RELLY WILLIAMS  
INFORMATION CONCERNING

On September 26, 1966, Mrs. Ralph H. Kunstadter, Apartment 304, 908 North Michigan Avenue, Chicago, Illinois, advised that one Relly Williams, a male Negro, about 66 years of age, had worked for various members of her family for over 20 years, until his retirement about a year ago. He was retired at that time as his physical condition was such that the Kunstadters did not want him driving their car. She explained that he had syphilis of the central nervous system and as a result his legs were crippled and he was developing a tremor in his hands.

About five weeks ago Williams called Mrs. Mattie Solomon, Mrs. Kunstadter's mother, at the Kunstadter apartment and asked to speak to Mrs. Kunstadter. When informed she was not home, he told Mrs. Solomon that he was working as a chauffeur for Dr. Martin Luther King and drove one of his several air-conditioned Cadillacs. He said he had no permanent address as he was traveling all over the country with Dr. King and was out of town most of the time. He mentioned he was well paid and handled large sums of money for King.

Sometime later Williams called again and spoke with Mrs. Kunstadter. He told her he was calling from a pay phone and it was difficult for him to talk as he was being watched constantly. This surveillance was a result of his having learned so many things and Mrs. Kunstadter assumed he meant from Dr. King and his associates. He said terrible things were going to happen and the lives of the President, Senator Diksen and all of the friends she loved were being threatened. He wanted to give the information he had in detail to the President or Senator Diksen and asked Mrs. Kunstadter to arrange for a meeting with either of them. He asked her not to notify the police and said he could not come to her home or the Senator's office because of the surveillance on him.

HOLLY WILLIAMS

Williams again said he had no residence in Chicago where he could be reached and gave Mrs. Kunstadter the name, address and telephone number of his sister and asked that messages be left there as he was in touch with his sister when he was in town. Mrs. Kunstadter wrote the sister's name on her phone pad as Nettie Harris, 9210 South Valino, Chicago, telephone 339-1002.

Immediately on termination of the above phone call, Mrs. Kunstadter called Nina Olson in Senator Dirksen's Office and related the substance of the call to her. Mrs. Kunstadter then called Mrs. Harris and asked her if Williams was having any mental problems. Mrs. Harris said she did not know of any problems in this regard.

The following day, Mrs. Kunstadter received another call from Williams and he said he would meet Mr. Rainville of Senator Dirksen's Office, Mrs. Kunstadter or her husband, Dr. Kunstadter and furnish them with further details. He said he would talk to them only in his car as he drove around the city. She agreed to try to set up a meeting for Williams with Mr. Rainville.

Mr. Rainville was out of town at the time of the above calls and on his return a day or two later, Mrs. Kunstadter discussed the calls with him. She then called Mrs. Harris and left with her Mr. Rainville's telephone number with the request that Williams get in touch with him.

On September 21, 1966, Nina C. Olson of Senator Dirksen's Office stated that the first phone call from Williams to Mrs. Kunstadter must have been about August 31, 1966, as Mrs. Olson left on vacation September 1, 1966, and was aware of the call before she left. The same date Harold E. Rainville advised that he has not heard anything from Holly Williams.

On September 20, 1966, Dr. Ralph H. Kunstadter was contacted at his office, Suite 610, 664 North Michigan Avenue, Chicago, Illinois. He said he knew nothing about the phone calls from Williams other than the information related to him by his wife. He did confirm that Williams had syphilis of the central nervous system about 10 years ago. Dr. Kunstadter arranged for Williams to get treatment for this condition from Dr. Louis D. Doehes, a specialist in this field. Dr. Kunstadter said this disease very often affects the mind, but he did not feel as though he could give an opinion of Williams' mental condition at the present time.

KELLY WILLIAMS

On September 20, 1966, Dr. Louis D. Boshes, Medical Doctor, with offices at 30 North Michigan Avenue, Chicago, Illinois, advised he has been a physician and friend of the Ralph E. Kunstadter family for many years. Dr. Boshes stated Kelly Williams, the Kunstadter chauffeur, was referred to him for a diagnosis in October, 1961, by the Kunstadter family.

