Supervisor John Hall, Newark Office, telephonically furnished following information which was obtained during the evening of 4-12-68, from investigation conducted at the Locksmithing Institute, 1500 Cardinal Drive, Little Falls, New Jersey.

Eric S. Galt, student number 30-15189, submitted an enrollment form dated 7-31-67, at which time his address was furnished as 2589 Rue Notre Dame, EST, Montreal, Quebec, Canada.

Also submitted by Galt was a 'confidential information form' for Locksmithing Institute which contained eight questions that Galt responded to, all answers being typewritten. This form showed Eric S. Galt, student number 30-15189, telephone left blank, age 36, single, no dependents, under employer it was indicated that he was taking a course with American Business Consultants, 16000 Crenshaw, Long Beach, California. Galt indicated he had specialized training in the military in ordnance type work and he felt that a combination of the ordnance work and the locksmithing would combine in one business. He indicated he had a high school education and on the question on how he planned to capitalize on training, he checked "other plans." This form indicated he did not have any physical defects and he furnished the following two character references: Mrs. Rita Steen, 566 Franklin, Los Angeles and Mrs. Marie Deninno, 5533 Hollywood, Los Angeles, whose occupations were shown as housewife and waitress respectively.

*7-31-67 shows
5266 Franklin*

He responded to the question if there was any other information which would help in connection with his enrollment, that he had never been convicted of a crime or grand or petty larceny. This form was signed Eric S. Galt, 1535 -N- Serrano, Los Angeles, California, 90027, in handwriting.

The records of the institute revealed a third form which contained the "School Record" of Eric S. Galt, Student Number 30-1-15189, 1535 N. Serrano, Los Angeles, California, and furnished a change of address (no date) to 2608 Highland Avenue, Birmingham, Alabama, 35205. A photograph copy of the enrollment ledger, and accounting document showed a change of address as of 3-30-68, to 113 14th Street, N.E., Atlanta, Georgia.

Memorandum to Mr. Rosen
RE: MURKIN

The payment record for the correspondence course is shown as follows:

7-31-67	\$10.00 and \$7.50
1-10-68	\$15.00
2-2-68	\$7.50
3-6-68	\$7.50
3-11-68	\$15.00
4-8-68	\$7.00

Dates lessons received from Galt are as follows: 2-5-68, 2-23-68, 2-19-68, 2-23-68 (?), 3-7-68, 3-27-68, 4-1-68, 4-8-68, 4-10-68. All lessons are destroyed after they are received and reviewed by school.

Of significance is a handwritten note made by an employee of the school on Galt's record 10-5-67, "Going on vacation, will advise."

SA Hall advised that the Locksmithing Institute records are in a state of flux with respect to the ledgers and that efforts are continuing to locate any additional information. The only additional thing that the manager thinks may be in the ledger records is a subscription card.

A stop has been placed on the next lesson and the FBI will be immediately notified upon receipt by the school.

SAC Hitt was telephonically advised of information developed by the Newark Office. Hitt was instructed to send some Agents and survey the situation at the address of 113 14th Street, Northeast, in Atlanta to determine the feasibility of conducting a raid to locate Galt.

SAC Hitt advised the Bureau at 2:15 a. m., that a survey of the neighborhood had been conducted and it would practically be impossible to conduct a raid at this time. He pointed out that 113 14th Street, Northeast, is a four-story house with 30 to 40 rooms. It joins the house next door which is approximately the same size. He pointed out that this is in the middle of the "hippie" section and there is a nightclub next door which is the hangout for the hippies. The nightclub is known as the "Catacomb." He stated that as of 1:30 a. m., it was as busy as the middle of the day with about 50 to 100 people milling around in the house.

ACTION:

Atlanta will contact the owner of the house and the neighbors in order to determine the identities of the individuals residing at this address. Agents will not mention the name of the subject.

