum from Mr. Fred M. Vinson, Jr., Assistant Attorney General, Criminal Division, dated July 29, 1968, which was in response to our memorandum dated July 23, 1968, raising the question as to whether the Department should arrange for immediate dismissal of the Federal complaint against James Earl Ray. Mr. Vinson concurred in our recommendation that Federal Process be dismissed.

We indicated in this memorandum it is our understanding that prosecution of the Civil Rights - Conspiracy charge is no longer possible in view of the fact that this offense was not cited in the order of extradition.

Inasmuch as your view is in conflict with the opinion expressed by the Criminal Division, we would appreciate knowing under what circumstances prosecution of James Earl Ray would be obtained.

**NOTE:**

We directed a memorandum to the Attorney General pointing out that it was our understanding that since the Civil Rights - Conspiracy charge was not cited in the order of extradition, prosecution was not possible on this charge. The Criminal Division of the Department advised the Civil Rights Division that it concurred with our observation.

In a memorandum from the Civil Rights Division of the Department they advised it would not be appropriate to dismiss the complaint at this time as the conspiracy investigation is still underway. They further pointed out that if the evidence and outcome of state proceedings warrant continued pursuit of the prosecution against Ray, they would want to consider steps through proper channels to obtain a waiver from British Government under the treaty so prosecution could proceed. This memorandum to Mr. Pollak is for clarification in view of the position taken by Mr. Vinson.

This is in response to your memorandum to the Attorney General of July 23, 1968, raising the question as to whether or not the complaint filed against Ray in Birmingham on April 17, 1968 under 18 U.S.C. 241 should be dismissed.

In our view, it would not be appropriate to dismiss the complaint at this time. The conspiracy investigation is still under way. After that investigation has been completed, we would want to review the facts and determine whether or not prosecution of Ray or other persons might be appropriate. If the evidence and the outcome of the State proceedings warranted our continued pursuit of the prosecution against Ray, we would want to consider appropriate steps through proper channels to try to obtain a waiver from the British government under the Treaty so that prosecution could proceed.

It is noted that a complaint was filed before the United States Commissioner at Birmingham, Alabama, on April 17, 1968, charging the subject, as Eric Starvo Galt, with a violation of Section 241, Title 18, United States Code.

It is our understanding that prosecution of the above charge is no longer possible in view of the fact that this offense was not cited in the order of extradition. It is requested that we be advised as to whether this is correct and if this is so, it is suggested that the Department arrange for the immediate dismissal of the Federal complaint.

This is the case involving the murder of Martin Luther King, Jr. This memorandum is in specific reference to the investigation conducted at William Len Hotel in Memphis, Tennessee, regarding suspects Vincent Walker and Lawrence Rand.

As a result of checking various hotels and motels in Memphis, Tennessee, regarding suspects in (this matter), it was determined that an individual by the name of Vincent Walker and another by the name of Lawrence Rand registered at the William Len Hotel in Memphis on April 4, 1968. On April 5, 1968, they made a hasty departure from the hotel taking a taxicab to the Memphis Airport. Investigation strongly indicates that these two individuals departed Memphis by Delta Airlines Flight No. 137, nonstop to Houston, Texas, on April 5, 1968, using the names of W. Davis and B. Chidlow.

This matter has been thoroughly checked with negative results in order to determine the true identity of these individuals. It appears that these two individuals may have been in Memphis for the possibility of committing some illegal activity or there as possible fugitives "cooling off" and departed immediately because of the pressure of law enforcement on the King assassination.

Memphis Division submitted the hotel registration cards concerning Walker and Rand and six unidentified latent fingerprints were developed from the card of Walker and five unidentified latent fingerprints were developed from the card of Rand.

Memo Rosen to DeLoach  
RE: MURKIN

RECOMMENDATION:

Since all other logical investigation has been conducted in an effort to identify these individuals without success, and in view of the possibility they may have been implicated as co-conspirators in the King slaying, it is recommended, if feasible, that the latent fingerprints developed on the hotel registration cards be compared with those of white Bureau fugitives between the ages of 20 and 35. It is noted that the best available information indicates that Walker and Rand are described as white males between the ages of 20 and 35.