Dr. Boshes advised he was not acquainted with Williams prior to this occasion. Williams' disease was diagnosed as neural syphilis. Williams was hospitalized for one week during which time the diagnosis was verified through extensive medical tests. Dr. Boshes stated neural syphilis attacks the spinal cord and central nerve system. The result of the disease is a deterioration of the brain.

Dr. Boshes stated he continued to treat Williams for the disease and in December, 1962, Williams began to have serious eye deficiency as a result of the disease. Treatment was continued by Dr. Boshes to November 7, 1963, which was the last time Williams was seen by Dr. Boshes.

Dr. Boshes stated the progression of the disease was beginning to accelerate on the last occasion he saw Williams. Dr. Boshes related a "paranoid" complex is a very common result of the disease. Dr. Boshes stated he has not seen Williams since November of 1963, but enough time has elapsed for his status to have degenerated to that of a paranoid. When that stage is arrived at its basis symptom manifests itself by the patient having delusions which he is convinced are fact and which he will earnestly relate as factual situations.

On September 21, 1966, Mrs. Nettie Harris, Williams' sister, 9810 South Wallace, Chicago, Illinois, advised she sees Williams personally on a very irregular basis and last saw him in person about January of this year. She claimed she did not know his present location and has had only one phone call from him in the past month. On that occasion Williams said he was expecting a phone call from his former employer, Mrs. Kunstadter, and that she would leave a message for him. He has not been in contact with her since that time.

Mrs. Harris said she did not know of any employment Williams has had since leaving the Kunstadters and knew nothing of his recent travels or activities.

Williams told Mrs. Harris that he had a "stroke" about a year ago and this was the reason for his retirement. She knew of no other physical or mental problems he has had.

KELLY WILLIAMS

On September 21, 1966, Elector Watkins, 3538 1/2 South Parkway, Chicago, Illinois, advised that he has known Kelly Williams as a fellow professional chauffeur for about 20 years. He last saw him three or four months ago at which time Williams told him he was retired and that he was going to Los Angeles, California, to be a prophet. Based on the discussion he had with Williams at that time, Watkins is of the opinion that Williams is mentally disturbed. His conversation was vague and he had a "far away" look in his eyes when he discussed his plans to go to California. He had no idea of Williams' present whereabouts.

On September 21, 1966, Mr. Kenneth W. Putnam, Personnel Manager, Formfit Corporation, 5150 West Roosevelt Road, Chicago, Illinois, advised records of the concern reflect that Kelly Williams, a Negro male, was employed from May 6, 1955 to April 2, 1965, as a "handyman" at the plant. Williams' birth was listed as born in 1900 in Alabama. Williams' Social Security Number was [redacted] while employed by Formfit. Williams' residence addresses, all in the City of Chicago, were listed in the following order for the years 1955 to 1965, but the exact year of residence at these addresses was not indicated:

5730 South Michigan Avenue, Apartment No. 3  
5534 South Wabash Avenue, Apartment No. 2  
5612 South Michigan Avenue, Apartment No. 2  
9316 South Wallace Street

Mr. Putnam stated he has been personally acquainted with Kelly Williams for a number of years. He related Williams has been employed as a chauffeur for the Kunstadter family for many years. The Kunstadter family founded the Formfit Corporation.

Mr. Putnam advised Williams' employment at Formfit was actually improvised and not an employment in the true sense of the word. A job was simply made available to Williams when he was not actually engaged in driving for the Kunstadter family and during extended periods when the family members were out of the city.

Mr. Putnam related the Kunstadter family terminated Williams' chauffeur services in 1965, because Williams' health failed to the extent it was not believed he could safely drive an automobile. Mr. Putnam stated Williams was afflicted with a neural disorder of some kind that affected his hands and legs. Mr. Putnam stated

RELLY WILLIAMS

Williams was a "Damon Runyon character". Williams had a "hop" way of expressing himself and related wild experiences which were obviously false and created solely in his own mind.

