Reairtel contained photo subject, purportedly taken

witnesses JOHN WEBSTER DE SHAZO, JOHN DENNIS HANNERS, DONALD
WOODS, U. L. BAKER, PETER CHERPES, WILLIAM DAVID PAISLEY, JR.,
and HERBERT KELLY on 4/26/68. DE SHAZO stated he thought the
photo was a good likeness of subject and HANNERS said it
looked "something like" subject, especially the hairline.
The remaining witnesses each stated they did not believe
this was the subject, and could not identify him from this
photo.

These same witnesses were shown the 1966 Missouri
prison photo of the subject, and all agreed this was a poor
photo of the subject as they each did not remember him being
that thin in the face.

Each witness to date has stated the best likeness
of the subject is the 1960 Missouri prison profile photo, if
hair was added.

On 5/2/68, Detective R. W. DAVIDSON, APD, advised they received information from a reliable source who is a real estate man and does not want his name divulged since he has no first-hand information concerning this matter, other than hearsay. DAVIDSON's source related that there is an old man, name and description not known, who eats regularly at Rose's Grill, located at Peachtree and 17th Streets, Atlanta. This man told DAVIDSON's source that the night after the KING assassination, an individual whom he believes to be GALT, was in the above restaurant eating about 7:30 P.M. He was sitting next to the old man there and mentioned he had recently come to Atlanta from Tennessee and that he liked Georgia because it had a good Governor.

The old man told DAVIDSON's source that a waitress who waits on him had also seen this man and possibly seen him on other occasions and that there was no doubt in their minds that this individual was identical with GALT, however, neither wanted to become involved and report the matter since they are very scared and did not want to get mixed up in the investigation.

LEAD

Conduct appropriate investigation at Rose's Grill 17th and Peachtree Streets, to determine if subject has eaten there in the past and identify the old man and waitress referred to above; thereafter conduct appropriate interviews.

During automobile trip of subject RAY and CHARLES STEIN departing Los Angeles on 12/15/67 and arriving New Orleans on 12/17/67, subject RAY made about six telephone calls from various pay stations in Texas.

They traveled via automobile on Interstate 10 through El Paso to Van Horn, Texas, and went south on Route 90 to San Antonio, then Route 90 or Interstate 10 to Houston, Texas, and to New Orleans.

Each office should check with telephone company and determine the long distance calls placed at each public telephone on the above mentioned routes during period of 12/15, 16, and 17, 1967, and have each call checked out.

On 4/30/68, Mrs. HELEN ORNELAS, Service Representative, West Texas Telephone Company, Pecos, Texas, made available duplicate bills on pay stations from Van Horn, Valentine, and Sierra Blanca, Texas.

Noted that these bills reflect the telephone numbers of the individuals receiving the telephone calls from the pay stations in the above mentioned communities. As noted above, the pertinent dates are 12/15, 16, and 17/67. The teletype codes of the respective offices have been added to these duplicate bills, indicating the telephone numbers to be checked out by the various offices receiving this airtel.

Re memo of Complaint Clerk ROSEBERRY, 4/30/68 (Ser. 1468).

JOHN HEAD, R & R Body Shop, 4300 Peachtree Road, Doraville, telephone 457-9490, advised on 5/1/68, that on 4/30/68, he entered the expressway off Hunter Street, northbound on 85, and picked up a hitchhiker at the location about 9:35 A.M.

This hitchhiker, a white male, said very little except he was not familiar with Atlanta and was enroute from Florida to Minnesota, no cities named.

HEAD said he dropped this man at 9:45 or 9:50 A.M. at the Marietta Exit, where 85 and 41 join and last saw the man resuming his hitchhiking at this location on 41.

HEAD described the hitchhiker as about 40, 5' 9", 195, heavy set, brown hair--medium length, eyes close together, no scars or marks, wearing dark, heavy work pants and gray work shirt.

Individual was dirty, unshaven, and had no luggage or coat. His accent was northern.

HEAD said he later thought about the hitchhiker as possibly being connected with instant matter and believed the hitchhiker resembled JAMES EARL RAY around the eyes, though the hitchhiker had no scar on his forehead and his nose was not long and sharp like RAY's. HEAD said he was not saying the hitchhiker was RAY, but resembled RAY around the eyes only. HEAD noticed nothing else particularly outstanding about the man and no other similarities with RAY, except the eyes, and could furnish no further information.

Unless RAY is known to have family or associates anywhere in Minnesota, lead considered covered. In event any family or associates of RAY known in Minnesota, lead should be set forth for liaison.

Result of examination:

It was concluded that the questioned hand printing appearing on items attributed to Eric S. Galt was prepared by JAMES EARL RAY, K171 and K211.

Because of the presence of characteristics which cannot be explained on the basis of the known handwriting of JAMES EARL RAY, it cannot be definitely determined whether the "Harvey Lowmyer" signature on Q72 was prepared by this individual; however, significant handwriting similarities were noted.

Specimen K211 has been photographed and is temporarily retained.