In view of the nature of the neighborhood and the necessity of being discreet in covering this matter, SAC Hitt was authorized to use surveillance truck to observe the residence in question.

At 6:39 AM SA Dick Hamilton, Atlanta Office advised that they have now determined the owner of the house at 113 14th St N.E. Atlanta is also the owner of the "Catacomb" night club, the hippie hangout. He also advised that they were setting up their surveillance truck in a parking lot across the street from the house. They were not able to go in earlier because they could not get a spot to observe from due to darkness. Hamilton noted there was considerable activity around the above address during the early morning hours as this was the day the hippie newspaper was put out and being sold on the street.

Action: Hamilton was instructed to give consideration to the fact that the address of 113 14th St N.E. could be erroneous due to transposed numerals or the like and that variations of the numbers should be also checked out.

In connection with the investigation into the death of Martin Luther King, Jr., the white Mustang owned by Eric S. Galt was located in Atlanta, 4/11/68. A woman living in the area where the car was apparently abandoned saw a neatly dressed white man wearing what she believes was a blue suit park the car at a low class white housing project between 8:30 a. m. and 9:00 a. m., 4/5/68. She attached no significance to this incident, but when the car had not been moved by 4/11/68, she brought this to the attention of her minister, and he reported the car to the Atlanta Police Department.

Revert

The Atlanta Police Department, since the car had Alabama license plates, checked with the Alabama Division of Motor Vehicles, who informed the FBI Office at Mobile of the inquiry. Mobile immediately advised Atlanta and the car was taken to the FBI garage for processing.

The Laboratory has determined that laundry tags on clothing believed to have been abandoned by the subject are similar in all respects to laundry tags used by the Home Service Laundry and Dry Cleaning Company, 5260 Hollywood Boulevard, Los Angeles, although it cannot be definitely stated that the tags in question were made by this laundry's marking machine.

Lucy Pinela, present manager of Home Laundry and Dry Cleaning, believes she has seen undershorts of the type in question and says the laundry tag in question would have been used sometime after mid-February, 1968; however, all records, as well as tools, were removed by Jay Wallis Vernon, also known as Jerome Wallis Vernon, former manager who operated the laundry until 3/24/68 and last appeared at the laundry 3/27/68.

The laundry Vernon managed is about five blocks from the Rompage Hardware Store which has been identified as the source of a pair of pliers believed to have been abandoned by the killer.

Vernon has FBI number 743 226 B and his fingerprints are not identical with any of the latent prints developed in this case. His handwriting is not identical with the handwriting in this case.

Vernon was born 12/14/35 at Pampa, Texas, and was a Bureau Army Deserter Fugitive in 1953 after he failed to return to his duty station, Fort Campbell, Kentucky, as ordered. He surrendered to the Sheriff's Office, Craig, Colorado, 10/25/53. He became a Bureau Air Force Deserter Fugitive when he deserted from Mather Air Force Base, California, in 1963 and he was arrested by FBI Agents, 10/10/63 at Las Vegas.

Memorandum to Mr. DeLoach
RE: MURKIN

Vernon has been on probation since 8/31/67 on a local forgery charge. He purchased the Home Service Laundry 1/15/68 and removed all cash and records, 3/25/68, failing to keep an appointment the same day to discuss payment for the laundry with the former owner. Although his present whereabouts are not yet known he has been placed in Los Angeles on 4/6/68.

The white Mustang owned by Eric S. Galt was located in Atlanta, 4/11/68, as a result of an inquiry made by local authorities to the FBI National Crime Information Center. The car was in the parking area of a low class white housing project adjacent to the intersection of Memorial Drive and Connally Street. The project has 795 apartments containing a total of 3,245 rooms.

Investigation established that the car was parked in Atlanta between 8:30 a. m. and 9:00 a. m., 4/5/68, by a white male, 5' 11", 165 pounds, neatly dressed in a suit, possibly blue. He walked away after locking the car. He had no hat, did not wear glasses, and carried no luggage. One witness saw him refer to a small notebook about three by five inches in size.

