Memphis' attention should be called to the fact that no assurance whatever can be made that the above material pertains to any of the members of the jury panel due to the fact that the only identifying data furnished were the addresses. Many of the names on the panel list are extremely common names; and in such instances, it was necessary to limit the search of Bureau indices to the Tennessee area.

This is the case involving the murder of Martin Luther King, Jr.

The Office of Mr. Phil M. In view of fact that this involved a partial jury panel investigation and written authorization must be obtained from the Deputy Attorney General before a request such as this is honored, we directed a letter to the Deputy Attorney General.

The attached is in response to our letter, and Memphis is being advised accordingly.