LAUNDRY CHECKS

On 5/1/68 the clerk at Wink-Davis Company, 568 Somerset Terrace, N.E., advised that a check of her records reflects that the MC FARLAND Brothers own a string of about five laundries in the Atlanta area, including the following:

1. Dial Cleaners
285 Mt. Vernon Highway
Sandy Springs, Georgia
2. Chamblee Sunshine Cleaners
Chamblee, Georgia
3. Roswell Cleaning Center
Roswell, Georgia
4. Alpharetta Cleaning Center
Alpharetta, Georgia
5. Dial Cleaners
Chamblee, Georgia

She stated that the brothers who own these cleaners are MARSHALL and EDWIN MC FARLAND. She stated they can usually be reached by calling one of the cleaners.

By calling the Chamblee Cleaners and being referred to the Sandy Springs Cleaners, MARSHALL MC FARLAND was subsequently contacted by telephone from the office of Wink-Davis Company by SA WILLIAM J. WATRY. Mr. MC FARLAND stated that he has five thermo-seal laundry tape machines in operation at this time. Two are using red tape, one is using blue tape, and one is using yellow tape.

Memorandum

TO : SAC, Atlanta (44-2386) (P)

DATE: 5/2/68

FROM : SA HARRY L. LEE

SUBJECT: MURKIN

The following investigation was conducted in response to the investigative lead requiring a check of trains leaving Atlanta on 4/5/68 and 4/6/68 for positive information concerning the suspect JAMES EARL RAY, as set forth in Serial 926 in this file.

On 4/23/68, Mr. H. R. DAVY, Station Master, Atlanta Union Station, advised that only three trains leave Atlanta carrying regular passengers each day. Mr. DAVY advised that tickets can be purchased for these trains without requiring any advance reservation and without requiring any identification or prior notice of any sort. Mr. DAVY explained that an individual can simply walk to the ticket window, purchase a ticket and board the train and that the possibility of his being observed during such activity by anyone other than the ticket agent is somewhat remote. Mr. DAVY said that the conductor on board each train would have some contact with this individual, and he went on to explain further that very few passengers boarding trains utilize porter service, except for elderly persons or persons who are sick. Mr. DAVY suggested that the best possible way this matter could be called to the attention of train personnel was to leave photographs and complete descriptive information readily available in the Station Master's Office, and that he, Mr. DAVY, would insure that conductors on board trains leaving had an adequate opportunity to observe this photograph and to be advised of the Bureau's interest in this matter.

This information was left with Mr. DAVY, who immediately posted it on a board in the Station Master's Office where conductors and other train personnel report for service each day.

AT 44-2386

On 4/26/68, Mr. DAVY advised that he had called this matter to the attention of conductors on Georgia Railroad Train Number 2, on L&N Railroad Trail Number 604, and on Seaboard-Coast Line Train Number 95, the only three trains leaving the Union Station on a daily basis.

On 4/24/68, Mr. J. B. STEWART, the principal Ticket Clerk at the Union Station, was contacted and the same data was furnished to Mr. STEWART with the request that the photograph and descriptive information be made available to all employees working in that area throughout the day to insure that anyone having any information in this regard would be contacted. Mr. STEWART immediately posted the photograph on the "wanted flyer" of subject RAY at the ticket counter, and he advised that this office would be contacted immediately if any information with regard to RAY could be obtained.

On 4/24/68, Mr. H. D. MULLINS, Ticket Agent, Atlanta Terminal Station, and Mr. R. E. EMBREY, Ticket Clerk, Atlanta Terminal Station, were both contacted in an effort to determine whether or not they might have any information concerning the subject, and the possibility that he may have purchased a ticket on a train leaving the Atlanta Terminal Station on April 5 or 6, 1968.

The photograph of the subject was exhibited to both Mr. MULLINS and Mr. EMBREY, who advised they had no data in this regard, and they were then requested to post the photograph of RAY where all employees of the Atlanta Terminal Station would have an adequate opportunity to observe this photograph and to be aware of the Bureau's interest in this matter.

Mr. MULLINS advised that there was no requirement as for as reservations were concerned on any train leaving the Atlanta Terminal Station, and that individuals traveling in this manner simply purchased a ticket and boarded the train without identification of any sort being required. Mr. MULLINS said that after a period of a day or two, he thought it highly improbable that anyone in the station would recall

AT 44-2386

any single individual purchasing a ticket at the ticket counter, but he did explain that station masters occasionally obtained complaints or information regarding passengers who furnish some particular problem to the railroad during the course of their trip, and he suggested that the Station Master be contacted in this regard.

Mr. JACK BRAMBLETT, Station Master, Atlanta Terminal Station, advised on 4/24/68 that there are 13 trains departing from the Atlanta Terminal Station on a daily basis, beginning in the morning at 7 a.m., and concluding in the evening at 9:30 p.m. Mr. BRAMBLETT advised that conductors and train personnel working these particular trains, on most occasions, checked in at the Station Master's Office prior to departure each day, and he suggested that photographs and descriptive data might be left with him.