Memo Rosen to DeLoach  
Re: MURKIN

ADDENDUM OF THE IDENTIFICATION DIVISION: *[Signature]* N. E. McDaniel/hs 8-6-68

The foregoing recommendation is premature. Of the eleven latent fingerprints developed on the hotel registration cards concerning Walker and Rand only two on one of the Walker cards are possibly susceptible to a comparison of the type recommended. The Identification Division has no information to indicate that the latent fingerprints are those of Walker or Rand. Prior to considering the recommendation of the General Investigative Division, the Memphis Office should submit elimination prints of the hotel employees and law enforcement officers who may have had occasion to handle the evidence. Upon receipt of such elimination prints the Identification Division will make comparisons with the latents developed on the hotel registration cards. This examination might very well eliminate the two latent prints on the one Walker card which do appear to be possibly susceptible to the recommended comparison.

If the General Investigative Division feels that on the basis of the information available to them that the costly, time-consuming examination which they have recommended is warranted, then it is suggested that the elimination prints be obtained before proceeding further in this matter.

ADDENDUM OF GENERAL INVESTIGATIVE DIVISION:

REL:cs 8/8/68

In view of the important phase of eliminating Vincent Walker and Lawrence Rand as possible conspirators in this case, we are instructing our Memphis Office to submit elimination prints. Upon receipt of these elimination prints, it will be recommended that the Identification Division compare the pertinent latents with those of white Bureau fugitives between the ages of 20 and 35.

NOTE: Atlanta letter of 4-30-68 requesting authority to establish an odd-hour shift from 4:00 p. m. to midnight, Monday through Friday, was based primarily on increasing traffic in connection with the MURKIN investigation. At that time, General Investigative Division was in agreement. However, with apprehension of James Earl Ray and abandonment of the "poor peoples' march", it is felt Atlanta should furnish justification for continuance of an odd-hour shift.

Mr. Al Long, Budget, Justice, telephonically contacted this office this afternoon and stated that the Department had received a bill for the airplane furnished by the Department of Defense used by this Bureau to transport James Earl Ray, subject, from England to Memphis, Tennessee. Long stated that the bill was in the amount of \$8,500; that Mr. Fred M. Vinson, Jr., Assistant Attorney General, Criminal Division, had sent the bill to Mr. L. M. Pellerzi, Assistant Attorney General for Administration, with a request that he see him concerning it. Mr. Long knew nothing about the background and the purpose of his call was to find out what he could in order to brief Mr. Pellerzi. He expressed the opinion that it appeared to him that the charge was properly an investigative expense and therefore should be paid for from FBI funds. Long was advised that the matter would be looked into and he would be contacted.

This matter was discussed with Agent Supervisor Joseph G. Kelly, General Investigative Division, who advised that all of the arrangements for the plane had been made at the highest level in the Department of Justice; that Mr. Rosen and Mr. DeLoach had both informed the Department officials that the Bureau's funds were not available for paying the cost of the plane; and that this view had been concurred in by the Director. On the basis of this information, Mr. Long was informed that it was felt that this Bureau's funds were not available to pay this cost and that this view had been communicated to the top level of the Department of Justice. Long stated that he would be governed accordingly and so inform Mr. Pellerzi.

Dear Mr. Hill:

I have received your letter dated July 28, 1968, and want to assure you that the FBI did not participate in the preparation of the article by Jeremiah O'Leary which appears in the August, 1968, issue of "The Reader's Digest." Independent investigations made by news reporters do not, of course, have any connection with official investigations conducted by the FBI.

Since James Earl Ray was one of our "Ten Most Wanted Fugitives," the FBI did issue biographical and descriptive data last spring intended to aid in his apprehension. All of that information conformed to the guidelines laid down by the Attorney General and was approved by the Department of Justice.

The interest which prompted you to write me concerning this matter is indeed appreciated.

Sincerely yours,

J. Edgar Hoover

The article to which he refers deals with the identification and apprehension of James Earl Ray in the Martin Luther King murder case. O'Leary's article consists primarily of previously published material, together with information furnished by the Canadians and British to representatives of "The Reader's Digest."