When Galt purchased this car in Birmingham, 8/30/67, the odometer reading was about 20,000; it is now 39,400. Stickers on the car show it was serviced by Cort Fox Ford Company, Hollywood, California, no date given; was serviced by Beckman Chevron Service, Los Angeles, 2/13/68, mileage: 34185; and an official Mexican tourist sticker indicates the car has been in Mexico.

In the trunk were various items of clothing and bedding, four floor mats, an air filter cartridge, a hunting knife and tools. Also found in the trunk was a piece of cardboard torn from a paper tissue box on which is written "Ginger and Anita Katzwinkel, 1535 Sarano, Apt. 6." Below the address appear two words believed to be "Olkahombe" and "Brault." The word "day" is written above the words "Ginger and Anita."

Memorandum to Mr. DeLoach
RE: MURKIN

The car has been completely processed for latent fingerprints and has been minutely examined in all respects. All items from the car are presently being examined in the Laboratory and Identification Division at Washington.

Records of an apartment house located at 1535 North Serrano, Los Angeles, show that Galt paid rent in cash for an apartment at this address for the months of November and December, 1967. When the receiver for the apartments went to collect rent approximately 1/18/68, Galt had left the premises. He received a letter from Galt dated 1/21/68, postmarked in Los Angeles 1/22/68, which stated, "Dear Sir, I am writing to inform you that I moved from the apt. I informed the original manager so I am enclosing the keys. I made a deposit on keys but as I lost one will forfeit deposit. Sincerely." The letter was signed Eric S. Galt. This letter is being flown to the FBI Laboratory.

Apartment six at the above address is presently rented to Jennie Morgan who has lived there since 2/12/68. She has no knowledge Galt or the Katzwinkels. The information operator at Los Angeles reported a listing for Anita Katzwinkel, 1831 North Gramercy Place, but it has been determined this telephone was disconnected 4/8/68. The cross listing directory shows Anita Katzwinkel as residing in apartment 303. This apartment was occupied by Mr. and Mrs. Thomas M. Flikeid beginning in October, 1967. They paid rent 4/1/68 saying they were moving within thirty days and on 4/5/68 the manager found a note in the apartment indicating they had moved out.

Every possible lead is being immediately covered in Los Angeles to locate the Katzwinkels and to develop further information on Galt. Atlanta is also making every possible effort to trace Galt's movements.

There is no record of Ginger or Anita Katzwinkel in Bureau indices or the Identification Division.

MURDER OF MARTIN LUTHER KING, JR.

In connection with our investigation into the murder of Martin Luther King, Jr., on April 4, 1968, investigation has indicated that the killer may have left the scene in a white Mustang automobile.

Further investigation has established that a 1966 white Mustang automobile, vehicle identification number 6T07C190647, 1968 Alabama license plates 1-38993, was in Memphis on April 3 and 4, 1968. This automobile is registered to one Eric S. Galt, 2608 Highland Avenue, Birmingham, Alabama. It was purchased by Galt from a private citizen in Birmingham on August 30, 1967.

Galt is known to have resided in Birmingham from September, 1967, to October, 1967, but his present whereabouts are unknown and nothing is known concerning his activities prior to the purchase of the Mustang.

We are instituting a nation-wide search to locate this automobile.

Eric Galt, the prime suspect who resembles the artist's conception of the subject, owns a white Mustang, was in Memphis 4/3-4/58, and whose handwriting resembles the subject's, continues to be a mystery man. He is known to have lived in Birmingham from September to December, 1967, and to have been in a Memphis motel 4/3-4/58, but no other record of his existence has yet been found. All offices are continuing an extensive search of every logical source for some reference to this individual.