Mr. Putnam advised during Williams' employment at Fornit he was credited with little over \$1,000 in the employees' profit participation plan. Williams became entitled to this money on his being finally terminated by the company. Because of Williams' known irresponsibility with money, he was not to be paid the funds due him, from the profit participation plan, in a lump sum. Williams has been paid at four month intervals. Williams' last check, in the amount of a little over \$300.00 was mailed to him on September 15, 1966, at 9310 South Wallace Street, Chicago, which is allegedly the address of his sister Mrs. Nettie Harris.

Mr. Putnam advised that Williams phoned him on September 15, 1966, inquiring of the check. Williams stated he has been driving for a Reverend Shuttleworth (phonetic), who Williams identified as being involved in the Chicago Civil Rights Movement. Williams further related he and his sister Mrs. Nettie Harris were about to be evicted from his sister's home at 9310 South Wallace Street, and they needed the money from his check to "keep the landlord from throwing them into the street". Mr. Putnam stated he assured Williams his check had already been mailed to him and he should receive it at his sister's residence.

Mr. Putnam concluded he has not heard from Williams since their phone conversation and assumes Williams received his check.

Relly Williams was contacted on September 22, 1966, in the third floor rear apartment at 5534 South Wabash Avenue, Chicago, Illinois. He stated he rents a room from Jerry Williams (no relation) who is the actual resident of this apartment. He has resided at this location for about two years. He has use of the apartment telephone, 453-3444, and has an extension of the phone on his bedside table.

It was approximately 2:00 PM when Williams was contacted and at that time he was attired in pajamas and bathrobe. He walked with a shuffle and was noticeably stooped. He said although he had difficulty walking he could operate an automobile satisfactorily. He attributed his trouble to a "stroke" which he had about a year ago. He was not hospitalized at that time, but was in bed in the apartment for several days. He was treated for this "stroke" by Dr. T. K. Lawless.

KELLY WILLIAMS

He related that several months ago he was approached by another Chauffeur, whose name he does not know, and asked if he wanted a job driving some people out of town. He said he was interested and was later called at his residence to meet some men at the airport after which he drove them around in a rented car. Thereafter, he received calls occasionally telling him to report at specified locations for chauffeuring jobs. He drove them around Chicago and to various other cities in the United States. He drove different men, both white and colored, none of whom he can identify. They told him they were connected with the civil rights movement, but based on their conversations, overheard by him, he did not believe they were sincere supporters of this movement. Rather they appeared to be trying to further their own aims and offered him large sums of money to organize street gangs and start trouble. He declined to do this and as a result is closely watched by these people. He declined to furnish any more details regarding the information he overheard when chauffeuring these persons and said he would talk only to the President of the United States. It was explained to Williams that the President is an extremely busy man and relies on others, in this case the interviewing agents, to obtain information for him. He remained adamant in his refusal to further discuss the information and said that if "They" found out he was talking to the FBI his life would be in danger. He said "Killers are on my trail" and reiterated that he is being constantly watched. He told the agents if they would arrange for the President to see him the President in turn would command the agents and make them "Big Men".

Williams was asked why he did not give Mrs. Kanstadter his true residence address and phone number and he said he was out of town so often that he could not be reached at his apartment very often. He claimed he was gone for about two weeks after his discussion with her.

Williams informed the agents that he is a "Prophet" and in this capacity he tries to help young people with their problems. He exhibited a business card which he carries which states at the top "no fees". The center portion states, "Prophet Kelly Williams 'When your Problems are Heavy and Your Troubles are Deep' - - See 'The Prophet' ". The bottom of the card had the telephone number BOchester 3-9212 and the address 5730 South Michigan, 2nd apartment, printed thereon. This latter printing was crossed out and the phone number 493-3444 with the address 5834 South Wabash Avenue, had been written in.

KELLY WILLIAMS

A delayed certificate of birth filed July 21, 1944, was exhibited by Williams, showing his date of birth as March 7, 1930, in Montgomery, Alabama. He also showed correspondence giving his Social Security Number [REDACTED] and indicating his pension as \$103.00 per month. He owns a 1963 Chevrolet with 1963 Illinois license AP1742.