Identification Orders with complete descriptive data, along with a "Wanted Flyer," were left with Mr. BRAMBLETT, who posted this data on a bulletin board in the Station Master's Office near the sign-in area, and Mr. BRAMBLETT advised that as conductors and train personnel arrived, he would point these identification orders and Wanted Flyers out to them with the request that any information they might have be furnished to the Atlanta FBI Office.

On 4/26/68, Mr. BRAMBLETT advised that conductors on the following trains had been contacted in this manner and he was confident that any information that they might have would be reported promptly to the Atlanta Office:

<u>Route</u>	<u>Train Number</u>	<u>Time</u>	<u>Destination</u>
SCL	33	7 AM	Birmingham
SOU	4	8:10 AM	For Cincinnati, Ohio
SOU	47	8:20 AM	New Orleans

C of Georgia	108	6 PM	Savannah
SCL	34	6:40 PM	New York City
SOU	48	8:25 PM	New York City
SCL	4	9:30 PM	Richmond

Mr. BRAMBLETT stated he was absolutely confident that any data which could be obtained in this matter would be promptly furnished to the Atlanta Office, and he pointed out that the extremely large reward which has been offered in this case has been common knowledge to personnel around the train station and that this matter has, in fact, been discussed by them. Mr. BRAMBLETT said he would be prompt to report any data obtained.

UNITED STATES GOVERNMENT

Memorandum

TO : SAC, Atlanta (44-2386) (P)

DATE: 5/2/68

FROM : SA HARRY L. LEE

SUBJECT: MURKIN

Reference memorandum from Supervisor CHARLES S. HARDING dated 4/22/68, further identified as Serial #940 in this case.

This memorandum includes a copy of Memphis teletype to the Bureau dated 4/22/68, indicating that because JAMES EARL RAY, the subject in this case, is known to have a history of criminal activity of various sorts and the source of his funds being of interest to this Bureau, it was suggested that each office should review unsolved bank robbery matters and bank burglary matters where latent fingerprints were recovered, should identify the case in question, and should request the Bureau to search these latents against the latents recovered in the MURKIN case.

This teletype also suggested that because RAY may have been involved in burglaries and robberies not within the Bureau's jurisdiction, the matter should be of interest to local police departments, and receiving offices should contact major law enforcement agencies within their division and determine whether or not any armed robberies or burglaries were perpetrated in which latent fingerprints were recovered on which the unknown subject might fit the general description of RAY.

Immediate contact was made with Lt. GEORGE CHRISTIAN, Robbery Squad, Atlanta Police Department, who advised that his department is, of course, completely familiar with the interest regarding RAY, and the police department has discussed the same possibility that RAY's source of income is open to question, and that he might possibly have been involved in criminal activities in the Atlanta area in order to finance his living expenses. Lt. CHRISTIAN advised he had not been

② - Atlanta

(2)

[Handwritten initials and marks]

AT 44-2386

able to identify any matter in which RAY might logically be considered a suspect insofar as armed robberies were concerned. He suggested that further inquiry might be made with Lt. WAYNE SPIVA of the Identification Division, and that latent fingerprints obtained through the course of robbery investigations by the Atlanta Police Department could then be compared with the known fingerprints of the subject RAY.

Lt. WAYNE SPIVA, Atlanta Police Department, Identification Division, advised that upon first receiving information regarding RAY, latent fingerprints, to date unidentified in major cases during the preceding two years, were compared with the known fingerprints of subject RAY, but no identifications were effected.

Lt. SPIVA said further that this matter not only included armed robberies but also burglaries, and major thefts where latent fingerprints were of value. SPIVA said he had previously been contacted by SA JOSEPH P. AYERS of the Atlanta Office in this regard and the matter had been thoroughly discussed. Lt. SPIVA advised that latent fingerprints obtained in major cases in the future would also be compared with RAY's prints.

On 4/24/68, Lt. M. B. FLANNAGAN, Burglary Squad, Atlanta Police Department, was contacted with regard to the possibility that RAY might have been obtaining funds through the course of burglary activities in the Atlanta area during the preceding years since the time of his escape. Lt. FLANNAGAN said that the only way he knew this matter might be checked was through the examination of latent fingerprints obtained in burglaries investigated by the Atlanta Police Department, and he suggested that this matter be followed through contact with Lt. SPIVA of the Identification Division. FLANNAGAN said that in view of the widespread interest in this matter, he did not think it open to any question that major burglaries committed in this area would not include the consideration of RAY as a possible subject.

It is noted that another lead has been set forth in this matter requiring this same contact with other major police

AT 44-2386

departments in the Atlanta Division. For this reason, this investigation is not being included in this memorandum.

It is further noted that inquiry in this matter has been conducted in response to information from the Memphis Division to the effect that RAY may have been identical with an unknown subject using the name STEVE or STEVIE, identified by a Memphis Police Department informant as being an associate of a group of burglars operating out of the Memphis area. This matter has also been reported in another memorandum.