It is noted that Galt claimed to have been a "barger" working on Mississippi River barges between St. Louis and New Orleans. Many small companies operate such barges and all are being contacted as quickly as possible. We have been advised, however, that seamen working on the barges never refer to themselves as "bargers" but that this is a European term. Despite the fact that Galt has been described as having a Texas or western accent, full consideration is being given to the possibility that he is not a native American and appropriate checks are being made including records of Immigration and Naturalization Service, Passport and Visa Office of the State Department, and other such repositories of information concerning foreign nationals in the United States.

All offices are arranging for local law enforcement agencies to issue all point bulletins on Galt's automobile in order that he may be quickly located for questioning.

A full description of Galt's Mustang automobile has been entered in the National Crime Information Center so that we will be immediately aware if any inquiry is made concerning this car by any law enforcement agencies in the country.

Memorandum to Mr. DeLoach
RE: MURKIN

There has been recent press publicity regarding an alleged search for King's killer in Mexico. We have made no such search. It is noted, however, that Legat, Mexico City advised that Mexico City Police, on the basis of an alleged resemblance of Claude Chester McLaren, Jr., to an artist's conception of the subject, questioned him as he was boarding a plane 4/8/68 in Mexico City to travel to Houston. McLaren identified himself as employed by a firm in Venezuela. He had traveled from New Orleans to Honduras 3/30/68 and entries on his passport verified this fact. McLaren was photographed by the Mexicans, and although it appears that he was out of the country during the pertinent period, his photograph is being obtained to display to pertinent witnesses.

It is noted that the subject, when purchasing the rifle in Birmingham, paid for it with \$20 bills, and the suspect who rented a room in the flophouse in Memphis from which the fatal shot was fired also paid for his room rent with a \$20 bill. The landlady at the flophouse furnished three \$20 bills, one of which was given to her by the suspect, but she does not know which of the three bills was received from him. The binoculars purchased in Memphis 4/4/68 were also paid for with \$20 bills. The individual using the name Galt, when he purchased the white Mustang in Birmingham, also paid in cash with \$100 and \$20 bills. The serial numbers of the \$20 bills obtained from the landlady are being processed in the National Crime Information Center to determine whether this money may have been bait money from a bank robbery or otherwise recorded as stolen property.

The Philadelphia Office determined that Barclay Laundry, 353 South Tenth Street, Philadelphia, has used a laundry tag such as the one found on clothing abandoned near the crime scene with the rifle which is believed to be the murder weapon. The Barclay Laundry last used such a tag 12/19/67 for the laundry of one Fred Neibauer, a Philadelphia school teacher residing at 2213 Spruce Street, Philadelphia, whose Social Security No. is [REDACTED]. No pertinent information concerning Neibauer could be located in Bureau files and no record for him could be located in the Identification Division. (Laboratory examination has now eliminated the Philadelphia laundry.)

Memorandum to Mr. DeLoach
RE: MURKIN

Extensive publicity is currently being given to a suspect reported by the Mexican Consulate in Memphis who allegedly is being sought in Mexico. This concerns one John Scott Candrian a 22-year-old Memphis State University student who resides in Chicago and who obtained a tourist card to visit Mexico from the Consulate in Memphis on 4/3/68. He indicated he intended to enter Mexico 4/13/68. It is known that Candrian entered Mexico through Arizona on 4/10/68. He is due to return to Memphis State University when classes resume after Easter vacation on 4/15/68. Candrian does not fit the description of the subject and there is no evidence to connect him with this case. We have not sought his whereabouts in Mexico but in view of the publicity being afforded this individual, he is being thoroughly processed to eliminate any possibility of his involvement.

With regard to reports of false police radio broadcasts following the shooting of King, we were previously advised by the Memphis Police Department that approximately thirty minutes after King was shot a man with a Citizens Band radio in his car flagged down a Memphis police car and called attention to broadcasts being received on his Citizens Band radio from an unidentified person who claimed he was following a white Mustang occupied by three persons. The unknown broadcaster gave a running description of the route allegedly being taken by the Mustang and toward the end of the transmission claimed that the Mustang had just gone through a red light at the main intersection of Raleigh, Tennessee, at 95 miles an hour. Police contacted the Sheriff's office in Raleigh who advised that two Sheriff's units were at the intersection and no such incident had occurred. The unknown broadcaster was never identified and police considered the broadcast to be a hoax. Full consideration is being given to the possibility that the subject was broadcasting over the Citizens Band for the purpose of drawing police on to a false trail.