The following description of Williams was obtained through interview and observation:

Name	Kelly Williams

Sex	Male
Born	[REDACTED]
	Montgomery, Alabama
Age	38
Height	5'11"
Weight	175
Build	Slender

On September 22, 1966, Dr. T. R. Lawless, 4321 South Parkway, Chicago, Illinois, advised that Kelly Williams had been treated in his office on four occasions in 1961 and 1962. He was there the last time on March 1, 1962. He complained about an erection on his legs and was highly nervous. He was given an ointment for his skin and a drug for his nervous condition. The first drug prescribed for his nerves was not potent enough and he was given a more powerful drug later. Dr. Lawless said based on the drugs prescribed in 1961 and 1962, he felt that Williams at that time was "highly neurotic". He said he would have no information or opinion regarding his present condition.

Dr. Lawless' file indicated that Williams was asked if he had ever had syphilis and he stated he had not. He did admit having contracted gonorrhea in 1926.

Jerry Williams, 5524 South Wabash Avenue, Chicago, Illinois, advised on September 22, 1966, that he has the apartment located on the third floor rear at the above address. He rents one of the bedrooms to Kelly Williams, a retired chauffeur. Kelly Williams is crippled and has difficulty getting around, as a result

JERRY WILLIAMS

he leaves the apartment very seldom and spends most of his time in bed or in his bathrobe in the apartment. Jerry Williams does not know of any jobs Kelly has had since his retirement about a year ago and knows he has not been out of Chicago on trips. He has never been gone from the apartment for more than one night at a time.

Jerry Williams said he could not comment on any physical or mental problems Kelly may have as their association is such that they do not discuss their problems or activities with each other.

The following wd attended Mr. BARR's party were contacted on April 26, 1968:

BRIAN DUFF stated he had no recollection of any conversation concerning a chauffeur of KING. DUFF gave the following seating arrangements for the persons at this party and this listing goes from left to right:

Senator BENNETT, Mrs. VIRGINIA MC DONALD, Mr. ALLEN MC DONALD, BETH GUYER, BRIAN DUFF, MARA LATSON, CHARLES HOOD, FRANK WOOLLEY, CHARLES BARR and PATRICIA HUTAR.

FRANK WOOLLEY stated he attended the dinner party April 3, 1968, for Senator BENNETT, sat with HOOD on his left and BARR on his right; however, he recalled no conversation concerning Doctor KING's chauffeur.

*Virginia Mc DONALD*  
Mrs. ~~PATRICIA HUTAR~~ advised no person ever worked for her or her husband who subsequently worked for KING and she recalled no conversation at the dinner party for Senator BENNETT concerning KING's chauffeur.

Mrs. PATRICIA HUTAR stated she heard no conversation concerning KING's chauffeur at the dinner party for Senator BENNETT; however, at the reception preceding this dinner party she recalls hearing such a conversation as related by HAROLD RAINVILLE, Administrative Assistant to Senator EVERETT DIRKSEN. It was her recollection that this story was related by RAINVILLE concerning KING's driver and money maintained by the driver in a bag.

HAROLD E. RAINVILLE, Administrative Assistant to Senator EVERETT DIRKSEN, 219 South Dearborn, Chicago, Illinois, advised as follows:

RALPH KUNSTADTER, Pediatrician, home 900 North Michigan, office 664 North Michigan, office telephone DE 7-4545, Chicago, Illinois, sometime in the past had advised that he at one time employed a man as a chauffeur who subsequently worked for KING as a chauffeur. This man had been required to carry large sums of money in a bag for KING and this man was scared that someone would rob him of this money. This man had been advised by Doctor KUNSTADTER to contact RAINVILLE but this man failed to so contact RAINVILLE.

Doctor RALPH KUNSTADTER, 664 North Michigan, Chicago, Illinois, advised that for several years his family had employed an elderly colored male, KELLY WILLIAMS, as a chauffeur. Approximately 18 months ago this man had been released from his service by KUNSTADTER because of his physical condition which Doctor KUNSTADTER recalled as being syphilis of the brain. Doctor KUNSTADTER stated this person was probably deceased by now as he was over 65 and on Social Security.