Eric Galt, the prime suspect who resembles the artist's conception of the subject, owns a white Mustang, was in Memphis 4/3-4/68, and whose handwriting resembles the subject's, continues to be a mystery man. He is known to have lived in Birmingham from September to December, 1967, and to have been in a Memphis motel 4/3-4/68, but no other record of his existence has yet been found. All offices are continuing an extensive search of every logical source for some reference to this individual.

It is noted that Galt claimed to have been a "barger" working on Mississippi River barges between St. Louis and New Orleans. Many small companies operate such barges and all are being contacted as quickly as possible. We have been advised, however, that seamen working on the barges never refer to themselves as "bargers" but that this is a European term. Despite the fact that Galt has been described as having a Texas or western accent, full consideration is being given to the possibility that he is not a native American and appropriate checks are being made including records of Immigration and Naturalization Service, Passport and Visa Office of the State Department, and other such repositories of information concerning foreign nationals in the United States.

All offices are arranging for local law enforcement agencies to issue all point bulletins on Galt's automobile in order that he may be quickly located for questioning.

A full description of Galt's Mustang automobile has been entered in the National Crime Information Center so that we will be immediately aware if any inquiry is made concerning this car by any law enforcement agencies in the country.

This is to advise that the name Eric Starvo Galt was searched against the following records with the results as indicated:

Internal Revenue Service, Birmingham, was checked by Charles Knight of the Internal Revenue Service, with negative results. The records could not be checked through the Martinsburg, West Virginia, central headquarters since we do not have a social security number for Galt.

The records of Defense Central Index of Investigation were checked with negative results by Lt. Col. Phillip Ash, Office of Provost Marshal.

The records of the Bureau of Prisons, U. S. Department of Justice, checked with negative results.

Passport Records of the Department of State were checked and no reference could be found concerning Eric Galt.

In investigating the assassination of Martin Luther King, Jr., the field has developed a good suspect who has been using the name Eric Starvo Galt. Galt registered at a motel in Memphis, Tennessee, on the afternoon of 4/3/68 and departed on 4/4/68. Galt was driving a 1966 white Mustang with Alabama tag 1-38993. The registration at the motel and the registration for the car indicate Galt's address to be 2608 Highland Avenue, Birmingham, Alabama. The investigation has disclosed that a person using the name Galt resided at that address for a three month period from approximately 9/1/67 to 12/1/67. Efforts to further identify Galt have been fruitless.

RECOMMENDATION:

Recommended that the attached teletype be directed to all offices instructing those covering ports of exit to check to determine if Galt has departed from the country, and further instructing all offices to advise local police that Galt is wanted for questioning by the FBI. The offices are being cautioned that they are not to disclose the nature of the case for which Galt is wanted.

The massive, widespread investigation into the murder of Martin Luther King, Jr., has developed important new information.

A great many motels have been checked and at the Rebel Motel on the outskirts of Memphis it has been determined that a man using the name Eric S. Galt registered 4/3/68 and checked out 4/4/68. He gave his address as 2608 Highland Street, Birmingham, and was driving a Mustang, Alabama license 138 993.

Investigation at the Birmingham address given by Galt determined that this is a rooming house which has no records of tenants but the proprietor recalls that a man using the name of Eric Galt stayed there from September until December, 1967. Galt said that he had been employed by Ingalls Boat Works, Pascagoula, Mississippi, but was unemployed and on vacation. The proprietor and another tenant have both stated that Galt resembles the artist's conception of the subject. It is noted that the rooming house is in the same general area as the address given by "Harvey Lowmeyer" when he purchased what is believed to be the murder weapon on 3/29/68.

Motor Vehicle records in Alabama show that Eric S. Galt, 2608 Highland Avenue, Birmingham, Alabama, is the owner of a Mustang, Alabama tags number 1-38993, vehicle identification number 6T07C190647. It has been determined that this car was formally owned by one William D. Paisley in Birmingham who advertised the car for sale 8/29/67. Galt answered the ad and agreed to buy the car. Paisley requested payment by cashier's check but Galt said he did not know how to obtain a cashier's check and would meet Paisley at the bank the following day. Galt told Paisley he had been working on barges between St. Louis and New Orleans. The next day Paisley met Galt at the bank and received cash payment in the amount of \$1,950 for the Mustang.

Memorandum to Mr. DeLoach
RE: MURKIN

No bank account has been located for Galt but he did have a safe deposit box at the Birmingham Trust National Bank from September to December, 1967, when he wrote the bank in reply to a rental notice saying that he no longer needed the box. When applying for the safe deposit box he listed his nearest relative as Karl Galt, 2515 Lafayette Street, St. Louis.

An Alabama drivers license issued to Galt describes him as a white male, born 7/20/31, 5 feet 11 inches tall, 175 pounds, with brown hair and blue eyes.

Extensive investigation to date has failed to locate any other record of Galt. He is not known at Ingalls Ship Building Company at Pascagoula nor can any record be found of Karl Galt in St. Louis. There is no record of Galt at Social Security Administration, Baltimore, and no record has been found in the general or identification files of the Bureau. Extensive investigation is underway in all field divisions to check all sources including State Selective Service Headquarters, credit bureaus, etc., for any record of Galt.

The registration card from the motel and documents relating to the safe deposit box at the bank have been compared with the hand written signature of "Harvey Lowmeyer" on the invoice of the Remington rifle. Due to limited amounts of handwriting available a definite conclusion could not be made but similarities in handwriting were noted. Latent fingerprints developed on these documents are not identical with other latent fingerprints in this case or with the fingerprints of various prior suspects.

The safe deposit box in the Birmingham bank has not been re-rented and is being flown into the Laboratory for fingerprint processing. The motel room occupied by Galt has been processed and 25 latent fingerprints developed are being forwarded to the Bureau for comparison.

ACTION:

All-out efforts are continuing to locate and interview Galt.

The Philadelphia Office has advised that the Barclay Laundry, 253 South Tenth Street, Philadelphia, has used the same code numbers which appeared on the articles of clothing in instant case. It is noted that each laundry having one of the machines can prepare its own code involving a combination of letters and numbers.

The laundry in Philadelphia used a similar code on December 19, 1967, on the laundry of one Fred Neibauer, who formerly resided at 2318 Spruce Street in Philadelphia, and now resides at 2213 Spruce Street. Neibauer is a school teacher in West Philadelphia, Pennsylvania, and has Social Security No. [REDACTED]. It is reported that he has been present at school every day during the last four weeks. It is also reported that he resides in a rooming house.

ACTION:

Philadelphia was instructed to obtain a sample tape prepared on each machine owned by the laundry and to bring the samples immediately to the FBI Laboratory so it can be determined if the tape in question was prepared on one of the machines of the Barclay Laundry. Philadelphia was also instructed to institute investigation into the background of Neibauer and to ascertain identities of occupants of the rooming house from 12/1/67 to date. Philadelphia was further instructed to expedite the handling of all leads concerning Eric S. Galt.

RACIAL MATTERS

Attached is a proposed airtel to Albany, copies to all offices, instructing the field to discontinue using the general caption, "Assassination of Martin Luther King, Jr., Racial Matters," in reporting information regarding racial activity and incidents arising out of the killing of King. It further instructs that in reporting such information captions descriptive of the activity involved should be used, for example, "Racial Disturbances Following Assassination of Martin Luther King, Jr., Albany, New York, April 9, 1968, Racial Matters."