Doctor KUNSTADTER stated he later heard this man went to work for KING but he had no recollection of hearing anything to the effect that this man was required to carry over \$200,000 in cash in a black bag at all times for KING.

KUNSTADTER stated that approximately one year or so ago this man had contacted his family and allegedly had some knowledge of threats which had been made against Senator DIRKSEN. Doctor KUNSTADTER accordingly attempted to have WILLIAMS contact Senator DIRKSEN's office concerning this matter.

It is to be noted that in September, 1966, the Chicago Office conducted extensive investigation concerning a similar story concerning a person who allegedly worked for Doctor KING as a chauffeur and who formerly worked for Doctor RALPH KUNSTADTER. This investigation is

CG 44-1114

set forth in Chicago file 175-4 and letterhead memorandum reporting results of this investigation was directed to the Bureau by airtel captioned, "KELLY WILLIAMS, INFORMATION CONCERNING," on September 27, 1966. No further investigation was conducted at that time concerning WILLIAMS in view of his apparent mental problems coupled with the serious doubts which were cast on his veracity. Re: Burglary of United States Post Office  
Kellerville, Illinois  
March 7, 1955

The following investigation was conducted by SA JOHN L. HOGAN at Chicago, Illinois, on April 30, 1968:

Mr. E. F. WANDEL, Section Chief, Postal Inspector's Office, made available their file number 35437-MD which reflects the following information:

The Kellerville, Illinois, Post Office, Fourth Class, was forcibly entered between 1:00 and 2:00 a.m. on March 7, 1955. The loss consisted of 66 blank postal money orders numbers 742239535 through 600, a postmarking stamp and a money order stamp.

On March 8, 1955, a money order in the amount of \$45 was passed at Alton, Illinois. The payee was listed as JAMES WALTON and the purchaser was W. C. HERRIN. On March 21, 1955, two money orders in the amount of \$75 were passed at Kansas City, Missouri. The payee was WILLARD J. MC BRIDE and the purchaser was VERNON MC BRIDE. Investigation developed that the person passing these postal money orders drove a 1949 Lincoln two-door sedan, bearing 1955 Florida license 1W25183. The Motor Vehicle Bureau determined that this plate and car were sold on March 12, 1955, at Miami, Florida, to WALTER P. or T. BERRY, Shamrock Tavern, c/o EARL MILLER, Quincy, Illinois.

As a result of the alert on this automobile, WALTER T. RIFE and JAMES EARL RAY were arrested by the Missouri State Police at Hannibal, Missouri, on March 23, 1955. Thirty-four money orders were recovered in the 1949 Lincoln sedan. Both RIFE and RAY readily admitted cashing 32 postal money orders but denied involvement in the burglary of the United States Post Office. In a signed statement, RIFE stated that the name WILLARD J. MC BRIDE and VERNON MC BRIDE were the only names used with the exception of one money order which contained the name JAMES WALTON and W. C. HERRIN. He further stated that after passing a money order at Alton, Illinois, he and RAY drove to Miami, Florida, in his Nash automobile and under the alias WALTER T. BERRY, traded this automobile for a 1949 Lincoln.

RAY talked freely to the postal inspectors concerning his association with RIFE, their travels together and the passing of instant money orders. He refused to furnish a written statement. At this time, he had known RIFE for a period of approximately one week.

On April 1, 1955, both subjects entered guilty pleas in the United States District Court, Kansas City, Missouri, concerning the forging and cashing of stolen postal money orders and possession of stolen money orders. On July 1, 1955, RIFE was sentenced to three years in prison and RAY was sentenced to 3 3/4 years.

A review of this file reflects that the 32 money orders cashed by RIFE and RAY were cashed at St. Louis, Missouri; Alton, Illinois; Hot Springs, Arkansas; Memphis, Tennessee; Hot Springs, Louisiana; Kansas City, Missouri; St. Petersburg, Miami, Miami Beach, Daytona Beach, Jacksonville, Tallahassee, and Tampa, Florida.

Instant burglary was never solved and the Post Office Department closed their case in this matter. Their file does not contain any background information or descriptive data concerning either RIFE or RAY.