These instructions are being issued in view of the volume of communications being received at the Bureau in this matter and the administrative and filing problems created by the use of the general caption rather than a descriptive caption.

ASSASSINATION OF MARTIN LUTHER KING, JR.
RACIAL MATTERS

Many offices are using above caption in communications to the Bureau concerning a variety of activities and racial incidents arising out of the killing of Martin Luther King, Jr. This is creating problems from administrative and filing standpoints and should be discontinued immediately. Captions descriptive of the activity involved should be used in accordance with instructions in the FBI Handbook, page 154h of Part III.

For example, in reporting information concerning disturbances that may have occurred in Albany the caption "Racial Disturbances Following Assassination of Martin Luther King, Jr., Albany, New York, April 9, 1968, Racial Matters" could be used.

Set forth below are current highlights of the investigation into the murder of Martin Luther King, Jr., on 4/4/68.

With regard to the laundry tags on clothing believed to have been abandoned by the killer, efforts to identify the tags through the limited number of marking machines indicated by the manufacturer have been unavailing. One reason for this appears to be that users of the machines develop their own marking systems instead of following coding methods recommended by the factory.

The laundry tags are printed on red cloth and are sufficiently distinctive to permit accurate verbal description. In view of this fact and because of the importance of this lead, all offices have been instructed to telephonically contact all laundries in their Divisions to identify these tags. In handling this kind of inquiry no mention is being made of the fact that the investigation involves the death of Martin Luther King.

The following information has been developed by investigation at the Aero Marine Supply Company, Birmingham, the dealer that sold the rifle which is believed to be the murder weapon.

On March 29, 1968, the subject entered the store and stated that he wanted to select a rifle to use on a hunting trip to Wisconsin. He selected a .243W caliber Remington rifle and had it fitted with a Redfield variable power telescopic sight, and the total bill including tax was \$248.59. He paid for these items with \$20 bills.

(It is noted that the binoculars which were purchased in Memphis, 4/4/68, were also purchased with \$20 bills and a \$20 bill was used to pay one week's rent on the room in the flop house which was occupied by the subject.)

The subject returned to Aero Marine Supply Company 3/30/68 to state that his brother had advised him the gun he had purchased was not heavy enough for the type of hunting they would be doing and had recommended that he exchange it for a .30-06 caliber rifle. The store changed the telescopic sight from the .243W Remington to a .30-06 caliber Remington pump gun, which the subject carried from the store. This is the rifle that was recovered in Memphis immediately after the shooting of King.

In purchasing the rifle the subject used the name Harvey Lowmyer and signed this name across the invoice of the sale. The clerk who handled the transaction has entered the name on the invoice as Harvey Lowmeyer. It is noted that this clerk is advanced in age and interviewing Agents have found him to be hard of hearing.

The invoice for the gun shows Lowmyer's address as 1907 South 11th Street, Birmingham, Alabama. Extensive investigation in the area of this address has failed to produce any information concerning the subject. A taxi driver has been located who recalled that on 3/28/68 he picked up a man resembling the subject about a half mile from Aero Marine Supply Company and drove him to the general vicinity of the address given on the invoice. This passenger was carrying a blue overnight bag similar to the zipper bag recovered at Memphis.

Lowmyer is a very unusual name. Although it is very likely that this is not the subject's actual name, it also appears likely that he is acquainted with someone named Lowmyer. This surname and all logical variations are being checked through the Bureau's files in the field as well as at the Seat of Government, and all field divisions are checking telephone directories, city directories, voting lists and similar sources to locate all persons having this or a similar name.

Memorandum to Mr. DeLoach
RE: MURKIN

The FBI Laboratory in comparing the Lowmyer signature with known handwriting available in the Bureau's files has noted that certain letters in the signature of one Bobby Ray Graves, FBI # 410 150 D are similar in handwriting to comparable letters in the Harvey Lowmyer signature. Due to the limited nature of the material available for comparison, the significance of these few similarities could not be assessed, but the field has been instructed to immediately check out Bobby Ray Graves, who is Exalted Cyclops of the Klan in the area of Boiling Springs, South Carolina. Graves' fingerprints are not identical with latent fingerprints that have been developed in this case.

Personnel and other customers at Aero Marine Supply Company identified three other weapons handled by the subject. These have been processed in the Identification Division and two latent fingerprints as well as a palm impression were developed on one of the rifles.

Personnel of the Exhibits Section are presently in the field preparing an artist's conception of the subject based on descriptions being provided by persons who observed subject in both Birmingham and Memphis; the picture is being revised through interviews with newly developed witnesses.

It is pointed out that the subject apparently ran out of the flop house immediately after the shooting and abandoned the rifle which is believed to be the murder weapon, as well as a small zipper case containing a pair of binoculars and various personal items. A white Mustang automobile was seen driving away at a high rate of speed but it is not known if the subject left in this car.

Wrapped around the abandoned rifle was a cloth which appears to be a bedspread or blanket. This is believed to be of the type used by motels and extensive efforts are being made to trace this item.

In the zipper bag was a pair of binoculars purchased in Memphis 4/4/68 on which a latent fingerprint has been identified that is identical with a latent fingerprint developed on the abandoned rifle believed to be the murder weapon. Other items in the zipper bag,

RE: MURKIN

In addition to the tee shirt and shorts bearing the laundry marks previously described, included a pair of pliers, two cans of Schlitz beer, a hammer, a bar of soap from a Friendship Inn Motel, a small transistor radio and various toiletry items. Extensive investigation is underway in an effort to trace each of these items and the pair of pliers has been traced to a Los Angeles hardware store which received it in October, 1966, as one of a lot of twelve. The pliers were put in a bargain barrel near the front door upon receipt and one pair remained in the barrel 4/8/68. Employees do not recall any sale of these pliers but an extensive search is being made of credit sales records.

A total of 13 latent fingerprints have been developed in this case. These include two latent fingerprints found in Room 5B of the flop house which is believed to have been occupied by the subject on the afternoon of the killing, one latent fingerprint on what is believed to be the murder weapon, one on this rifle's telescopic sight, one on the binoculars, one on a can of beer, one on a newspaper, one on a bottle of aftershave lotion, three on a cartridge box, and two on a rifle handled by the subject at the Aero Marine Supply Company. With the exception of the rifle, the telescopic sight and the two latent prints found in Room 5B, all of the latent prints are from items found in the abandoned zipper bag.

In addition to the widespread investigation which has been indicated above, intensive efforts are being made to locate the white Mustang automobile, and to identify and trace all other items of physical evidence. A large number of suspects have been processed and eliminated and additional suspects are being developed on a daily basis, both from information provided by citizens and as a result of our investigation. We also are checking out Klan members, Minutemen, rabble rousers and other persons known to have a potential for this type of crime because of their prior activities, associations, or statements. Every conceivable, logical investigative approach is being vigorously pursued on a top priority basis for the purpose of solving this case at the earliest possible hour.

RE: MURKIN

The press has given widespread publicity to reports that Joplin, Missouri, police arrested a suspect who resembles the artist's conception of the killer. This individual is Lynn Ray Cleveland who was arrested 4/9/68 while hitchhiking after a woman thought he resembled the subject. Cleveland, who is 33 years old, is a former mental patient from Texas. He had only five cents when arrested and had no luggage or identification. He claims to be a traveling minister but rambles incoherently and cannot furnish definite information as to his past whereabouts. Investigation is underway to establish his whereabouts and his fingerprints are being forwarded for comparison. Fingerprints in the Identification Division of one Lynn Ray Carpenter who may be identical with the Joplin suspect are not identical with the latents in this case.
